

CITY OF SANIBEL

ORDINANCE 13 – 007

AN ORDINANCE AMENDING CITY OF SANIBEL ORDINANCE NO. 05-011, AS AMENDED, RELATING TO ELECTRIC PERSONAL ASSISTIVE MOBILITY DEVICES (“EPAMDs”); APPROVING ADDITIONAL AREAS OF THE SHARED USE PATH, ROADS AND ROAD RIGHTS-OF-WAY FOR AUTHORIZED TOUR OPERATIONS; PROVIDING FOR AMENDMENTS TO SEVERAL MINIMUM CONDITIONS AND REQUIREMENTS FOR THE USE OF EPAMDs IN AUTHORIZED AREAS; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICT AND SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, City of Sanibel Ordinance No. 05-011, as amended, sets forth a general prohibition on the use and operation of Electric Personal Assistive Mobility Devices (sometimes referred to herein as “EPAMDs”) as defined in Section 316.003, Florida Statutes, and currently marketed commercially under the brand name “Segway”; and

WHEREAS, Ordinance No. 05-011, as amended, prohibits the use of EPAMDs, based upon the interest of safety, in all public and quasi-public areas of the City of Sanibel except as specifically authorized by the provisions of such Ordinance; and

WHEREAS, a specific and limited use of EPAMDs was authorized for tour operations, one of which currently exists in the City, and which is more specifically described and set forth in Ordinance No. 05-011; and

WHEREAS, the City Council finds that the successful operation of an EPAMD tour business since 2005 warrants the approval by the City Council of a limited expansion of the Shared Use Paths and road right-of-way upon which such tour operation may be conducted;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Sanibel, Florida, that:

SECTION 1. City of Sanibel Ordinance No. 05-011, as amended, Section 1, “Findings” shall not be amended and shall continue to read as follows:

SECTION 1. FINDINGS.

The City Council hereby finds as follows:

1. The recitals set forth above are true and correct and are set forth as additional findings for this ordinance.
2. It is necessary that EPAMDs be prohibited in all public and quasi-public areas within the City of Sanibel in the interest of safety, except as specifically authorized by the terms of this Ordinance.
3. The City finds that there is a limited "track record" with regard to matters of safety of EPAMDs nationally and no "track record" at all within the City of Sanibel for use by individual operators on the City's shared use paths, sidewalks, roads and streets.
4. Except for the limited use of EPAMDs authorized for tour operations pursuant to Section 3 and for use by persons who are disabled for mobility purposes as defined and set forth in Section 4 of this Ordinance, the City Council specifically finds that the use of EPAMDs are unsafe on the City's sidewalks, shared use paths, streets and roads, in part due to the heavy use of such public areas by pedestrians, bicylists, inline skaters, pet owners who are walking dogs, and similar public use of such areas.
5. Except for the limited use of EPAMDs authorized for tour operations pursuant to Section 3 and for use by persons who are disabled for mobility purposes as defined and set forth in Section 4 of this Ordinance, the potential speed of EPAMDs, together with their virtually silent use and operation, coupled with the unique operational functions to inexperienced users, make EPAMDs incompatible, from a safety perspective, with motor vehicles on the City's streets and roads and incompatible with the congestion and types of users and uses found on the City's shared-use paths, bicycle path and sidewalks.
6. The City Council has not only the right, but the obligation, to analyze potential safety problems in a conservative manner to protect the health, safety and welfare of the citizens of the City of Sanibel.
7. The City Council determines that the limited use of Segways, under the operational and safety considerations outlined in this Ordinance, is a reasonable accommodation to interested parties and the general public in order to further analyze the use and operation of EPAMDs without opting for either an absolute prohibition or the unlimited use of such devices.

8. The City Council specifically finds and determines that the City Council is not required by the Americans With Disabilities Act (ADA) or any other federal, state or local law, regulation or rule to permit or provide for the use of an EPAMD by any physically or mobility challenged person. The Sanibel City Council is providing a limited and defined exception to the general prohibition on the use of EPAMDs within the City of Sanibel at City Council's sole and voluntary discretion and City Council reserves the right to withdraw or delete such exception at any time in City Council's sole discretion based upon the interest of safety as determined by the City Council at any time in the future.

SECTION 2. City of Sanibel Ordinance No. 05-011, as amended, Section 2, "Prohibition of EPAMDs" shall not be amended and shall continue to read as follows:

SECTION 2. PROHIBITION OF EPAMDs.

The use of EPAMDs are hereby prohibited, based upon the interest of safety, in all public and quasi-public areas of the City of Sanibel except as specifically authorized by the provisions of this Ordinance. Such public or quasi-public areas shall specifically include any and all public roads, streets, sidewalks, bicycle paths and shared use paths within the City of Sanibel.

SECTION 3. City of Sanibel Ordinance No. 05-011, as amended, Section 3, "Limited Use of EPAMDs Authorized" shall be amended as follows with underlining indicating additions and strikethrough indicating deletions:
