

CITY OF SANIBEL

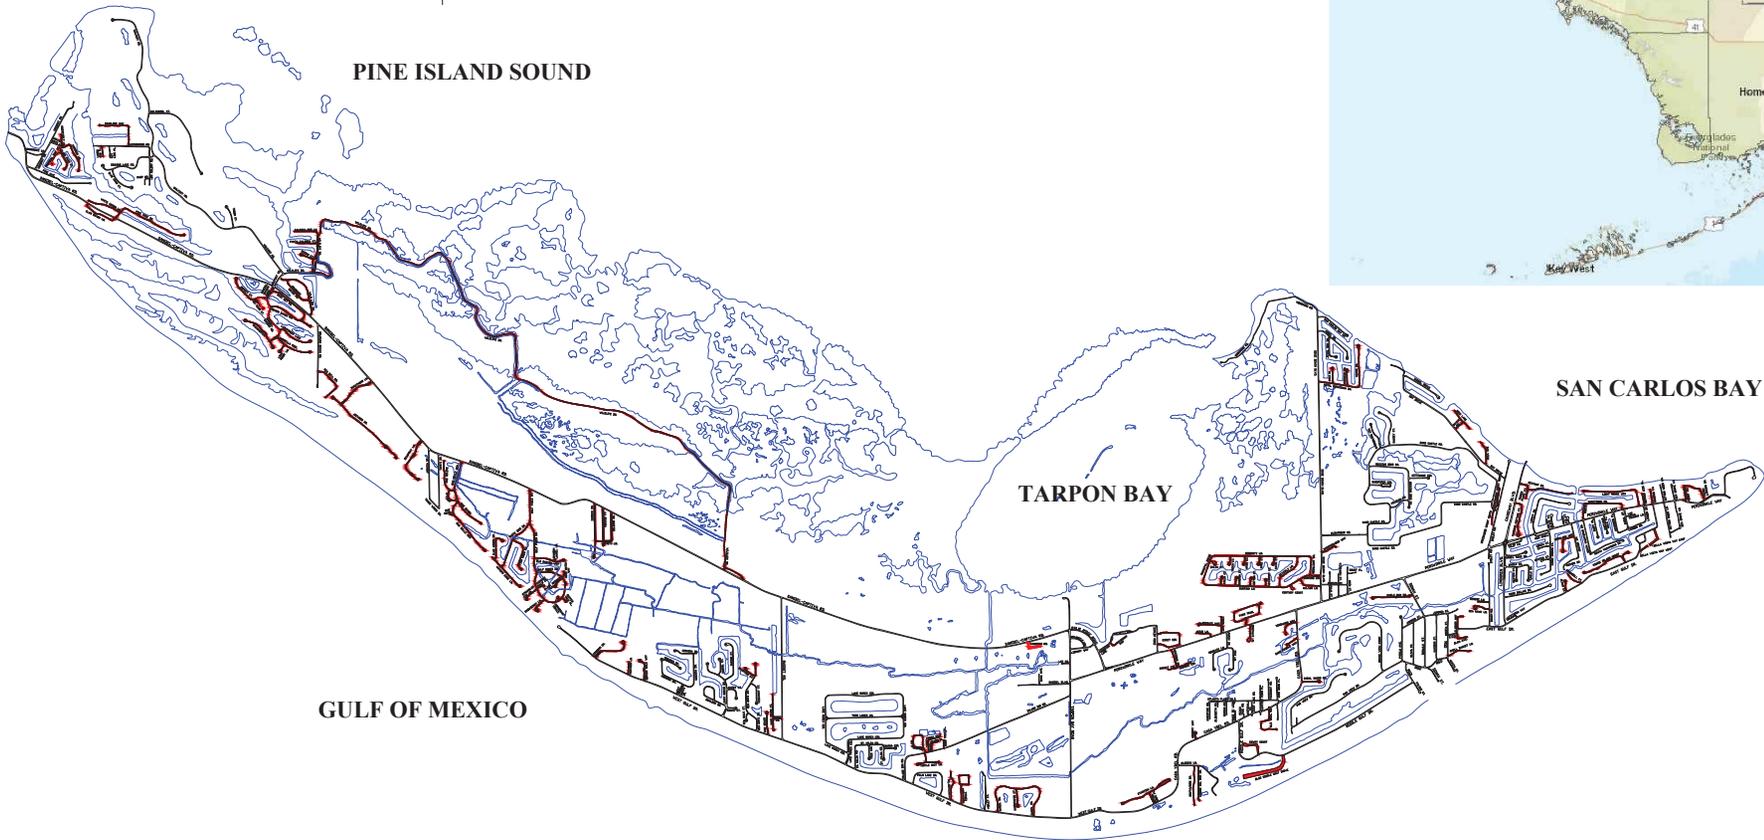

ADOPTED BUDGET
FISCAL YEAR 2018

Sanibel Island

Lee County, Florida

PINE ISLAND SOUND

TARPON BAY

SAN CARLOS BAY

GULF OF MEXICO

HOW TO USE THIS DOCUMENT

The City of Sanibel's annual budget is divided into various sections. To better understand the information that is provided, please refer to the descriptions of each section below. To navigate to that section, **simply tap or click on the box.**

INTRODUCTORY SECTION

This section contains the introductory budget message, which provides an overview and analysis of the annual budget. The truth-in-millage (TRIM) for the year is also included here. Finally, information about future issues and trends can be located in this section.

CITY STRUCTURE

This section provides information on the City Council, City Manager, and the City's overall structure. Also included in this section is the fund and department structure of the City.

GENERAL BUDGET INFORMATION

Included in this section is the budget calendar, budget resolutions authorizing the budget and the City's budget and significant financial policies.

FINANCIAL SECTION

This section presents a summary of the City-wide financial activity for the prior, current and subsequent years, along with graphs showing where the City's money comes from and where it goes. Included in the section are the individual fund budgets for the City's governmental and proprietary funds.

DEPARTMENT INFORMATION

This section of the budget document contains detailed information about the operating budgets of each City department. The detailed department section includes staffing authorizations, goals and accomplishments and performance metrics.

SUPPLEMENTAL SCHEDULES

This section presents personnel information that includes the classification and pay plan, authorized manpower allocations by department, the detailed staffing budget. Also included in this section is the detailed 5-year capital improvement plan, with detailed justifications for current year requests.

APPENDIX

This section contains statistical and demographic information for the City and a glossary of terms to help in understanding the terminology in the budget

Additionally, all sections of this document are bookmarked for ease of navigation. When viewing this document electronically, activate the bookmark view to utilize a detailed point-and-click menu.

CITY OF SANIBEL

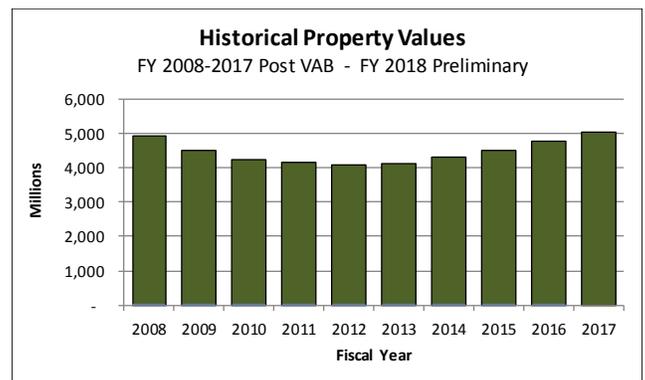

OPERATING AND CAPITAL BUDGET INTRODUCTION

FISCAL YEAR 2017-2018

October 5, 2017
 Citizens of Sanibel
 Honorable Mayor and City Councilmembers

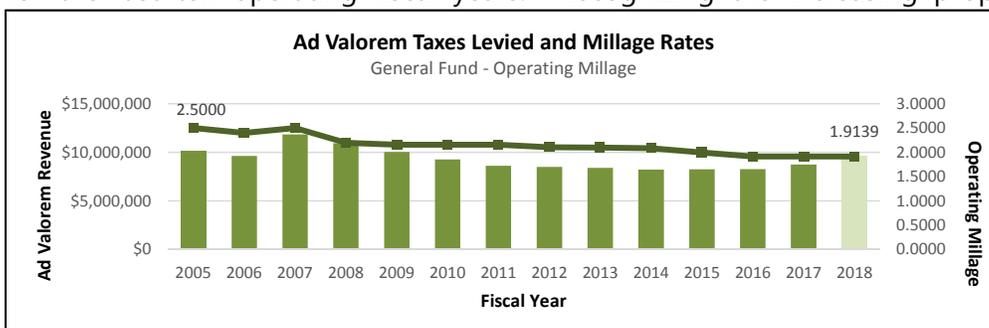

Each year, the City prepares a tentative budget in September for City Council consideration. The tentative budget was scheduled to go before the Council on September 11, 2017; however, the arrival of Hurricane Irma necessitated State, County, and City states of emergency that warranted a postponement of the budget hearing. This document incorporates initial funding needs related to preparation and recovery efforts in fiscal year 2017 to beginning fund balances available in fiscal year 2018. Additionally, reserves for fiscal year 2018 were updated to reflect probable needs related to the storm recovery. The City is actively beginning the process of requesting Federal and State funding support; however, percentages and amounts of support from Federal and State agencies are not available at the time of this writing. The Council adopted the fiscal year 2018 budget on October 5, 2017.

The adopted budget for the fiscal year beginning October 1, 2017 and ending September 30, 2018 is a balanced budget as required by Florida Statutes. The attached document presents a budget of \$60,033,596, which includes the general fund, all special revenue funds, all capital project funds, the enterprise funds, interfund transfers, all reserves and the beginning fund balances. The budget is prepared with a millage rate of 1.9139, which is the same tax rate that was assessed to taxpayers in the fiscal year 2017 budget year.

The City of Sanibel’s taxable property value for fiscal year 2018 (calendar/tax year 2017) has been preliminarily assessed by the Lee County Property Appraiser at \$5,045,986,503. This is 6.17% higher than the fiscal year 2017 final post value adjustment board value of \$4,752,708,493. The chart illustrates property values on Sanibel over the past ten years.

A chart comparing the operating millage rate history and ad valorem taxes collected is also presented below for the last ten operating fiscal years. Recognizing the increasing property values, the City Council has

continued to focus on setting an appropriate operating millage rate to deliver maximum efficiency in service to the citizens of Sanibel, while reducing pressure on the tax burden to property owners.

EXECUTIVE SUMMARY

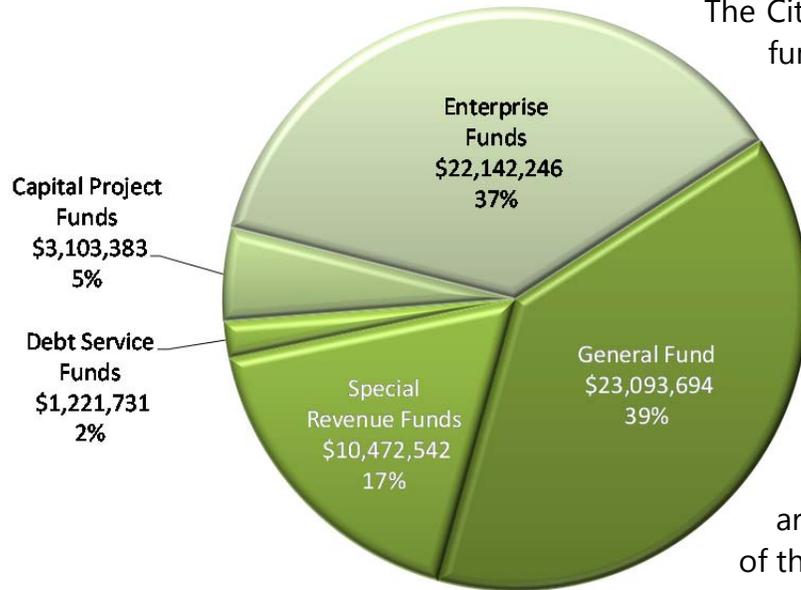

- The July 1st real and personal property value for the City of Sanibel was preliminarily assessed at \$5.04 billion by the Lee County Property Appraiser. This represents a 6.17% increase in value from the fiscal year 2017 final valuation;
- A millage rate of 1.9139 was used to calculate the ad valorem tax levy in the General Fund. This is the same millage rate that was adopted by the City Council for the fiscal year 2016 budget;
- The budget assumes approximately \$1.74 million of the City's disaster reserves will be expended in fiscal year 2017 for recovery efforts related to Hurricane Irma. Until such time that the City begins receiving Federal and State reimbursement for hurricane recovery expenditures, the fiscal year 2018 disaster reserves budget has been reduced from \$4.5 million to \$3.7 million. The City has already begun the process of claiming disaster funds from the Federal and State governments;
- The budget includes an approximate 11.4% increase in total pension costs that includes both defined pension plans and the defined contribution 401(a) plan. The City is still in a transition phase with its defined contribution plan – as employees retire out of the General Employees' (GE) Pension Plan (which has been closed to new employees since 2012) the 401(a) plan expenses are expected to continue to increase. The benefit to the City from the defined contribution plan is the expenses are "pay as you go" and therefore there is no future liability associated with this expenditure. The City's annual contribution to the existing GE pension plan will increase 22.1% and the contribution to the Municipal Police Officers' pension plan will decrease 3.3% in fiscal year 2018. The GE pension plan includes legacy costs resulting from early retirement buyouts the City approved in the 1990's that were not fully funded at the time. Both plans had actuarial studies completed to determine the required funding levels;
- The fiscal year 2018 budgeted manpower allocation is increased by one FTE for the Building Department to provide additional support for permitting projects. This position is fully funded by the Building Fund;
- To protect our citizens and our officers the increased Police Department staffing levels approved in Fiscal Year 2017 are continued through fiscal year 2018;
- The budget for the Sanibel Recreation Center is consistent with the City Council authorized cap previously established at \$1.4 million. Programs and operations are adjusted to operate within the pre-approved support;
- The budget includes the \$225,000 annual transfer to the recreation complex sinking fund established by City Council in FY2013 to proactively fund capital repairs at the Recreation Center facility.
- The budget removed \$100,000 from the IT capital budget for technology changes that was not completed in FY 2017. Staff recommends that significant IT upgrades to MacKenzie Hall should be completed when major renovations to the entire room are required;
- In the Transportation Fund, the budget includes \$1.523 million in causeway tolls to be received pursuant to the interlocal agreement with Lee County for the Sanibel causeway. This amount is lower than the estimated collections in FY2017 based on projections considering Hurricane Irma and possible effects on island traffic. Additionally, an expected \$1.825 million in gas taxes are expected to be received. These two major revenue sources will fund budgeted transportation expenditures fully in fiscal year 2018, requiring no transfer from the General fund;

EXECUTIVE SUMMARY (CONTINUED)

- In December 2015 Sanibel City Council approved the Shared Use Path Intersection Improvement Study and authorized staff to proceed with installing a number of recommendations. The budget includes \$35,000 for evaluation of pilot initiatives and continued implementation;
- A 4% increase in sewer and reclaimed water fees is included in the Sewer Fund budget based on the completed Revenue Sufficiency Study to provide funds for operating expenses and approved sewer related capital projects;
- The budget includes \$200,000 in funding for the design and permitting of the Center 4 Life. A Council workshop originally scheduled for September 19, 2017 at City Hall to further discuss options for the center's completion was postponed due to Hurricane Irma. The workshop has not been rescheduled at the time of this writing;
- The City continues to reduce its total debt, through annual debt service payments and opportunities for refinancing at more favorable interest rates. See the charts on pages 14 and 15 for historical debt information for both governmental and enterprise related debt;
- Funding for the City's supported non-profits (Community Housing Resources and the Historical Village and Museum) remain at the fiscal year 2017 levels as contract negotiations continue;
- A reserve for the Dunes Community road resurfacing was established last year. The project is expected to cost \$1 million and \$200,000 is being reserved annually in the Transportation Fund to fund the project when necessary. Current level of the reserve in the fiscal year 2018 budget is \$600,000 and is expected to increase to \$800,000 by the beginning of fiscal year 2019;
- The budget includes a 2% general cost of living wage increase for employees effective October 1, 2017, as agreed to during union negotiations with the City's two labor unions. Additionally, the agreements provide for a possible 1% merit increase for an employee based on their annual evaluation;
- The Transportation Fund budget includes \$125,000 to continue to expand the traffic mitigation and education initiatives in fiscal year 2018;
- \$1.8 million is included for capital projects in the governmental funds. This includes certain special revenue funds and the capital project funds. The total includes \$887,000 that is budgeted to rollover from unfinished projects in fiscal year 2017 and approximately \$923,000 is new funding requested;
- \$5.8 million is included for capital projects in the Sewer Fund. Of this total, \$750,000 is projected to rollover from fiscal year 2017 and \$5.1 million is new funding requested. Included in these amounts is \$5.1 million in funding for the previously approved sewer plant renovation project (the City has received funding in the State of Florida's fiscal year 2018 budget for these projects as a reimbursement grant for a total of \$825,000 – these funds are included in the sewer revenue budget). Additional discussion on the sewer plant project is included in the Sewer Fund narrative beginning on page 86;
- \$1.9 million is included for capital projects in the Beach Parking Fund, of which approximately \$680,000 will be reimbursed by the Tourism Development Council. Of the total capital project total, \$1.2 million is projected to rollover from fiscal year 2017 and \$692,000 is new funding requested. \$402,250 is included in the Beach Parking Fund budget for the rehabilitation of the two lighthouse cottages, which is scheduled to be completed during the latter half of fiscal year 2018.

BUDGET OVERVIEW

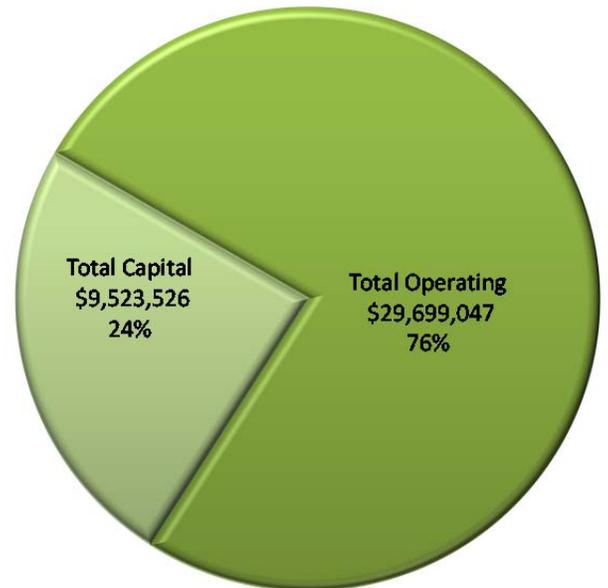

Fiscal Year 2018 Total City Budget

The City's total budget is comprised of five separate fund groups. The General Fund is the City's primary operating fund. The Special Revenue Funds are used to account for revenues that are restricted to a specific purpose. The Debt Service Funds are used to account for proceeds of City issued debt and repayments of principal and interest (non-sewer related). The Capital Project Funds are governmental funds used to account for the acquisition and construction of the City's capital assets. The Enterprise Funds are used to account for revenues and expenses of the City's business-type functions.

The City's total Operating Budget for Fiscal Year 2018: **\$29,699,047**

The City's total Capital Budget for Fiscal Year 2018: **\$9,523,526** with **\$6,683,100** newly appropriated

BUDGET OVERVIEW

The fiscal year 2018 budget totals \$60.0 million as detailed in the following table:

Uses of Funds	FY 2018	FY 2017	
		as Adopted	as Amended
Governmental Funds			
Operating	\$ 20,981,779	\$ 19,660,274	\$ 20,745,772
Capital	1,810,168	2,842,500	3,500,346
Transfers to Other Funds	2,010,445	3,301,359	3,567,054
Debt Service	881,764	880,047	880,047
Reserves/Ending Fund Balance	12,207,194	13,238,914	13,007,168
Total Governmental Funds	37,891,350	39,923,094	41,700,387
Enterprise Funds			
Operating	8,717,268	8,992,263	10,163,213
Capital	7,713,358	4,292,854	4,549,152
Debt Service	3,356,820	3,356,820	3,356,820
Transfers to Other Funds	421,950	450,000	450,000
Reserves/Ending Fund Balance	1,932,850	5,453,069	5,342,735
Total Enterprise Funds	22,142,246	22,545,006	23,861,920
Total Budget	\$ 60,033,596	\$ 62,468,100	\$ 65,562,307
	(3.90%)	Compared to FY2017 adopted budget	
	(8.43%)	Compared to FY2017 amended budget	

Comparison to Fiscal Year 2017 Adopted Budget

The FY2018 City-wide operating budget is 3.7% higher than the FY2017 adopted budget. The most significant component of the operating budget is personnel costs, which are budgeted to increase approximately 3.8% in FY2018. This increase is primarily attributable to increased expenditures related to the City's retirement plans, which are budgeted to increase 11.5% in fiscal year 2018 and includes both defined pension plans and the defined contribution 401(a) plan. The City is still in a transition phase with its defined contribution plan – as employees retire out of the General Employees' Pension Plan (which has been closed to new employees since 2012) the 401(a) plan expenses are expected to continue to increase. The benefit to the City from the defined contribution plan is the expenses are "pay as you go" and therefore there is no future liability associated with this expenditure. The City's annual contribution to the existing General Employees' pension plan will increase 22.1% and the contribution to the Municipal Police Officers' pension plan will decrease 3.3% in fiscal year 2018. These results are based on actuarial studies completed in fiscal year 2017 for both plans;

The City-wide FY2018 capital budget is 33.5% higher than the FY2017 adopted capital budget. The primary driver for this increase is the budget for the previously approved sewer plant renovation project. See additional discussion for this project on page 86.

