Principal Barbara Von Harten  
The Sanibel School  
3840 Sanibel Captiva Road  
Sanibel, FL 33957

Dear Principal Von Harten,

It has come to our attention that the Lee County School District is currently in the design phase of a playground at The Sanibel School in the area adjacent to the Sanibel Recreation Center. This will be a positive enhancement to the education environment at The Sanibel School.

Even though the City budget does not currently include funding for playground enhancements, we respectfully request that the Lee County School District administrative staff coordinate the final design of the playground with City of Sanibel staff. The goal being that the design would accommodate future connectivity and would allow space for future playground enhancements by the City of Sanibel.

Sincerely yours,

Judie Zimomra  
City Manager
