**Subject:** city noise ordinance

Good Morning Judie,

Understanding the cost to the beach nourishment project. It seems essential that the crews be able to work 24 hours a day. Therefore even though it will inconvenience our guest at Castaways and the Madhatter I would hope that the City Council would vote in favor of temporarily suspending the noise ordinance for the length of the project. Let me know if you need any further information from me or the CEPD. Again thanks for all you do.