City-wide issued debt obligations are budgeted to remain consistent in fiscal year 2018 at \$4.2 million. These payments are for regularly scheduled debt service. No additional debt financing is currently included in the budget, although a debt issue to partially fund the sewer plant project is expected and will be determined once final funding needs are determined.

The FY2018 General Fund budget includes \$1.0 million of reserves for environmental initiatives, \$175,000 contingency reserve, \$215,000 for insurance deductibles, and reserves for future personnel expenditures.

BUDGET OVERVIEW

The reserve for disasters is budgeted to be reduced from \$4.5 million to \$3.7 million due to expenditures in fiscal year 2017 relating to recovery efforts from Hurricane Irma. The City is in the initial stages of gathering information and preparing reimbursement requests from the Federal and State governments for storm preparation and debris collection.

Comparison to Fiscal Year 2017 Amended Budget

The FY2018 City-wide budget is 3.9% lower than the FY2017 amended budget. The significant amendments to the FY2017 budget include the annual rollforward of projects that did not fully complete in FY2016 and grants that were added to the budget during 2017 (as they were not fully approved when the budget was adopted). The most significant grantor to the City is the Lee County Tourist Development Council (TDC), which granted approximately \$2.7 million in various projects during FY2017. The City has received tentative approval of approximately \$1.6 million in grant funding for FY2018 from the TDC. These grants are not included in the Beach Parking Fund budget as they have not been fully executed by all parties.

TRUTH IN MILLAGE (TRIM)

The budget is prepared by City staff and presented to City Council for deliberation at two public hearings held in accordance with the state-defined Truth In Millage (T.R.I.M.) calendar.

Tuesday	July 18, 2017	Regular Council Meeting – Draft budget is distributed to Council. Adoption of Resolution to Set Proposed Tax (millage) Rate for 2017 and date, time and place of first public hearing
Tuesday	October 3, 2017	5:01 p.m. First Budget Public Hearing – Discussion and adoption of tentative 2017 millage and tentative FY 2018 budget
Thursday	October 5, 2017	5:01 p.m. Second and Final Budget Public Hearing - Discussion and adoption of final 2017 millage rate and FY 2018 budget

In accordance with Florida Statute, the City is required to calculate four millage rates: the rolled-back rate, the adjusted rolled-back rate, the majority vote maximum millage rate allowed, and the two-thirds vote maximum millage rate allowed.

The FY2018 adopted operating millage rate of 1.9139 is equal to the FY2017 adopted operating millage rate. The rolled-back rate is 1.8132. The rolled-back rate is defined as the millage rate that will bring in the same amount of dollars as the current year millage after adjusting for new construction. The dollar value of tax collections does not increase or decrease – except that taxes are collected on new construction.

The adjusted rolled-back rate is calculated by using the prior year's majority vote maximum millage rate and dollars the Council could have levied, not the rate it actually levied. In FY2018 this rate is 2.7650. Taxes levied at this millage rate would generate \$13,952,153 before discounts. The majority vote maximum millage rate allowed is the adjusted rolled-back rate plus the adjustment for growth in Florida's per capita personal income. For FY2018 Florida's per capita personal income increased 1.03% and the majority vote millage rate is 2.8510. Taxes levied at this millage rate would generate \$14,386,108 before discounts. The two-thirds vote maximum millage rate allowed is the majority vote rate increased by ten (10%) percent. In FY2018 this rate is 3.1361. Taxes levied at this millage rate would generate \$15,824,718 before discounts.

TRUTH IN MILLAGE (TRIM)

The following table identifies the minimum vote of Council required to levy a tax (millage) rate for tax year 2017 based on the July 1, 2017 certification of taxable value of \$5,045,986,503:

Vote Required	Millage Rate Description	Maximum Millage Rate
Majority vote of Council (3/5)	Rolled-back rate	1.8132
Majority vote of Council (3/5)	Majority vote maximum rate	2.8510
Two-thirds vote of Council (4/5)	2/3 vote maximum rate	3.1361
Unanimous vote of Council (5/5)	Maximum millage rate	10.0000
Referendum	Limited to 2 years	>10.0000

In addition to the operating millage rate discussed above, the three (3) previously voter approved debt service millage rates required to meet FY2018 debt service obligations continued to decrease as shown below:

Debt Service Obligation	Millage Rate	
	2017	2018
Sewer Voted Debt Service	0.1947	0.1813
Land Acquisition Voted Debt Service	0.0720	0.0690
Recreation Center Voted Debt Service	0.1207	0.1155

CITY WIDE BUDGET

Revenues

A table showing a historical perspective of all external revenue sources, reduced by the amounts of the internal City department revenue (indirect cost recovery and payments in lieu of taxes that are paid from one fund to another) is shown below:

Revenue Sources	Audited			Estimated FY2017	Budgeted FY2018
	FY2014	FY2015	FY2016		
Taxes (net)	\$ 12,464,526	\$ 12,590,357	\$ 12,707,475	\$ 13,131,368	\$ 13,888,235
Licenses/Permits	1,677,024	1,701,592	1,928,584	2,061,270	1,942,000
Intergovernmental	3,559,625	3,969,469	4,092,254	5,430,577	4,251,110
Charges for Services	10,237,712	11,399,115	12,527,112	12,975,603	13,224,032
Fines & Forfeitures	186,628	175,171	267,390	260,031	229,000
Miscellaneous	1,159,540	1,418,606	1,011,509	1,542,771	1,599,051
Other External Sources	174,830	1,019,340	506,152	125,000	176,000
Indirect Cost Charges	(1,155,655)	(1,224,707)	(1,638,020)	(1,849,768)	(1,849,768)
Payment in Lieu of Taxes	-	(7,500)	-	-	-
Total External Revenue	\$ 28,304,230	\$ 31,041,443	\$ 31,402,456	\$ 33,676,852	\$ 33,459,660

In FY2016, the City refinanced the outstanding Recreation Center bonds, which resulted in debt proceeds of \$6,515,000, as well as a debt principal payment of \$6,515,000 for the new loan. For purposes of comparative analysis, this transaction was not included in the tables.

CITY WIDE BUDGET

Expenditures/Expenses

Personnel and related expenditures are the largest usage of funds for the City as a whole.

The City's total contributions to its employees' retirement plans are budgeted to increase by approximately \$331,000 (11.5%) from \$2,887,415 in fiscal year 2017 to \$3,218,727 in fiscal year 2018. The budget also includes reserves for a 2% general increase for employees, as well as a possible 1% merit increase on the date of their evaluation based on performance.

As previously mentioned, the annual contribution to the City's General Employees' Pension Plan will increase 22.1% in fiscal year 2018, primarily due to mandated changes in assumption and increased longevity of retiree benefit payments. The Plan was closed to new hires in FY2012 and new employees are automatically enrolled in a defined contribution plan. The City's contribution to the Municipal Police Officers' Retirement Trust Fund (defined benefit plan) for FY2018 will decrease by \$31,412 (-3.3%) from \$949,280 to \$917,867, based on actuarial results.

The estimated cost for the defined contribution plan for FY2018 is budgeted at \$353,540, a 3.2% increase from FY2017. The City matches the first 5% of base pay contributed by the participants at 100% and the next 5% of base pay contributed by the participants at 50%. A mandatory 5% contribution of base pay is required by the participants. Employees have the option of making additional voluntary contributions up to a maximum of 15% of base pay.

A table showing the historical perspective of City wide expenditure outlays is shown below. This table is reduced by the amount of indirect costs and payments in lieu of taxes that certain funds pay other funds within the City. This presentation is designed to give the reader a more accurate expenditure total. Additionally, non-expended reserves are not included in the totals below.

City Wide Expenditures	Audited			Estimated FY2017	Budgeted FY2017
	FY2014	FY2015	FY2016		
General Government	\$ 4,957,000	\$ 5,733,113	\$ 5,583,761	\$ 5,679,592	\$ 6,256,961
Public Safety	5,878,264	6,005,357	6,714,126	6,864,298	7,568,101
Physical Environment	7,070,631	4,556,378	5,026,632	6,101,236	5,756,647
Public Works	2,466,653	3,024,394	3,294,933	3,460,646	3,230,743
Transportation	2,145,439	2,155,513	3,740,117	3,924,829	3,889,980
Economic Environment	284,346	293,305	322,064	338,545	311,789
Human Services	1,000	1,000	-	-	-
Culture/Recreation	2,577,616	2,776,554	2,765,198	2,841,632	2,684,826
Debt Service	1,573,382	1,408,801	1,388,540	4,240,221	4,238,584
Capital Outlay	1,151,130	1,316,357	307,263	3,970,015	9,523,526
Indirect Cost Charges	(1,155,655)	(1,224,707)	(1,638,020)	(1,849,768)	(1,849,768)
Payment in Lieu of Taxes	-	(7,500)	-	-	-
Total Outlay	\$ 26,949,806	\$ 26,038,565	\$ 27,504,614	\$ 35,571,246	\$ 41,611,389

Beginning and ending fund balances are important aspects of government budget accounting. Shortfalls in revenue due as well as higher expenditure amounts are balanced by using ending fund balances as appropriate. See the schedule on page 47 for more information.

FUNDS BUDGET

Fund accounting separates transactions into their own accounting entity. Fund accounting is used to demonstrate legal compliance (where money is required to be segregated for a specific purpose, such as gas taxes which must be used for transportation expenses) and to aid in financial management. The budget includes projections for each of the two fund groups, governmental and enterprise. Within the governmental group, there are four types of funds. These four fund types are the General, special revenue, debt service and capital project funds.

Governmental Funds

General Fund - The General Fund is the principal fund of the City and is used to account for resources traditionally associated with government, which are not required to be accounted for in another fund. General fund activities are funded principally by property taxes, intergovernmental revenues, licenses and permits, charges for services and miscellaneous revenues, which include public contributions and interest earnings.

The General Fund's fiscal year 2018 budget totals \$24,093,694 and is summarized in the following table:

Sources of Funds	FY 2018	FY 2017	
		as Adopted	as Amended
Beginning Fund Balance	\$ 7,665,388	\$ 10,420,758	\$ 10,366,378
Operating Revenues	14,756,356	14,371,073	14,159,243
Other Financing Sources	671,950	-	450,000
Total Budget	\$ 23,093,694	\$ 24,791,831	\$ 24,975,621

Uses of Funds	FY 2018	FY 2017	
		as Adopted	as Amended
Operating Expenditures	\$ 13,450,451	\$ 12,582,033	\$ 13,009,380
Non-operating Expenditures	6,987,445	8,886,359	8,909,054
Ending Fund Balance	2,655,798	3,323,439	3,057,187
Total Budget	\$ 23,093,694	\$ 24,791,831	\$ 24,975,621

Sources of Funds – The City is required by Florida Statute to report estimated beginning fund balance as an available use of funds. Based on the estimates for FY2017, the City expects the General Fund to report a beginning fund balance of approximately \$7.7 million, which is 26.4% lower than the FY2017 adopted budget, almost entirely due to the usage of reserve funds in fiscal year 2017 for recovery efforts related to Hurricane Irma.

The General Fund's operating revenues are budgeted to increase 4.2% in fiscal year 2018. This increase is mainly attributable to higher ad valorem taxes collected due to an increase in property values. Additionally, revenue collected from other funds for internal cost recovery is budgeted to increase in fiscal year 2018 based on an analysis conducted in fiscal year 2017.

FUNDS BUDGET

Uses of Funds – Operating expenditures in the General Fund are budgeted to increase 2.7% from the FY2017 adopted budget. This increase is mainly attributable to the previously mentioned increases in pension costs expected in fiscal year 2018.

Reserves are budgeted to remain consistent with the previous year adopted budget.

Special Revenue Funds - Special revenue funds are legally restricted to the use for which the revenue is granted or contributed to the City. The following tables provide an overview of the combined budget:

Sources of Funds	FY 2018	FY 2017	
		as Adopted	as Amended
Beginning Fund Balance	\$ 3,303,537	\$ 3,384,956	\$ 4,069,560
Operating Revenues	5,633,560	5,532,200	5,543,664
Other Financing Sources	1,535,445	1,668,445	1,671,090
Total Budget	\$ 10,472,542	\$ 10,585,601	\$ 11,284,314

Uses of Funds	FY 2018	FY 2016	
		as Adopted	as Amended
Operating Expenditures	\$ 7,531,328	\$ 7,078,241	\$ 7,736,392
Capital Expenditures	25,000	305,000	350,000
Non-operating Expenditures	814,200	907,500	850,000
Ending Fund Balance	2,102,014	2,294,860	2,347,922
Total Budget	\$ 10,472,542	\$ 10,585,601	\$ 11,284,314

The budget for the special revenue funds is expected to remain relatively consistent with the previous year’s adopted budget, decreasing 1.1%

Operating expenditures are budgeted to increase approximately 6.4%, primarily due to personnel cost increases as previously discussed.

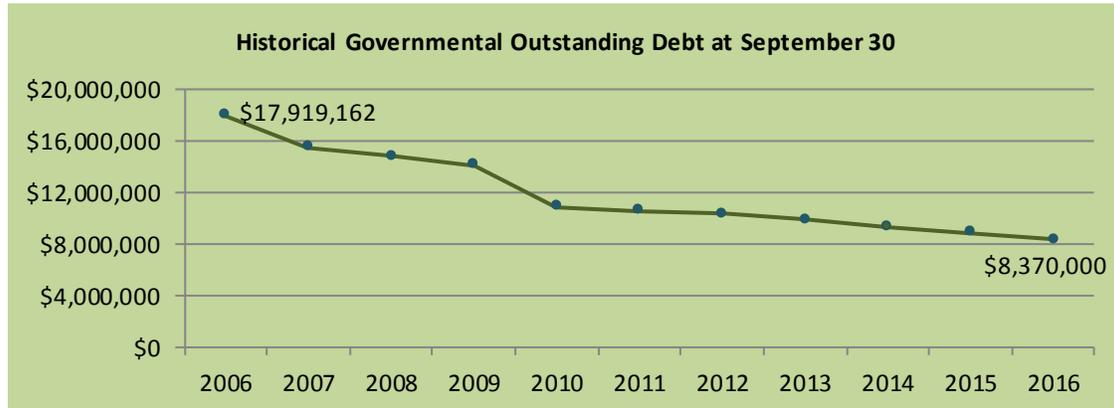

Ending fund balance and reserves are budgeted to decrease slightly from the fiscal year 2017 adopted budget.

FUNDS BUDGET

Debt Service Funds - Debt service funds are used to account for the accumulation of funds and the payment of principal and interest on long-term governmental (non-sewer) debt. FY2018 required debt service is \$882,000, consistent with the FY2017 original budget.

The City continues to reduce its long-term debt balances and as of September 30, 2016, the governmental funds' outstanding debt was \$8.4 million. A historical summary of outstanding governmental debt is presented in the following graph:

Capital Project Funds – Capital project funds account for all resources used for the acquisition and/or construction of major capital assets, facilities or projects. Capital project expenditures are budgeted at \$1.8 million. Significant projects budgeted in fiscal year 2018 include the following: upgrades and renovations to the Center 4 Life and road improvements to Palm Ridge Road and Middle Gulf Drive.

All of the funding for the current year capital improvement plan (except for the Recreation Center Sinking Fund) is from the beginning fund balances in each capital project fund. The beginning balances reflect carryovers from the previous year for projects not completed and remaining unused funds from projects completed in fiscal year 2017. Additionally, the Capital Acquisition Fund is returning \$250,000 in unused funds back to the General Fund in fiscal year 2018.

There is a reserve of \$600,000 included in the capital project funds budget for the resurfacing of the Dunes neighborhood. The resurfacing is scheduled to take place in 2019. A detailed 5-year capital improvement plan (CIP) is included in this document and begins on page 203.

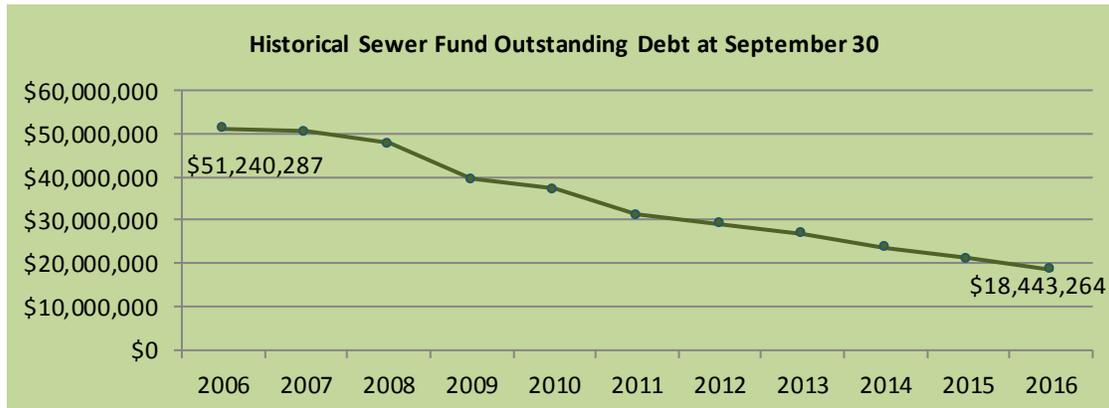

Enterprise Funds

Sanibel Sewer System Fund – The FY2018 budget includes a planned beginning unrestricted net position of \$7.3 million, compared to a prior year adopted balance of \$6.3 million. Additionally, to support planned upgrades and maintenance on the system, a 4% increase in sewer and reclaimed water rates charged to customers is being budgeted.

The Sewer Fund's total appropriations budget is estimated to increase approximately 40.0% from the prior year adopted budget to \$13.8 million. This increase is primarily driven by the previously approved sewer plant renovation project. Refer to the 5-year Capital Improvement Plan on page 203 for more information on timing of these renovations.

FUNDS BUDGET

As of September 30, 2016, the Sewer Fund’s outstanding debt was \$18.4 million. A historical summary of outstanding debt is presented in the following graph:

Beach Parking Fund – Beginning unrestricted funds in the Beach Parking Fund are expected to decrease 53.9% from the prior year’s adopted budget. Total net revenues are budgeted to decrease 33.5% to \$3.9 million in FY2018 from the FY2017 adopted budget of \$5.9 million, mainly due to tentatively approved grants from the Lee County Tourism Development Council not being included in the budget until they are fully executed. Once grants are fully executed, the budget will be amended to include the final amounts of the grants.

Total personnel services are budgeted to increase 3.8% in fiscal year 2018 from the fiscal year 2017 amended budget, mainly driven by the previously mentioned increases in pension costs. Total operating expenses are budget to decrease approximately 28.8% from the fiscal year 2017 amended budget, primarily due to the completion of previous year projects in the Natural Resources department including the island wide Beach Management Plan and construction of living shoreline and road stabilization along Woodring Road. These were not budgeted again in fiscal year 2018.

Capital projects in the FY2018 budget total \$1.9 million. The most significant projects include the Jordan Marsh water quality treatment park, a replacement for the bridge at Bowman’s Beach and renovation of the Lighthouse Cottages. See the detailed CIP plan for more information.

The Beach Parking fund budget includes the payments the fund makes to the General Fund in lieu of paying taxes. This amount represents a portion of the lost tax revenue the City does not receive since the beach parking lots are not subject to property taxes. In fiscal year 2018, this amount is budgeted to be \$480,000, which represents 15% of the gross revenues the beach parking lots earn. There is no increase budgeted for overall parking revenues.

RESERVES

The General Fund budget continues to provide for reserve funds for various purposes to address unforeseen future events and personnel reserves. A detail of established reserves is presented in the table below:

General Fund Reserves	FY 2018	FY 2017		
		Adopted	Amended	Estimated Usage
Contingencies	\$ 175,000	\$ 175,000	\$ 155,000	\$ 20,000
Environmental Initiatives	1,000,000	1,000,000	1,000,000	-
Insurance Deductibles	215,000	215,000	215,000	-
Disasters	3,700,000	4,500,000	4,422,000	1,743,000
Personnel Services	137,000	145,000	-	145,000
Total Reserves	\$ 5,227,000	\$ 6,035,000	\$ 5,792,000	\$ 1,908,000

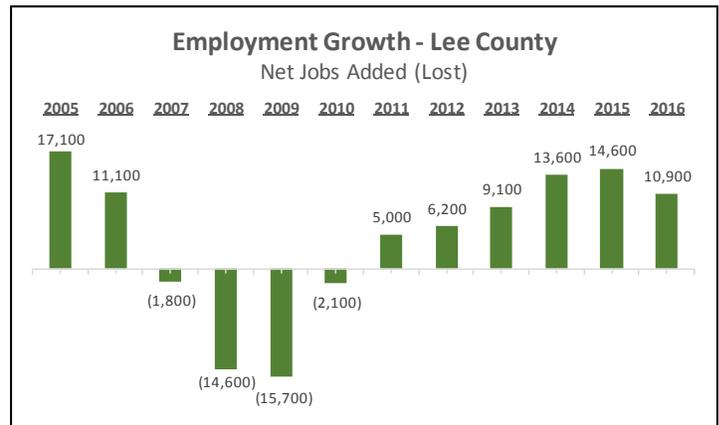

BUDGET CONSIDERATIONS

During the development process of the fiscal year 2018 budget it was noted that several important projects and initiatives warrant additional discussion and consideration as the process moves forward. This section of the document discusses these issues and presents alternatives for solutions as appropriate.

Staffing and Employment

As noted in recent years, the low unemployment rate in Lee County is continuing to make it more difficult to obtain and retain qualified employees across all departments. Over 80% of the City’s workforce resides off the island – spread throughout Lee County from North Fort Myers to Estero. As a result, the City is in competition with both private and other governmental entities for a small group of available applicants. Significant barriers to attracting and hiring qualified employees include commuting times, total salary and benefit packages, and scheduling concerns.

As shown in the chart, Lee County has fully recovered the jobs lost during the recession and in fact has increased the overall level of employment in the County, further adding to the challenges in obtaining and retaining a quality and dependable workforce.

Beginning in fiscal year 2016, the City divided the annual wage increase between 1) a cost of living adjustment at the beginning of the fiscal year, and 2) a merit increase based on the results of the individual employee’s annual performance evaluation. This process remained in effect for fiscal year 2017 and has assisted management in identifying and reacting to employee performance more accurately and appropriately. The City and its unions have agreed to continue this practice into 2018.

Uncertainty in the national direction of healthcare reform continues to play a pivotal role in the City’s rising healthcare costs. Further affecting premiums is the relatively small pool of participants paying into City plans and higher than expected claim payouts in recent years. Until the Federal government passes legislation that changes, replaces or amends the Affordable Care Act, the City can expect premiums to continue to increase.

The City’s contributions to its three main retirement plans are a significant area of personnel expenses. Modest increases to the defined contribution 401(a) plan the Municipal Police Officers’ defined benefit plan are planned for fiscal year 2018. However, a significant increase in the contribution to the General Employees’ defined benefit plan will need to be made in fiscal year 2018, based on actuarial results received in 2017. The main driver for this increase is two-fold: 1) mandatory changes in certain assumptions and a reduction in the amortization period of the plan’s deferred expenses dramatically increased the unfunded liability in fiscal year 2017, and 2) the plan’s existing retiree’s life expectancies are increasing and benefits are expected to be paid over longer timeframes.

The City will continue to deliver quality and timely service in response to citizens’ needs; however, officials and staff members need to remain mindful of rising costs that can impact service levels and processes.

BUDGET CONSIDERATIONS

Revenue and Fee Considerations

The City continues to be challenged by growing demand for services and stresses on the ad valorem tax base and diversification of sustainable and dependable revenue sources. The vast majority of revenue the City received is from ad valorem taxes:

Diversification of the revenue streams available to the General Fund generally benefit the overall tax burden to taxpayers by shifting responsibility to specifically affected parties, as opposed to the full tax base. For example, planning and development fees are paid by the individuals benefitting from the service.

Options for revenue enhancements include:

- Adjustments to Planning and Development Fees
- Adjustments to Recreation Department Fees (additional discussion provided on next page)
- Adjustments to Special Event Permits
- Adjustments to Business Taxes
- Utility Service Taxes
- Natural Gas Franchise Fees
- Special Assessments for Public Safety

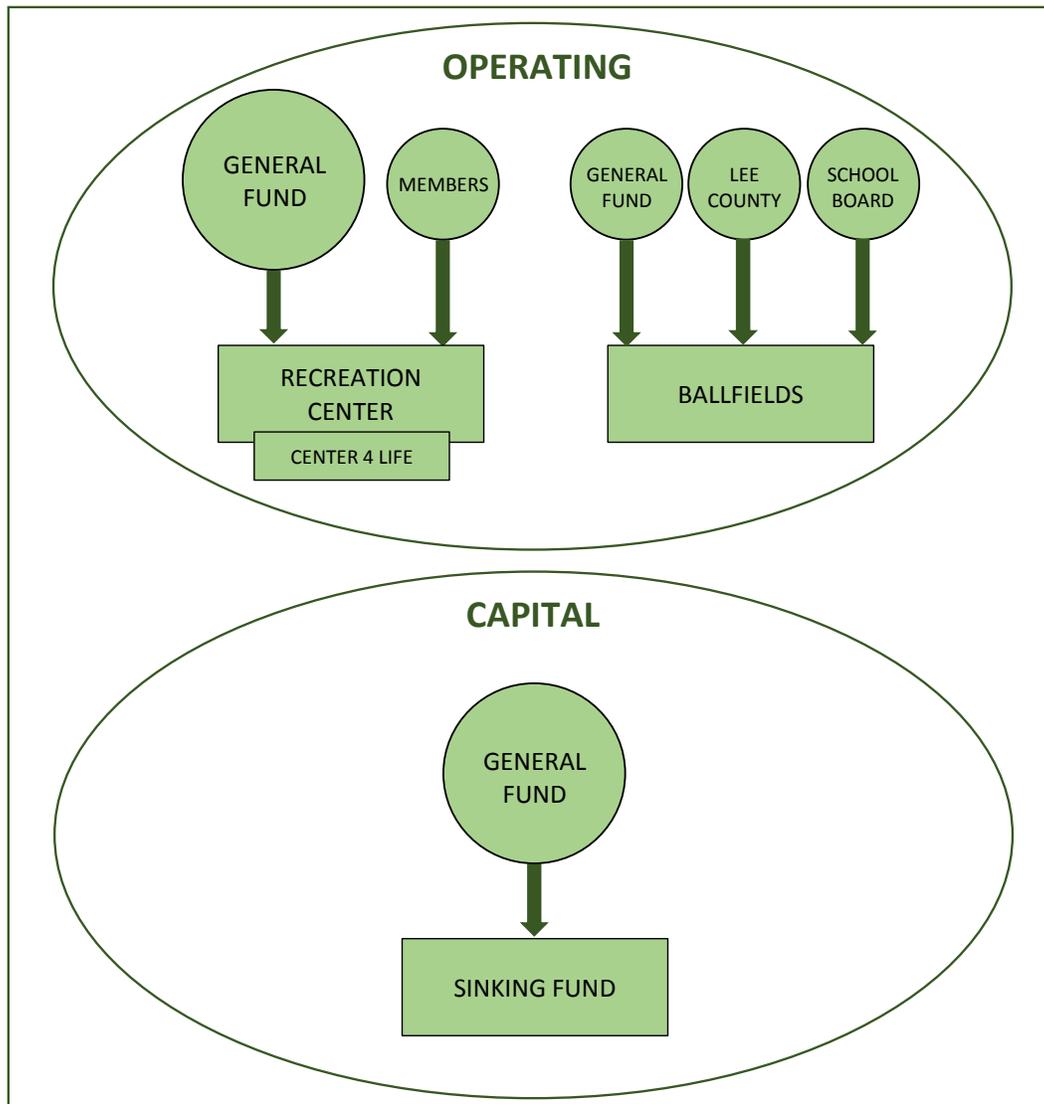

BUDGET CONSIDERATIONS

Recreation Center

In fiscal year 2016, the City Council addressed the rising costs of the General Fund in supporting the Recreation Center and its various programs. In response to this, the Council mandated a maximum subsidy of \$1.4 million would be provided to the Recreation Center on an annual basis. In fiscal years 2016 and 2017, the operations of the Recreation Center were able to stay within the maximum funding with minimal effect on operating conditions. However, due to increases in expenditures and declining revenues, the budget for fiscal year 2018 proved challenging to remain with the \$1.4 million subsidy parameters.

As part of the budget process, Staff has prepared detailed analysis of Recreation Center fees, functions, and programs. This analysis is presented as a separate agenda item for City Council discussion at the first budget hearing.

The City's Recreation Program is divided into operating funds and capital funds. The relationships to each and the revenues provided to each function is shown below. The size relationships of the revenue sources are reflected by the size of the graphic representing them.

LONG TERM ISSUES

It is foreseeable that there are several noteworthy long-term issues on the horizon which may impact our municipal budget. Among these issues are infrastructure needs; environmental priorities, quality of life issues and the rapid changes in the hospitality and retail industries.

Hurricane Irma

As mentioned at the beginning of this document, Hurricane Irma has immediately affected the amounts of fund balances and reserves available for disasters in fiscal year 2018, as well as temporary disruptions to the local economy. However, the longer term economic effects, specifically in the areas of property values, toll revenue, and beach parking fee collections, are yet to be determined. Another significant area of possible impact lies in the island's labor forces, the majority of which resides off island and were more adversely affected by the storm.

The immediate financial pressures on the budget were addressed by delaying certain capital projects and reducing reserves; however, by nature these are short term fixes. The timing of the replenishment of reserves will be dependent on the ratio and timing of Federal and State reimbursements.

The final effects of Hurricane Irma on the City will not be determinable for several years.

Capital Projects

Police Department

Over the next several years it will be necessary to modernize our Public Safety facilities. The Sanibel Police Department is housed in the western wing of City Hall. Since this area was constructed, policing has changed significantly. When this area was built, the Sanibel Police Department, as typical for Police Departments at the time, was a male dominated field. The gender diversity of our Police Department has increased dramatically in all divisions and all ranks. We are currently meeting the needs for female public safety staff locker and restrooms with temporary facilities with a need for permanent facilities to meet current standards. Additionally, technology has evolved dramatically, including opportunities for more on-site training and meetings, for which the facility has not been modernized. The amount of equipment issued to each officer has also greatly increased. The amount of space required to safely store equipment is currently inadequate. Finally, several functions of our Police Department, specifically Beach Patrol and Parking Control, have grown in staff, equipment and technology needs and require efficient and modernized space to maximize performance.

Shared Use Path Master Plan

We have been advised that the City of Sanibel's application to the Metropolitan Planning Agency (MPO) for a grant in the amount of \$100,000 to update our Shared Use Path Master Plan has been approved. It is foreseeable that there will be continuous needs for future improvements and expansions to our path system as an integral component of our anti-auto transportation system. It is also foreseeable that the needs to maintain the paths and the vegetation along the paths will increase in cost.

Bridge Sinking Fund

As the City's on-Island bridges age, it is certain that these bridges will need to be replaced at the end of useful life. These bridges are regularly inspected and are repaired as warranted to insure safety and to prudently extend the life. A dedicated long-term fund, such as the successful sinking funds established for our Utilities and Recreation Center, should be considered as a method to be certain the funds will be in place as the on-Island bridges need to be replaced.

LONG TERM ISSUES (CONTINUED)

Environmental Priorities

As a barrier Island, our community has been devastated in the past by the freshwater discharges from Lake Okeechobee. These releases negatively impact our ecology and our economy. Our City's elected officials have led our region's efforts for the implementation of a comprehensive strategy of short-term and long-term State and Federal initiatives to definitively solve this problem. This budget includes funds to continue our efforts to pursue implementation by our State and Federal legislators. Our experience proves that our community's economy is intrinsically linked to our water quality on and off our Island. We do not anticipate the need for diligence and effort in this arena to lessen over time if we are to see the plans fully implemented

Quality of Life

Second only to their concerns with water quality, the citizens of Sanibel have identified the impact of traffic congestion as the challenge which most significant impact on the quality of life in our community. Over the past three years our elected leaders have directed staff to pursue strategies to mitigate or manage the peak season traffic congestion. It is anticipated that as the residential growth in our region continues, the demand from the pressures of day visitors to our City will continue for the foreseeable future.

Island Wide Beach Management Plan Update

The Sanibel Island Wide Beach Management Plan, originally adopted by City Council in 1995, is in the process of being updated. The purpose of the Plan is to complement existing City codes and regulations as they relate to protecting and preserving the beach environment on Sanibel. The Plan update is scheduled to be completed in early 2018. It is anticipated that there will be a number of policy considerations and new projects that may result from the Plan update

Evolution of the Hospitality and Retail Industries

Fueled by technology and society's drive to embrace the Sharing Economy, the hospitality and retail industries are both rapidly evolving into new economic models. As a world-class destination that places the highest priority on our natural environment it is clear that it is in the best long-term economic interest to remain diligent in monitoring, evaluating, predicting and proactively addressing the changes in these areas that will impact the economics that have been the basis of our past financial success. It is foreseeable that in the future the City's past lazier fare approach to economic development may warrant a more engaged approach by the City, particularly in our retail economy.

CONCLUSION

We have presented a budget which continues to provide our City's basic services, while providing for appropriate reserves. City Council's decisions and direction will determine the final approved budget. As always, Staff stands prepared to assist the City Council as we collectively address the fiscal year 2018 budget.

Respectively Submitted,

Judie A. Zimomra, MPA, JD
City Manager

Steven C. Chaipel, CPA, CPFO
Finance Director

CITY COUNCIL MEMBERS

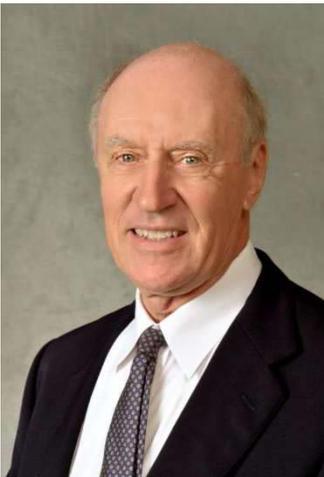

Mayor Kevin Ruane

Term of Office: March 2017 – March 2021

Mayor Ruane has served the citizens of Sanibel on the Council since 2007, and has served as Mayor since 2010. Mayor Ruane serves as the liaison to the Traffic Work Group, the Sanibel Seniors group, the Audit Committee (currently sunset), the Lee County Mayor's Council, and the Metropolitan Planning Organization Executive Committee. He serves on the board of the Florida League of Mayors, is a voting delegate for the Florida League of Cities, and serves on the League's Legislative Policy and Resolutions Committees and received the 2017 Florida League of Cities Home Rule Hero Award.

He is an intense advocate for the City in the area of water quality, having been appointed by Governor Scott to serve on the South Florida Ecosystem Restoration Task Force and is the recipient of the 2016 National Everglades Coalition James D. Webb award.

Vice Mayor Mick Denham

Term of Office: March 2017 – March 2021

Vice-Mayor Denham has served the citizens of Sanibel as a Council member since 2005, and has held the position of Mayor or Vice-Mayor since 2006. He is the City's liaison to B.I.G. Arts, the Regional Planning Council, the Metropolitan Planning Organization and serves on several committees for the Florida League of Cities. He also serves on the J.N. "Ding" Darling Wildlife Society Advocacy Committee.

As a strong advocate for local and state water quality, Vice Mayor Denham has worked with various local entities to achieve significant water quality improvements for Sanibel and the surrounding region. He has also served as the City's liaison to Lee County and the local municipalities working in concert to educate the public on water quality issues, particularly the use of fertilizer. In 2012 he was awarded the Florida League of Cities Hometown Hero Award and was the recipient of the 2008 Conservationist of the Year award from the Southwest Florida Audubon Society.

Councilmember Chauncey Goss

Term of Office: March 2015 – March 2019

Councilmember Goss has served on the City Council since 2015 and is the liaison to the Sanibel Planning Commission, Historical Committee and Museum and Village, Inc., and the Sanibel Captiva Chamber Governmental Affairs Committee. He also was appointed to the Florida League of Cities Land Use & Economic Development Committee.

CITY COUNCIL MEMBERS

Councilmember Jim Jennings

Term of Office: March 2015 – March 2019

Councilmember Jennings was first elected to serve the citizens of Sanibel in 2003. Councilman Jennings currently serves as City Council's liaison to the Employee Dependent Scholarship Committee, Recreation Financial Assistance Committee, the Vegetation Committee and the Contractor's Review Board. He also serves as the liaison to the Lee County Horizon Council.

Councilmember Jason Maughan

Term of Office: March 2017 – March 2021

Councilman Maughan was elected to the City Council in March 2017. Councilman Maughan currently serves as City Council's liaison to the General Employees' Pension Board of Trustees, the Sanibel Municipal Police Officers' Board of Trustees and Community Housing Resources, Inc., (CHR), the Coast & Island Community Land Trust and the Lee County School District.

Councilman Maughan previously has been recognized as the 2006 National Republican Congressional Committee (NRCC) Businessman of the Year and is the recipient of the 2006 Congressional Medal of Distinction and three separate Sanibel Independence Day parade float awards.

JUDITH ANN ZIMOMRA – CITY MANAGER

Judie Zimomra serves as the City Manager of Sanibel. In 2016 Judie received the Local Government Service Award from the International City/County Management Association (ICMA). The Local Government Service Award recognizes and honors a City Manager's dedication to public service and professional management at the local level. Zimomra received the award before her peers in Kansas City at the Annual ICMA Conference.

When Zimomra started her career 36 years ago, very few women were in the profession. Today, approximately 20 percent of all professional local government managers are women. The average tenure for professional managers is less than seven and half years. As of September 17th, Zimomra has been the City Manager of Sanibel for 16 years. During the years, the City of Sanibel has secured **\$47.4 million dollars in grants**.

Prior to joining the City of Sanibel staff, Zimomra worked two decades for local governments in Ohio. She is a past recipient of Committee of the Islands Citizen of the Year, the Sanibel-Captiva Rotary Club Citizen of the Year, and the Sanibel and Captiva Islands Chamber of Commerce Citizen of the Year. She has also been named a "Power Woman of Lee County" by Florida Weekly, "Public Official of the Year" by the Fort Myers News-Press, Outstanding Alumnus of the Ohio State University John Glen School of Public Administration, and named as one of, "100 Buckeyes You Should Know", of Ohio State University.

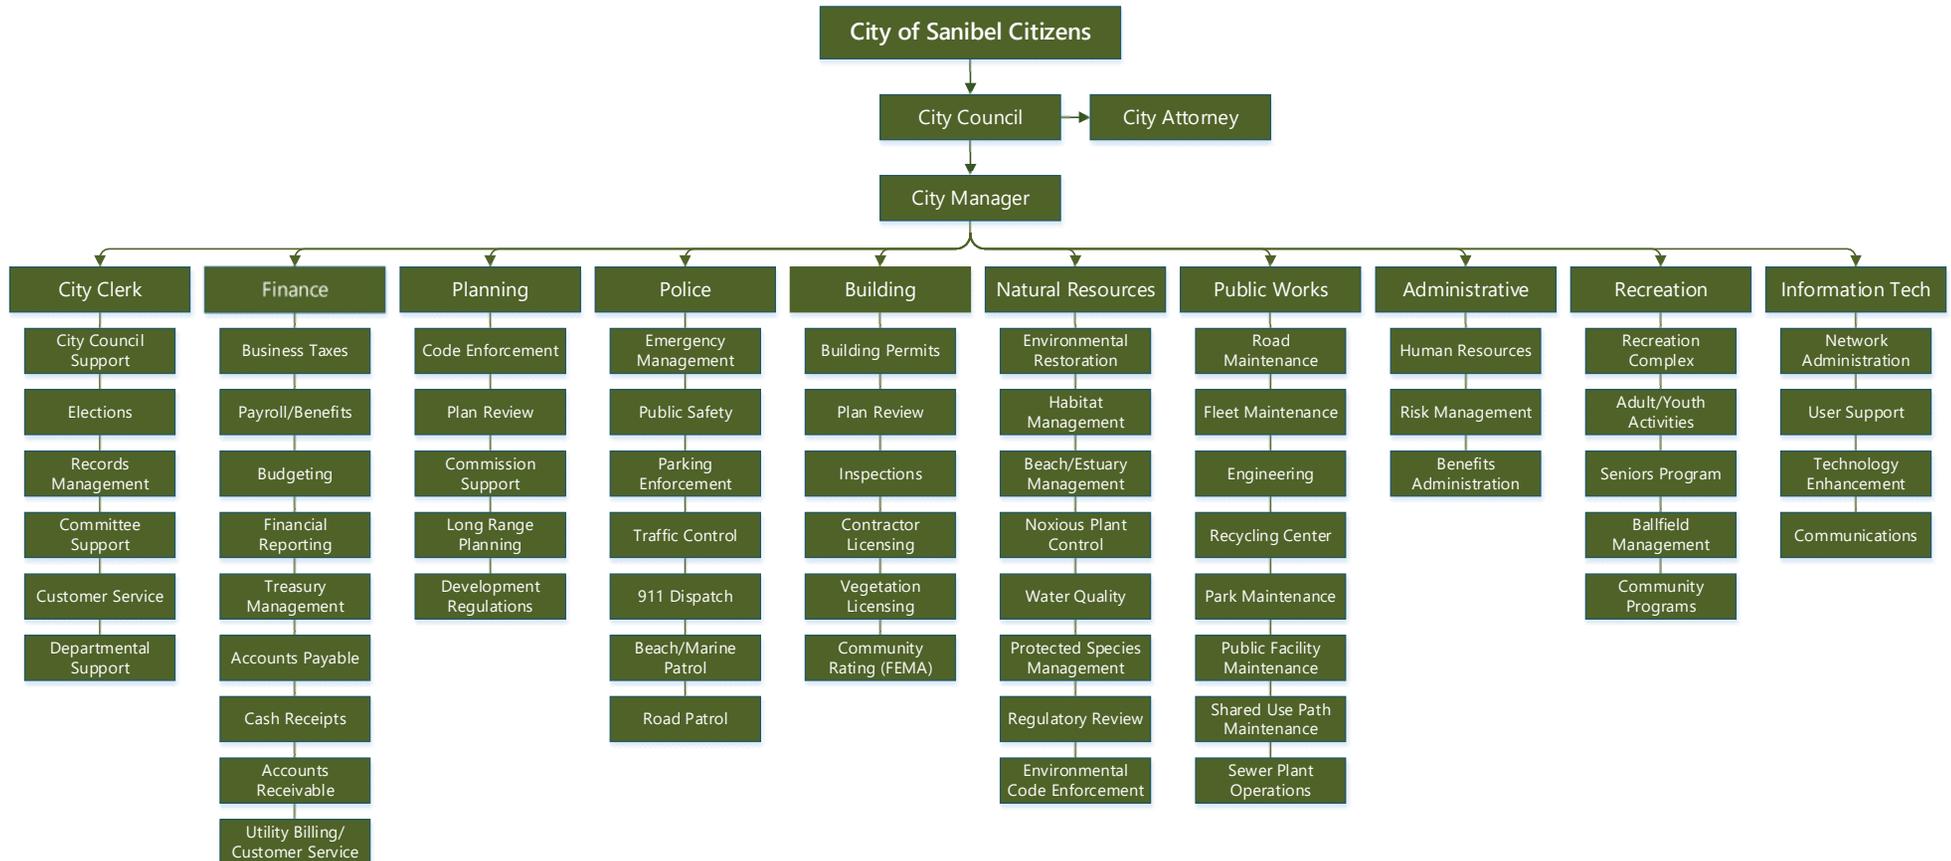

During her tenure the City completed the award winning \$14.5 million recreation center as well as the \$73 million sanitary sewer system and effluent reuse system.

During her tenure, the City has been recognized by the American Planning Association (APA) with the National Planning Landmark Award, the Government Finance Officer's Certificate of Achievement for Excellent in Financial Reporting and Budgeting, the National Hurricane Conference, the Governor's Hurricane Conference and has been designated as a "Silver Level" Bike Friendly Community by the League of American Bicyclists.

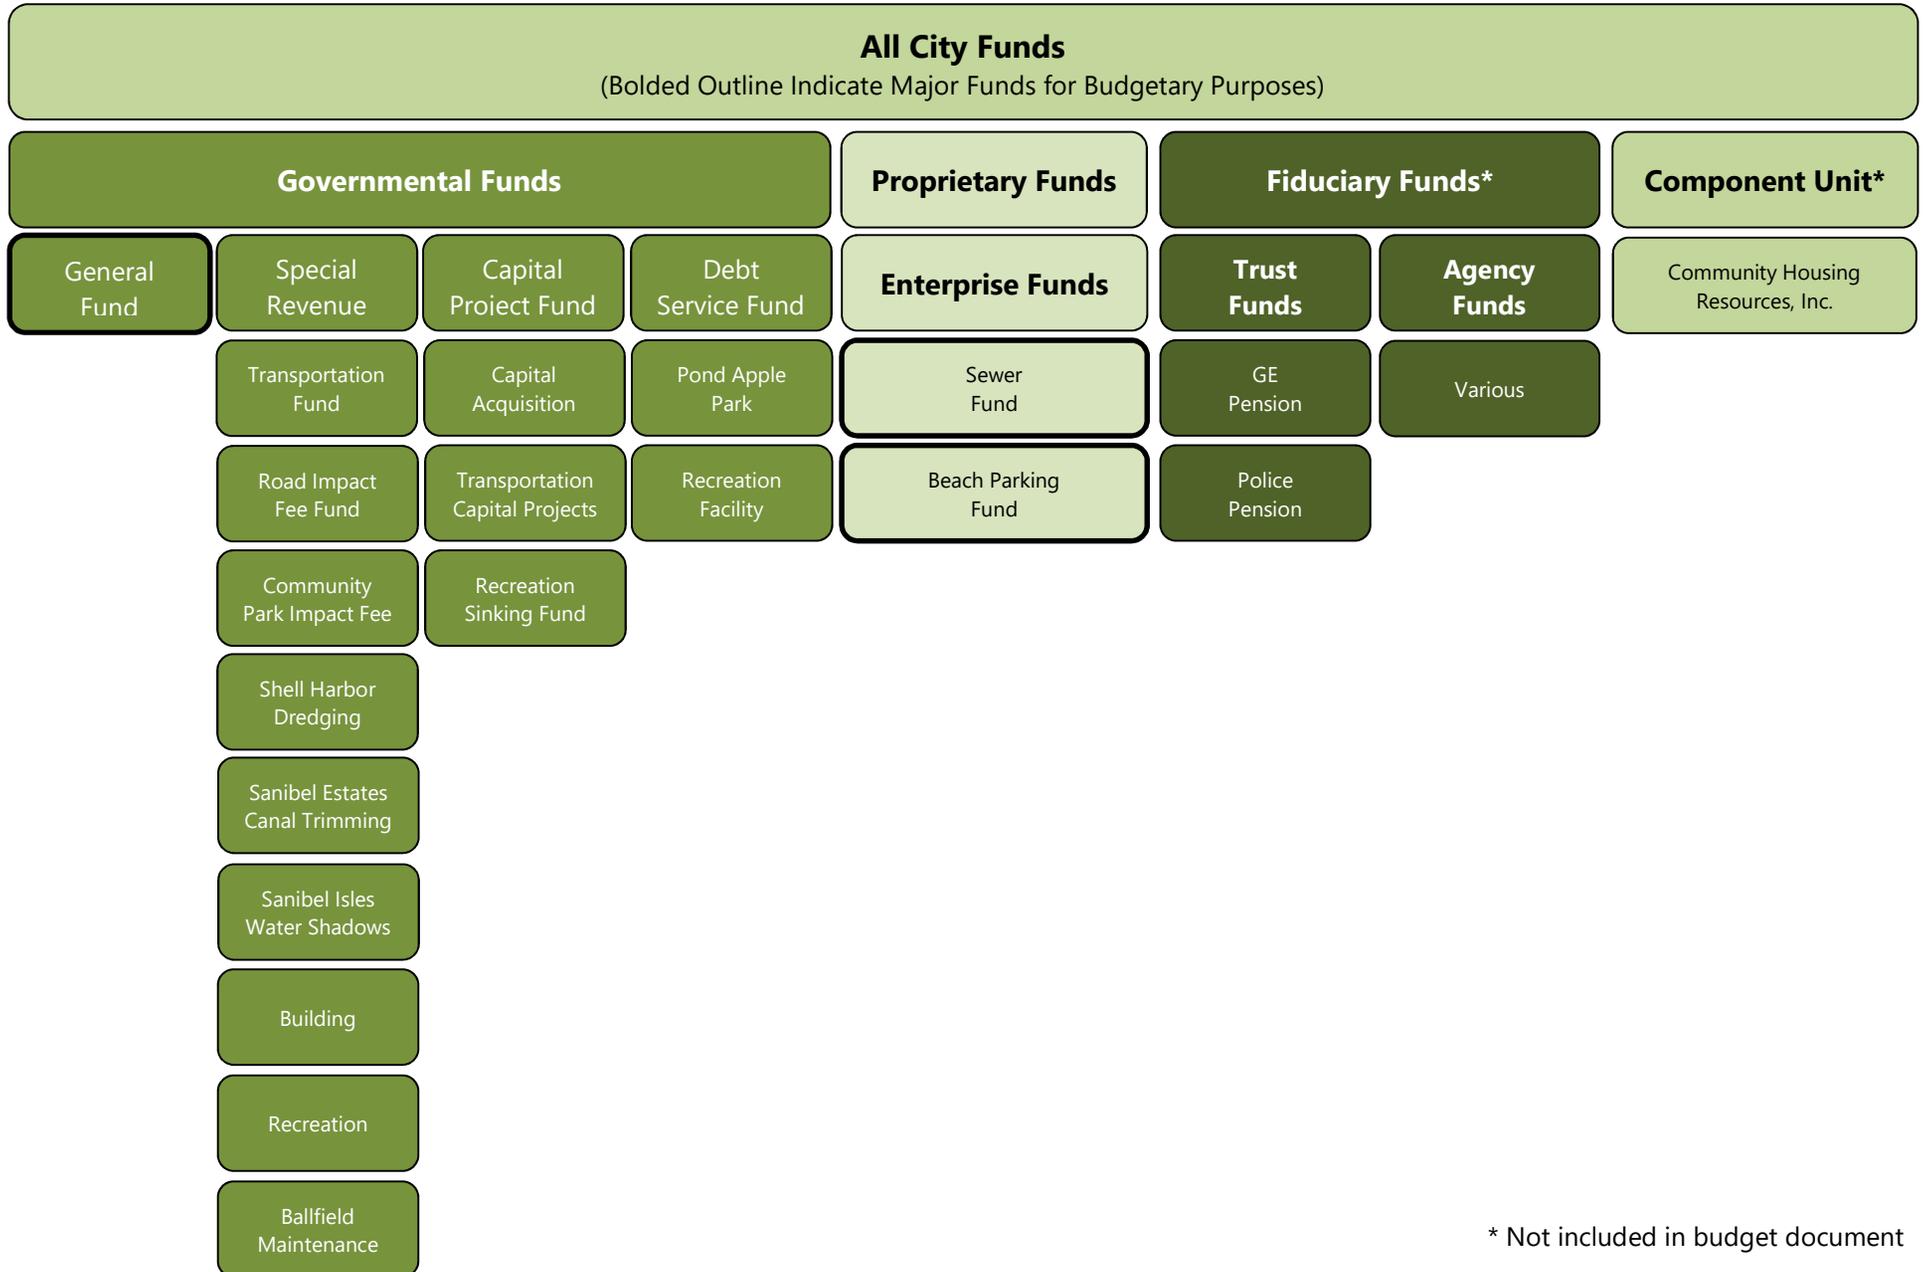

Zimomra has made presentations before the Duke Energy Hurricane Preparedness Seminar, the National Conference of the Government Finance Officers Association, the National Hurricane Conference, Florida Governor's Hurricane Conference and the Barrier Islands Governmental Council. She was previously selected as the commencement speaker for her alma mater Newton Falls (Ohio) High School.

Zimomra earned her Bachelor of Arts Degree from Kent State University, her Master's Degree in Public Administration from the Ohio State University, and her Juris Doctorate Degree from Capital University. She is also a graduate of the Harvard University John F. Kennedy School of Government Senior Executives in State and Local Government Program.

BUDGET CALENDAR

Month of:	March 2017	Finance prepares departmental information for FY 2018 budget process.
Month of:	April 2017	Departments prepare expenditure requests and enter into budget system.
Monday	May 1, 2017	Departments complete initial FY 2018 budgets reflecting department expenditure requests.
Weeks of:	May 8 and 15, 2017	Individual department meetings with City Manager and Finance Director to discuss budget requests.
Month of:	May 2017	Finance aligns departmental expenditure requests with projected revenue.
Friday	May 26, 2017	Departmental budget narratives due to the City Manager.
Tuesday	June 6, 2017	9:00 a.m. - REGULAR CITY COUNCIL MEETING - Preliminary budget (Discussion) - Budget issues for upcoming discussions.
By Saturday	July 1, 2017*	Property appraiser certifies preliminary tax roll and Finance calculates proposed millage rates based on actual taxable valuation.
Tuesday	July 18, 2017	9:00 a.m. - REGULAR CITY COUNCIL MEETING - Staff presents draft FY 2018 budget and introduction of the resolution to set the proposed tax (calendar) year 2017 millage rates and date of first public hearing.
Tuesday	August 1, 2017	9:00 a.m. - REGULAR CITY COUNCIL MEETING - Continued discussion of FY 2018 budget
By Thursday	August 3, 2017*	Finance advises property appraiser of proposed millage rates; rolled-back rate and date, time and place of first public hearing.
By Wednesday	August 23, 2017*	Property appraiser mails notices of proposed property taxes and advertises the date, time and place of the first public hearing for all taxing authorities.
Monday	September 11, 2017	9:15 a.m. - REGULAR CITY COUNCIL MEETING - Continued discussion of FY 2018 budget - MEETING CANCELLED DUE TO HURRICANE
Saturday	September 30, 2017	City advertises second and final public hearing in News-Press.
Tuesday	October 3, 2017**	5:01 p.m. - CITY COUNCIL FIRST PUBLIC HEARING - Discussion and adoption of tentative millage rate and tentative FY 2018 budget.
Thursday	October 5, 2017**	5:01 p.m. - CITY COUNCIL SECOND AND FINAL PUBLIC HEARING - Discussion and adoption of final millage rate and final FY 2018 budget.
By Monday	October 9, 2017**	Within 3 days of final adoption submit resolution to DOR, property appraiser and tax collector
<p>* Dates mandated by state Truth In Millage (T.R.I.M.) legislation ** T.R.I.M. dates officially extended by Department of Revenue due to Hurricane Irma</p>		

BUDGET RESOLUTIONS

CITY OF SANIBEL, FLORIDA
RESOLUTION 17-071

A RESOLUTION ADOPTING THE FINAL OPERATING AND VOTED DEBT SERVICE AD VALOREM MILLAGE RATES FOR TAX YEAR 2017 FOR THE CITY OF SANIBEL, FLORIDA.

WHEREAS, Section 200.065, Florida Statutes, establishes the method for determining and levying an ad valorem millage rate and adopting a budget for taxing authorities in the State of Florida; and

WHEREAS, the City of Sanibel has duly advertised and held public hearings as required by Florida Statute 200.065 and the Florida Department of Revenue amended emergency order implementing provisions of Executive Order No. 17-235 dated September 8, 2017 regarding Hurricane Irma and order extending emergency order dated September 15, 2017; and

WHEREAS, the gross taxable value for operating purposes not exempt from taxation within the City of Sanibel, Florida has been certified by the Lee County Property Appraiser to the City of Sanibel as \$5,045,986,503.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sanibel, Florida:

Section 1. Operating Millage
The Final Ad Valorem Operating Millage Rate for Tax (Calendar) Year 2017 is hereby adopted at 1.9139 mills and the levy of an annual tax for said year is made. The final operating millage rate exceeds the rolled-back rate of 1.8132 mills by 5.55 %.

Section 2. Voted Debt Service Millage Rates
A. The Final Sewer Voted Debt Service Millage Rate for Tax (Calendar) Year 2017 is hereby adopted at 0.1813 mills and the levy of an annual tax for said year is made.

I certify that this is a true and accurate copy of the original.

CITY OF SANIBEL, FLORIDA
RESOLUTION 17-072

A RESOLUTION ADOPTING THE FINAL BUDGET FOR FISCAL YEAR 2017-2018 FOR THE CITY OF SANIBEL, FLORIDA; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, Section 200.065, Florida Statutes, establishes the method for determining and levying an ad valorem millage rate and adopting a budget for all taxing authorities in the State of Florida; and

WHEREAS, the City of Sanibel, Florida has duly advertised and held public hearings as required by Florida Statute 200.065 and the Florida Department of Revenue amended emergency order implementing provisions of Executive Order No. 17-235 dated September 8, 2017 regarding Hurricane Irma and order extending emergency order dated September 15, 2017; and

WHEREAS, after receiving public comments and questions, the City Council has adopted the Final Operating and Voted Debt Service Ad Valorem Millage Rates for Tax (Calendar) Year 2017; and

WHEREAS, the City of Sanibel, Florida has set forth the appropriations and revenue estimates in the amount of \$60,033,596 for the fiscal year 2017-2018 Budget.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sanibel, Florida:

Section 1. Budget Adoption
The Final Fiscal Year 2017-2018 Budget is hereby adopted.

Section 2. Effective Date.
This resolution shall take effect immediately upon adoption.

I certify that this is a true and accurate copy of the original.

BUDGET POLICY

General Budget Policy

- A. The City of Sanibel, as a local government within the state of Florida, adopts its budget pursuant to Chapter 200, Florida Statutes, which mandates adoption of a balanced budget; that is sources of funds must equal uses of funds
- B. The finance director, on behalf of the city manager, is responsible for the preparation of the City's budget. Each spring, department directors submit their proposed budgets for the coming fiscal year to the finance director. Proposed budgets identify increases and decreases in spending from the current year, along with the reason for the change. They also include a list of initiatives that are not included in the department's budget but are requested by individual departments. A proposed budget is ready for City Council to consider in July.
- C. The annual budget is adopted by City Council after an extensive review and evaluation of budget proposals from the various City departments to determine the funding level necessary to provide municipal services. After adoption, the budget is posted on the City's website.
- D. The operating budget is adopted annually at the fund level by the City Council. In accordance with state law, a proposed millage rate, which may be reduced but may not be increased, is set in July, followed by two public hearings in September. The budget and final millage rate are approved by separate resolutions at the second public hearing.
- E. The budget is adopted on a modified accrual basis for all fund types, governmental and enterprise. Under the modified accrual basis of accounting, revenues and other financial resources are recognized when they become both measurable and available to finance expenditures of the current period. Available means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred with certain exceptions. The modified accrual basis is the same basis of accounting used for the City's audited financial statements of its governmental funds. Enterprise funds are accounted for and reported on the audited financial statements using the accrual basis. Under the accrual basis of accounting, most transactions are recorded when they occur, regardless of when cash is received or disbursed. Generally Accepted Accounting Principles (GAAP) requires the use of accrual basis accounting for enterprise funds for audit purposes.
- F. Budgetary control throughout the fiscal year is maintained through monitoring encumbrances of estimated purchase amounts. Encumbrances for goods or services not received by year-end lapse and must be re-budgeted in the following year.
- G. Any increase, decrease or transfer between funds within the annual budget must be approved by a budget amendment approved by resolution of the City Council.
- H. The City Manager may approve intradepartmental transfers as is deemed necessary.
- I. The finance department prepares a quarterly budget variance report for the City Council, noting any deviations of 5% or greater against the budget and explains the reason for the variance.
- J. The Capital Improvement Budget (CIP) estimates costs for all capital projects for a five year period.
- K. The City has an indirect cost allocation plan prepared annually. The plan conforms to federal guidelines for grant reimbursement of administrative costs and is used to bill and collect indirect charges from funds.

SIGNIFICANT FINANCIAL POLICIES

Fund Balance Policy

A Fund Balance Policy is adopted in order to secure and maintain investment-grade credit ratings, meet seasonal shortfalls in cash flow, and reduce susceptibility to emergency or unanticipated expenditures and/or revenue shortfalls. Fund balance information is used to identify the available resources to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones, or enhance the financial position of the City, in accordance with policies established by the City Council.

The City's Fund Balance Policy establishes:

- a) Fund balance policy for the general fund;
- b) Reservations of fund balance for the general fund;
- c) The method of budgeting the amount of estimated unrestricted fund balance (also known as *estimated beginning fund balance*) available for appropriation during the annual budget adoption process (prior to the actual, audited fund balance being known) and what actions may need to be taken if the actual fund balance is significantly different than the budgeted fund balance; and
- d) The spending order of fund balances

General Fund

1. Restricted Fund Balance

There is no restricted fund balance in the General Fund. Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation will be budgeted and reported in special revenue funds, capital project funds or debt service funds.

2. Committed Fund Balance

Commitment of fund balance may be made for such purposes including, but not limited to, a) major maintenance and repair projects; b) meeting future obligations resulting from a natural disaster; c) accumulating resources pursuant to stabilization arrangements; d) establishing reserves for disasters; and/or e) for setting aside amounts for specific projects. Commitment of fund balance may be made from time-to-time by resolution of the City Council. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally (resolution). The use (appropriation) of committed fund balances will be considered in conjunction with the annual budget adoption process or by budget amendment approved by resolution of City Council during the fiscal year.

3. Assigned Fund Balance

Assignment of fund balance may be a) made for a specific purpose that is narrower than the general purposes of the government itself; and/or b) used to reflect the appropriation of a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues.

SIGNIFICANT FINANCIAL POLICIES

Assigned fund balance shall reflect management's intended use of resources as set forth in the annual budget (and any amendments thereto). Assigned fund balance may or may not be appropriated for expenditure in the subsequent year depending on the timing of the project/reserve for which it was assigned.

4. Non-Spendable Fund Balance

Non-spendable fund balance is established to report items that are not expected to be converted to cash such as inventory and prepaid items; items not currently in cash form such as the long-term amount of loans and notes receivable as well as property acquired for resale; and, items legally or contractually required to be maintained intact such as the corpus (or principal) of a permanent fund.

5. Minimum Level of Unassigned Fund Balance

Unassigned fund balance is the residual classification for the general fund and represents fund balance that has not been restricted, committed or assigned to specific purposes within the general fund.

If, after the annual audit, prior committed or assigned fund balance causes the unassigned fund balance to fall below 17% of general fund operating expenditures, the City Manager will so advise City Council in order for the necessary action to be taken to restore the unassigned fund balance to 17% of General Fund operating expenditures.

The City Manager will prepare and submit a plan for committed and/or assigned fund balance reduction, expenditure reductions and/or revenue increases to City Council. The City shall take action necessary to restore the unassigned fund balance to acceptable levels within two years.

Reservations of Fund Balance (General Fund)

1. Committed Fund Balance

The City Council hereby establishes the following committed fund balance reserves in the General Fund:

- a) Disaster Reserve – The disaster reserve fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure the maintenance of services to the public during disaster situations such as, but not limited to, hurricanes.
- b) Environmental Initiatives Reserve – The environmental initiative fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure services are available to address environmental damage, litigation and other related costs from disasters such as, but not limited to, algae bloom, fish kills, or oil.
- c) Insurance Deductible Reserve – The insurance deductible reserve fund balance is committed by the City Council as set forth in the annual budget (and any amendments thereto) to ensure coverage of the City's insurance deductible on its insured properties and equipment.

2. Assigned Fund Balance

The City hereby establishes the following assigned fund balance reserves in the General Fund:

- a) Assignment to Subsequent Year's Budget – The subsequent year's budget fund balance reserve is assigned by City management as set forth in the annual budget (and any amendments thereto) to appropriate a portion of existing unassigned fund balance to eliminate a projected deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues.

SIGNIFICANT FINANCIAL POLICIES

Budgeting

1. Appropriation of Unrestricted Fund Balance

The actual amount of unrestricted fund balance (total of *committed fund balance, assigned fund balance and unassigned fund balance*) is not known until the completion of the annual audit which takes place between three to six months after the end of the fiscal year being audited. However, an estimate of unrestricted fund balance (also called *estimated beginning fund balance*) must be made during the annual budget adoption process (July through September) which is prior to the end of the fiscal year, September 30th.

2. Estimated Beginning Fund Balance

In order to achieve the most accurate estimate possible, the City Manager or designee shall project both Sources of Funds (revenues, prior years unrestricted fund balances carried forward and other financing sources) and Uses of Funds (operating and non-operating expenditures), including accruals, for each department in each governmental fund through September 30th of the then current fiscal year. These projections will be shown in a separate column entitled "Estimated Actual" for each fund in the proposed, tentative and final budget documents. The difference between the estimated actual sources of funds and estimated actual uses of funds is the calculated estimated beginning fund balance for the subsequent fiscal year. If planned for use in the subsequent fiscal year, committed and assigned fund balance may be included in the estimated beginning fund balance.

3. Estimated Ending Fund Balance

For the year being budgeted, a calculation of estimated ending fund balance shall also be made. This calculation shall be the difference between the budgeted sources of funds and the budgeted uses of funds as described above.

Since the uses of funds are restricted, committed or assigned in all other governmental fund types there is no policy to the amount of ending fund balance unless the project is completed and the fund should be closed. In this situation, a residual equity transfer will be made to zero-out any remaining fund balance.

If, after the annual audit, the actual general fund unassigned fund balance is greater than 20 percent of operating expenditures in the general fund, the excess may be used in one or a combination of the following ways:

- a) Left in the general fund to earn interest and roll forward into the subsequent year's beginning fund balance;
- b) Appropriated by resolution of City Council for a one-time expenditure or opportunity that does not increase recurring operating costs;
- c) Committed to establish or increase a formal stabilization arrangement or reserve (including but not limited to economic stabilization, contingency reserves or disaster reserves); or
- d) Appropriated for start-up expenditures of new programs undertaken at mid-year, provided that such action is considered in the context of council-approved multiyear projections of revenues and expenditures.

SIGNIFICANT FINANCIAL POLICIES

Spending Order of Fund Balances

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Revenue Policy

- A. The City will maintain a revenue manual which describes revenue sources that are available to support City expenditures.
- B. Ad valorem tax revenue is budgeted at 100% of the approved millage rate levy. However, because taxpayers take advantage of the discount afforded by paying their taxes in the months of November through February, the City never collects 100% of the levied revenue. Recognizing this, the state permits up to 5% of the tax levy to be reserved for under-collection.
- C. The use of ad valorem tax revenues is limited to the general fund unless it is required in other funds by bond indenture agreements.
- D. Revenues that have been pledged to bondholders will conform to bond covenants which commit those revenues.
- E. The City will prepare periodic cost studies on services for which user fees are imposed and the proposed adjustments will be presented for Council authorization.
- F. The City will actively pursue grant-funding opportunities.
- G. Revenue which is estimated to be unexpended at year-end will be budgeted as estimated ending fund balance and be available for appropriation in the new year.

Debt Policy

Due to the City's current status with the Internal Revenue Service (IRS) as a Small Issuer, that is, the City issues less than \$10 million of debt in any given calendar year, the City is considered to be "Bank Qualified". This bank qualified status allows banks to offer the City interest rates much lower than market rates since the interest the bank earns from the City is tax exempt to the bank. Therefore, whenever practical, the City issues bank qualified debt in order to finance projects or capital acquisitions which need to be funded from debt issuance. Additionally, the use of pre-negotiated lines of credit with stated interest rate and expense terms are utilized when practical in order to reduce debt issuance costs.

When it is necessary to issue debt in an amount greater than \$10 million, the City first seeks financing from a source which offers below market rate interest rates, such as the State Revolving Loan Fund. However, if sources of this type are not available or not applicable due to the nature of the project being funded, bond issuance may be used. The services of underwriters and financial advisors are engaged using the Request for Proposal (RFP) process outlined in the City's administrative policy on the Procurement of Professional Services and the relative Consultants' Competitive Negotiation Act (CCNA) contained in Section 287.055, Florida Statutes.

SIGNIFICANT FINANCIAL POLICIES

The term of the debt is matched with the life of the asset being financed. The City of Sanibel does not have a maximum debt limit.

All debt service requirements are fully funded each year.

Purchasing Policy

- A. All purchasing for the City of Sanibel will be conducted in a manner that promotes competition and secures the best value.
- B. All purchasing shall be conducted in a manner that prompts vendors to value City business and make every effort to furnish City requirements on the basis of quality, service and price.
- C. Purchasing will be from suppliers who have adequate financial strength, and a good record of adhering to specifications, maintaining shipping promises, and giving a full measure of service to the City.
- D. All bidders will be afforded equal opportunities to quote and are to compete on equal terms.
- E. Vendors hired by the City to provide goods and services shall have obtained a City business tax receipt (per Code of Ordinances, Sections 18 and 62) prior to authorization of the purchase.
- F. Competitive sealed bids are required for purchases of commodities and services that cost \$25,000 or more. The competitive sealed bid or proposal procurement method is regulated by Florida Statutes. Competitive sealed bids are subject to public legal notice requirements.
- G. Sole Source – Occasionally, products or services are determined to be available from only one source or must match a product or service that is already in place. These are rare occurrences and must be fully documented and submitted to the Finance Department for review and for City Manager approval where the cost exceeds \$1,500.
- H. Emergency Procurements – When there is an immediate danger to persons or property or the threat of substantial economic loss to the City, an emergency procurement may be made. All emergency procurements should be made with as much competition as is practical under the emergency circumstances.

GFOA BUDGET AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Budget Presentation to the City of Sanibel, Florida for its annual budget for the fiscal year beginning October 1, 2016. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

CITY OF SANIBEL VISION STATEMENT

BACKGROUND

The barrier island of Sanibel comprises a wide variety of natural and altered environments. The community of Sanibel strives to sustain ecological balance and preserve and restore natural settings for residents, visitors, and wildlife. The people of Sanibel are sustained by the beauty and health of the island's natural and restored habitats, and they rely on the coordinated vigilance of residents, government, and private enterprise to protect and enhance these habitats. Over the first two decades of the community's existence as a city, a tenuous balance has been maintained between development and preservation; and between regulatory control and the rights and privileges of individuals.

Government and not-for-profit institutions have helped sustain the balance by purchasing and restoring to natural conditions substantial areas of open space and threatened habitats.

As the City approaches buildout, greater emphasis will need to be placed on redevelopment initiatives to ensure that properties improve in a manner consistent with the Sanibel Plan and protection of property values.

The specter of rampant development has diminished as the community has matured. Nevertheless, unwanted changes are occurring; visitation increases as new "attractions" are developed; beaches and refuge areas are becoming stressed by overuse; traffic congestion is turning to gridlock; and formerly "green" scenic corridors are becoming urbanized and commercialized. These and other conditions and trends cause residents to realize that, unless protected, their island's historic and cherished way of life is in jeopardy.

To provide a sense of direction for the future, this Vision Statement, is a confirmation of the community's shared values and goals, to guide future decisions.

SANCTUARY

Sanibel is and shall remain a barrier island sanctuary, one in which a diverse population lives in harmony with the island's wildlife and natural habitats. The Sanibel community must be vigilant in the protection and enhancement of its sanctuary characteristics.

The City of Sanibel will resist pressures to accommodate increased development and redevelopment that is not consistent with the Sanibel Plan, including this Vision Statement.

The City of Sanibel will guard against, and where advisable, oppose human activities in other jurisdictions that might harm the island's sensitive habitats, including the island's surrounding aquatic ecosystems.

CITY OF SANIBEL VISION STATEMENT

COMMUNITY

Sanibel is and shall remain a small town community whose members choose to live in harmony with one another and with nature; creating a human settlement distinguished by its diversity, beauty, uniqueness, character and stewardship

Diversity: The City of Sanibel cherishes its cultural, social, ecological, and economic diversity, and will endeavor to maintain it.

Beauty: The City of Sanibel will foster quality, harmony and beauty in all forms of human alteration of the environment. The community aesthetic is defined as a casual style; one which is adapted to a relaxed island quality of life and respectful of local history, weather, culture and natural systems.

Uniqueness: The City of Sanibel chooses to remain unique through a development pattern which reflects the predominance of natural conditions and characteristics over human intrusions. All forms of development and redevelopment will preserve the community's unique small town identity.

Character: The City of Sanibel chooses to preserve its rural character in its setting within an urbanizing county. "Auto-urban" development influences will be avoided. The commercialization of natural resources will be limited and strictly controlled.

Stewardship: In keeping with the foregoing principles, the City of Sanibel affirms a land ethic and recognizes landholding-both public and private-as a form of stewardship, involving responsibilities to the human and natural communities of the island and its surroundings, and to future generations.

ATTRACTION

The Sanibel community recognizes that its attractiveness to visitors is due to the island's quality as sanctuary and as community. The City of Sanibel will welcome visitors who are drawn by, and are respectful of, these qualities; it will resist pressures to accommodate visitor attractions and activities that compromise these qualities.

HIERARCHY OF VALUES

This three-part statement of the community's vision of its future is a hierarchy; one in which the dominant principle is Sanibel's sanctuary quality. Sanibel shall be developed as a community only to the extent to which it retains and embraces this quality of sanctuary. Sanibel will serve as attraction only to the extent to which it retains its desired qualities as sanctuary and community.

CITY COUNCIL GOALS

IMPROVE WATER QUALITY

LOCAL

In August 2017, the Florida Department of Environmental Protection (FDEP) adopted a Total Maximum Daily Load (TMDL) for the Sanibel Slough. The TMDL specifies the amount of nitrogen and phosphorus that can enter the Sanibel Slough annually. Based on modeled nutrient loading data, the City will be required to significantly reduce nitrogen and phosphorus loading to the Slough to meet the adopted regulatory target.

In fiscal year 2017, the City completed the final phase of Sanibel Comprehensive Nutrient Management Plan. The Plan will guide nutrient load reductions to meet the TMDL. A number of other projects and programs were also completed towards the Council's on-island water quality goals, including: 1) Obtaining \$825,000 in funding from the State Legislature for design and engineering of the Donax Wastewater Treatment Plan Upgrades (design and engineering scheduled to be completed in December 2017); 2) Design and engineering of the Jordan Marsh Water Quality Treatment Park (scheduled to be completed in December 2017); 3) Implementation of the Community Lakes Best Management Practice (BMP) Program and launch of the Sanibel Communities for Clean Water website www.Sanibelcleanwater.org; and 4) Continued implementation of local and regional fertilizer education programs with Lee County and other partners.

Fiscal Year 2018 On-Island Water Quality Improvement Goals

- Implement the Donax Wastewater Reclamation Facility Denitrification modifications and Plant 1 upgrades to improve the quality of municipal reuse water.
- Complete construction of the Jordan Marsh Water Quality Treatment Park.
- Continued implementation of Community Lakes Best Management Practices (BMP) Education Program; Develop incentives for communities to implement BMPs.
- Continued implementation of regional fertilizer education program with Lee County and other partners.

STATE/REGIONAL WATER QUALITY IMPROVEMENT GOALS

In fiscal year 2017, the City was successful on a number of fronts with regards to Council's state and regional water quality goals. It could be argued that our single-greatest legislative achievement was the passage of Senate Bill 10, which provided authorization and funding for a 240,000-360,000 acre-foot storage reservoir to be constructed south of Lake Okeechobee in the Everglades Agricultural Area. The bill signed by Governor Scott included a strict timeline for the project and up to \$800 million in bonded funds from Florida Forever proceeds for construction; \$30 million is allocated for fiscal year 2017 for additional land acquisition or lease buyouts for the project; \$64 million per year is allocated beginning in fiscal year 2019 to fund the project and for bond payments; \$3 million is allocated for fiscal year 2018 to draft the Post-Authorization Change Report for the Central Everglades Project.

During the Legislative Session \$106 million in funding was secured for construction of the C-43 Reservoir Project. Construction of Cell 1 is currently underway and the project is expected to be completed in 2022. In order for the project to stay on track, approximately \$100 million will need to be budgeted for the next three years, with \$25 million needed in year four.

The Florida Legislature allocated \$16.9 million during the 2016 Legislative Session to purchase an additional 2,454 acres of land on the north side of Lake Hicpochee for phase II of the project.

CITY COUNCIL GOALS

This land will be used as flow equalization basin (FEB) to store and treat water from the C-19 basin and help restore freshwater flows to Lake Hicpochee and the eastern Caloosahatchee sub-basin. Project construction began on Phase I in 2017. Additional funding of approximately \$50 million will be needed to complete phase II of the project.

Fiscal Year 2018 State/Regional Water Quality Improvement Goals

- Support all legislative actions which reduce harmful freshwater releases from Lake Okeechobee to the Caloosahatchee River and estuary. A comprehensive strategy is outlined in the Caloosahatchee Regional Water Management Issues White Paper.
- Seek legislative funding for Regional Water Quality/Quantity Priorities.
 - *EAA Storage Reservoir Project.* Implement the Everglades Agricultural Area Reservoir Project plan adopted by the Florida Legislature and Governor in 2017.
 - *C-43 West Basin Reservoir Project.* The C-43 Reservoir is designed to store up to 170,000 acre-feet of water within the Caloosahatchee watershed. The reservoir is expected to supply enough water to meet the existing Minimum Flow and Level for the Caloosahatchee River 80% of the time. The estimated cost of the project is \$500 million. As currently designed, the Reservoir does not include a water quality treatment component to remove nutrients from the water prior to discharging it back into the River. Because the Caloosahatchee is currently “impaired” for nutrients, it is imperative that a water quality treatment component be incorporated into the project. The South Florida Water Management District should begin planning and design of a water quality treatment component immediately on land adjacent to the project site. This will ensure water being discharged to the Caloosahatchee does not contribute to existing water quality impairments. **Legislative Request: Dedicate a minimum of \$100 million in funding for C-43 Reservoir Project for FY19 and begin planning and design for a water quality treatment component for the reservoir.**
 - *Complete Construction of the Lake Hicpochee Restoration Project.* This project will provide critical storage and treatment needed within the eastern Caloosahatchee watershed. Phase I project construction began in 2017. **Legislative Request: Dedicate \$50 million towards Phase II construction.**
 - *Lehigh Acres Municipal Services Improvement District GS-10 Caloosahatchee Cross Link Project.* The GS-10 Caloosahatchee Cross Link project is a regional, multi-agency initiative to provide water storage and treatment within the Caloosahatchee watershed. It involves the acquisition and development of a former mine area, known as Section 10, into a shallow reservoir while creating a flow way to the Greenbriar Swamp that would be used for water treatment while restoring hydroperiods within the natural system. The project establishes connections between Lee County-owned lands and the Lehigh Acres-Municipal Services Improvement District (LA-MSID) drainage system, which has multiple outfalls to the Caloosahatchee River. The project is a stand-alone regional initiative that may also provide water quality treatment for the C-43 Reservoir by taking discharge water released from the Reservoir and flowing it through the LA-MSID treatment system before final outfall to the Caloosahatchee River. **Legislative Request: The estimated cost for the project design and permitting is \$750,000.**

CITY COUNCIL GOALS

FEDERAL WATER QUALITY IMPROVEMENT GOALS

In fiscal year 2017 progress was also made on a number of the City's top federal water quality improvement goals.

The City's top federal priority, the EAA Reservoir Project, was approved by the State during the 2017 Legislative Session in Senate Bill 10. The bill requires the US Army Corps of Engineers to begin the process of drafting a Post Authorization Change Report by August 2017. The legislation also requires that the report be completed and submitted to Congress by October 1, 2018 and approved by December 31, 2019. The City will need to work closely with our federal representatives to secure the federal cost share needed to complete the project.

On December 16, 2016, the Central Everglades Project (CEP), formerly known as CEPP, was signed into law by President Obama in the Water Infrastructure Improvements for the Nation (WIIN) Act. This was an important step towards implementing the project; however, funding needs to be appropriated before construction can begin. The City will need to continue to work closely with our federal representatives to secure funding for the project.

The US Army Corps has spent more than \$870 million to date on rehabilitation of the 143-mile Herbert Hoover Dike. It is estimated that it will take another \$800 million in funding to complete the project. During the 2017 Legislative Session, the State dedicated \$50 million in funding to accelerate the project. President Trump has identified the Herbert Hoover Dike as a national priority and promised to fast-track the project, with a target completion date of 2022. The President's 2018 draft budget allocates \$82 million for the project.

Fiscal Year 2018 Federal Water Quality Improvement Goals

- Work with federal representatives to implement the EAA Storage Reservoir Project on the schedule approved by the Florida Legislature and Governor in 2017.
- Work with federal representatives and agencies to secure funding for implementation of the Central Everglades Project (CEP), the Lake Okeechobee Watershed Restoration Project and the Western Everglades Restoration Project. These projects will result in additional storage north and southwest of Lake Okeechobee, helping to reduce high flow discharges to the estuaries.
- Work with federal representatives to secure the funding needed to expedite repairs to the Herbert Hoover Dike to protect the communities adjacent to Lake Okeechobee and to provide the Corps additional operational flexibility when managing freshwater releases from the Lake.

CITY COUNCIL GOALS

SUSTAIN THE STRENGTH OF THE CITY'S FINANCIAL STABILITY

To continue to develop and identify strategies that will support an equitable allocation of City resources in a manner which most cost effectively and efficiently accomplishes the City's mission.

- Evaluate options and funding mechanisms to provide for future significant capital needs
 - Bridge Repair and Replacement Sinking Fund
 - Sewer System Renewal and Replacement Fund
- Review City provided healthcare plan that is offered to employees, retirees, and dependents
 - Evaluate current program and analyze historical trends
- Research and evaluate segregation of revenue and expense streams for storm water and related maintenance

IMPROVE CITIZEN SERVICE FOR THOSE INVESTING, MAINTAINING AND REDEVELOPING THEIR PROPERTIES WITHIN THE COMMUNITY

Continue to review best practices of comparable local governments and evaluate current "Best Practices" to determine the appropriate organizational structure for quality and efficient services. Prepare a cost-analysis of options and present a report to the City Council for consideration.

Complete the existing projects in progress for amending the Land Development Code requirements for Formula Retail Stores, height exception for pitched roofs on redeveloped three-story buildings within the Resort Housing District and adoption of the State's Model Floodplain Ordinance.

Continue the City-wide redevelopment work plan by reviewing the current off-street parking requirements for shared, valet, bicycle and compact vehicles. Prepare such legislation essential to furthering the redevelopment goals for the Commercial District and recognizing opportunities to encourage shared parking amongst surrounding compatible land uses without the need of disturbing additional lands for the development of new off-street parking spaces.

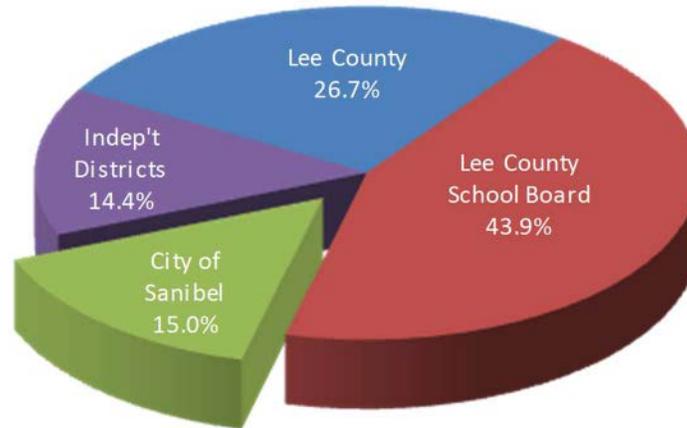

Develop legislation to regulate Island tour based businesses and services to ensure that such activity does not negatively impact the natural environment or habitat of Sanibel's beaches and other publically owned lands.

Draft legislation consistent with the Sanibel Plan to support locally owned and operated businesses by allowing businesses with food related sales to have a limited number of onsite seats for dining use without requiring additional off-street parking.

TAXES PAID BY TAXING AUTHORITY

The following chart and table presents the allocation of total taxes paid by the City's residential property owners based on the proposed millage rates set by the various governmental taxing authorities.

<u>Taxing Authority</u>	<u>Tax Year 2017 Adopted Millage Rates</u>	<u>Percent of Total Millage</u>	<u>Average Residential Taxes Paid</u>
Lee County			
General	4.0506	26.7%	\$ 2,435
Public School			
State Law	4.4310	29.2%	2,664

GOVERNMENTAL FUNDS BUDGET

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Governmental funds account for most of the City's tax-supported activities. The City has four governmental fund types: the general fund, special revenue fund, debt service fund and the capital project fund. These funds are found in either the operating budget or the capital budget.

Operating Budget - The operating budget includes:

General Fund - The general fund is the principal fund of the City and is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. General fund activities are funded principally by property taxes, intergovernmental revenues, licenses and permits, charges for services and miscellaneous revenues, which include public contributions and interest earnings;

Special Revenue Funds - Special revenue funds are used to account for revenues from specific revenue sources which are legally restricted to the use for which the revenue is granted or contributed to the City;

Debt Service Funds - Debt service funds are used to account for the accumulation of resources for and the payment of principal and interest on long-term debt.

Capital Budget – The capital budget includes the current year of the 5-year capital improvement plan as budgeted in the capital projects funds and certain special revenue funds.

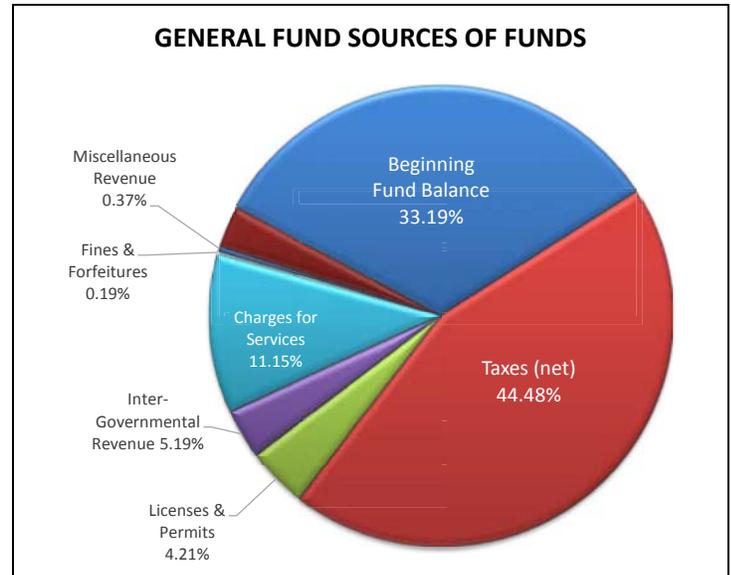

GENERAL FUND

The General Fund is the main operating fund of the City and supports public safety, general government operations, parks & recreation, economic development programs and other non-enterprise related operations. Revenues such as property taxes, sales tax, electric franchise fees, utilities services taxes, communication services taxes, charges for services rendered and other revenues are used to pay for these programs.

Sources of Funds

Beginning Fund Balance – The first available source of funds at the beginning of each fiscal year is the carry-forward of the previous year’s available fund balance. Fund balance is the accumulation of prior year’s revenues, minus expenditures. According to the City’s adopted fund balance policy, portions of fund balance are earmarked or “reserved” for a specific purpose. The unrestricted portion of fund balance is that amount which is available for appropriation in the subsequent fiscal year.

It is estimated that approximately \$7.7 million of fund balance will be available at the end of fiscal year 2017 to carry-forward to fiscal year 2018.

Taxes – Property (ad valorem) tax, determined by the levy of an operating millage rate, is the City’s primary revenue source providing an estimated \$9.4 million (net of estimated discount for taxpayers who take advantage of discount afforded to them by paying taxes in the months of November through February), which is 40.6% of general fund revenue sources. This amount of tax revenue is calculated based on a levy of a 1.9139 operating millage rate on the City’s calendar year 2017 assessed taxable value, which is the same tax rate the City levied in FY2017.

Other taxes in the General fund include the communications services tax, business tax and casualty insurance premium tax, estimated to generate approximately \$905,000.

Revenue projections for other taxes in the general fund are based on trend analysis of prior years’ activity compared to year-to-date actual revenues. Projections are adjusted to reflect any deviation from the trend based on current revenues, estimates from the state of Florida’s Department of Revenue, and staff’s estimates concerning expected economic conditions in the current and future years.

Licenses and Permits – Franchise fees are collected from contractors that serve the City for electric and solid waste collection and are expected to provide \$955,000 or 4.1% of General fund total sources of funds. Special permits and City issued licenses are expected to provide approximately \$17,000.

Intergovernmental Revenue – Revenues that the City receives from any other governmental agency are considered intergovernmental revenues. These revenue types include state-shared revenues such as state revenue sharing, alcoholic beverage licenses, half-cent sales tax, etc. and are collected by federal, state, and local authorities and re-distributed to the cities and counties based on state-mandated formulas. Intergovernmental revenue is estimated to generate approximately \$806,800 or 3.5% of the General fund’s source of funds.

Revenue projections for these taxes are based on trend analysis of prior years' activity compared to year-to-date actual revenues; projections are adjusted to reflect any deviation from the trend based on current known circumstances (i.e. approved grants) and staff's estimates concerning expected economic conditions in current and future years.

Charges for Services – These sources include planning-type (development) permits, solid waste tipping fees, police services, and indirect costs charged to certain other funds for central services provided by the General Fund to those self-supporting funds. Charges for services are estimated to provide approximately \$2.6 million of the general fund total funding sources.

Planning and development fees are established by ordinance at rates sufficient to recover the direct and indirect costs of the planning department's permit-issuance activities. Solid waste tipping fees are collected pursuant to the terms of an interlocal agreement with Lee County. Indirect costs are collected based on an independent indirect cost study conducted annually to calculate the allocated costs of the central services provided to each program activity of the City.

Other Revenues – Fines and forfeitures, including court fines, parking and other ordinance violations, are estimated to contribute \$45,000 of general fund sources. Projections are based on trend analysis of prior year's activity. Miscellaneous revenue includes interest earnings, rents and contributions. This revenue source is estimated at \$85,000 of general fund total sources. Projections for interest earnings are based on the City's fixed income investment program and market rates of return.

Other Financing Sources – Payment in Lieu of Taxes (PILOT) is a transfer from the beach parking fund and sewer fund to the general fund to compensate the City for property tax revenue it loses because of the nature of the ownership of the piece of property. In fiscal year 2018, PILOT is estimated to provide \$421,950 of the general fund total funding sources. The Capital Acquisition fund is returning \$250,000 in unused funding to the General fund in fiscal year 2018.

In fiscal year 2016, a one-time transfer of \$400,000 from the transportation fund to the general fund was made to repay the General fund for transportation related expenditures the General fund paid for when the City of Sanibel did not receive bridge toll revenue from Lee County. Since the funds have been repaid, no transfer relating to transportation expenditures was budgeted in fiscal years 2017 or 2018.

Uses of Funds

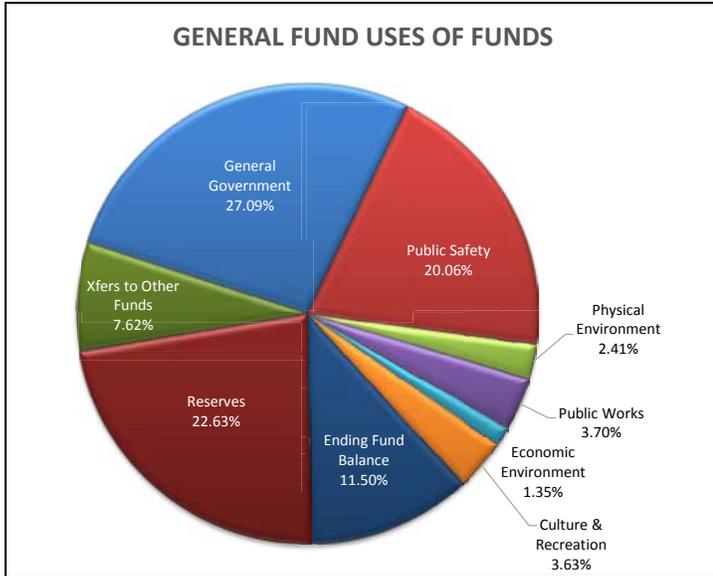

Uses of funds are broken down by functional classification, as required to be reported to the state of Florida each year. Although the City's budget is legally adopted at the fund level, each of the departments included in the functional classification has a respective line-item detail budget included in the supplemental schedule section of this document. Under the direction of a Department Director, each department has also included an organization chart and department narrative describing its mission, activities and goals for the budget year.

Total budgeted operating expenditures for FY18 are \$13.5 million, a 6.9% increase from the fiscal year 2017 adopted budget. Personnel expenditures are 7.3% higher than fiscal year 2017 adopted budgeted, operating expenditures are 8.0% higher and grant expenditures are 2.7% higher.

Overall personnel costs increased from the fiscal year 2017 adopted budget primarily due to the previously mentioned increases in the City's retirement plan contributions and increased staffing in the Police Department that was approved by the City Council during fiscal year 2017.

Pension actuarial assumptions were less favorable than fiscal year 2017 due to investment returns being lower than anticipated (6.17% vs. estimated 6.75%), little employee turnover, lower than expected inactive member mortality rates and earlier than expected retirements. Additionally, funding retirements increased due to the adoption of a mandated change in the mortality assumptions.

The following section summarizes each department’s budget by its functional classification:

General Government

This classification represents expenditures required to operate the administrative, legal, planning, technology operations and financial obligations of the City are classified as general government expenses. General Government expenditures are budgeted at approximately \$6.3 million, 46.5%, of total operating expenditures and represent the largest category of expenditures. General Government operating expenditures are 7.9% higher than the fiscal year 2017 adopted budget. All departments had an increase in personnel expenses due to wage increase and pension expenditures. Other operating expenses not related to personnel increased primarily in Information Technology, which is a result of

additional data processing and computer services such as email security, encryption monitoring, and mobile device management. In addition, there was an increase in repair and maintenance relating to video and security projects and Police Department licensing and support. Other general government expenditures increased primarily due to premium increases in property, flood, and windstorm insurance.

The variance of General Government fiscal year 2018 operating expenditures compared to the fiscal year 2017 amended budget drops to 5.7% primarily due to employee wage increases being reallocated from the compensation reserve to the departments after the budget is adopted. Similar treatment is included in the budget for fiscal year 2018 (wage adjustments are included in a personnel reserve until after the fiscal year begins).

The supplemental section of this document includes of detail budget for each department, with comparisons to prior year information.

Public Safety

The City’s police department is included in the General fund and budgeted at approximately \$4.4 million, or 32.8% of the total General fund operating expenses. Also included in public safety is the Sanibel Emergency Management Program (S.E.M.P.). This department is budgeted at approximately \$228,000. Fiscal year 2018 expenditures in Public Safety increased 8.5% compared to the fiscal year 2017 adopted budget primarily due to the addition of four police officers and one police lieutenant to the department. In addition, increases in special pay, field training officer pay, vehicle allowances and shift differential pay contributed to the variance.

Physical Environment

The main focus in the physical environment function is the City's natural resources department, which is tasked with the protection and maintenance of the City's natural environment. The budget for natural resources is expected to be approximately \$485,000. This function also includes the recycling department, budgeted at \$71,000.

Physical Environment's FY2018 budgeted expenditures are 3.2% higher than the fiscal year 2017 adopted budget and substantially flat compared to the fiscal year 2017 amended budget. The 3.2% increase is due to an increase in personnel expenditures.

Public Works

The public works department is responsible for maintenance of the City's infrastructure, public facilities, and parks. Transportation expenses related to roads and bridges are accounted for in a special revenue fund. The public works budget for the budget year is expected to be approximately \$854,000 of the general fund operating expenses.

Public Work's fiscal year 2018 budgeted expenditures are 0.1% lower than the fiscal year 2017 amended budget and 3.7% higher than the adopted budget primarily due to increases in personnel costs.

Economic Environment

The City has an agreement with a nonprofit organization, Community Housing and Resources, Inc. (CHR), to aid in the provision of below income and affordable housing. Current year assistance is budgeted at approximately \$312,000, which is the same as the fiscal year 2017 amended budget for annual support. Negotiations are currently ongoing between the City and CHR and are expected to be completed by the end of October 2017.

Culture/Recreation

The City is committed to supporting local art and culture events and facilities. Through various operating agreements, the City assists local cultural and artistic entities in their operations by providing funds to assist with expenses. The City's contribution to the Barrier Island Group Arts Center (BIG Arts) is expected to be \$19,885 which is unchanged from the FY2017 support. The City's financial support to the Historical Museum and Village is budgeted at \$140,194, which is a 5.4% increase from fiscal year 2017 adopted budget. Negotiations are currently ongoing between the City and the Historical Museum and are expected to be completed by the end of September 2017.

Most of the budget in this category is in the maintenance of public facilities, which is budgeted at \$678,325 in fiscal year 2018.

Culture/Recreation fiscal year 2018 budgeted operating expenditures are 0.8% lower than fiscal year 2017 adopted budget and 6.8% lower than fiscal year 2017 amended budget. The decrease from the adopted budget is primarily due to repair and maintenance reductions in public facilities. The decrease compared to amended budget is primarily due to a reduction in budgeted repair and maintenance.

Other Financing Uses

Other financing uses of funds include the City's various reserves and transfers to other funds (interfund transfers). Interfund transfers represent revenue that is collected in one fund but is used in another fund. For example, the City transfers funds from the general fund to the special revenue recreation center fund each year to support the recreation facility and the Center 4 Life.

Transfers to other funds are budgeted to be approximately \$1.8 million, a 38.3% decrease from the adopted fiscal year 2017 budget. The main reason for the decrease is that the Capital Acquisition Fund, which is General Fund supported, does not need a transfer in the current year due to adequate funding for the current year capital expenditures in the beginning fund balance. The increase in the beginning fund balance is due to several projects not being completed in fiscal year 2017 (the largest being delaying the commencement of the technical upgrades to MacKenzie Hall until other upgrades with MacKenzie Hall can be combined with this project to increase efficiencies).

A detailed schedule of interfund transfers is included on page 49 of this document.

General Fund Reserves

Reserves are maintained for specific circumstances and are budgeted in each year. The City has established a budget for reserves for specific circumstances as detailed below.

General Fund Reserves	FY 2018	FY 2017		
		Adopted	Amended	Estimated Usage
Contingencies	\$ 175,000	\$ 175,000	\$ 155,000	\$ 20,000
Environmental Initiatives	1,000,000	1,000,000	1,000,000	-
Insurance Deductibles	215,000	215,000	215,000	-
Disasters	3,700,000	4,500,000	4,422,000	1,743,000
Personnel Services	137,000	145,000	-	145,000
Total Reserves	\$ 5,227,000	\$ 6,035,000	\$ 5,792,000	\$ 1,908,000

In September 2017 Hurricane Irma had a significant impact on the City. Approximately \$1.7 million in disaster reserves are expected to be utilized in fiscal year 2017. The fiscal year 2018 budget reduces the disaster reserves to \$3.7 million, of which a significant portion is expected to be utilized for continued recovery from Hurricane Irma. The City is expecting reimbursement from Federal and State agencies for the majority of the expenditures related to recovery efforts in fiscal year 2018.

Ending Fund Balance

The ending fund balance has three components. The first is a cash flow reserve dictated by the City's fund balance policy and based on a percentage of operating expenses, currently 17%. This \$2.3 million cash flow reserve will provide operational cash for October and November until the City receives its first distribution of ad valorem tax revenue from the Lee County tax collector in early December.

The second component is a restricted balance of \$275,000, which represents an interfund long term loan balance owed by the sewer fund to the general fund. The sewer fund makes a \$275,000 annual payment to the general fund pursuant to Resolution #11-064 adopted August 2, 2011.

The remainder of ending fund balance is the amount budgeted to be available for appropriation in the subsequent fiscal year as beginning fund balance and is projected to be approximately \$94,000 for fiscal year 2018.

TRANSPORTATION FUND – SPECIAL REVENUE FUND

Sources of Funds

The Transportation Fund has an expected beginning fund balance of \$1.10 million. The main revenue sources are comprised of the collection of gas taxes (which are expected to be \$1.83 million in FY2018) and the receipt of surplus toll revenue from Lee County from the Sanibel Causeway, which are expected to be approximately \$1.52 million in fiscal year 2018. Both of these revenue sources are restricted for transportation related expenditures.

In addition, the City expects to collect \$45,000 in state shared revenues, \$7,000 in motor fuel tax rebates, and \$25,000 in interest earnings.

Uses of Funds

This fund is used to clearly align transportation expenditures with gas tax revenue, as required by Florida statute, and toll revenue, as required by an interlocal agreement with Lee County. Additionally this fund records repair and maintenance, operating supplies and road materials supplies related to transportation.

Operating expenditures (which include employee expenses) in fiscal year 2018 are budgeted to be approximately \$3.88 million.

A portion of the ending fund balance has been reserved for the Dunes subdivision resurfacing project and personnel services. In FY2018, the amount reserved is \$613,000.

BUDGET BRIEFS

- ◇ The budget for causeway tolls was reduced in the fiscal year 2018 budget due to the uncertainty on the effect that Hurricane Irma will have on causeway traffic.
- ◇ The FY2017 budget for operating expenses was amended to include the remainder of the 2016 Streets Resurfacing and Shared Use Path Repair Program and that was not completed.
- ◇ In FY2018 operating budget increased 10% compared to FY2017 adopted budget primarily due to the traffic education and outreach program, a traffic feasibility analysis, indirect cost allocation to General Fund, and an increase in repair and maintenance.
- ◇ The fund includes a reserve of \$600,000 for the Dunes neighborhood resurfacing project. \$200,000 is being reserved annually to fund the estimated \$1 million cost of the project when completed in fiscal year 2019.
- ◇ FY2018 non-operating budgeted expenditures decreased since a transfer is not being budgeted to the capital projects fund in FY2018. The estimated beginning fund balance in the capital transportation fund is sufficient to finance the FY2018 capital projects. This decrease is partially offset by an additional \$200,000 in contributions to the reserve for the Dunes resurfacing project.
- ◇ The fund balance at the end of FY2017 is expected to be approximately \$40,500.

ROAD IMPACT FEE FUND – SPECIAL REVENUE FUND

Sources of Funds

This fund was established in fiscal year 1990 to account for the collection of funds generated by road impact fees pursuant to an interlocal agreement between the City and Lee County. The fund is budgeted to have a beginning fund balance of \$920,486 for fiscal year 2018.

It is anticipated that \$150,000 is to be collected and available for appropriation in fiscal year 2018. In addition, \$15,000 in interest earnings is budgeted.

Uses of Funds

Pursuant to the interlocal agreement, road impact fees are retained by the City and can be used only for improvements made to Sanibel-Captiva Road, Palm Ridge Road, Tarpon Bay Road, Periwinkle Way, Causeway Boulevard, Lindgren Boulevard, East Gulf Drive, Middle Gulf Drive, West Gulf Drive and Rabbit Road.

There are no expenditures planned from this fund for fiscal year 2018.

COMMUNITY PARK IMPACT FEE – SPECIAL REVENUE FUND

Sources of Funds

This fund was established in fiscal year 1990 to account for the collection of funds generated by community park impact fees pursuant to an interlocal agreement between the City and Lee County.

The fund is budgeted to have a beginning fund balance of \$150,772 available in fiscal year 2018.

The City expects to receive \$15,000 in impact fees from the County in fiscal year 2018. In addition, \$750 in interest earnings is budgeted.

Uses of Funds

Pursuant to the interlocal agreement, community park impact fees are retained by the City and can be used only for capital improvements to community parks.

There are no expenditures planned from this fund for fiscal year 2018.

SHELL HARBOR CANAL DREDGING – SPECIAL REVENUE FUND

Sources of Funds

On July 19, 2011, City Council Resolution No. 11-057 created an assessment district for canal dredging. The district was divided into an East and West district. Shell Harbor is the West District. This fund was established at the request of the Shell Harbor homeowners for the purpose of tracking revenues and expenditures related to the canal dredging project. The project involves dredging of the entrance channel to the canal system on an as-needed basis. The assessment does not include funding for dredging of the internal canal system, which last occurred in the early 1990's.

Funding for this project is received from the City, property owners, and the Sanibel Marina. The assessment is collected annually and historically dredging occurred approximately every two years as needed. However, the entrance channel was dredged in both 2016 and 2017 which depleted the estimated FY2018 beginning fund balance to \$83.00

Uses of Funds

Miscellaneous operating expenses of \$1,000 are budgeted in the fiscal year.

	Fiscal Year	Fiscal Year	Fiscal Year 2017			FY18 Budget

SANIBEL ESTATES CANAL TRIMMING – SPECIAL REVENUE FUND

Sources of Funds

On July 20, 2004, City Council Resolution No. 04-067 created a special assessment district to finance Sanibel Estates canal area vegetation trimming. This fund was established to provide for the annual trimming of mangroves and other vegetation adjacent to and within the canals of the Sanibel Estates Canal Area in order to provide for navigability by owners and the general public through the canals and protect the health, safety and welfare of the adjacent owners and public in general. The estimated cost is currently \$10,000 per year. 1/3 of the cost of the project will be paid by the City and 2/3 of the cost for the project will be paid by the property owners.

Uses of Funds

Dredging in the current budget year is expected to be approximately \$10,500.

	Fiscal Year	Fiscal Year	Fiscal Year 2017			FY18 Budget

SANIBEL ISLES/WATER SHADOWS DREDGING – SPECIAL REVENUE FUND

Sources of Funds

This fund was established pursuant to City Council Resolution No. 07-104, adopted on August 21, 2007. Funds are used to dredge the entrance to the canals of the Sanibel Isles-Water Shadows Area on an as-needed basis (not anticipated to be annually). The project shall provide for navigability by owners and the general public through the canals and to protect the health, safety and welfare of the adjacent owners and public in general.

Uses of Funds

Annual funding for the Sanibel Isles-Water Shadows area is \$15,000 per year. 1/3 of the cost for the project will be paid by the City and 2/3 of the cost for the project will be paid by the property owners. This entrance channel was dredged in fiscal year 2010 at a cost of \$14,400 and in 2017 at a cost of \$37,459.

BUILDING DEPARTMENT FUND – SPECIAL REVENUE FUND

Sources of Funds

This fund was established pursuant to Florida statute, which requires that building permit-type fees be expended solely for building department inspections, plan review, fee collection and other building-related expenditures. Beginning available fund balance in the fiscal year is expected to approximate \$968,000. Permit fees are budgeted at \$825,000. A comparison of actual, estimated and budgeted fees is presented below:

	FY14 Actual	FY15 Actual	FY16 Actual	FY17 Estimated	FY18 Budget

Total	\$ 626,961	\$ 619,107	\$ 817,667	\$ 923,541	\$ 825,000

Uses of Funds

The cost to operate the Building Department is budgeted at \$1.1 million for direct and indirect costs. Of this amount, \$603,000 is for personnel services and \$513,000 for operating expenses. A personnel services reserve of \$9,200 is included in the budget.

The fiscal year 2018 ending fund balance is estimated to be approximately \$653,000.

RECREATION FUND – SPECIAL REVENUE FUND

Sources of Funds

This fund was established to separately collect revenue and expense associated with the City’s recreation facility. This fund includes the Recreation Center facility and the Center4Life seniors program.

Beginning available fund balance is budgeted to be \$40,592. Budgeted revenues include \$25,000 in intergovernmental revenue from the Lee County School Board, representing a 20% reimbursement for electric costs and \$35,000 in contributions and investment earnings.

Charges for services provided by the recreation center and its programs are budgeted at \$916,000 for the fiscal year, reflecting certain fee increases. Charges for services by type of charge are estimated in the chart below.

	FY14	FY15	FY16	FY17	FY18
	Actual	Actual	Actual	Estimated	Budget

In fiscal year 2016, the City Council addressed the rising costs to the General Fund in supporting the Recreation Center and its various programs. In response to this, the Council mandated a maximum support cost of \$1.4 million would be provided to the Recreation Center on an annual basis. In fiscal years 2016 the operations of the Recreation Center were able to stay within the maximum funding with minimal effect on operating conditions. The same held true for fiscal year 2017; however an additional \$170,000 was transferred from the General Fund at year-end to compensate for the recovery expenditures related to Hurricane Irma. In fiscal year 2018, due to increases in expenditures and declining revenues, the budget required some adjustments to programs and fees.

In fiscal year 2017, after Hurricane Irma went through the City, the Recreation Center was closed and used as a public shelter for residents of the City. As a result, revenue expectations were lowered and an additional transfer from the General fund was made to support the emergency operations in fiscal year 2017.

Uses of Funds

The adjusted cost to operate the Recreation Fund based on the reduction of operations noted in the Budget Initiatives section is budgeted at approximately \$2.2 million, a decrease of 6.9% compared to fiscal year 2017 adopted budget.

BALL FIELD MAINTENANCE – SPECIAL REVENUE FUND

Sources of Funds

The funding for maintenance for the shared use ball field located at the Sanibel School is received from three sources: Lee County, the Lee County School Board and the City, pursuant to existing interlocal agreements for operating expenses, exclusive of capital outlays.

Intergovernmental revenue is budgeted approximately \$150,000 for the fiscal year, which includes operating and capital revenues received from Lee County and the Lee County School Board.

A transfer of \$122,000 is expected to be made from the general fund to fund the City's portion of operating and capital expenditures.

Uses of Funds

Operating costs of maintaining the ball fields adjacent to the Sanibel School expected to be approximately \$310,000.

GOVERNMENT FUNDS DEBT SERVICE

The City has issued general long-term debt for certain projects that have been deemed to be in the public interest. These debt issuances are accounted for in the governmental debt service funds and are secured by the full faith and credit of the City of Sanibel. The debt service for governmental issuances are paid by levying ad valorem taxes on an annual basis.

Currently, the City has two outstanding issues:

- \$2.97M General Obligation Bonds for the purchase of environmentally sensitive land at Pond Apple Park. First authorized by the citizens of Sanibel in 2001, the debt was refinanced in 2012 to take advantage of better interest rates
- \$6.52M General Obligation Bonds for the construction of the City’s Recreation Center facility. First authorized by the citizens of Sanibel in 2006, the debt was refinanced in 2016 to take advantage of better interest rates

The City has taken a strong position on reducing all outstanding debt. The schedule below shows the history of the outstanding governmental debt as of September 30, 2016:

DEBT SERVICE FUNDS SUMMARY

Debt service funds account for the receipt of debt proceeds and the payment of principal and interest for governmental activities (non-sewer) related loans and other long-term debt issuances.

2012 \$2.97M GENERAL OBLIGATION REFUNDING BONDS – DEBT SERVICE FUND

Sources of Funds

A referendum held in November 2001 approved the purchase of land at Pond Apple Park authorized a debt issuance of \$3.825 million in General Obligation Bonds. In 2012, \$2.97 million in General Obligation bonds were issued to refund the 2002 bonds. Ad valorem taxes are levied on an annual basis to repay the principal and interest on this debt obligation.

Uses of Funds

The bonds have a fixed interest rate of 2.07% due semiannually and mature in August 2022.

The repayment schedule for the bonds is as follows:

Fiscal Year	Principal	Interest	Total Payment
FY 2019	305,000	26,186	331,186

2016 \$6.52M G.O. REFUNDING BONDS-RECREATION CENTER FACILITY –DEBT SERVICE FUND

Sources of Funds

A referendum held April 4, 2006 approved the June 20, 2006 issuance of \$8,350,000 of general obligation bonds to build a new recreation center. In FY2016, \$6.515 million was refinanced at more favorable interest rates and a 15 year maturity. Ad valorem taxes are pledged to repay the principal and interest on this debt through the final maturity in FY2030.

In current fiscal year \$582,811 in taxes will be levied on a millage rate of 0.1155. An allowance for undercollection of \$17,484 in tax is budgeted to recognize the discount taken by those paying their taxes between November and February. Interest earnings are budgeted at \$3,000.

Uses of Funds

The original bonds maturing in 2036 with interest rates from 4% to 4.35% were refunded in 2016 with a fixed rate bank loan of 2.32% maturing in 2030, which resulted in a net present value savings of \$1.2 million to the City's taxpayers.

The repayment schedule for the bank loan is as follows:

Fiscal Year	Principal	Interest	Total Payment
FY 2019	415,000	132,472	547,472
FY 2020	425,000	122,844	547,844

NOTE: FY 2015 actuals include the Periwinkle Way Road and SUP Fund, which was closed in FY2015 and not included in the detail fund information on the following pages.

CAPITAL PLANNING AND ASSET ACQUISITION FUND – CAPITAL PROJECT FUND

Sources of Funds

The City uses a capital project fund to account for its acquisitions of general governmental capital assets. These projects are funded in current fiscal year by a beginning fund balance of \$1.04 million and miscellaneous revenues of \$13,500.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document. In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 300. Total appropriations for the fiscal year are budgeted to be approximately \$787,000.

TRANSPORTATION CAPITAL PROJECTS FUND – CAPITAL PROJECT FUND

Sources of Funds

This fund is used to account for major transportation related capital projects. The transportation capital project fund is expected to have a beginning budgeted fund balance of approximately \$904,000. The major source of revenue for this fund is transfers from the Transportation Special Revenue Fund, which receives gas taxes and Causeway tolls for transportation purposes; however, in the current year, no transfer is considered necessary as beginning fund balance is expected to cover current year expenditures.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document. In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 301. Total capital outlays for the fiscal year are budgeted to be \$802,343.

RECREATION FACILITY SINKING FUND – CAPITAL PROJECT FUND

Sources of Funds

The City Council approved the establishment of a sinking fund on September 18, 2012 for the rehabilitation and replacement of components and equipment at the Recreation Center Complex. This fund is funded in the current fiscal year by the carry-forward of \$904,875 in available beginning fund balance, interest earnings of \$8,000, and a transfer from the General Fund of \$225,000.

Uses of Funds

The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document. In the CIP, each of the projects is listed by department and then identified in the left hand column as Fund # 370.

Total outlays for the fiscal year are budgeted to be \$471,000 in accordance with the rehabilitation and replacement schedule. The schedule is updated annually. A reserve of \$600,000 has been incorporated in the fiscal year 2018 budget for future major Recreation capital projects, as detailed by the Sinking Fund schedule.

Estimated ending fund balance that is scheduled to be utilized in subsequent years is \$66,875.

PROPRIETARY FUNDS BUDGET

Proprietary funds are used to account for the business-type (enterprise) activities of the government. The City's two enterprise funds are the Sanibel Sewer System Fund and the Beach Parking Fund.

Enterprise funds account for operations that are financed and operated in a manner like private business enterprises; where the intent is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Fees or charges are the primary revenue source for proprietary funds. However, the sewer system enterprise fund also receives tax revenue from a voter-approved tax levy to pay debt service related to the capital expansion projects to construct the system.

SANIBEL SEWER SYSTEM – ENTERPRISE FUND

The sewer system's main treatment plant is on Donax Street and a secondary plant is on the west end of the island, the Wulfert Plant. The system has a total treatment capacity of 2.5 million gallons per day (mgd), 2.375 mgd at the Donax Plant and 0.125 mgd at the Wulfert Plant. The Wulfert Plant has been offline since 2007 and is currently only used for reclaimed water storage.

Beginning in 1995, a wastewater master plan was developed in conformance with the Sanibel Plan, which provided for a phased expansion to provide sewer service to the entire island. To date the following phases have been completed: Phase 1 which included South Capers, Sanibel Highlands, Sabal Sands, Lagoon Estates, Sanibel Place, Sanibel Lake Estates, Periwinkle Partners, Sanibel Pines, Dixie Beach, Sanibel Shores and Area U; Phase 2A on Rabbit Road; Phase 2B on the east end of the island; Phase 2C on the southwest end of the island; Phase 3A included Gulf Pines and the San-Cap Commercial district and Phase 3B on the northwest end of the island and Phase 5 for the Sanibel Bayous. The expansion for Phase 4 is currently underway.

The City also provides reclaimed water to certain customers. Reclaimed water is a nutrient rich by-product of a biological treatment process. Due to its origin and composition, federal, state, and local ordinances regulate the use of reclaimed water. Reclaimed water is produced at the City's Donax Water Reclamation Facility. It flows from an advanced treatment process that cleans wastewater to a very high quality. The quality is monitored continuously by the City and the State. Reclaimed water has been used to irrigate the golf courses on the island for many years. In order to conserve drinking water and assist in reducing customer bills, it is now available to homes and condominiums located adjacent to the reclaimed water transmission line.

The cost of the expansion projects has been funded by state revolving (SRF) loans granted by the state of Florida's Department of Environmental Protection. The low-interest rate, 20-year loans are being repaid from three sources; ad valorem taxes, special assessments and system operating revenue.

A special voted debt service ad valorem tax levy was adopted by voters at referendum in 1998. The levy provides an additional SRF repayment source so that assessments on benefiting properties could be reduced.

For the current fiscal year, this sewer voted debt service tax rate has been levied at 0.1813 mills which will cost a taxpayer \$18.13 per \$100,000 of taxable property valuation.

The current year budgeted capital improvement plan includes \$5.2 million for the Donax Process Improvement project which will improve effluent quality by reducing nutrient loadings, increasing the current permitted design capacity, and extending the useful life of the facility. It is anticipated that the Sewer Fund will borrow funds in fiscal year 2018 for construction of this project. However, neither the funds expected to be received nor the related debt service is included in the budget. When the funding mechanism and amount of required debt is determined, it will be presented to City Council for their approval and the budget will be amended accordingly.

SANIBEL SEWER SYSTEM – ENTERPRISE FUND

Sources of Funds

In addition to the roll-forward of prior year balances, ad valorem tax revenue of \$914,837 (less a reserve of \$27,445) is budgeted from the levy of the 0.1813 millage rate. Residential and commercial user fees for wastewater are budgeted at \$6.8 million and effluent fees at \$0.3 million, both which reflect a 4% increase in rates charged to general customers.

A reimbursement grant in the amount of \$825,000 was awarded from the State of Florida Department of Environmental Protection for the Donax Plant Improvement project which includes denitrification modifications and plant upgrades. It is expected the fund will completely expend this grant in 2018.

Fines from the delinquent payment of sewer bills are included in other sources of revenue and are budgeted at \$19,000. Interest earnings and miscellaneous revenue which includes Wulfert and Donax tower rental receipts is budgeted at \$276,600.

Special assessment principal and interest collections from benefitted customers are budgeted at approximately \$899,000, which increased from the fiscal year 2017 adopted budget due to two additional assessed areas – Phase IV which includes West Gulf Drive and Woodring Road.

Non-operating sources of revenue include \$175,000 in capital contribution fees related to new customers entering the system.

Uses of Funds

Operating expenses including sludge removal, laboratory services, utilities, repair and maintenance, insurance, indirect (central services) costs and other contractual services are budgeted to be approximately \$2.8 million. Sixteen (16.3) full-time positions and one part-time position manage, operate and provide engineering services to the system at a cost for salaries and fringe benefits of approximately \$1.7 million.

Capital projects are budgeted at \$5.8 million in FY2018 of which \$5.2 million is budgeted for the Donax Water Reclamation Facility process improvement project (the City has received a reimbursement grant for \$825,000 from the State of Florida for this project which is included in the sewer revenue budget). As mentioned above, the City is pursuing treatment improvements to improve effluent quality to reduce nutrient loadings, increase the overall permitted capacity of the plant, and extend the useful life of the facility. The detail of each project accounted for in this fund is included in the 5-Year capital improvement plan (the CIP), which is located in the Supplemental section of this document.

The principal and interest budgeted for debt service is \$3.4 million, including the 2014 Series Bonds, the SRF loans and a repayment to the general fund for a long-term interfund loan. Although the issuance of debt is expected to support the funding of the sewer plant project, no debt proceeds or debt service is included in the fiscal year 2018 budget. Once final funding sources are identified (grants, loans, etc.) the budget will be amended as appropriate.

The system also budgeted \$7,500 for payment in lieu of taxes (which is paid to the General Fund), \$100,000 in disaster reserves and \$26,000 for personnel services reserves.

¹ The budgeted amount includes principal and interest; however, the actuals from previous years only include interest as principal amounts are recorded to the balance sheet.

BEACH PARKING FUND – ENTERPRISE FUND

Sources of Funds

Pursuant to ordinance, parking fees are charged at \$4.00 per hour at the City's seven (7) beach parking locations: Lighthouse, Gulfside City Park, Tarpon Bay, Bowman's, Blind Pass, Boat Ramp and Turner Beach. Per hour parking rates budget to remain at \$4.00 per hour. Revenues from this source are budgeted at \$2.8 million for fiscal year 2018; net of the 6% sales tax remitted to the state department of revenue.

Revenue from parking permits is budgeted at \$145,000 and parking violation revenue is estimated to be \$125,000. The majority of intergovernmental revenues are received from the Lee County Tourist Development Council and more fully explained below.

Uses of Funds

In addition to the enforcement of the ordinance, user fee revenues are used to maintain the beach facilities as well as provide shared-use path access to the beaches. An operating line-item budget is included by function in the supplemental schedules section of this document and the 5-year capital improvement plan is detailed at the end of this document.

An operating grant in the amount of approximately \$1.54 million from the Lee County Tourist Development Council (TDC) has been applied for and tentatively approved to augment beach maintenance. In addition to the operating grant, \$80,000 in capital grants was tentatively approved. However, the \$1.54 million in tentatively approved TDC grant revenue is not included in the fiscal year 2018 budget. When signed contracts are received by the City, the budget will be amended to reflect the grant revenue.

In the unlikely event a grant that has been tentatively approved does not receive final approval from the Lee County Commission; the City's budget will be adjusted accordingly.

LEGISLATIVE DEPARTMENT – GENERAL FUND

GENERAL GOVERNMENT FUNCTION

CITY CLERK

Pamela Smith, MMC served as Deputy City Clerk for the City of Sanibel from December 01, 1999 until March 2005, at which time a charter amendment passed and she was sworn in March 15, 2005 as the City of Sanibel's first City Clerk. She also held the position of Emergency Management Coordinator from 1999 to 2002 where she worked closely with the Lee County Emergency Operations Center. In her capacity as Emergency Management Coordinator she belonged to the Florida Emergency Preparedness Association (FEPA) and Lee County Emergency Management Committee. She represented the City as the Lee County Emergency Operation Center liaison until 2012. She was the President of the Florida Association of City Clerks (FACC) in 2009/2010. She is the current International Institute of Municipal Clerks (IIMC) Region III Director which encompasses Alabama, Georgia, Florida, North Carolina and South Carolina. She graduated in 2014 with an Associate's Degree in Criminal Justice from Southwest Florida College and earned her Bachelor of Science in Public Service Administration in June 2016 from Southwest Florida College. She has over 30 years of County and Municipal experience.

