Dear Bill,

On behalf of the West Central Florida Storm Ready Advisory Board, I would like to congratulate you on your successful application for Storm Ready recognition for the City of Sanibel. The recognition was first achieved on 06/17/2009 and has now been extended to 06/17/2018. Sanibel was the 8th city in Florida to be recognized as Storm Ready. As a result of your efforts, Sanibel will be better prepared to save lives from the onslaught of hazardous weather through better planning, education, and awareness. No community is storm proof, but Storm Ready can help communities save lives.

As a Storm Ready recognized jurisdiction, you are authorized to use the Storm Ready logo in official letterheads, brochures, or other suitable documents. A digital file of the image can be acquired the Storm Ready website <http://www.stormready.noaa.gov>. You may now wish to notify the Insurance Services Organization for possible consideration on flood insurance rates.

Sincerely,

A handwritten signature in blue ink that reads "Daniel Noah".
