The Comprehensive Annual Financial Report of the City of Sanibel, Florida, for the fiscal year ended September 30, 2008 is respectfully submitted. Chapter 218.39, Florida Statutes, and the City Charter require that a complete set of financial statements be published within one year of the fiscal year end, be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by licensed independent certified public accountants.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft or misuse, and to compile sufficient, reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Sanibel's financial statements have been audited by LarsonAllen, LLP a licensed certified public accounting firm. The independent audit was performed to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2008 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unqualified ("clean") opinion that the City's financial statements for the fiscal year ended September 30, 2008 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

THE CITY

The City of Sanibel incorporated on November 5, 1974. The City is located on Sanibel Island, a barrier island in the Gulf of Mexico off the coast of southwest Florida in Lee County. The City is connected to the mainland by a three-mile causeway owned and operated by Lee County, Florida. The city operates under the council-manager form of government. The policy-making and legislative authority is vested in governing council consisting of five (5) non-partisan members elected at-large in staggered four (4) year terms. One council member is selected annually from among the five council members to serve as the Mayor.

The City Council is responsible for adopting ordinances and resolutions, adopting the annual budget, appointing the Planning Commission and Advisory Committees and hiring the City Manager and City Attorney. The City Manager is responsible for administering the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and appointing the heads of the various City departments, the chief of police and city clerk.

The City provides a comprehensive range of municipal services including general government, public safety (police protection, emergency management and building inspection), planning, natural resource management, (including an environmentally sensitive land acquisition and restoration program), sewer utility services, transportation, (road, bridge and multi-use path construction and maintenance) and culture/recreation activities.

Fire service is provided by an independent taxing district, electric service is provided by a cooperative and water service is provided by a non-profit. Private, not-for-profit organizations also provide additional community services including a below market rate housing program, a historical village and museum and a cultural arts center.

REPORTING ENTITY

This Comprehensive Annual Financial Report includes all funds of the City of Sanibel and its component unit. The City as the primary government includes Community Housing and Resources, Inc. (CHR) as a component unit using the discrete method of presentation determined pursuant to Government Accounting Standards Board (GASB) Statement No. 14, as amended, criteria. CHR is under contract with the City to administer the City's Below Market Rate Housing program. Although the Board of CHR is not selected by the City Council, CHR is fiscally dependent upon the City in that there is a financial burden to the City and the nature and significance of the relationship between the City and CHR is such that excluding CHR from the City's financial statements would be misleading and incomplete.

ECONOMIC CONDITION AND OUTLOOK

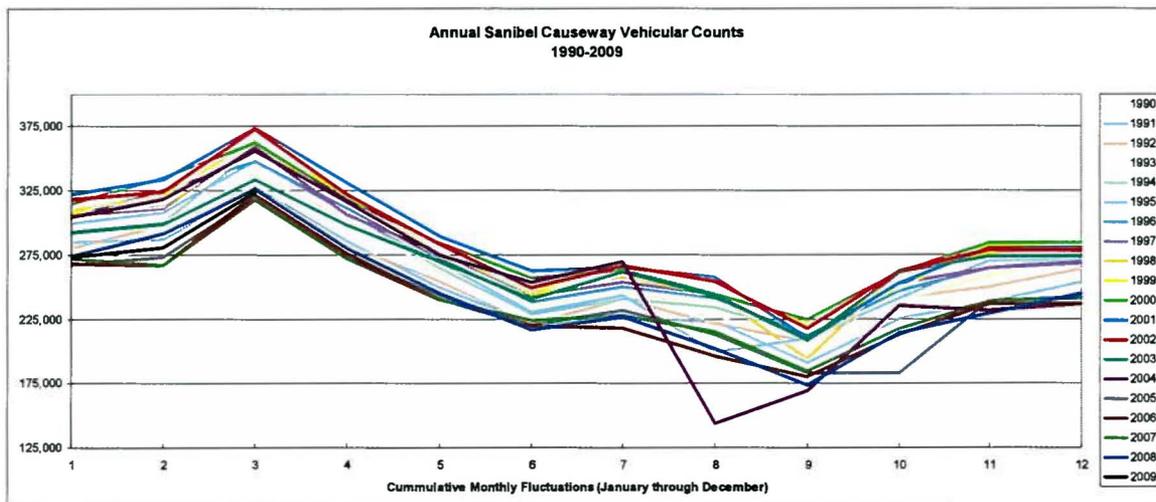

The City of Sanibel, located in Lee County, Florida, is a world class visitor destination due to a mild winter climate, 15.5 miles of white sandy beaches which are habitat for numerous endangered and threatened species, 26 miles of paved shared use paths and numerous eco-tourist opportunities. Sixty-seven percent of the Island's land area is located within the J.N. Ding Darling National Wildlife Refuge or is otherwise designated conservation land. The Island is a world-renowned location for birding and shelling. Protection of the Island's natural environment is the paramount priority of the City of Sanibel and residents as evidenced in the City's Vision Statement;

“Sanibel is and shall remain a barrier island sanctuary, one in a diverse population lives in harmony with the island's wildlife and natural habitats.”

As the City approaches build-out, the explosive growth in population experienced in the early years of incorporation have slowed. It is noteworthy that the percentage of residents who are registered Sanibel voters continues to increase:

Year	Permanent Residents	Registered Voters	%
1974	2,875	1,306	45.4%
1984	4,375	3,029	69.9%
1994	5,672	4,520	79.7%
2004	6,335	4,906	77.4%
2008	6,374	5,477	85.9%

Tourism is Lee County's number one industry and Sanibel Island is a major component of the region's tourism industry. City operations are required to take into consideration the seasonal fluctuations of visitors and as well as the residential population of the Island.

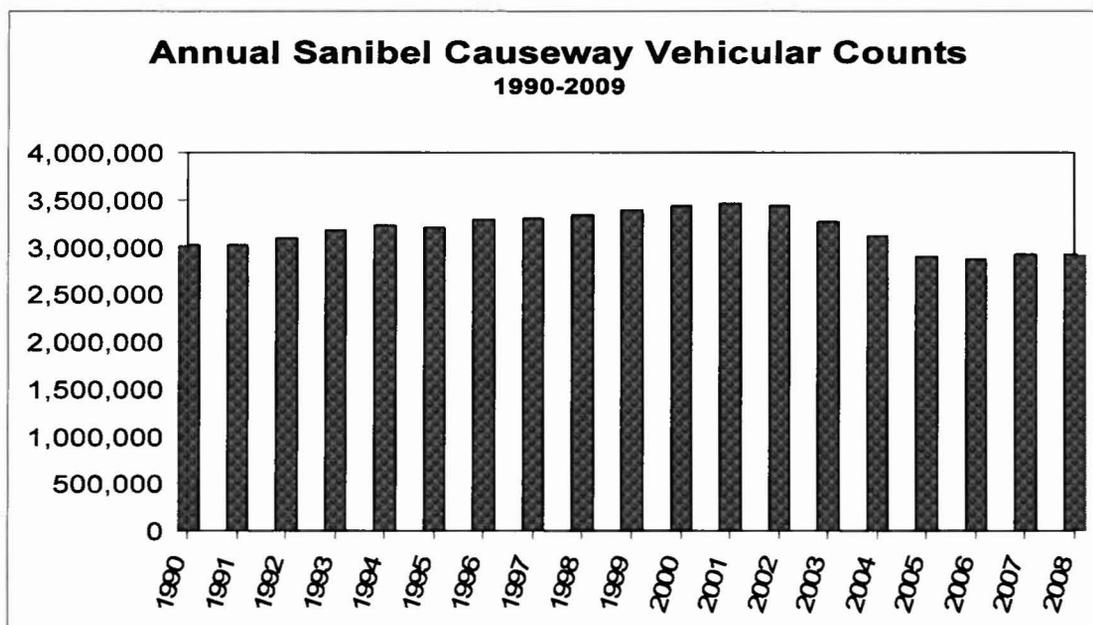

Based upon statistics collected by the Lee County Tourist Development Council (TDC), as of February 2009, 400,000 persons visited Lee County during this one-month period.

This number represents an 11.4% decrease from 2008 levels. Additionally, demographics collected by the TDC are that county-wide, over 60% of the visitors stayed with friends and family, 75% are citizens of the United States of which 53% travel from the mid-west and 30% from the northeast. 2009 saw a 16% decrease in Canadian visitors to Lee County and a 6.2% increase in European visitors. The leading feeder markets from Europe are Germany, the United Kingdom, France and the Scandinavian countries.

In February 2009, the average expenditure per visitor, per day decrease by 8.8%, from \$139 to \$127 from 2008 levels. TDC research documents visitor satisfaction with the destination remains extremely high, with 95% visitors to Lee County satisfied or very satisfied with their trip and 92% stating they are likely to return. Those visiting Lee County tend to be affluent, with an average income over \$93,000, an average age of 56 years old, 54% are couples, 29% are families and 80% are married. Repeat visitation remains extremely high with 74% of Lee County visitors being repeat visitors.

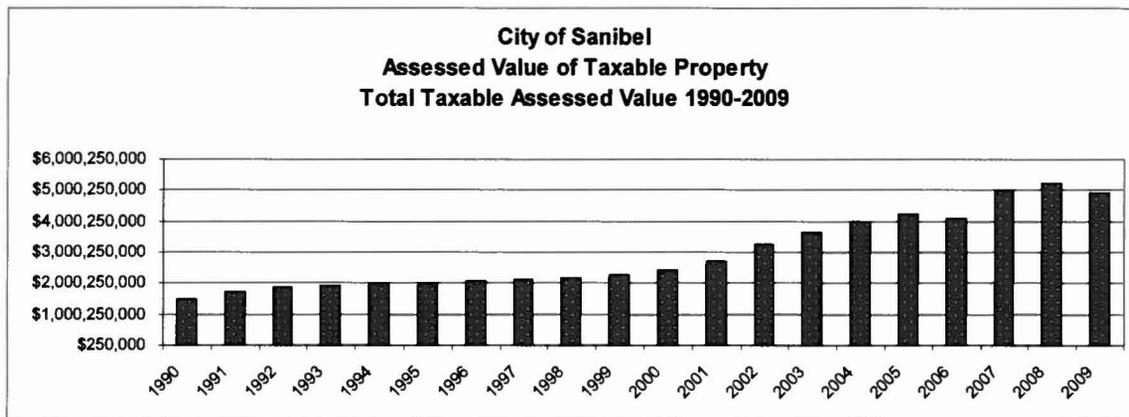

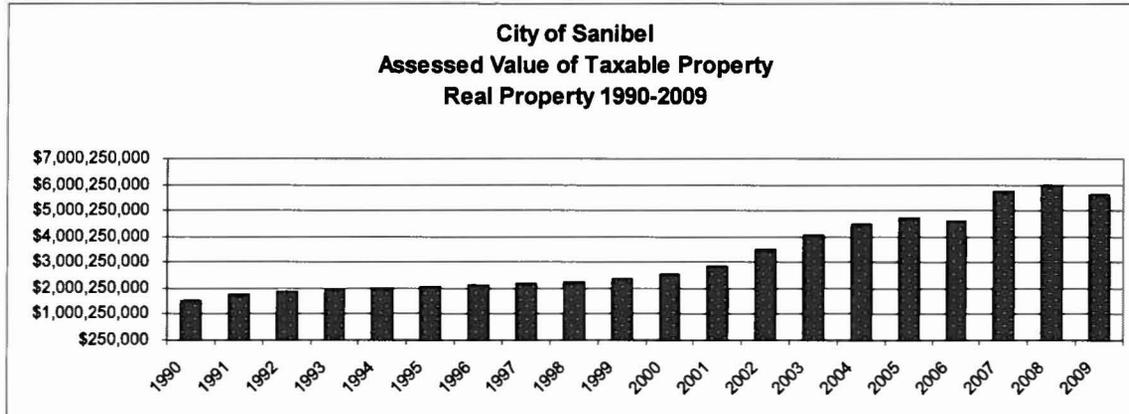

The most significant impact on the local economy for the current season is the reduction in average room rates. Based upon statistics released by the TDC, February 2009 average room rates for hotels has decreased by 24.6%, condominiums and vacation homes have decreased by 30% and rates for recreational vehicle facilities has increased by 13.8%.

These economic conditions have resulted in reduced vehicular traffic to the Island. As illustrated below in statistics generated by the Lee County Department of Transportation, traffic peaked on island in 2001.

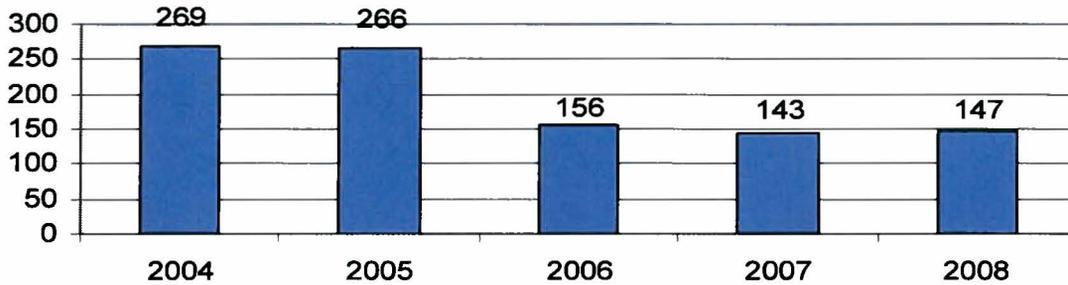

These combined factors have had a large economic impact on Island business, tourism and property values and thus City revenues.

Currently, the City of Sanibel, as well as all of southwest Florida, the State, and the nation, is experiencing a downturn in the real estate sector. The charts below have been prepared by the City of Sanibel with statistics from the Lee County Property Appraiser's Office to illustrate the community's property value trends. It is noteworthy that the 2006 valuation absorbs the impact of properties off-line due to Hurricane Charley in 2004 and 2005. It is also important to note that the most recent real estate downturn will be recognized in 2010 and 2011.

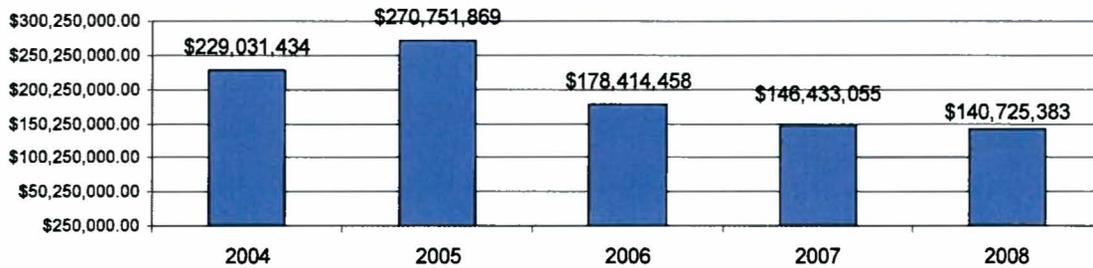

Lee County was ranked fourth (4th) in absolute state population growth between 2000 and 2007. However, the steep housing decline in Florida and Lee County has caused county-wide growth to slow since fiscal year 2008. The Lee County communities of Cape Coral and Lehigh Acres, which experienced some of the most dramatic national increases in home sales between 2004 to 2006, have also experienced some of the greatest number of foreclosures in 2007 and 2008. Though Sanibel has not experienced declines as deep as other Lee County communities, Sanibel is not immune from the decrease in sale volume or average sale price as illustrated in the following charts based upon data from the MLS Service.

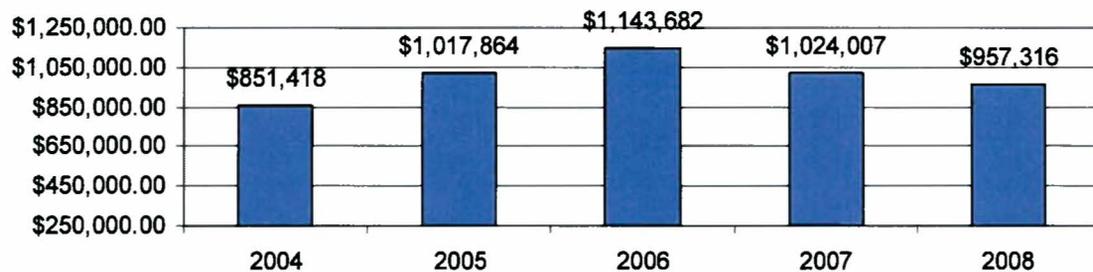

**City of Sanibel
Number of Closed Single Family & Duplex
Residential Real Estate Sales
2004-2008**

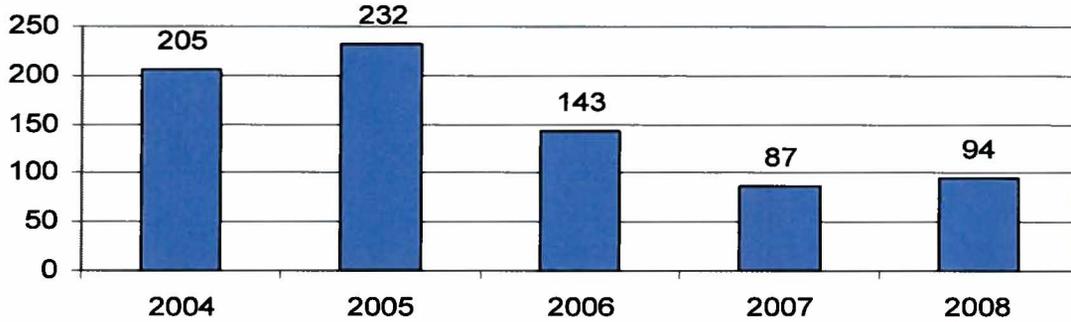

**City of Sanibel
Total Closed Single Family & Duplex Residential Real Estate Sales
2004-2008**

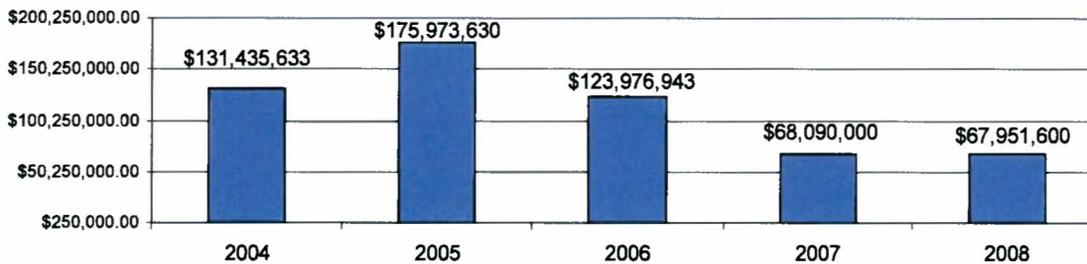

**City of Sanibel
Average Sale Price of Closed Single Family & Duplex
Residential Real Estate Sales
2004-2008**

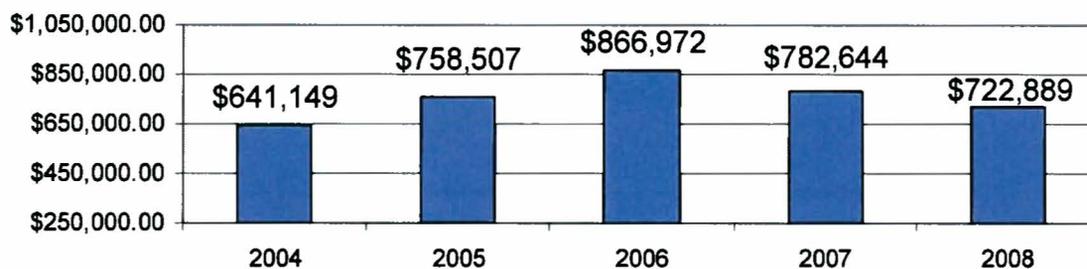

**City of Sanibel
Number of Closed Condominiums Real Estate Sales
2004-2008**

**City of Sanibel
Total Closed Condominium Real Estate Sales
2004-2008**

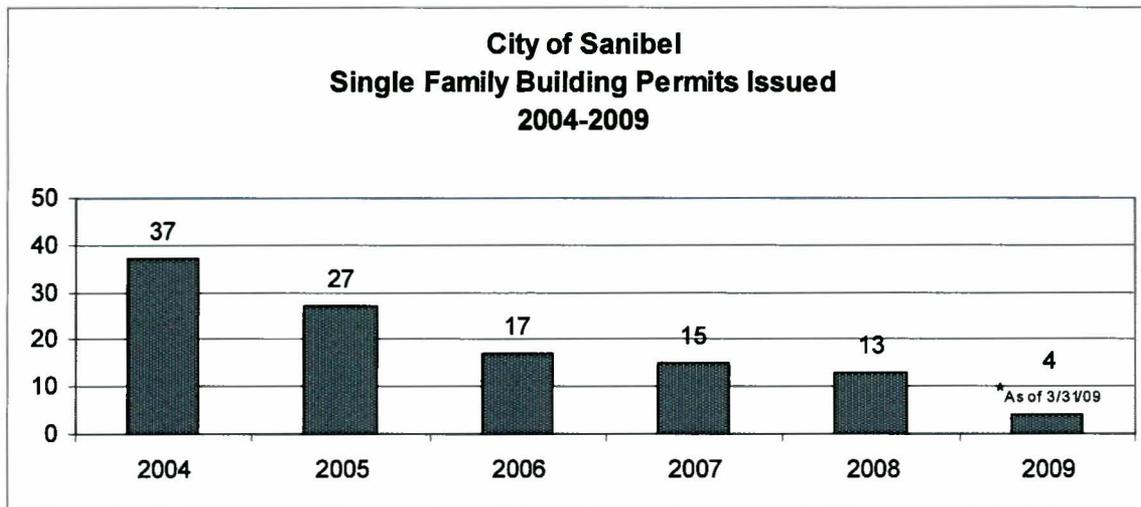

**City of Sanibel
Average Sale Price of Closed Condominium
Real Estate Sales
2004-2008**

Per the MLS, as compared to the region, average property values on Sanibel remains second only to neighboring Captiva Island for properties sold over the past 12 months.

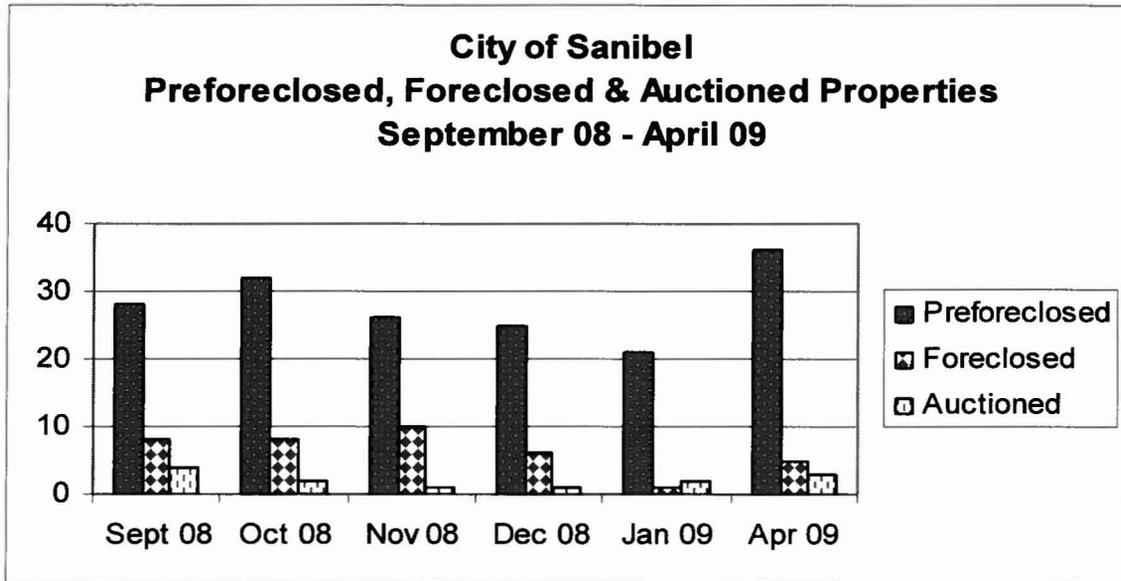

Special Market Report – Average Price by Zip Code in Lee County						
Overall Summary	Rank	Zip Code	Average Price	Rank	Zip Code	Average Price
<p>Out of 24 zip codes in this analysis, 33924 had the highest average Sold Price at \$3,437,000 (versus total Lee County with an average of \$301,331).</p> <p>Source of Data: Table is based on sales of single family homes in the Sanibel/Captiva MLS service over the last 12 months.</p>	1	33924	\$3,437,000	13	33913	\$321,859
	2	33957	\$1,007,676	14	33919	\$280,267
	3	34134	\$898,769	15	33914	\$275,612
	4	33901	\$540,068	16	33904	\$259,565
	5	33931	\$515,674	17	33903	\$258,525
	6	33908	\$467,402	18	33907	\$217,462
	7	34135	\$424,197	19	33917	\$198,734
	8	33955	\$377,889	20	33967	\$193,778
	9	33928	\$358,581	21	33990	\$183,588
	10	33912	\$349,126	22	33991	\$179,539
	11	33966	\$329,866	23	33993	\$151,210
	12	33905	\$327,292	24	33909	\$139,343

Over the past 5 years, Sanibel has experienced a 35.1% decrease in single family home starts from 37 in 2004 to 13 in 2008. This decrease appears to be a result of the economic climate as much as build-out. Over the past 48 months, 47 single family lots have been platted for which construction is yet to commence or permits pulled.

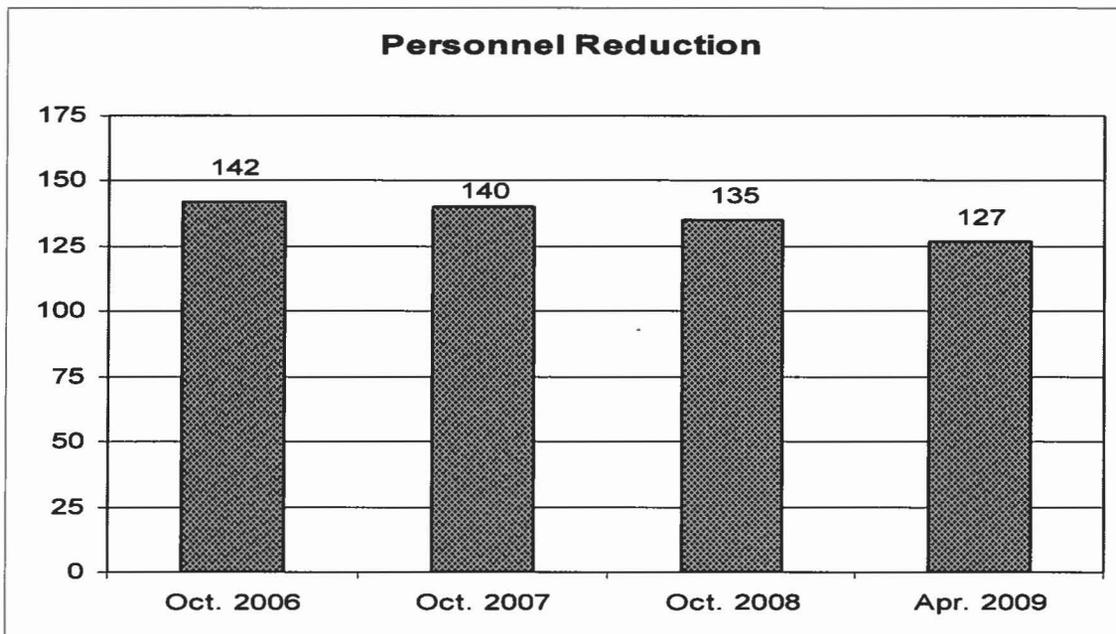

*Chart Source: City of Sanibel Building Department

As predicted in last year's economic forecast, foreclosures were not an issue for the City in fiscal year 2008. However, the number of pre-foreclosures and foreclosures on Sanibel are currently increasing as illustrated below.

Revenue sources the City receives that are impacted by the general economic health of the State of Florida include gas taxes, communication taxes and inter-governmental revenues, which is primarily a share of the sales tax. City operations and expenditures have been adjusted and constricted in light of the current downward projections. Currently, the City of Sanibel is reducing the number of full-time City employees through attrition to reduce fixed costs. The City's full-time work force has been reduced by 7% this fiscal year, which began on October 1, 2008. Since October 1st, the City has reduced the full-time work force by 9 employees through attrition including separations and retirements.

The positions that have been vacated include: the Police Aide Supervisor; an Engineering Technician; a Police Aide; a Dispatcher; and three full-time police officers. The full-time police officers have been replaced with part-time sworn officers. The part-time employees do not receive benefits including retirement. Since October 1, 2006 the City of Sanibel's full-time work-force, including the Enterprise Funds, has been reduced by 10.6%, from 142 to 127 full-time employees. The chart below has been prepared by the City of Sanibel Department of Administrative Services:

The City of Sanibel’s financial operations are managed with recurring General Fund operating surpluses contributing to historically strong cash and General Fund balance positions. This trend is expected to be negatively impacted by State legislation capping property taxes and a general slowing of the economy. In addition to reducing fixed costs, the City of Sanibel is selectively delaying capital projects. Finally, the City is strategically investing in technology that can improve productivity. The City’s priority is to maintain Sanibel as a world-class, safe, clean, environmentally and fiscally sound municipality.

The City of Sanibel’s financial policies state that, “If at the end of the fiscal year, the actual fund balance in the General Fund falls below 17% of operating expenditures, the City Manager will prepare and submit a plan for expenditure reductions and/or revenue increases to City Council. The City shall take action necessary to restore the unreserved, undesignated fund balance to acceptable levels within two years.” Currently, the General Fund unreserved, undesignated fund balance is 102% of operating expenditures.

The City of Sanibel has by design, lowered local taxes and increased reserves to weather the current economic challenges. The City is currently operating under the assumption that the current economic decline has yet to reach bottom. We also recognize as a barrier island in the sub-tropics, we remain vulnerable to natural events such as tropical storms and hurricanes and we need to position the City for a response to such emergencies, even during an economic decline.

MAJOR INITIATIVES

Major initiatives during the year were:

- Aggressively continued efforts at the federal, state, regional and local levels through education, political and legal methods to improve water quality by reducing urban development nutrient releases into the Caloosahatchee River.
- The completion of a new \$13 million recreation facility, funded with City-issued \$8.35 million bonds, a Lee County grant of \$3.2 million and a School Board grant of \$1.596 million. The center opened to acclaim on December 1, 2007. The former recreation facility was built in 1981 from community donations and included one swimming pool, an un-air-conditioned gymnasium, weight room and multi-purpose building. The new facility includes three (3) water facilities, an air-conditioned gym, weight room and multi-purpose classrooms, rest rooms/locker rooms and tennis courts. Membership fees were initiated to supplement support of the facility operating costs. The recreation center generated \$459,446 in membership and user fees in fiscal year 2008.
- Phase V sewer expansion project of the Sanibel Sewer System was begun in FY08 with the purchase of Sanibel Bayous Utility Plant and Collection System for \$1, land acquisition for \$175,000 and a \$1 one-year lease-back of a 1.86 acre retained acreage site for use during plant decommissioning and site restoration. Billing for Phase V with 299 Equivalent Residential Connections began in April 2008.

FUTURE INITIATIVES

City Council has given staff direction to pursue the following projects and has included funding in the fiscal year 2009 budget for the:

- Addition of \$400,000 to the Disaster Reserve for a fiscal year 2009 budget of \$4,500,000 to address future storm season events.
- Continued funding for the FY 2009 Reserve for Environmental Initiatives at \$1,200,000.
- Aggressively continue efforts to improve water quality through education, political and legal methods.
- Aggressively find and implement methods and programs that reduce urban development nutrient releases into our waterways.
- Continuation of the Exotic Plant Eradication program.

In addition to the major and future initiatives described above, the City continues to provide quality services to the Sanibel community.

FINANCIAL INFORMATION

BUDGETARY CONTROL

Budgetary control is established by Section 3.12 of the City Charter, which requires the adoption of an annual budget and Section 3.13, which provides for supplemental amendments to increase, decrease or transfer funds within the annual budget framework.

The Finance Director, on behalf of the City Manager, is responsible for the preparation of the City’s budget. The annual budget is adopted after an extensive review and evaluation of budget proposals from the various City departments to determine the funding level necessary to provide municipal services. Pursuant to the State of Florida “Truth In Millage” legislation, after consideration by Council and input by the citizenry at two public hearings during September of each year, Council adopts the final millage rate and the annual budget.

The City maintains a millage rate significantly below the State-regulated ten (10) mill cap:

<u>FISCAL YEAR (*)</u>	<u>TAXABLE VALUATION</u>	<u>OPERATING MILLAGE RATE (**)</u>
2004	3,999,633,810	1.7291
2005	4,223,982,460	2.5000
2006	4,092,905,540	2.4801
2007	4,990,360,370	2.5000
2008	5,196,712,970	2.1966

(*) Represents the fiscal year in which the tax revenue is collected

(**) Does not include Voted Debt Service millage levies

Budgetary control throughout the fiscal year is maintained through monitoring encumbrances of estimated purchase amounts. Encumbrances for goods or services not received by fiscal year-end lapse and must be re-budgeted in the following year.

CASH MANAGEMENT

The City has an investment policy, which places a priority on the safety of principal and liquidity. The City’s cash management program incorporates the principles of keeping all investments free from risk, maintaining adequate liquidity and flexibility to meet both scheduled and unscheduled obligations and maximizing return. Authorized investments include the Local Government Surplus Funds Trust Fund (LGSFTF), negotiable direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States Government and their agencies, non-negotiable interest-bearing time deposits, certificates of deposit, repurchase agreements, and savings in “Qualified Public Depositories” as defined in Florida Security for Public Deposits Act (Florida Statutes Chapter 280). Additionally, the Pension Trust Funds are authorized to invest in corporate bonds and equity securities.

The City maintains three (3) pooled cash accounts with the State of Florida’s LGSFTF that are administered by the State Board of Administration (SBA). During FY08, after the SBA revealed that some investments held for the City in the accounts were of sufficiently poor quality to violate the City’s investment policy the City substantially reduced its exposure with the SBA as it was allowed to through the year, converting a

majority of its funds into T-bills. The City's deposits and investments are more fully described in Note 3 of the Notes to the Financial Statements.

The City had four investments in T-bills with a market value of \$14,925,103 on September 30, 2008 and three investments with US Government Agency securities having a market value of \$18,272. The two pension trusts combined had \$16,627,842 of investments as of September 30, 2008.

DEBT COVERAGE

The City's Business-type activities are summarized in the MD&A and the Government-wide financial statements as a combined single column. The Sanibel Sewer System has significant outstanding debt; therefore to complement the available information in the Notes to the Financial Statements, the following schedule is presented.

	2003 Sewer Refunding Bonds	State Revolving Loans	TOTAL
Gross revenues			
City approved rates	\$ 3,534,654	\$ 1,840,315	\$ 5,374,969
Other revenue	70,338	1,343,231	1,413,569
Interest earnings	250,225	325,772	575,997
Total gross revenues	<u>3,855,217</u>	<u>3,509,318</u>	<u>7,364,535</u>
Operating expenses	6,326,293	-	6,326,293
Less: Depreciation and amortization	(2,450,558)	-	(2,450,558)
Indirect costs	(512,068)	-	(512,068)
Net operating expenses	<u>3,363,667</u>	<u>-</u>	<u>3,363,667</u>
Net Revenues available for Debt Service (excluding Connection Fees)	<u>491,550</u>	<u>3,509,318</u>	<u>4,000,868</u>
Available Connection and Transmission Main Fees			
Connection fees	28,770	51,197	79,967
Transmission main fees	-	889,514	889,514
Total Available Connection and Transmission Main Fees	<u>28,770</u>	<u>940,711</u>	<u>969,481</u>
Net Revenue & Connection Fees Available for Debt Service	<u>\$ 520,320</u>	<u>\$ 4,450,029</u>	<u>\$ 4,970,349</u>
Annual Debt Service Requirement	<u>\$ 416,509</u>	<u>\$ 3,854,690</u>	<u>\$ 4,271,199</u>
Debt Service Coverage from Net Revenues excluding Connection Fees	118%	N/A	
(A) Coverage Requirement from Net Revenues excluding Connection Fees	110%	N/A	
Debt Service Coverage from Net Revenues & Connection Fees	125%	115%	
(B) Coverage Requirement from Net Revenues & Connection Fees (*)	125%	115%	

(*) With respect to the coverage Requirement for (B), Net Revenues, excluding Connection Fees must be adequate to pay at least 100% of the current Debt Service Requirement on the 2003 Sewer Refunding Bonds

There is \$10,047,346 of assets in the Sanibel Sewer System Fund for assessments receivable, pledged to the state revolving loans above. The annual collection of receivables is used in addition to operating revenue and an ad valorem tax-voted debt service levy to make principal and interest payments on these loans.

Pursuant to the results of the annual financial feasibility study, City Council adopted a rate adjustment resolution, which increased sewer user fees by the annual indexing percentage of 3% effective October 1, 2008.

RISK MANAGEMENT

The City continues its risk management program for workers' compensation, property, general and other liability insurance coverages. The City participates in a pre-employment drug screening program for certain employees and employs an active safety committee, not only to take advantage of the premium discounts offered for having these programs, but to evaluate and reduce risk exposures. Third-party coverage through the Florida League of Cities Self-Insurers Fund (The League) is maintained for workers' compensation, property, general and other liability claims. The League has also been involved in the City's proactive approach to risk management. The City maintains a \$315,000 reserve for insurance deductibles.

PENSION BENEFITS

The City sponsors two single-employer defined benefit pension plans, one for its general employees and the other for police officers. A seven (7) member Board of Trustees administers the General Employees' Pension Plan. A separate five (5) member Board of Trustees administers the Police Officers' Pension Plan. Each year, an independent actuary is engaged by the respective Boards of Trustees to calculate the annual required contribution amount which the City must make to ensure that the plans will be able to fully meet their obligations to retired employees on a timely basis. As a matter of policy, the City fully funds each year's annual required contribution to the pension plans as determined by the actuary.

OTHER POST EMPLOYEMENT BENEFITS

The City early implemented the provisions of Governmental Accounting Standards Board (GASB) Statements No. 43 and 45 with the fiscal year 2007 Comprehensive Annual Financial Report. Pursuant to Ordinance #07-007, City Council defined the City's Other Post Employment Benefits (OPEB), established a Trust Fund to account for OPEB plan assets, and provided for the investment and management of plan assets. Accordingly, herein reported are the results of the actuarial valuation and associated trust fund activities. Additionally, the Notes to the Financial Statements contain information on the Plan description, current membership, funding policy, funding status and funding progress, annual cost and net OPEB obligation. Pursuant to the Ordinance, the City fully funds each year's annual required contribution to the OPEB trust fund as determined by the actuary.

AWARDS AND ACKNOWLEDGEMENTS

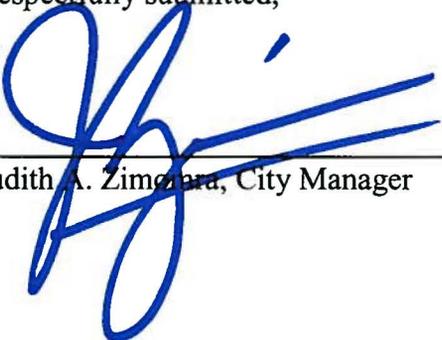

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sanibel for its comprehensive annual financial report for the fiscal year ended September 30, 2007. This was the twenty-second (22nd) consecutive year that the City of Sanibel has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirement and we are submitting it to the GFOA to determine its eligibility for another certificate.

A comprehensive financial report of this nature could not have been prepared without the dedicated efforts of the Finance staff. We would like to express our sincere appreciation to this staff for their noteworthy accomplishments in the completion of this endeavor.

We would also like to take this opportunity to thank you for achieving and maintaining this high degree of fiscal responsibility.

Respectfully submitted,

Judith A. Zimmerman, City Manager

Sylvia A. Edwards, Finance Director

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Report to the CITY OF SANIBEL for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2007.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is Valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Sanibel
Florida

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 2007

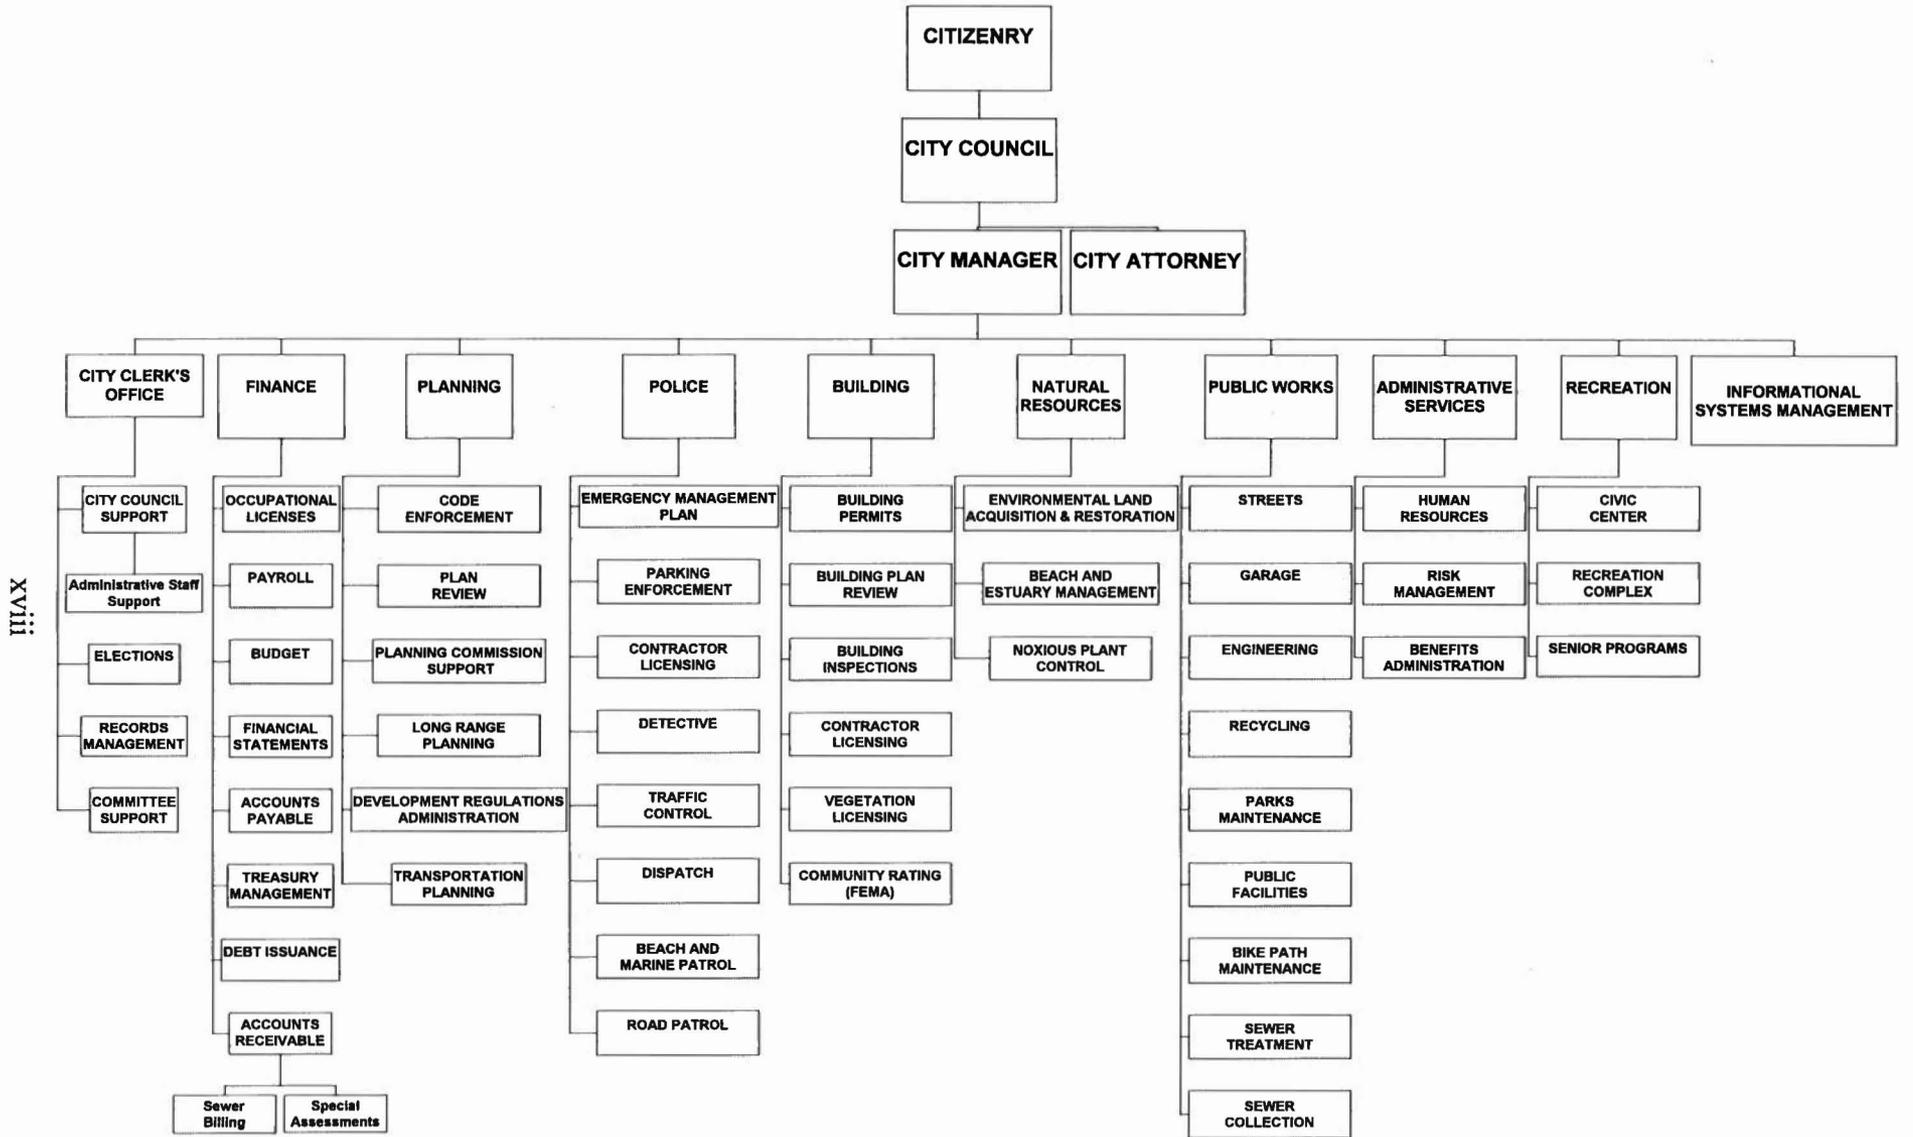

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council
City of Sanibel, Florida
Sanibel, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the remaining aggregate fund information of the City of Sanibel, Florida (the "City"), as of and for the year ended September 30, 2008, which, together with the aggregate discretely presented component unit, collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Community Housing and Resources, Inc., a component unit. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for Community Housing and Resources, Inc., is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the remaining fund information of the City of Sanibel, Florida as of September 30, 2008, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

LarsonAllen LLP
a worldwide member

member of Nexia International,
of independent accounting and consulting firms.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 21, 2009, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis (MD&A) on pages 3 through 14, the budgetary comparison information on page 77 and the schedules of funding progress and schedules of contributions from employer and other contributing entities on pages 78 through 80, are not a required part of the basic financial statements, but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining nonmajor fund financial statements and budget and actual schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor financial statements and budget to actual schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

THIS PAGE LEFT BLANK INTENTIONALLY

MANAGEMENT'S DISCUSSION AND ANALYSIS

Discussion and analysis of the City of Sanibel's financial statements is intended to provide a narrative introduction to the basic financial statements and an analytical overview of the City's financial activities for the fiscal year ended September 30, 2008.

FINANCIAL HIGHLIGHTS

- The assets of the City of Sanibel exceeded its liabilities at September 30, 2008 by \$86,558,280 (net assets). Of this amount, \$16,086,510 is unrestricted net assets in Governmental Activities, which may be used to meet the City's ongoing obligations to citizens and creditors. Business-type activities had \$2,796,975 in unrestricted net assets on September 30, 2008.
- The City's total net assets increased by \$1,944,898 for fiscal year 2008.
- As of September 30, 2008, the City of Sanibel's governmental funds reported combined ending fund balances of \$21,914,152 and approximately 86% of this amount is unreserved. This is a decrease of \$1,101,055 from the September 30, 2007 ending fund balances of \$23,015,207.
- The City of Sanibel's total debt decreased by \$3,203,628 during fiscal year 2008. This decrease is discussed further in the debt administration section of this letter.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, provides the authoritative guidance on the governmental financial reporting model.

The **Statement of Net Assets** (page 16) and the **Statement of Activities** (page 17) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. The statements separate governmental from business-type activities but both are measured and reported using the economic resource measurement focus and the full accrual basis of accounting.

The **Fund Financial Statements**, which report by fund type, begin on page 18. The governmental funds measure and report activities using the current financial resources measurement focus and the modified accrual basis of accounting. Reconciliations that convert this data to an economic resources measurement focus and the full accrual basis of accounting used in the Statement of Net Assets are found on pages 19 and 21. The Fund Financial Statements present information in more detail than in the entity-wide financial statements. Except for the General Fund, all other funds of the City are combined in an "other governmental funds" column.

THE GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Assets and the Statement of Activities

Government-wide financial statements are intended to allow the reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. The statements separate governmental from business-type activities. For purposes of these statements, both types are measured and reported using the economic resource measurement focus and the accrual basis of accounting.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during fiscal year 2008. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as uncollected taxes and earned, but not used, vacation leave.

Both of these financial statements distinguish the primary types of functions of the City, defined as follows:

- **Governmental activities** - Most of the City's basic services are reported here, including police, public works, recreation, management of natural resources, building inspection, planning, code enforcement and general administration. Major revenues supporting these activities are ad valorem taxes, sales and gas taxes, franchise and communications services taxes and intergovernmental revenues. Lesser revenues come from building permits, business tax receipts, fees, grants and investments.
- **Business-type activities** - The City's sewer system and beach parking services are reported here. The services are supported primarily from user fees. Financing of major capital assets is usually necessary. Debt service is supported by user fees, special assessments and, for the sewer system debt, ad valorem taxes from a voter approved tax levy.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories:

- 1) **Governmental funds** - account for most of the City's tax-supported activities. Examples are the General Fund and the Capital Project Funds. These funds focus on how money flows into and out of the funds, and the balances left at year-end. The accounting method used is called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash, usually within a 60-day period. The two criteria used are that the revenue is measurable and available. Examples of differences from economic focus are that debt proceeds and grants are considered current revenue, and purchases of capital assets are considered expenditures, whereas depreciation is not considered an expenditure since there is no outlay of cash. In the City's highly regulatory environment, fund accounting serves a very important purpose in that funds received for specific purposes are identified as such and can readily be audited.
- 2) **Proprietary funds** - are used to account for the business-type, or enterprise activities of the government. The City's two enterprise funds are the Sanibel Sewer System and the Beach Parking Fund. All proprietary funds use full accrual basis accounting and the economic measurement focus. Fees or charges are the primary revenue source for proprietary funds. The Sanibel Sewer System enterprise fund also receives tax revenue from a voter-approved tax levy to pay debt service related to the capital expansion projects.
- 3) **Fiduciary funds** - are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the City's own programs. The accounting used for fiduciary funds is similar to proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found beginning on page 31.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees and budgetary comparisons. Also, this MD&A is *required supplementary information*. Other *required supplementary information* can be found on pages 77-80 of this report.

The combining statements for non-major governmental funds and fiduciary funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found beginning on page 81 of this report.

THE CITY AS A WHOLE

The City's combined net assets as of September 30, 2008 were \$86,558,280. The City's combined revenues, including contributions, grants, charges for services, taxes and other general revenues were \$31,193,162. Total expenses city-wide were \$29,248,264. The increase to city-wide net assets was \$1,944,898. The following Table 1 reflects a condensed Statement of Net Assets for fiscal years ending September 30, 2008 and September 30, 2007.

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2008	2007	2008	2007	2008	2007
Current and other assets	\$ 23,752,388	\$ 27,304,072	\$ 19,645,608	\$ 21,364,690	\$ 43,397,996	\$ 48,668,762
Capital assets, net of depreciation	49,910,650	48,413,927	58,343,977	58,425,583	108,254,627	106,839,510
Total assets	<u>73,663,038</u>	<u>75,717,999</u>	<u>77,989,585</u>	<u>79,790,273</u>	<u>151,652,623</u>	<u>155,508,272</u>
Current and other liabilities	1,382,977	4,086,421	759,816	774,195	2,142,793	4,860,616
Long-term liabilities	15,303,252	15,910,938	47,648,298	50,123,336	62,951,550	66,034,274
Total liabilities	<u>16,686,229</u>	<u>19,997,359</u>	<u>48,408,114</u>	<u>50,897,531</u>	<u>65,094,343</u>	<u>70,894,890</u>
Net assets:						
Invested in capital assets, net of related debt	36,345,476	34,442,658	10,783,538	8,052,663	47,129,014	42,495,321
Restricted	4,544,823	6,406,164	16,000,958	20,479,404	20,545,781	26,885,568
Unrestricted	16,086,510	14,871,818	2,796,975	360,675	18,883,485	15,232,493
Total net assets	<u>\$ 56,976,809</u>	<u>\$ 55,720,640</u>	<u>\$ 29,581,471</u>	<u>\$ 28,892,742</u>	<u>\$ 86,558,280</u>	<u>\$ 84,613,382</u>

Capital assets, such as land, buildings, roads, bridges, machinery and equipment, less the outstanding debt used to acquire those assets are 54.5% of the City's net assets. The City uses these assets to provide services to citizens; consequently these assets are not available for future spending. It is also important to recognize that other resources will be required to repay the outstanding debt on capital assets. Restricted net assets, representing 23.7% of total net assets, are subject to external restrictions on how they may be used. Unrestricted net assets of \$18,883,485 are 21.8% of total net assets. In the governmental activities, \$16,086,510 or 28.2% of net assets are unrestricted and used to meet the City's ongoing obligations to citizens and creditors. Unrestricted net assets in the business-type activities are \$2,796,975, or 9.5% of total net assets.

The balance of this page is left blank intentionally

Table 2 is the condensed Statement of Activities for fiscal years ended September 30, 2008 and September 30, 2007.

Total net assets increased by \$1,944,898. In the governmental activities net assets increased by \$1,256,169; net assets in the business-type activities increased by \$688,729.

Governmental Activities

Table 3 presents the total cost of services for each of the City's five largest programs as well as each program's net cost, that is, total cost less program revenues (i.e. excluding taxes), generated by the activities. The net cost represents the portion of each program that is supported by various general revenues, including taxes.

The cost of all governmental activities this fiscal year was \$19.97 million. As shown in the Statement of Activities (see page 17), the net cost ultimately paid through taxes was \$14.2 million. The remaining \$5.77 million was provided by:

- \$3.2 million in charges for services, of which \$1,635,314 was from various fees for general government services, the most significant of which were franchise fees of \$974,512, and development fees of \$294,530. Building-type permits of \$780,651 and traffic/parking violations of \$80,801 were the significant charges for services in the

- public safety activity. Physical environment activity's solid waste surcharge fees accounted for \$224,242. The new recreation center generated \$459,448 in user fees.
- \$905,018 was from operating grants, of which \$231,214 was from Lee County and the Lee County School Board for ball field maintenance. Additional reimbursements were received from FEMA and the State of Florida for Hurricane Charley and Hurricane Wilma in the amount of \$112,148. In addition, preventative measure expenditures for Tropical Storm Fay accrued additional FEMA and State of Florida grant funding in the amount of \$84,402.
 - \$577,958 was from capital grants and contributions, the most significant of which were \$200,000 from the Florida Department of Recreation for the construction of Community Park and \$184,286 from Lee County and the Lee County School Board for the construction of a new recreation facility adjacent to the Sanibel School.

Table 3
Governmental Activities

	Total Cost Of Services		Net Cost (Earnings) Of Services	
	2008	2007	2008	2007
Public safety	\$ 4,766,129	\$ 4,592,984	\$ 4,357,003	\$ 4,327,373
Physical environment	1,019,305	1,097,217	440,083	211,824
Public works	4,218,159	2,397,741	4,495,454	2,492,279
Economic development	246,383	246,319	272,751	274,498
Human services	1,000	974	1,000	974
Culture/Recreation	3,690,862	2,367,275	3,276,988	(2,291,881)
All Others	6,024,529	6,521,255	1,414,732	2,544,432
Totals	\$ 19,966,367	\$ 17,223,765	\$ 14,258,011	\$ 7,559,499

Business-type Activities

Revenues of the City's business-type activities as shown on Table 2, above, totaled \$10,794,356. Expenses totaled \$10,280,629, which generated an increase in net assets of \$513,727 before transfers of \$175,002 from governmental funds.

\$115,441 of the total increase in net assets relates to the Sanibel Sewer System and \$573,288 of the increase relates to the Beach Parking Fund. While beach parking rates remained at \$2.00 per hour revenues from this source increased by \$110,986 over the previous year.

In the Beach Parking Fund expense increases in personal services and administrative charges were offset by intergovernmental grant revenue of \$1,463,374. This was an increase of \$397,589 over the previous year intergovernmental grant revenue of \$1,065,785.

The addition of 173 new accounts and a fee increase of 3% generated an additional \$374,755 in service charge revenues for the Sanibel Sewer System. The System's expenditures increased by \$755,863 over last year's expenditures due to a \$204,991 increase in personal services and \$418,317 increase in repairs and maintenance.

THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental funds are comprised of the general fund, special revenue funds, debt service funds and capital projects funds. Governmental funds use the current financial resources measurement focus that provides information on the near-term inflows, outflows and balances of spendable resources.

The *General Fund* is the chief operating fund of the City. It is used to account for all financial resources, except those required to be accounted for in another fund. At the end of the current fiscal year, unreserved fund balance of the general fund was \$12,660,045, while total fund balance was \$15,113,061. The fund balance of the City's general fund decreased \$472,041 during the current fiscal year. Key factors in this decrease are the net effect of the following:

- Property tax revenue decreased by \$969,328 (8.1%) over prior year tax revenue due to City Council decreasing the property tax rate from 2.5000 to 2.1966 mills;
- Miscellaneous revenues decrease of \$533,797 attributable to declining interest rates and investments' decreasing market value;
- Fines and forfeitures revenue declined by \$152,808;
- Operating expenditures across departments were \$249,242 greater than in the prior year;
- Net transfers from the general fund were \$293,210 greater than the previous year.

All other governmental funds are accounted for in the column entitled *Other Governmental Funds*. Included in Other Governmental Funds are Special Revenue, Debt Service and Capital Project Funds. Fund balances of all other governmental funds were lower by \$629,014 than in fiscal year 2007.

Special revenue fund balances were higher by \$1,232,327 with an increase of \$323,492 in the franchise and business tax receipt fund, \$174,647 in the building department fund and \$540,560 in the recreation center operations fund. The increase in the franchise and business tax receipt fund was generated by increasing the franchise fee rate from 3% to 15%. The opening of the new recreation center generated \$512,607 in revenues.

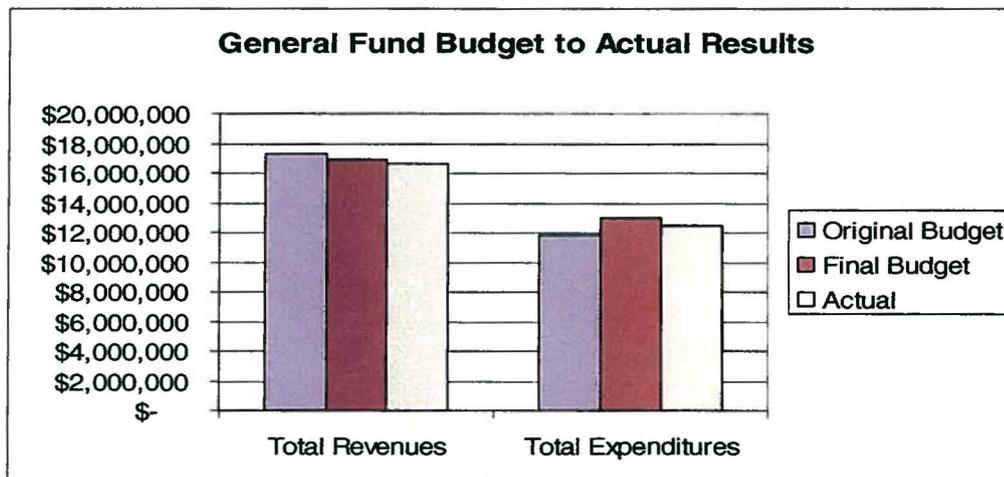

The capital project fund balances were lower by \$1,859,671 as funds available for the completion of the recreation center in the amount of \$1,878,511 were expended. There were no significant changes in the debt service fund balance.

Proprietary Funds

The City's proprietary funds are comprised of enterprise funds. An enterprise fund is used to account for activities for which a fee is charged to external users for goods and services. These funds provide the same type of information, but in more detail than that found in the government-wide financial statements. See pages 23-27.

Budgetary Highlights-Governmental Activities

General Fund

During the year, there was a \$351,630 (2.01%) decrease in revenue appropriations between the original and final amended budget. Following are the main components of the net decrease:

- (\$89,773) – Gas tax revenue projections were reduced as people drove less in response to higher fuel costs. Because gas taxes are collected on each gallon of gas sold, gas tax collections were expected to decrease as higher prices decreased gas sales;
- \$32,880 – Communications service tax receipts were increased on the basis of revised state estimates;
- \$231,271 – Indirect costs charges levied against some funds to recapture the cost of administrative services provided to the funds were revised upwards based on the results of the fiscal year mid-year cost study update;
- (\$529,484) – Miscellaneous revenues, which includes investment earnings, was lowered because of the dual effect of falling interest rates on interest earnings and the decrease in fair market value of investments held in the General Fund (\$560,455); this was offset slightly by \$21,505 earned from the sale of surplus equipment and \$6,658 of insurance proceeds.

Budget to actual results in the General Fund resulted in a \$319,380 (1.89%) negative revenue variance (actual less than budget) due primarily to the \$401,627 negative variance in property tax revenue. The \$401,627 is \$54,111 less than the \$455,738 budgeted reserve for under

collection. Budget to actual results for expenditures resulted in a \$550,158 (4.23%) positive variance (actual less than budget). The decrease was uniform through all departments and reflected a successful effort to begin curtailing costs.

A more detailed analysis of this discussion can be found in the Budgetary Comparison Schedule found on Page 77.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets as of September 30, 2008 reflect an investment of \$108,254,627 net of accumulated depreciation.

In compliance with GASB No. 34, the City has separated out an infrastructure asset category, which was formerly included in improvements other than buildings. The City's infrastructure, such as roads, multi-use paths, bridges, piers and sewer pipe, is recorded at actual or best estimate historical cost.

Table 4 provides a comparative summary of net capital assets by category for both governmental and business-type activities.

	Governmental Activities		Business-type Activities		Totals	
	2008	2007	2008	2007	2008	2007
Land	\$ 24,841,579	\$ 24,841,579	\$ 1,848,477	\$ 1,652,478	\$ 26,690,056	\$ 26,494,057
Buildings	14,400,303	1,210,817	1,050,441	957,039	15,450,744	2,167,856
Improvements other than buildings	1,270,843	1,007,257	601,969	321,413	1,872,812	1,328,670
Vehicles and equipment	2,244,867	1,823,717	883,549	447,249	3,128,416	2,270,966
Infrastructure	7,108,927	7,475,809	53,959,541	55,047,404	61,068,468	62,523,213
Construction work in progress	44,131	12,054,748	-	-	44,131	12,054,748
Total Capital Assets	\$ 49,910,650	\$ 48,413,927	\$ 58,343,977	\$ 58,425,583	\$ 108,254,627	\$ 106,839,510

Significant changes in assets this fiscal year include:

- Major projects completed in FY 2008 included the new \$13,229,635 recreation center and new restrooms and improvements to the Community Park in the amount of \$515,450. Both of these projects were included in construction work in progress at the end of FY 2007. Additional expenses in the amount of \$1,853,552 were recognized in the construction work in progress asset class during FY 2008.

Long-term Debt

As of September 30, 2008, the City had \$62,357,934 in bonds, notes and leases. Table 5 below provides a comparative summary of the City's outstanding debt:

	Governmental Activities		Business-type Activities		Totals	
	2008	2007	2008	2007	2008	2007
Bonds:						
General Obligation Bonds	\$ 11,390,000	\$ 11,640,000	\$ -	\$ -	\$ 11,390,000	\$ 11,640,000
Revenue Bonds	1,659,639	1,759,388	4,038,193	4,287,269	5,697,832	6,046,657
Notes	1,659,038	2,026,093	43,522,246	45,797,920	45,181,284	47,824,013
Leases	88,817	50,891	-	-	88,817	50,891
Total	\$ 14,797,494	\$ 15,476,372	\$ 47,560,439	\$ 50,085,189	\$ 62,357,933	\$ 65,561,561

In 2008, the City entered into a five-year capital lease agreement. Present value of future minimum lease payments is \$88,817. Additional information on the capital lease may be found in Note 10.

Additional information about the City's capital assets and long-term debt can be found beginning on page 54 in Note 9 and 11, respectively, in the Notes to the Financial Statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Although the City has always enjoyed a healthy economy because of the island's desirability as a tourist destination, the recent downturn in the housing industry has caused property values on Sanibel to decline. It is anticipated that an additional decline in values will be realized with the property valuation of 2008, which will impact the fiscal year 2010 budget.

This factor was a paramount consideration when preparing the City's budget for fiscal year 2009. The fiscal year 2009 budget is being funded at a 2.1561 mill tax rate, 0.4045 mills below the fiscal year 2008 rate of 2.1966 mills

The City began efforts in fiscal year 2008 to reduce expenses in anticipation of future deterioration in economic conditions; the City remains prudent in protecting the reserves that have been slowly and carefully accumulated and to match current revenues with current expenditures.

Requests for Information

This financial report is designed to provide a general overview of the City of Sanibel's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, CITY OF SANIBEL, 800 Dunlop Road, Sanibel, Florida 33957.

CITY OF SANIBEL, FLORIDA
RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET ASSETS
GOVERNMENTAL FUNDS
September 30, 2008

Fund balance totals: \$ 21,914,152

Amounts reported for governmental activities in the statement of net asset are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. 49,910,650

Unamortized bond issue costs and underwriter's discounts are not current financial resources and, therefore, are not reported in the funds. 205,302

Net pension asset resulting from over-funding of the general and police pension plans is not reported in the funds. 192,151

Debt interest payable that will not be liquidated with current financial resources, is not reported in the funds. (199,834)

Revenues that are not received by year-end, or within the "availability" period are deferred in the governmental funds balance sheets, but recognized in the statement of activities. 257,640

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds

Bonds and notes payable	\$ (14,708,677)	
Capital leases payable	(88,817)	
Compensated absences	(505,758)	<u>(15,303,252)</u>

Net assets of governmental activities \$ 56,976,809

See Accompanying Notes.

CITY OF SANIBEL, FLORIDA
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
 BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
 For the Fiscal Year Ended September 30, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$	(1,101,055)
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.</p>		
Capital Outlay	\$	2,824,732
Depreciation		<u>(1,259,885)</u>
		1,564,847
<p>Net effect of various miscellaneous transactions involving capital assets (i.e. disposals, transfers, donations) which decrease net assets</p>		
		(68,124)
<p>Issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.</p>		
Principal debt payments		767,695
Debt proceeds		(88,817)
<p>Bond issuance costs are reported in the governmental funds as expenditures. However, in the Statement of Activities, these costs are allocated over the life of the debt as amortization expense.</p>		
		(14,208)
<p>In the statement of activities, certain operating expenses-compensated absences (sick pay and vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This amount represents the increase in the accrual of compensated absences from 9/30/07 to 9/30/08.</p>		
		(71,191)
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, but are instead deferred. This item represents the change caused by the "available" revenue recognition criteria.</p>		
		257,640
<p>Pension contributions were more than annual pension cost and therefore increased the net pension asset on the statement of net assets.</p>		
		3,402
<p>Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due. The decrease in interest reported in the statement of activities is the result of accruing less interest at 9/30/08 than at 9/30/07.</p>

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The City of Sanibel, Florida (the City) was incorporated November 5, 1974. The Charter of the City was adopted pursuant to the Laws of Florida, Chapter 74-606, as from time to time amended. The City operates under the Council-Manager form of government and provides municipal services such as police protection, public works, parks, recreation, natural resources, below market housing and all the necessary functions of general government. The City also has two enterprise operations consisting of wastewater utility services and beach parking services.

The financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America, as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the City's more significant accounting policies.

The accompanying financial statements present the combined financial position, results of operations and cash flows of the applicable fund types governed by the City of Sanibel.

As outlined in GASB Statement No. 14, as amended, *The Reporting Entity*, the financial reporting entity consists of the primary government, organizations for which the primary government are financially accountable and other organizations whose exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Each potential component unit is individually evaluated using specific criteria outlined in GASB Statement No. 14 to determine whether the entity is: a) part of the primary government; b) a component unit which should be included in the reporting entity (blended or discretely presented); or c) an organization which should be excluded from the reporting entity entirely. The principal criteria for classifying a potential component unit include: a) the legal separateness of the organization; and b) the financial accountability to the primary government resulting from either the primary government's ability to impose its will on the potential component unit or the potential component unit's fiscal dependency on the primary government.

In determining the agencies, boards or authorities to be included in the comprehensive annual financial report, the City has considered all potential component units. Under criteria established by GASB Statement No. 14, component units are to be either blended with the primary government or presented discretely. For a component unit to be blended it must meet one or both of the following two situations: 1) the board of the component unit is substantively the same as that of the primary government; or 2) the component unit serves the primary government exclusively, or almost exclusively.

▪ **Discretely-Presented Component Unit**

Based upon the application of these criteria, the following entity was determined to be a discretely-presented component unit:

Community Housing and Resources, Inc. (CHR) is a legally separate organization with its own board that is not selected by the City Council. CHR provides services almost entirely to the citizens of the City of Sanibel. CHR is fiscally dependent upon the City in that there is a financial burden to the City and the nature and significance of the relationship between the City and CHR is such that excluding CHR from the City's financial statements would be misleading and incomplete.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

A. Reporting Entity (Concluded)

▪ **Discretely-Presented Component Unit (Concluded)**

CHR has issued separate financial statements for the year ended September 30, 2008, which may be obtained at the entity's administrative offices located at 2401 Library Way, Sanibel, Florida, 33957.

B. Government-Wide and Fund Financial Statements

The City has adopted the provisions of GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments* and GASB Statement No. 38, *Certain Financial Statement Note Disclosures*. The basic financial statements consist of the government-wide financial statements and fund financial statements. The government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements so as not to distort financial results. Fiduciary funds are excluded from the government-wide financial statements since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses and indirect expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment including depreciation. The City does not allocate the interest expense of governmental fund debt but the City does allocate certain indirect costs such as finance, personnel, legal, etc., from general government to other functions and/or segments. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements (fund financial statements) are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The City's fiduciary funds are presented in the fund financial statements by type (pension/OPEB trust and agency funds) but as noted above are not included in the government-wide statements. Reconciliations are provided that convert the results of governmental fund accounting to the government-wide presentations.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The *government-wide financial statements* are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont.)

in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise fees, other local taxes, revenue sharing, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the City.

Agency funds are unlike all other types of funds, reporting only assets and liabilities. Therefore, they do not have a measurement focus, but do however use the accrual basis of accounting to recognize receivables and payables. They are merely clearing accounts for assets held by the City as an agent for individuals, private organizations and other governmental entities.

The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented on the page following each statement, which briefly explains the adjustments necessary to transform the fund based financial statements into the governmental activities of the government-wide presentation.

The emphasis in fund financial statements is on the major funds. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of the separate and combined governmental and enterprise categories) for the determination of major funds. In addition, the City can choose to report certain funds as major funds for qualitative reasons.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont.)

The City reports the following major funds:

▪ **Governmental Funds**

- **General Fund** – the General Fund is the City’s primary operating fund, and is used to account for all financial resources except those required to be accounted for in another fund. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. The majority of current operating expenditures of the City, other than proprietary fund activities, are financed through revenues received by the general fund.

▪ **Proprietary Funds**

- **Sewer System Fund** – an enterprise fund used to account for the provision of wastewater collection and disposal services and wastewater reuse services to the residents and businesses of the City. All activities necessary to provide such services are accounted for in this fund, including administration, operations, construction, maintenance, financing and related debt service costs, billing and collection.
- **Beach Parking Fund** – an enterprise fund used to account for the provision of parking and shared-use path access to the beaches, public safety services, beach facilities maintenance services and beach maintenance services. All activities necessary to provide such services are accounted for in this fund, including administration, operations, construction, maintenance, and collection of parking fees and parking violation fines. This fund receives operating grants from local agencies that augment beach maintenance.

Governmental and enterprise funds which do not meet the criteria for reporting as major funds are grouped together for financial reporting in one column. The City has no nonmajor enterprise funds, and reports certain nonmajor governmental funds of the following fund type:

- **Special Revenue Funds** – to account for the proceeds of certain specific revenue resources (other than proprietary fund type revenues), that are restricted legally by grantors to expenditures for specified purposes.
- **Debt Service Funds** – to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs for governmental fund types.
- **Capital Project Funds** – to account for funds received or appropriated for major repairs, equipment purchases, and facilities and improvements, other than those accounted for in the enterprise fund.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont.)

In addition, the City reports the following fiduciary fund types:

- **Pension Trust Funds** – to account for resources used to finance the City’s retirement programs. These funds are accounted for in the same manner as proprietary fund types. The City has two pension trust funds which accumulate resources to provide retirement benefits to City employees. The two pension trust funds are the Municipal Police Officers’ Pension Trust Fund and the General Employees’ Pension Trust Fund.
- **Other Post Employment Benefits Trust Fund** – to account for the future liability of implicit rate subsidy costs for medical/prescription/dental coverage available to retirees and their dependents. For additional information please see Note 13.C.
- **Agency Funds** – to account for fees collected for other agencies (state, county, school board, and other local agencies).

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to apply all Financial Accounting Standards Board (FASB) Statements and Interpretations issued after November 30, 1989, as permitted by GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Fund and Other Governmental Entities That Use Proprietary Fund Accounting*.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this rule include payments-in-lieu of taxes where the amount is reasonably equivalent in value to the interfund services provided and charges between the City’s sewer function and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the Sanibel Sewer System enterprise fund and of the Beach Parking Fund are charges to customers for sales and services. Operating expenses for the Sanibel Sewer System and Beach

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation
(Concluded)**

Parking enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted, as they are needed.

D. Cash and Cash Equivalents and Investments.

Cash and cash equivalents consist of cash on hand and cash on deposit with financial institutions. The City maintains pooled cash for substantially all City funds except for restricted cash and investments held with trustees. Equity in pooled cash is an accounting and investment tool employed by the City by which the City is able to invest large amounts of idle cash for short periods of time thereby maximizing earning potential. The pooled cash is included with cash and cash equivalents. The City's cash pool allows individual funds, at any time, to deposit additional cash or make withdrawals without prior notice or penalty. Interest income is allocated based upon the proportionate balance of each fund's equity in pooled cash and investments.

For the purposes of the statement of cash flows, the City considers highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

Investments are primarily in treasury bills with a maturity greater than three months and are carried at fair value, and funds on deposit in the Local Government Surplus Funds Trust Fund (LGIP) Investment Pool administered by the Florida State Board of Administration. In addition, investments in the City's pension funds include U.S. Government securities, corporate bonds, equity securities, comingled real estate fund and mutual funds. All investments are reported at fair value using quoted market prices or the best estimate available. The difference between cost and fair value of investments held is recorded as net unrealized gains or losses and is included in net investment earnings.

E. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are reported as "due from other funds" or "due to other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

F. Inventories

Inventories consisting primarily of materials and supplies held for consumption are stated at cost (first in, first-out method). For its governmental fund type inventories, the City utilizes the consumption method of accounting, which provides that expenditures are recognized when inventory is used.

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

H. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net assets and the balance sheet because their use is limited by applicable bond covenants.

I. Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, bike paths, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at an estimated fair market value at the date of donation.

All capital assets, including those acquired prior to the implementation of GASB Statement No. 34 have been reported.

Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. The ranges of useful lives are as follows:

<u>Assets</u>	<u>Years</u>
Buildings	15-50
Improvements other than buildings	15
Infrastructure	30
Vehicles and Equipment	5-10

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

I. Capital Assets (Concluded)

The cost of assets retired or sold, together with the related accumulated depreciation, is removed from the accounts and any gain or loss on disposition is credited or charged to earnings.

Interest is capitalized on enterprise fund assets constructed with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project construction with interest earned on invested proceeds over the same period.

J. Compensated absences

The City's regular full-time (40-hour-per-week) employees may accrue a maximum of 240 vacation hours. Regularly scheduled part-time employees who regularly work at least 16 hours per week accrue vacation leave in proportion to the amount of time worked. Sick leave accumulation is unlimited. Upon termination, employees can be paid for all accrued vacation time and 1/4 of all accrued sick time to a maximum of 390 hours. These benefits plus their related taxes are classified as compensated absences. The accumulated compensated absences are accrued when incurred in the government-wide financial statements and proprietary funds.

The expenditure and liability for compensated absences are recognized in the Governmental Funds only when they have matured. That is, the only portion of the liability reported in the Governmental Funds is that amount of reimbursable unused vacation leave and sick leave payable to employees who have terminated their employment as of the end of the fiscal year.

K. Long-Term Obligations

In the government-wide financial statements and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 1. Summary of Significant Accounting Policies (Continued)

K. Long-Term Obligations (Concluded)

financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Unamortized Losses

Losses from debt refunding are reported in the accompanying financial statements as a deduction to bonds payable and will be charged to operations using the effective-interest method by amortizing the loss over the shorter of the life of the old bond or the life of the new bond, which is reported in the government-wide and proprietary fund financial statements.

M. Utility Connection (Impact) Fees

The City utilizes utility connection fees as a means for funding capital expansion required to meet sewer system demands resulting from growth. These fees are recorded as capital contribution revenue in the Sewer Fund when charged.

N. Special Assessments

The City levies special assessments against benefited property owners for construction of wastewater utility expansion in certain areas of the City. The special assessments are recorded as capital contributions net of refunds in the enterprise funds.

O. Deferred Revenue

Deferred revenues are recorded for governmental fund receivables that are not both measurable and available. In addition, inflows that do not meet the criteria for revenue recognitions, such as business tax receipts collected in advance, are reported as deferred revenues for both the government-wide and the fund financial statements.

P. Intragovernmental Allocation of Administrative Expenses

The General Fund incurs certain administrative expenses for other funds, including accounting, legal, data processing, personnel administration, and other services. The governmental activities that received these services were charged \$1,867,441 and the enterprise funds that received these services were charged \$998,732. Fiscal year 2008 administrative expenses not directly charged to a fund are allocated as indirect expenses on the Statement of Activities.

CITY OF SANIBEL, FLORIDA
 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2008

Note 1. Summary of Significant Accounting Policies (Concluded)

Q. Fund Equity

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved. Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally segregated by outside parties for use for a specific purpose.

R. Net Assets

Net assets of the government-wide and proprietary funds are categorized as invested in capital assets, net of related debt, restricted or unrestricted. The first category represents net assets related to property, plant, equipment and infrastructure. The restricted category represents the balance of assets restricted by requirements of revenue bonds and other externally imposed constraints or by legislation in excess of the related liabilities payable from restricted assets. The unrestricted net assets category represents all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Note 2. Stewardship, Compliance and Accountability

A. Budgets - Legal Compliance

Budgets are adopted on a basis consistent with U.S. Generally Accepted Accounting Principles, except for the following funds for the respective reasons:

<u>FUND TYPE and NAME</u>	<u>REASON</u>
<i>Special Revenue Fund</i>	
Flexible Spending Account	No expenditures were planned for the year
<i>Capital Project Funds</i>	
San-Cap Road Project	No expenditures were planned for the year
Shell Harbor Canal Dredging	No expenditures were planned for the year

Annual appropriated budgets are adopted for the general fund, special revenue funds, debt service funds, capital project funds, and enterprise funds. All annual appropriations lapse at fiscal year end and are not automatically re-appropriated the following fiscal year. On July 1st of each year, the Lee County Property Appraiser supplies the City with the assessed taxable valuation of the property located within the City on which the City's millage (property tax) rate for the next budget year will be based. Prior to July 31st, a public hearing is held at which a proposed budget is presented to City Council and, by Resolution, City Council establishes a proposed millage (property tax) rate for the subsequent fiscal year, which begins on October 1st.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 2. Stewardship, Compliance and Accountability (Continued)

A. Budgets - Legal Compliance (Concluded)

Based on the State of Florida "TRIM" (Truth in Millage) calendar, the City holds two public hearings on the tentative millage rate and tentative budget during the month of September. On or before September 30th, the budget is legally adopted by Resolution. Five-year financial plans are also adopted for all capital project funds.

Budget amounts are presented as originally adopted and as amended by City Council. Budget amendments, adopted by Resolution of City Council, are used to revise the budgeted amounts through the year. The City Manager may amend the budget within existing appropriations of individual funds.

The level of control whereby expenditures cannot exceed appropriations is at the fund level. During the fiscal year ended September 30, 2008, various supplemental appropriations were approved by City Council in accordance with this policy.

B. Property Taxes

All real and tangible personal property taxes are due and payable on November 1 of each year, or as soon thereafter as the tax roll is certified by the Lee County Property Appraiser, and become delinquent on April 1 of the following year. The Lee County Tax Collector does the billing and collection of all property taxes for the City.

The Tax Collector mails to each property owner on the tax roll a notice of taxes levied by the various governmental entities in the County. Discounts are allowed for payment of property taxes made between November 1 and March 1. Tax certificates for the full amount of any unpaid taxes or assessments must be sold no later than June 1st of each year.

The laws of Florida provide for procedures for collecting delinquent taxes, including applicable tax certificate sales, tax deed sales and tangible personal property seizure and sales. Enforceable lien date is approximately two years after taxes become delinquent and occurs only upon request of a holder of a delinquent tax certificate. Key dates in the property tax cycle (latest date, where appropriate) are as follows:

July 1	Assessment roll certified, unless extension granted by Florida Department of Revenue.
93 days later (normally October 1)	Millage resolution approved and taxes levied following certification of assessment roll.
November 1	Property taxes become due and payable (maximum discount, i.e., 4 percent).
April 1	Taxes become delinquent (lien date).
Prior to June 1	Tax certificates sold.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 2. Stewardship, Compliance and Accountability (Concluded)

B. Property Taxes (Concluded)

The City is, in general, permitted by the State to levy property taxes up to \$10 per \$1,000 of assessed valuation for general governmental services. The general operating, sewer and Pond Apple Park voted debt service tax rates for the year ended September 30, 2008, applied to tax (calendar) year property values, were 2.1966, 0.2346 and 0.0456, respectively, per \$1,000 of assessed property valuation. During fiscal year 2006, a voter referendum passed to issue \$8.35 million general obligations bonds. The FY08 millage rate to meet debt service on this issue was 0.1011 mills.

Note 3. Deposits and Investments

A. Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. In accordance with its policy, all City depositories are banks designated by the Florida Chief Financial Officer as qualified public depositories. Chapter 280 of the Florida Statutes, "Florida Security for Public Deposits Act" provides procedures for public depositories to ensure public monies in banks and saving and loans are collateralized with the Florida Chief Financial Officer as agent for the public entities. Chapter 280 defines deposits as demand deposit accounts, time deposit accounts, and non-negotiable certificates of deposit.

Financial institutions qualifying as public depositories shall deposit with the Florida Chief Financial Officer eligible collateral at the pledging level required pursuant to Chapter 280. The Florida Security for Public Deposits Act has a procedure for the payment of losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof, and therefore, the City is not exposed to custodial credit risk for its deposits.

At September 30, 2008, the carrying amount of cash on hand and on deposit with banks, including interest-bearing deposits, was \$14,225,674.

B. Investments

By Florida Statutes 218.415 and by Resolution No. 96-85 the City is authorized to invest in the Florida Local Government Surplus Funds Trust Fund (SBA), Securities and Exchange Commission registered money market funds, interest-bearing savings accounts, certificates of deposit, direct obligations of the U.S. Treasury, Federal agencies and instrumentalities, repurchase agreements, and collateralized mortgage obligations when the purpose of the purchase is to hold such investment to maturity, regulated bond mutual funds and investment grade obligations of state and local governments and public authorities. Additionally, the pension trust funds are authorized to invest in corporate bonds and equity securities.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 3. Deposits and Investments (Continued)

B. Investments (Continued)

The City seeks to optimize return on investments within the constraints of safety and liquidity. Securities are not sold prior to maturity with the following exceptions: a) a declining credit security could be sold early to minimize loss of principal; b) a security swap would improve the quality, yield or target duration in the portfolio; or c) liquidity needs of the portfolio require that the security be sold.

Following is a summary of the City's investments at September 30, 2008 excluding investments in the City's pension funds:

Investment Type	Percent of Portfolio	Fair Value	Investment Maturities			
			Less Than 6 Months	6-12 Months	1-3 Years	Over 3 Years
Treasury Bills	88.45%	\$ 14,925,103	\$ 4,987,305	\$ 9,937,798	\$ -	\$ -
GNMA	0.03%	4,667	-	-	-	4,667
FHLMC	0.08%	13,605	-	-	13,605	-
SBA LGIP	5.03%	848,296	848,296	-	-	-
SBA Fund B	6.41%	1,082,335	-	-	-	1,082,335
		<u>\$ 16,874,006</u>	<u>\$ 5,835,601</u>	<u>\$ 9,937,798</u>	<u>\$ 13,605</u>	<u>\$ 1,087,002</u>

The Florida State Board of Administration's (SBA) Government Surplus Funds Trust Fund Investment Pool (SBA LGIP) meets the criteria of a Rule 2a-7 like pool and the investments are valued using the account balance which is stated at amortized cost. Rule 2a-7 is the rule that permits money market funds to use amortized cost to maintain a constant net asset value (NAV) of \$1.00 per share. The weighted average days to maturity (WAM) of the LGIP at September 30, 2008 was 8.5 days.

The SBA Fund B is accounted for as a fluctuating NAV pool. The fair value factor for September 30, 2008 was .798385. The weighted average life (WAL) of Fund B at September 30, 2008 was 9.36 years. Fund B has not participated in a securities lending program in the fiscal year ending September 30, 2008. The Local Government Surplus Funds Trust Fund Investment Pools are administered by the State Board of Administration under the regulatory oversight of the State of Florida, Chapter 19-7 of the Florida Administrative Code.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from changes in interest rates, the City's investment policy limits the City's investment portfolio to maturities of five years unless specific Council authority is granted to exceed that term. Investments held to meet bond reserve requirements may be invested in debt instruments exceeding five years if the maturities of such investments are made to coincide as nearly as practicable with the expected use of funds. The pension plans may invest in longer-term debt instruments.

Credit Risk. The City's policy requires limiting investments to the safest types of securities and diversifying the investment portfolio so that potential losses on individual securities will be minimized. The City's investment in the SBA LGIP investment pool was rated AAAM by Standard and Poor's as of September 30, 2008. SBA Fund B is not rated by any nationally recognized statistical rating agency.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 3. Deposits and Investments (Continued)

B. Investments (Concluded)

Concentration of Credit Risk. The City does not have a limit on the amount it may invest in one issuer.

Custodial Credit Risk. The City's investment policy requires securities be held with a third party custodian and all securities purchased by, and all collateral obtained by the City should be properly designated as an asset of the City. The securities must be held in an account separate and apart from the assets of the financial institution. A third party custodian is defined as any bank depository chartered by the federal government, the state of Florida, or any other state or territory of the United States which has a branch or principal place of business in the state of Florida, or by a national association organized and existing under the laws of the United States which is authorized to accept and execute trusts and which is doing business in the state of Florida.

As of September 30, 2008, the City's investment portfolio with the City's investment policy permitted exception of the SBA LGIP and SBA Fund B was held with a third-party custodian as required by the City's investment policy.

C. Pension Trust Funds' Deposits and Investments

The City has two defined benefit single-employer pension plans: the General Employees' (General) and the Police Officers' (Police), collectively, the Pension Funds.

a. Cash and Cash Equivalents

At September 30, 2008, the carrying amount of the Pension Funds' cash and cash equivalents was \$903,858. Cash consists of \$18,542 deposited in the City's pool cash account which is maintained in a qualified public depository in accordance with Chapter 280 of the Florida Statutes. Cash equivalents consist of \$226,447 placed with Federated Prime Value Obligations, a "AAA" rated money market fund; \$439,155 placed with Federated Treasury Obligations, a "AAA" rated money market fund, and \$219,714 placed with Trusco Money Market Fund, an unrated fund.

b. Investment Portfolio

Each Board of Trustees of the City's Pension Funds adopted a comprehensive investment policy, pursuant to Florida Statutes Section 112.661, that established permitted investments, asset allocation limits, issuer limits, credit rating requirements, and maturity limits to protect the Pension Funds' cash and investment assets. As of September 30, 2008, the City's Pension Funds had the following investment types:

Investment Type	Percent of Portfolio	Fair Value	Investment Maturities		
			Less Than 1 Year	1-5 Years	Over 5 Years
Money Market Funds	6.44%	\$ 665,602	\$ 665,602	\$ -	\$ -
Equities	48.58%	5,022,728	5,022,728	-	-
Government Obligations	13.38%	1,383,143	-	350,893	1,032,250
Corporate Bonds	13.25%	1,370,025	48,128	633,252	688,645
International Mutual Fund	7.64%	789,776	789,776	-	-
Real Estate Core Fund	10.71%	1,107,693	1,107,693	-	-
		<u>\$ 10,338,967</u>	<u>\$ 7,633,927</u>	<u>\$ 984,145</u>	<u>\$ 1,720,895</u>

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 3. Deposits and Investments (Continued)

C. Pension Trust Funds' Deposits and Investments (Continued)

Police Officers' Pension Investments		Percent of Portfolio	Fair Value	Investment Maturities		
				Less Than 6 Months	6-12 Months	Over 3 Years
Investment Type						
Money Market Funds	3.06%	\$ 219,714	\$ 219,714	\$ -	\$ -	
Equity and Equity Index Funds	33.01%	2,368,430	2,368,430			
Equity Mutual Funds	28.29%	2,029,275	2,029,275			
Fixed Income Funds	35.64%	2,556,772	2,556,772			
		<u>\$ 7,174,191</u>	<u>\$ 7,174,191</u>	<u>\$ -</u>	<u>\$ -</u>	

c. Credit Risk

The Pension Funds' investment policy permits the following investments, which are limited as described below.

Equity Securities

General: Equity securities must be listed on any one of the recognized national stock exchanges. Investment in foreign equity securities which are traded on a national exchange or American Depository Receipts shall be limited to 5% of the total equity portfolio.

Police: Investment in foreign equity securities is limited to 10% of total assets at cost.

Fixed Income Securities

Both: The credit quality of fixed income securities shall be "A" or higher.

The General Employees' Pension Trust \$1,383,143 and \$1,370,025 investment in Richmond Capital external investment pool was not rated as of September 30, 2008. The \$1,370,025 corporate bond holdings in Richmond Capital were rated AAA to BAA with an average quality rating of AA.

d. Custodial Credit Risk

The Pension Funds' investment policy pursuant to Section 112.661(10), Florida Statutes, states that securities should be held with a third party custodian; and all securities purchased by, and all collateral obtained by the Pension Funds should be properly designated as an asset of the Pension Fund.

As of September 30, 2008, the General Employees' Pension Trust Fund equity investments were held with a third-party custodian as required by Florida Statutes. Its investments in the external investment pools and in mutual funds are not exposed to custodial credit risks because their existence is not evidenced by securities that exist in physical or book entry form.

As of September 30, 2008, the Police Officers' Pension Trust Fund investments in mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. Its investments in equity and equity index funds, equity mutual funds and fixed income funds securities are uninsured, are not registered in the name of the government, and are held by the counterparty.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 3. Deposits and Investments (Continued)

C. Pension Trust Funds' Deposits and Investments (Continued)

e. Concentration of Credit Risk

The Pension Funds' investment policy has established asset allocation and issuer limits on the following investments, which are designed to reduce concentration of credit risk of the Pension Funds' investment portfolio.

Equity Securities

General: A target of 50% at fair value of its fund's total asset value may be invested in domestic equity securities and a target of 10% at fair value of its fund's total asset value may be invested in international equity securities.

Police: A maximum of 60% at cost value of its fund's total asset value may be invested in equity securities (including convertible bonds); 5% at cost value may be invested in a single corporate issuer; 10% at cost value may be invested in foreign equity securities.

Fixed Income Securities

General: A target of 40% at fair value of its fund's total asset value may be invested in domestic fixed income securities.

Police: Its fund's total asset value may be invested in fixed income securities. A maximum of 5% at cost of the fund's total asset value may be invested in the securities of any single issuer.

See Note 13 for details of the Pension Funds concentration of investments at September 30, 2008.

f. Foreign Currency Risk

As of September 30, 2008 the General Employees Pension Fund had \$789,776 invested in an International Mutual Fund (Hartford International Growth HLS Fund) and \$652,760 of the Police Officers' Pension Fund's \$2,368,430 Equity and Equity Index Fund was invested in the Ridgeworth International Equity Index Fund.

D. Additional Information

As of September 30, 2008 the City had the following deposits and investments:

Type	Fair Value
US Govt Agency Securities	\$ 14,943,375

Restricted for debt service	\$ 5,245,339	\$ 428,274
Restricted for rate stabilization	-	80,000
Restricted for renewal and replacement	-	200,000
Total Restricted Cash Assets	\$ 5,245,339	\$ 708,274

Note 4. Accounts Receivable

Accounts receivable reported in the general fund represent miscellaneous receivables for insurance, public works services, restitution, code enforcement violations, false alarm fees and special event services provided by the City. Accounts receivable in the other governmental funds represent uncollected franchise fees, rental income and other miscellaneous receivables. No allowance for uncollectible was needed. Accounts receivable reported in the enterprise funds represent fees for sewer services provided by the City (billed and unbilled). The accounts receivable are net of a \$4,638 allowance for uncollectible accounts.

Total net receivables	<u>\$ 10,293,643</u>	<u>\$ 693,116</u>	<u>\$ 10,986,759</u>

\$3,150,874 of the due from other funds receivable in the General Fund was eliminated in the conversion from the governmental funds balance sheet to the governmental activities statement of net assets. The receivable due from the OPEB Fiduciary Fund in the amount of \$24,465 is part of the accounts receivable on the governmental activities statement of net assets. Fiduciary funds are not included in the government-wide statements.

Special assessments were approved by the City Council to cover the cost of expanding the sewer system to service the entire City. The special assessment receivables are to be collected over a twenty year period. Interest earnings are based on various rates depending on when each phase was assessed. The special assessment receivable is restricted for debt service. In accordance with full accrual accounting, the special assessments were recognized as revenue when assessed. The interest is recognized when earned.

Note 5. Deferred Revenues

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds and business-type funds also defer revenue recognition in connection with resources that have been received, but not yet earned (unearned). As of September 30, 2008, the business-type funds did not have any deferred revenues; the various components of deferred revenue reported in the governmental funds were as follows:

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 11. Long-term Debt (Concluded)

Bond Resolution - Resolutions for various debt obligations establish certain funds and accounts and determine the order in which certain revenue is to be deposited into the funds and accounts. The City has also covenanted to budget and appropriate sufficient non-ad valorem revenue sources to pay the various debt obligations when due. All required balances at year-end were maintained.

Compensated Absences – In the governmental funds, the liability for compensated absences has typically been liquidated from the General Fund. In the proprietary funds, the liability for compensated absences has typically been liquidated from the Sanibel Sewer System fund.

Note 12. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in a public entity risk pool administered by Florida League of Cities, Inc. with insurance programs for general/professional liability, automobile, property and workers compensation. The City pays an annual premium to Florida League of Cities, Inc. for these insurance programs. Participation in this risk pool is non-assessable. There were no significant reductions in insurance coverage as compared to the prior year. Settled claims have not exceeded insurance coverage in any of the past three fiscal years.

The City retains the risk of loss up to a deductible amount (normally \$25,000) with the risk of loss in excess of this amount transferred to the pool with limits of liability of \$5,000,000 per occurrence for general and professional liability and \$5,000,000 for automobile liability.

The Florida League of Cities, Inc. published financial report for the year ended September 30, 2008, can be obtained from Florida League of Cities, Inc., Public Risk Service, 135 East Colonial Drive, Orlando, Florida 32853-0065.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits

The City has two (2) defined benefit single-employer pension plans:

- General Employees' Pension Plan
- Municipal Police Officers' Pension Plan

The plans do not issue stand-alone financial reports and are not included in any other retirement system's or entity's financial report. The City accounts for both plans as pension trust funds; therefore, they are accounted for in substantially the same manner as proprietary funds with a capital maintenance measurement focus and employment of the accrual basis of accounting. Plan member contributions, employer contributions and contributions from other entities are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans. For financial statement purposes, plan assets are valued at market value for the General Employees' and Municipal Police Officers' plans, as reported within the annual trustee statements. Because the plans do not issue stand-alone GAAP financial reports, the following individual financial reports are presented for each of the plans:

In addition to other disclosures, the GASB requires for the current year and each of the two precedent years, annual pension cost, percentage of annual pension cost contributed and the net pension obligation at the end of the year. This information is presented later in this note. A schedule of funding progress and a schedule of employer contributions that include historical trend information about the annual required contributions of the employer are included as required supplementary information to the financial statements. The schedule of funding progress presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Continued)

A. General Employees' Pension Plan

Current membership is comprised of the following:

Active employees	101
Retirees and beneficiaries of deceased retirees currently receiving benefits:	41
Deferred Retirement Option Plan (DROP) retirees	4
Terminated employees entitled to benefits but not yet receiving them	<u>32</u>
Total	<u>178</u>

Plan Description

All full-time employees, except the City Manager and City Attorney, who are non-sworn police officers, and who have attained age 18 but not attained age 65, are required to participate in one of the City's two (2) General Employees' Pension Plans. The City Manager and City Attorney have the option of participating in either the General Employees' Pension Plan or receiving an equivalent percentage contribution to a 401 (a) defined contribution plan. The General Employees' Pension Plan is broken down into two sub-plans, Plan A and Plan B. Both defined benefit plans provide retirement and pre-retirement death benefits to plan members and beneficiaries and provide 5-year cliff vesting. Both plans calculate the normal retirement benefit by multiplying a factor of 3% of Average Compensation by the number of years of service (maximum 30 years). However, Average Compensation is calculated differently for each Plan. Plan A, which is mandatory for all new hires beginning January 1, 2005 calculates Average Compensation as the highest five (5) years of compensation. Plan B, to which no new participants will be added beginning January 1, 2005, calculates Average Compensation over all years of service. Cost-of-living adjustments are provided for Plan A at the rate of 2.75% per year beginning the 3rd year after retirement and for twenty-five (25) years thereafter. During fiscal year 2007, the Plan was amended to provide a Deferred Retirement Option Plan (DROP) for participants having attained age 60 and having been a plan participant for a minimum of five (5) years. DROP is a program that provides an alternative method for payment of retirement benefits wherein an employee may retire and have their benefits accumulate, at 6% interest, while continuing to work for the City. Participation in the DROP does not change conditions of employment. When the DROP period ends, maximum of 60 months, employment must be terminated. At the time of termination of employment, the employee will receive payment of the accumulated DROP benefits and begin receiving their monthly retirement benefit in the same amount determined at retirement, plus annual cost-of-living increases. The Plans and any amendments thereto were adopted by Ordinance of the City Council of the City of Sanibel. The City which is responsible for the management of plan assets has delegated the authority to manage plan assets to the General Employees' Pension Board of Trustees. All costs of administering the plans are paid from plan assets.

CITY OF SANIBEL, FLORIDA
 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2008

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Continued)

A. General Employees' Pension Plan (Continued)

Funding Policy

Active members of Plan A are required to contribute 5% of base wages to the Plan. Active members of Plan B are not required to contribute to the Plan. The City contributes the balance of the actuarially determined amount designated to accumulate sufficient assets to pay benefits when due. City contribution rates as of 9/30/08 were 15.1% of annual covered payroll.

Annual Pension Cost and Net Pension Obligation

The City has no net pension obligation (calculated in accordance with GASB No. 27, *Accounting for Pensions by State and Local Governmental Employers*) as all actuarially determined amounts are contributed each year. The annual required contribution for the current year was determined as part of the October 1, 2005 actuarial valuation using the Entry Age Normal Actuarial Cost method. The actuarial assumptions included: (a) 7.5% investment rate of return, and (b) projected salary increases per the following schedule:

<u>Age</u>	<u>Average Salary Increase</u>
20	7.8%
30	6.3%
40	5.4%
50	4.8%

The projected salary increases also include an inflationary factor of 3.0%. The actuarial value of assets was determined using fair market values. The Entry Age Normal Actuarial Cost method determines the total cost of the projected pension benefits of all employees combined. This total cost is then spread over the average future remaining years to retirement for the employees. If benefits are related to compensation, the cost is spread as a level percentage of compensation, on a closed basis. The remaining amortization period at September 30, 2008 was 28 years. If benefits are not related to compensation, the cost is spread as a level dollar amount each year. The entry Age Normal Actuarial Cost Method does not identify or separately amortize unfunded actuarial liabilities. The portion of cost, which is attributed to each year, is called the Normal Cost. The City's annual pension cost (APC) for the fiscal year ended September 30, 2008 was \$824,863, which equaled the City's actual contribution.

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
September 20, 2008	\$ 824,863	100%	\$ (114,318)
September 20, 2007	635,605	100%	(116,175)
September 30, 2006	629,330	100%	(118,061)

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Continued)

A. General Employees' Pension Plan (Concluded)

Development of Net Pension Asset (NPA)

This municipal Defined Benefit Plan has been subject to the minimum funding standards since the adoption of the "Florida Protection of Public Employee Retirement Benefits Act" (Part VII of Chapter 112, Florida Statutes) in 1980.

The Net Pension Asset (NPA) to date is as follows:

	9/30/08
Actuarially Determined Contribution (A)	\$ 824,863
Interest on NPA	(8,713)
Adjustment to (A)	10,570
Annual Pension Cost	826,720
Contributions Made	824,863
Decrease in NPA	1,857
NPA-Beginning of Year	(116,175)
NPA-Ending of Year	\$(114,318)

Concentration of Investments

At September 30, 2008, the following are investments (other than U.S. Government and U.S. Government guaranteed obligations), in any one organization that represents five percent or more of net assets available for benefits:

American Core Realty Fund LLC	\$ 1,107,693	10.71%
Hartford International Growth HLS Fund	789,776	7.64%

B. Municipal Police Officers' Pension Plan

Current membership is comprised of the following:

Active employees	26
Retirees and beneficiaries of deceased retirees currently receiving benefits:	15
Deferred Retirement Option Plan (DROP) retirees	1
Terminated employees entitled to benefits but not yet receiving them	6
Total	48

Plan Description

All full-time sworn police officers who have attained age 18 are required to participate in the City's Municipal Police Officers' Pension Plan. The Plan provides retirement, disability and pre-retirement

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Continued)

B. Municipal Police Officers' Pension Plan (Continued)

benefits to plan members and beneficiaries. There is a 5-year cliff vesting in the Plan. The Normal Retirement Benefit of the Plan is 3% of Average Final Compensation multiplied by the number of years of service (maximum 30 years). Average compensation is calculated by taking the average of the total compensation paid during the 5 highest years of service. Annual cost-of-living adjustments are provided at the rate of three (3.0%) percent per year beginning October 1st following retirement. During fiscal year 2007, the Plan was amended to provide a Deferred Retirement Option Plan (DROP) for participants having attained normal retirement requirements. DROP is a program that provides an alternative method for payment of retirement benefits wherein an employee may retire and have their benefits accumulate, at 4% interest credited quarterly, while continuing to work for the City. Participation in the DROP does not change conditions of employment. When the DROP period ends, maximum of 60 months, employment must be terminated. At the time of termination of employment, the employee will receive payment of the accumulated DROP benefits and begin receiving their monthly retirement benefit in the same amount determined at retirement, plus annual cost-of-living increases. This plan and any amendments were adopted by Ordinance of the City Council of the City of Sanibel. This plan is self-trusted and is administered by the Municipal Police Officers' Pension Board comprised of members elected pursuant to Section 185, Florida Statutes for local law plans. All costs of administering the plan are paid from plan assets.

Funding Policy

Active members are required to contribute 8% of their compensation to this Plan until Normal Retirement Age and 4% thereafter. The State of Florida makes contributions from taxes on casualty insurance premiums. The City contributes the remaining actuarially determined amount designated to accumulate sufficient assets to pay benefits when due. City contribution rates as of 9/30/08 were 21.5% of annual covered payroll.

Annual Pension Cost and Net Pension Obligation

The City has no net pension obligation (calculated in accordance with GASB No. 27, *Accounting for Pensions by State and Local Governmental Employers*) as all actuarially determined amounts are contributed each year. The annual required contribution for the current year was determined as part of the October 1, 2005 actuarial valuation using the entry age normal actuarial cost method.

The actuarial assumptions included: (a) 8% investment rate of return, and (b) projected salary increases of 7%, which include an inflation component of 3.0%. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments. The unfunded actuarial accrued liability (UAAL) is being amortized as a level percentage of payroll on a closed basis. The remaining period as of September 30, 2008 was 27 years. The following schedule is provided to disclose the components of the Annual Pension Cost:

CITY OF SANIBEL, FLORIDA

 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2008

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Continued)

B. Municipal Police Officers' Pension Plan (Concluded)

Concentration of Investments

At September 30, 2008, the following are investments at market value (other than U.S. Government and U.S. Government guaranteed obligations), in any one organization, that represents five percent or more of net assets available for benefits:

Suntrust Retirement High Grade Intermediate Bond Fund	2,556,772	35.64%
Suntrust High Grande Equity Income Fund	1,001,034	13.95%
Suntrust Retirement High Grade Growth Fund	1,028,241	14.33%
Ridgeworth International Equity Index Fund	652,760	9.10%
Ridgeworth Smallcap Value Equity I Shares Fund	600,959	8.38%
SsgA S&P 400 Mid Cap	633,787	8.83%

C. Other Post Employment Benefits

In fiscal year 2007, the City early implemented Governmental Accounting Standards Board (GASB) Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. GASB Statement No. 45 provides for reporting annual Other Post Employment Benefits (OPEB) costs and the associated unfunded actuarial accrued liability (UAAL) for past service costs. GASB Statement No. 43 provides a financial reporting framework for defined benefit OPEB plans that are administered as trusts.

By Ordinance adopted during fiscal year 2007, the City adopted an OPEB Plan and established a Trust Fund to account for assets, liabilities, contributions, benefits and expenses of the Plan. The OPEB Trust Fund is accounted for in substantially the same manner as proprietary funds with a capital maintenance measurement focus and employment of the accrual basis of accounting. Employer contributions are recognized in the period in which the contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans. For financial statement purposes, plan assets are valued at market value. Because the plan does not issue stand-alone GAAP financial reports, the following individual financial report is presented:

Total Retirees and covered spouses currently receiving benefits	<u>16</u>

Plan Description

In accordance with Chapter 112.0801, Florida Statutes, the City allows retirees the option of continuing to participate in the City's group health insurance coverage at a premium cost of no more than the premium cost applicable to active employees. Therefore, the City offers retirees the option of purchasing the City's group health, dental and/or vision insurance coverage at the cost applicable to active employees.

Funding Policy

The City annually contributes the actuarially determined amount designated to accumulate sufficient assets to pay the implicit rate subsidy to the City when due. For the fiscal year ended September 30, 2008, the City contributed \$86,071.

CITY OF SANIBEL, FLORIDA
 NOTES TO THE FINANCIAL STATEMENTS
 September 30, 2008

Note 13. Defined Benefit Pension Plans and Other Post Employment Benefits (Concluded)

C. Other Post Employment Benefits (Concluded)

Annual Cost and Net OPEB Obligation

The City has no net OPEB obligation since all actuarially determined amounts are contributed each year. The annual required contribution for the current year was determined as part of the October 1, 2006 actuarial valuation using the Entry Age Normal Actuarial Cost method. The actuarial assumptions included: (a) 8% investment rate of return, (b) and annual healthcare cost trend of 10%, grading down to 5% in 2013, and (c) future years contributions by retirees participating in the group insurance plans offered by the City are assumed to increase at the same rate as premiums. The first year an actuarial valuation was performed on the City's OPEB obligation was October 1, 2006, which was done in order to determine if the City had a Net OPEB obligation and if so at what amount. Additionally, the amount of an annual required contribution, which could be made to provide a zero Net OPEB obligation in the event the City wanted to fund an OPEB Trust Fund. City Council adopted an ordinance establishing the OPEB Trust Fund, and contributed the actuarially determined annual OPEB cost during fiscal year 2007 and continued to fund the Trust during fiscal year 2008. Therefore, the City's annual OPEB obligation, pursuant to the October 1, 2008 actuarial valuation is shown below. Data for the second year preceding this date is not available.

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Employer Contributions</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
September 30, 2008	\$ 86,071	\$ 86,071	100.0%	\$ -0-
September 30, 2007	\$ 54,339	\$ 54,339	100.0%	\$ -0-

Funded Status and Funding Progress

The funded status of the Plan as of September 30, 2008 was as follows:

Actuarial Accrued Liability (AAL)	\$ 426,115
Actuarial Value of Assets (AVA)	(80,460)
Unfunded Actuarial Accrued Liability (UAAL)	\$ 345,655
Funded Ratio (actuarial value of plan assets/AAL)	18.9%
Covered Payroll	\$6,443,331
Ratio of UAAL to Covered Payroll	5.4%

The City's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis for 30 years.

