

**CITY OF SANIBEL
CHECKLIST OF VEGETATION INSPECTION**

PARCEL LOCATION _____

A request for a vegetation permit as part of the development permit process must include the following, per Sanibel Vegetation Standards, Section II-1: adopted by City Council Resolution No. 96-84:

- ___ A map of the subdivision or area showing the location of the parcel to be inspected.
- ___ A site plan for the parcel showing the layout of the buildings, driveway, septic tank, drainfield, swimming pool and all other development.
- ___ A statement that the lot has been completely staked according to "guidelines for staking" (lot corners, buildings, driveway, septic tank, drainfield, swimming pool) so as to be consistent with the plan mentioned above.
- ___ An inventory of all native vegetation (number and species) within the areas to be disturbed.
- ___ A site plan showing all native vegetation within the areas to be disturbed that is either 2-inches or greater in diameter at any point more than 2 feet above ground level or 6 feet or more in height and all native shrubbery more than 2 feet in height and any threatened or endangered plant species listed by the Florida Game & Freshwater Fish Commission regardless of size.
- ___ A description of the proposed treatment of the native vegetation within the area to be disturbed, i.e., transplant on or off site, or destroy.

Name of contractor: _____

Name of person who will supervise or carry out the vegetation work:

Individual's name: (Not company) _____ Phone no.: _____

Does this person possess a vegetation competency card? Yes: ___ No: ___

CERTIFICATION

I hereby certify that this parcel is prepared for a vegetation inspection in accordance with the requirements of the Vegetation Standards adopted by Resolution No. 96-84. I understand I could experience a delay in the processing of my application of 10 working days or longer, if the vegetation inspector finds this parcel has not been properly prepared for the vegetation inspection.
