October 26, 2010

To My Fellow City Council Members,

Thank you for excusing me from the October 19, 2010, City Council meeting. As you are aware, I was in Tampa in my capacity as care-giver for a family member who had emergency surgery. In nearly 8 years on City Council, my attendance at Council meetings has been a top priority for me. To the best of my recollection, except for my own surgery or that of my wife, I have not missed any Council meetings.

I have reviewed the entire recording of the meeting and commend my fellow Council members for thoughtfully and expeditiously resolving the boat dock issue.

Again, thank you excusing my absence.

Sincerely yours,

Jim Jennings
Councilman, City of Sanibel