CITY OF SANIBEL, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
September 30, 2008

Note 14. Miscellaneous Revenues

Other revenue in the Government Fund types at September 30, 2008 is as follows:

	General	Other Governmental Funds	Total
Investment earnings	\$ 226,495	\$ 93,496	\$ 319,991
Rents	25,246	57,667	82,913

Combining Financial Statements and Schedules

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

- **Southwest Florida Community Foundation Grant** – to account for the receipt and disbursement of donations specifically designated for providing hurricane recovery assistance and dependent educational assistance for City employees.
- **Environmental Defense Fund** – to account for the receipt and disbursement of donations specifically designated for defending water quality and other environmental concerns.
- **Vehicle Weight Permit Fund** - to account for revenues generated from the vehicle weigh station, which charges \$7.50 per 1,000 pounds per axle that a vehicle exceeds the weight limits.
- **Historical Committee** - to account for receipts and disbursements of donations specifically designated to the use and under the direction of the Historical Committee with City Council approval.
- **Hurricane Wilma** – to account for the receipts and disbursements of FEMA, State and City-match funds for the recovery and clean-up from Hurricane Wilma.
- **Tropical Storm Fay** – to account for the receipts and disbursements of FEMA, State and City-match funds for the recovery and clean-up from Tropical Storm Fay.
- **Hurricane Charley 8/13/2004** – to account for the use of the \$10,000,000 borrowed to finance recovery from the natural disaster that impacted the island August 13, 2004.
- **Road Impact Fees** - to account for revenue collected by the City at the time of building permit issuance based on a County-wide ordinance assessing road impact fees which funds are used to improve roads on Sanibel.
- **Community Park Impact Fees** - to account for revenue collected by the City at the time of building permit issuance based on a county-wide ordinance assessing community park impact fees which funds are used to improve community parks.
- **Federal Forfeiture Fund** – to account for confiscated funds received by the City on a pro-rata basis pursuant to Federal law enforcement.
- **Flex Spending Account** –to account for assets and liabilities associated with funds withheld from employees' wages on a pre-tax basis for eligible unreimbursed medical and dependent care expenses.
- **Father Madden Estate** - to account for funds bequeathed to the City for the humane care of stray dogs and feral cats.
- **Algae Research Grant** – to account for the grant from Lee County TDC for a comprehensive study to understand the dynamics of harmful macroalgae blooms in Lee County.
- **DCA Grant Emergency Management Van** – to account for the grant from the State of Florida Department of Community Affairs and the City's local match to purchase and equip an emergency management communications van.
- **Franchise Tax and Occupational License Tax Revenue** - to account for revenues received from franchise taxes, occupational licenses and business registration fees which revenues are partially pledged to fund debt service on the City's 1979 \$3.19M bond issue and subordinately to other Notes to which is pledged any other legally available non-ad valorem revenue.
- **Building Department** – to account for the receipts and disbursements of building-type permit revenues and the associated inspection and operations expenditures related thereto.
- **Recreation Center** – to account for the receipts and disbursements of recreation revenues and the associated operations expenditures related thereof.
- **Elementary School Ball Park Maintenance** - to account for the operation and maintenance of the ball fields, formerly Lee County facilities, pursuant to an Interlocal Agreement with Lee County
- **Below Market Rate Housing** - to account for funds provided under contract to Community Housing and Resources, Inc. to administer the City's Below Market Rate Housing Program.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for and the payment of principal and interest on general long-term debt.

- **1997 \$1.25M Paulsen Land Purchase** - to account for the payment of principal and interest on a \$1,250,000, 15-year note which bears interest at 4.98%. Repayment source is from any legally available non-ad valorem revenue.
- **2002 \$3.825 Million GO Bonds - Pond Apple Park** - to account for the payment of principal and interest of \$3.825 million General Obligation Bonds, Series 2002 which bear interest from 2.0% to 4.75% to be fully repaid in December 2031.
- **1979 FMHA Revenue Bond Issue** - to account for payment of principal and interest of \$3,190,000 Revenue Bonds, Series 1979, which bears interest at 5%. Funding is from franchise tax and occupational license revenue.
- **2006 \$8.35M General Obligation Debt Service** – to account for the payment of principal and interest of the \$8.35 million General Obligation Bonds, Series 2006 which bear interest from 4.0% to 4.35% to be fully repaid in February 2036.
- **SunTrust notes for BMRH** - to account for payment of principal interest on three notes, (1) \$1,348,997 at 3.85%, due July 2009 secured by the Causeway Surplus revenue; (2) \$650,000 at 4.21%, due July 2014 secured by any legally available non-Ad Valorem revenue; and (3) \$1,082,000 at 3.348%, due February 2019 secured by any legally available non-Ad Valorem revenue.

CAPITAL PROJECTS FUNDS

Capital Project Funds account for all resources used for the acquisition and/or construction of major capital facilities.

- **Capital Asset Acquisition** - to account for financial resources to be used for on-going and/or routine capital acquisitions such as vehicle replacement and environmentally sensitive land.
- **Transportation Capital Projects** - to account for financial resources to be used for the maintenance and upgrading of roads and streets, including drainage, resurfacing, reshelling, bike paths and the professional engineering cost associated therewith.
- **Dixie Beach Road Project** – to account for financial resources to be used to reduce flooding, improve roadside swales and widen the shared use path.
- **Rabbit Road Capital Projects** – to account for financial resources to design and improve the shared-use path and roadway on Rabbit Road.
- **Periwinkle Bike Path & Road Maintenance** - to account for financial resources to be used for maintenance and improvements to the road and bike path on Periwinkle Way.
- **Sanibel-Captiva Road Project** - to account for financial resources to be used for resurfacing Sanibel-Captiva Road.
- **Tarpon Bay Road Repaving** - to account for financial resources to be used for repaving Tarpon Bay Road.
- **Hazard Mitigation Projects** – to account for financial resources to design and build improvements to City facilities for mitigation of future storm-related damage.
- **Brazilian Pepper Control** - to account for financial resources to be used to eradicate the exotic (non-native) and invasive plant called Brazilian pepper from the island.
- **Environmentally Sensitive Land Restoration** - to account for financial resources to be used to restore land acquired by the City in the environmentally sensitive land district to its natural state.
- **Gulf Pines/Gulf Shores/West Gulf Drive Beach Restoration** – to account for financial resources from the issuance of debt as well as from voluntary contributions for the Beach Restoration Special Assessment Project.
- **Beach Road Paving Special Assessment** – to account for financial resources from special assessments for paving the formerly shell rock road.
- **Shell Harbor Canal Dredging** - to account for financial resources for dredging the main channel and canals in the Shell Harbor subdivision.
- **Periwinkle Landscaping** – to account for financial resources to be used for replanting Periwinkle Way in the aftermath of Hurricane Charley.
- **Sanibel Estates Canal Trimming** - to account for financial resources including special assessments from benefiting property owners used to retain navigability and roadway drainage in canals.
- **Sanibel Isles Canal Dredging** - to account for financial resources including special assessments from benefiting property owners used to retain navigability for both property owners and the public access.
- **Recreation Center Capital Project** – to account for financial resources to be used for the construction of the new recreation center.
- **Community Park Improvement** – to account for financial resources to be used for developing currently vacant land for a community park, including, but not limited to, restrooms, playground equipment and parking.

FIDUCIARY FUNDS

TRUST FUNDS

Trust funds are used to account for the assets of the public employee retirement systems and Other Post Employment Benefits (OPEB)

Combining Statement of Fiduciary Net Assets.....	140
Combining Statement of Changes in Fiduciary Net Assets	141

AGENCY FUNDS

Agency funds are used to account for assets held by the City in the capacity of an agent for other governments, private organizations or individuals.

STATISTICAL SECTION

STATISTICAL SECTION

(Unaudited)

This part of the City of Sanibel's Comprehensive Annual Financial Report presents historical and comparative information to provide a context for understanding the information in the financial statements, note disclosures and required supplementary information as well as the City's overall financial health.

Financial Trends

Page(s)

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time

Net Assets by Component.....	145
Changes in Net Assets.....	146
Fund Balances of Governmental Funds.....	148
Changes in Fund Balances of Governmental Funds.....	149
Tax Revenue by Source – Governmental Funds.....	150

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes

Assessed and Estimated Actual Value of Taxable Property.....	151
Direct and Overlapping Property Tax Rates.....	152
Principal Property Taxpayers.....	153
Property Tax Levies and Collections.....	154
Sewer Rates.....	155

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future

NOTE: The Table of Computation of Legal Debt Margin is omitted because the Constitution of the State of Florida (Section 200.181, Florida Statutes), and the City of Sanibel set no legal debt limit

Ratios of Outstanding Debt by Type.....	156
Ratios of General Bonded Debt Outstanding.....	157
Direct and Overlapping Governmental Activities Debt.....	158
Wastewater Revenue Bond Coverage.....	159
Wastewater Revenue Note Coverage.....	160

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments

NOTE: The Table of Principal Employers is omitted because neither current nor historic information is available.

Demographic and Economic Statistics.....	161
--	-----

Operating Information

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

Full-time Equivalent City Government Employees by Function/Program.....	162
Operating Indicators by Function/Program.....	163
Capital Assets Statistics by Function/Program.....	164
Schedule of Insurance in Force.....	165

Sources: Unless otherwise noted, the information in these schedules is derived from the City's Comprehensive Annual Financial Reports for the relevant year. The City implemented GASB Statement 34 in Fiscal Year 2003; schedules presenting government-wide information include information beginning that year.

(1) Tax rates are per \$1,000 of Assessed Value.
 Includes tax exempt property

Source: Lee County Property Appraiser

Note: Property values are assessed on January 1st for the ad valorem tax levy which generates the property tax revenue for the subsequent fiscal year. Real property is assessed at approximately 85% of estimated market value and personal property at 55%. The estimated actual market value is calculated by dividing assessed values by those percentages.

GOVERNMENT AUDITING STANDARDS

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and City Council
City of Sanibel, Florida
Sanibel, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the remaining aggregate fund information of the City of Sanibel, Florida (the "City"), as of and for the year ended September 30, 2008, which, together with the aggregate discretely presented component unit, collectively comprise the City's basic financial statements and have issued our report thereon dated April 21, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated April 21, 2009.

This report is intended solely for the information and use of the Mayor, City Council, management and the Auditor General of the State of Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

This section contains:

Independent Auditors' Management Letter

Management Letter Comments

THIS PAGE LEFT BLANK INTENTIONALLY

MANAGEMENT LETTER

Honorable Mayor and City Council
City of Sanibel, Florida
Sanibel, Florida

We have audited the financial statements of the City of Sanibel, Florida (the "City"), as of and for the fiscal year ended September 30, 2008 and have issued our report thereon dated April 21, 2009.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Disclosures in that report, which is dated April 21, 2009, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports:

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Section 10.554(1)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the City complied with Section 218.415, Florida Statutes.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, our recommendations are as follows:

08-01:

Criteria – Changes made to payroll reports for the purpose of reporting gross wages to the pension plan actuary should be compared to underlying source documents to verify the accuracy of changes made.

Condition – The initial payroll report provided to the City's actuary did not accurately report the gross wages paid to police personnel. The error was caused by changes that were made to capture gross wages not including the period October 1, 2007 through January 31, 2008.

Effect – The gross wages paid to police personnel initially reported to actuary were in error. This error was discovered and corrected prior to the actuarial report being finalized. The corrected information was used in the final actuarial valuation report.

Recommendation – We recommend that when changes are made to a report from the payroll system that the reported data be compared to source data to verify that the reported data is complete and accurate.

Section 10.554(1)(i)4., Rules of the Auditor General, requires that we address violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the determination of financial statement amounts that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that are inconsequential to the determination of financial statement amounts, considering both quantitative and qualitative factors: (1) violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, and (2) control deficiencies that are not significant deficiencies, including, but not limited to: (a) improper or inadequate accounting procedures (e.g., the omission of required disclosures from the annual financial statements); (b) failures to properly record financial transactions; and (c) inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that come to the attention of, the auditor. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The City discloses this information in the notes to the financial statements.

Section 10.554(1)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Section 10.554(1)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the City for the fiscal year ended September 30, 2008, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2008. In connection with our audit, we determined that these two reports were in agreement.

Pursuant to Sections 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

RE: Response to Management Letter comments made during
review of fiscal year 2008 Financial Statements

Dear Sir or Madam:

Pursuant to Chapter 10.550, "Rules of the Auditor General – Local Governmental Entity Audits", the City's auditors, LarsonAllen LLP, made the following recommendation to the City's management based on their audit of the City's general purpose financial statements for the fiscal year ended September 30, 2008.

CURRENT YEAR FINDING AND RECOMMENDATION

Criteria: Changes made to payroll reports for the purpose of reporting gross wages to the pension plan actuary should be compared to underlying source documents to verify the accuracy of changes made.

Condition: The initial payroll report provided to the City's actuary did not accurately report the gross wages paid to police personnel. The error was caused by changes that were made to capture gross wages not including the period October 1, 2007 through January 31, 2008.

Effect: The gross wages paid to police personnel initially reported to actuary were in error. This error was discovered and corrected prior to the actuarial report being finalized. The corrected information was used in the final actuarial valuation report.

Recommendation: We recommend that when changes are made to a report from the payroll system that the reported data be compared to source data to verify that the reported data is complete and accurate.

City of Sanibel

800 Dunlop Road
Sanibel, Florida 33957-4096

www.mysanibel.com

AREA CODE - 239

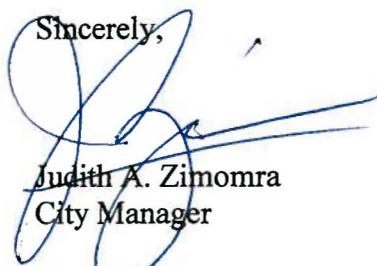

CITY COUNCIL	472-4135
ADMINISTRATIVE	472-3700
BUILDING	472-4555
EMERGENCY MANAGEMENT	472-3111
FINANCE	472-9615
LEGAL	472-4359
NATURAL RESOURCES	472-3700
PARKS & RECREATION	472-9075
PLANNING	472-4136
POLICE	472-3111
PUBLIC WORKS	472-6397

RESPONSE: As noted above changes were implemented in the payroll system after January 31, 2008. The changes were required due to changes in the definition of police gross pensionable wages. The system did not retroactively capture the changes back to October 1, 2007. The report from the payroll system was combined with a manually produced report for the October 1, 2007 to January 31, 2008 reporting period to capture the police gross pensionable wages.

Procedures have been implemented to check and verify all changes made to the payroll system. The level of detail utilized to verify payroll system changes has been expanded.

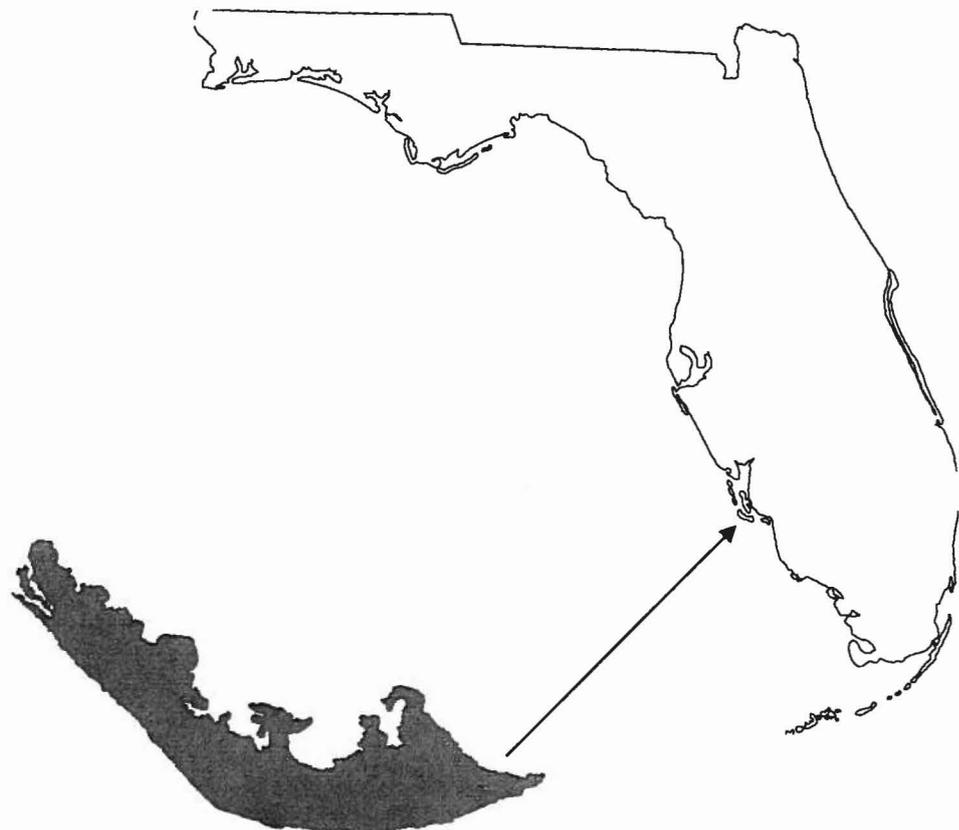

City management appreciates the recommendations of LarsonAllen LLP and intends to follow through with expeditious implementation of these improvements to the City's management of financial and internal control matters.

Sincerely,

Judith A. Zimomra
City Manager
