From: Armand Ball, Chair, Parks and Recreation Committee

Re: Scope of Services, Shared Use Path Master Plan Update

The Parks and Recreation Committee reviewed first draft of the Scope of Services, Shared Use Path Master Plan Update, at its January meeting. We heard suggestions from the Sanibel Bicycle Club and discussed the Scope with Mr. Gates, Director of Public Works. A number of suggestions were made to that draft.

Having now reviewed the final draft of that Scope of Services (Attachment A), it appears to reflect the concerns of the Committee and most of the concerns expressed by the Bicycle Club.

The Committee felt that the first objective of any study should be **improved safety in the Path System**. That is our first obligation as a City to the public.

We hope that you would approve the Scope and move ahead with the Contract.