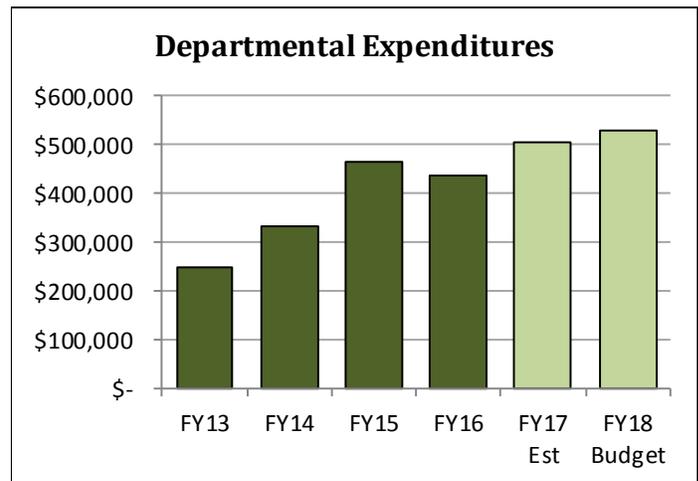

DEPARTMENT STRUCTURE

LEGISLATIVE DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

Provide accountability, stewardship and accessibility to all forms of City public records. Create and protect the transparency of government and provide an impartial, independent voice regarding the business of government. Provide exceptional clerical and administrative support to City Council members; accurate and responsive recording and transcription services of City Council meetings, as well as specific services to City Committees and Boards. Manage the use of Council Chambers (MacKenzie Hall). Prompt and accurate distribution of City Council and Departmental mail; prompt and accurate responses to the needs of the general public, which include either walk-in visitors, phone calls and/or e-mails to City Hall.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Expense of retrieval of off island City paper records and the cost of records storage for documents required to be stored in perpetuity during transition to a paperless system
- Additional expense to store the City's historical land file paper records off-island that require digitization
- Due to disintegrating microfilmed record the need to convert paper files to a digitized format
- Continue to work with and provide support to City staff to digitize City records in accordance with the State Retention Schedule while converting paper records to ensure a paperless operation
- Continuity of Automated Agenda Software for public use and continue to upgrade the Document Imaging software that will allow better performance from paper records and train new employees

ACCOMPLISHMENTS

- Accommodated 21,427 incoming calls and 4,674 walk-ins
- Responded to 97,422 emails
- 100% of City Council legislation prepared for authentication and digitized within same day of adoption
- Responded to 520 public records requests
- All staff cross trained to provide improved service to the public and City departments
- Continued training with City on-line vendor

LEGISLATIVE DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Provide information to the public for City Council and Planning Commission meetings relative to the City's Redevelopment Work Plan and other Council projects
- Provide water quality information to citizens and other elected officials to increase public awareness
- Maintain website information within 1 day of updated information
- Continue to control overtime expenditures as needed to meet City Council's schedule
- Continue to reduce promotional activity expenses

To Support Departmental Objectives:

- Continue to control overtime
- Continue to revise work process book to reflect software integration and work duties
- Utilize Automated Agenda process for an accurate accounting and transparency for City Council, Planning Commission, Committees and Boards meeting record keeping active
- Produce meeting audio to the website within 2 days to ensure transparency to residents and visitors
- Utilize training opportunities for employees
- Continue to enhance cross-training employees

RESPONSIBILITIES

- Provide administrative services to City Council and other departments as necessary
- Assist City Council with meeting schedules and registrations at City Hall as well as State, Regional and Federal without error
- Post all City public meeting notices via bulletin board
- Coordinate City Council support material for committees and boards for which councilmembers participate
- Process City Council and Departmental incoming and outgoing mail
- Coordinate and utilize automated agenda process and meeting audio streaming for City Council, Planning Commission, City Committees and Boards
- Take and transcribe summary minutes for City Council, Planning Commission, City Committees and Boards
- Assist employees with continued training regarding the automated agenda process, minutes and audio streaming
- Provide assistance for Planning Commission meetings and Code Enforcement hearings as necessary
- Coordinate City Council travel schedule and reimbursement for expenditures
- Complete City Council, City Clerk, Deputy City Clerk and Legislative employees P-card statements each month
- Provide telephonic, email and person-to-person information relative to City services

LEGISLATIVE DEPARTMENT – GENERAL FUND RESPONSIBILITIES (CONTINUED)

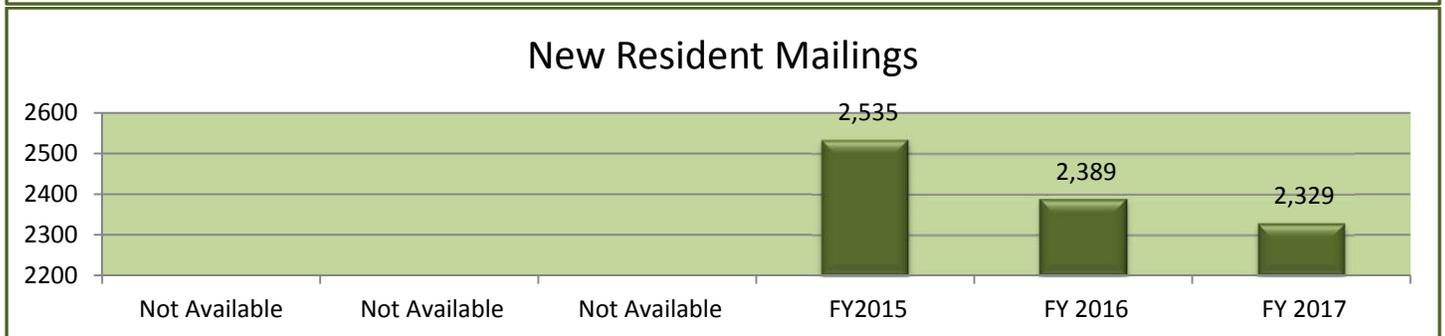

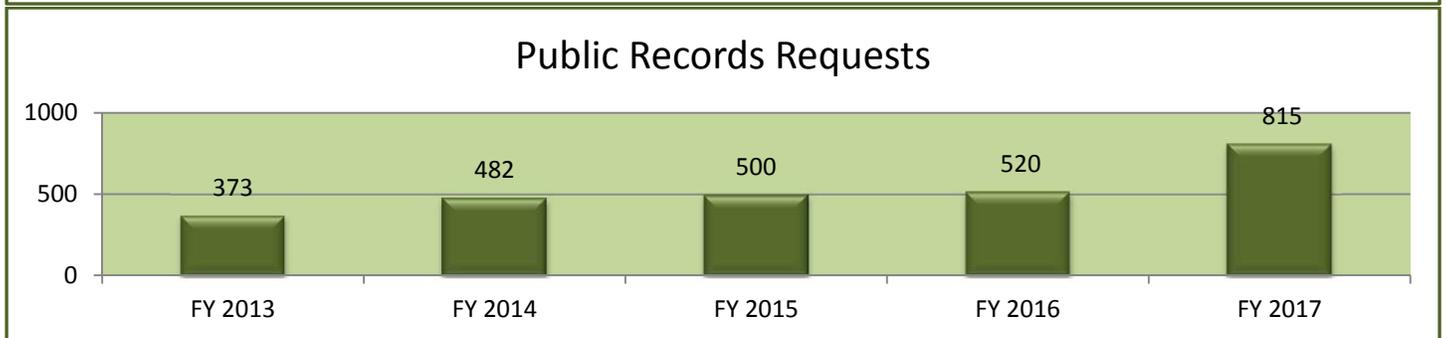

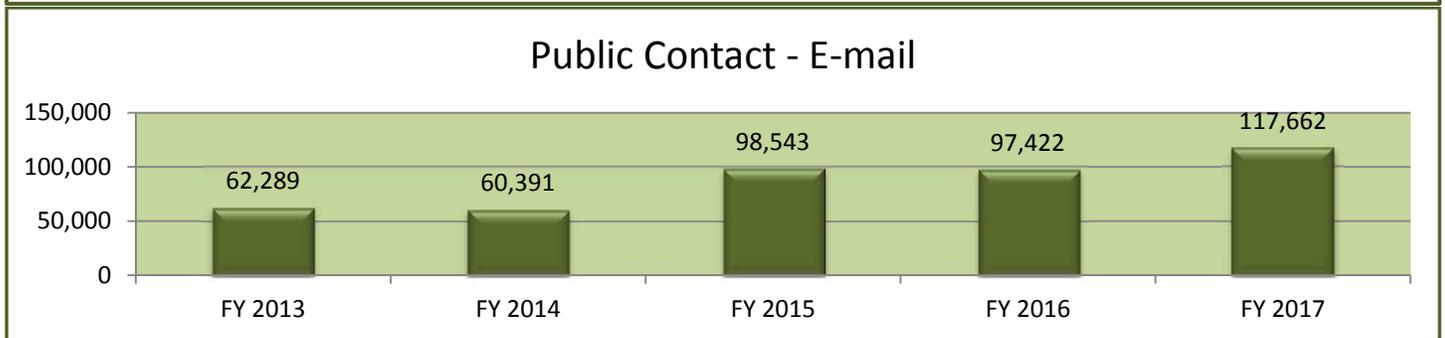

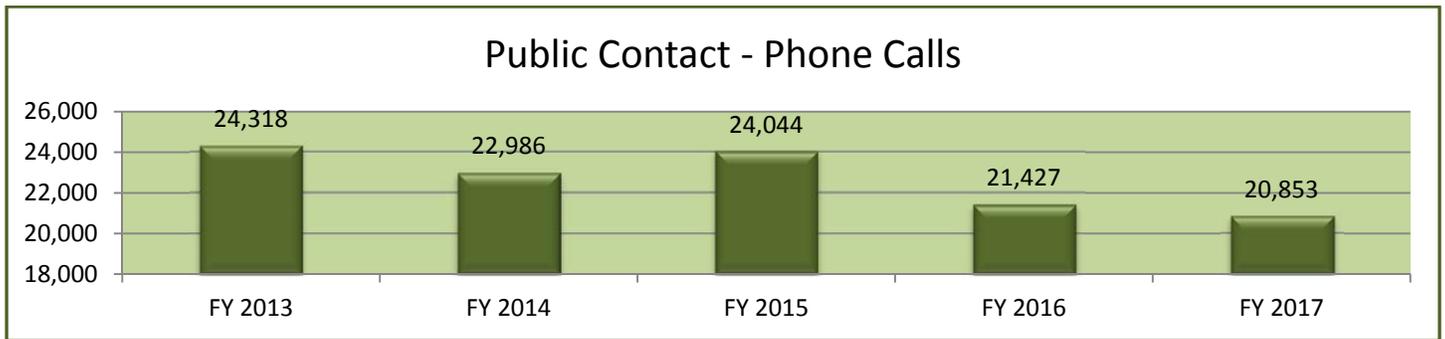

- Coordinate message for after-hours pertinent to City business relating to City Hall closures, road work, traffic advisories and other related information
- Digitize and maintain records and documents for City Council, Planning Commission, City Committees and Board meetings
- Train other employees regarding the City's digitizing program
- Digitize and maintain all legislation and meeting minutes off-island in perpetuity
- Maintain the City-wide telephone listing
- Maintain inventory of committee, J. N. "Ding" Darling National Wildlife Refuge, and Sanibel Captiva Conservation Foundation brochures
- Prepare invoices for payment
- Maintain a listing of Home Owner Associations as made available by community and other departments
- Coordinate all legislation for codification in a timely fashion
- Provide accurate and timely responses to the public and other governmental agencies
- Update monthly City meetings and newly adopted legislation to website
- Coordinate Special Events such as Student Government Day and the City's 40th Anniversary of Incorporation, New Resident Reception and New Business Reception as well as City co-sponsored events
- Post and E-mail press releases and other special information releases to the public and community leaders

ADMINISTRATIVE DEPARTMENT – GENERAL FUND

GENERAL GOVERNMENT FUNCTION

DIRECTOR

James R. Isom has been employed with the City of Sanibel since 2002. Jim earned a Bachelor of Arts degree in Liberal Studies from the University of Oklahoma. His experience in Human Resources includes 35 years with the Department of Army with his last assignment as Deputy Chief of Staff for Personnel, U.S. Army Depot System Command (retired 1994), Human Resources Manager and Regional Human Resources Manager for Envirotech Inc. in Harrisburg, Pennsylvania, and Human Resources Manager for Harrisburg International Airport in Pennsylvania and for the City of Fernandina Beach, Florida prior to assuming his position with the City of Sanibel.

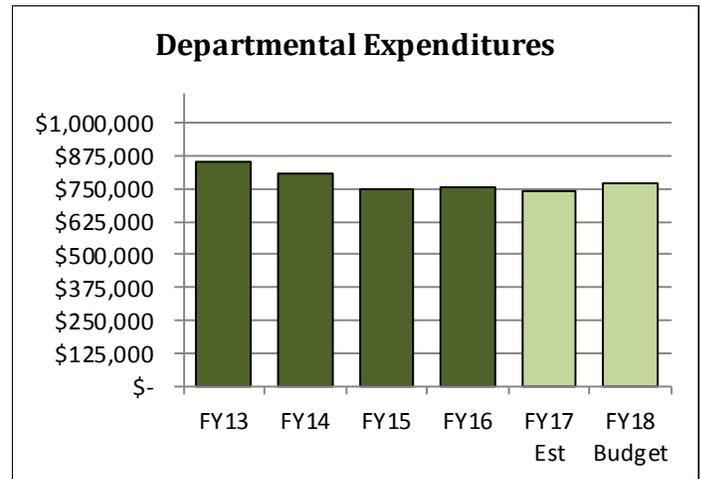

DEPARTMENT STRUCTURE

ADMINISTRATIVE DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

To provide the highest level of dedication and service to Sanibel citizens, City Council and City employees by providing, quality, timely, and appropriate draft legislation; processing requests for special events permits; providing quality, efficient and responsive personnel and labor management services consistent with modern organizational principles; attracting and retaining a highly trained, qualified, diverse and effective work force; promptly addressing and responding to the risk management needs of the City.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Containing healthcare costs through plan changes and competitive bids
- Attracting and retaining quality personnel in an increasingly competitive job market
- Attracting qualified and quality applicants for part-time, seasonal, employment
- Continuing to provide quality employee training while minimizing impact on productivity

ACCOMPLISHMENTS

- Improved skills in creating an automated employment eligibility examination for vacant positions
- Negotiated three-year agreement with the Fraternal Order of Police
- Acquired on-site training to improve efficiency and effectiveness and reduce training costs
- Negotiated three-year agreement with the American Federation of State, County and Municipal Employees
- Provided on-site influenza and pneumonia vaccine for employees
- Provided CDBG funding to Community Housing Resources to rehabilitate below market rate housing
- Continued to improve the automated on-boarding process for new hires
- Implemented an ADA accommodation process for electric scooter and electric wheelchair beach access

ADMINISTRATIVE DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Continue to monitor workhours of part-time employees based on Affordable Care Act requirements
- Reduce employment advertising costs

To Support Departmental Objectives:

- Assist Finance department in implementing an automated time and attendance process
- Develop master introduction and training plan for all employees to comply with Neogov On-Boarding
- Assist in implementing an automated citizen self-service and complaint process
- Continue to improve employee professional and administrative skills through on-site training, webinars and other low-cost training opportunities

RESPONSIBILITIES

City Manager

- City Administrator
- Monitors development of City Council agendas
- Carries out City Council policies
- Implements administrative policies and procedures
- Directs day-to-day City operations
- Proposes annual budget
- Executes approved City budget
- Responds to resident requests, complaints and needs
- Meets with citizens and resident groups

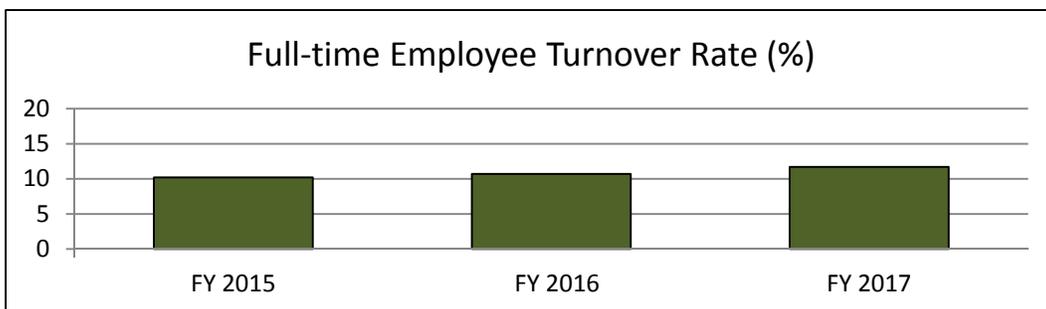

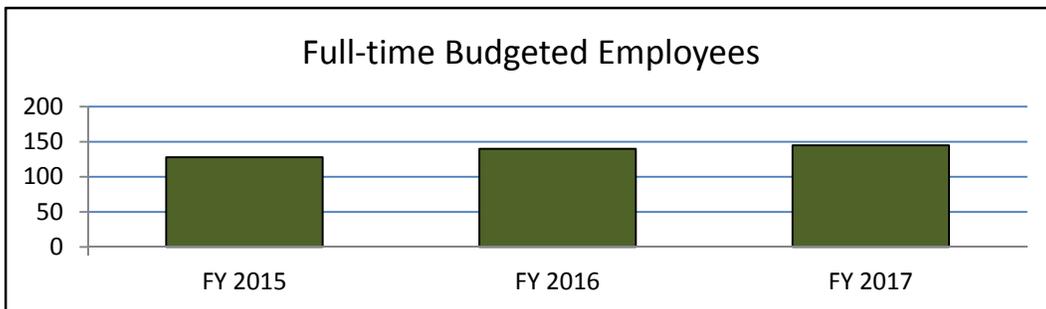

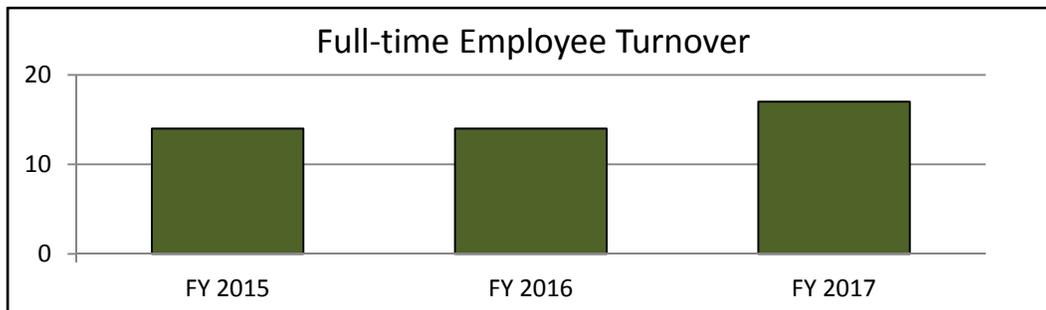

Admin Services Director

- Human Resources
- Benefit Administration
- Employee Relations
- Labor Relations
- Position Classification
- Employee Training
- Risk Management
- Liaison with CHR

INFORMATION TECHNOLOGY DEPARTMENT – GENERAL FUND GENERAL GOVERNMENT FUNCTION

DIRECTOR

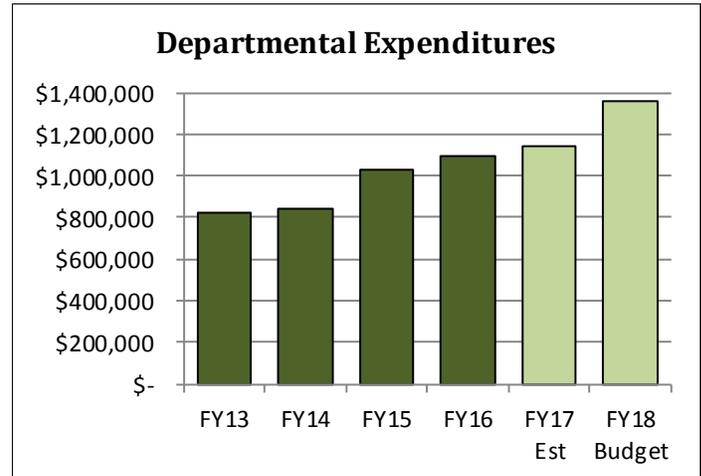

Director Albert Smith, Jr. was hired in 1998. He has 16 years of service with the City and over 25 years in the IT field.

The Director earned a Bachelor of Science degree from Towson State University. He is also earned the designation of Certified Government Chief information Officer Florida through a partnership with the John Scott Dailey Florida Institute of Government and the Florida Local Government Information Systems Association. Director Smith earned SANS Institute certifications in Security and Firewall.

INFORMATION TECHNOLOGY DEPARTMENT – GENERAL FUND DEPARTMENT FUNCTION

Provide after hours and routine support of City's mission critical, network security and other systems. This includes Public Safety, Utilities, enhanced web and internet capabilities, 109 computers, 15 laptops, iPads and significant system security areas. Identify and implement new technology to increase City services and transparency. Maintain appropriate levels of Staff training for technology. Develop and implement and maintain disaster technology capabilities.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

The City has implemented significant new technology over the past several years that is expected to continue over the next several years. As the City increases its reliance on technology throughout its business functions, there are issues and challenges specifically related to information technology that should be addressed:

- Maintaining the IT staff knowledge and training with new technology and software;
- Redesigning the City's web site and new online services to improve navigation and searching. The City already has a significant volume of data on the web and significant additional data will be added each year;
- Adopting new industry standard technologies quickly enough to still be viable. The issue is balancing the emergence of technology with the time it takes to validate and implement the new technology;
- Maintaining access to technology knowing that Sanibel is highly susceptible to natural disaster. Since this means applications and data will be located outside of the City's network, connectivity to the internet must be ensured. Additionally, the City will need to increase connectivity speed as demand increases;
- Maintaining secure and reliable systems in an era of increasing security threats. The IT department participates in annual audits from the City's financial auditor and the Florida Department of Law Enforcement. The resources and costs for security are increasing each year;
- Most new technology projects provide efficient, transparent, and public access to the City's operations, but typically increase the demand for IT resources. This increase in resource demand leads to longer times to complete new projects. To address this issue, the IT department is looking to external expert resources.

INFORMATION TECHNOLOGY DEPARTMENT – GENERAL FUND EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

Other General Issues and Challenges:

- During the period that the City transitions between its legacy and new platform for its core application suite, it will incur costs for both systems;
- The migration of the City's video systems from several different separate systems to a single integrated enterprise quality solution comes with initial investment expenses;
- Managing digitized City documents and the process to digitize documents. It is very important to appropriately index digital data so that it can be easily located without having to have specific information about the data being retrieved. The City continues to evolve its understanding of how complicated indexing of its digital data is. Locating the best outside resource to assist the City to digitize data is also an issue.

ACCOMPLISHMENTS

- Expansion of City's integrated video and security systems to additional areas.
- Increased use of Amazon Web Services for cloud applications and long term storage of City critical data.
- Upgrading City core network to support higher demands of current and future audio, video, VoIP and Cloud services.
- Designed, migrated and managed all technology implementations that took the City from 25 stand alone computers with dial up Internet to today's capabilities.
- City's publicly accessible traffic cameras.
- City's Sanibel Traffic Cams app.
- The City's video system that monitors City Hall, Lighthouse Park, the boat ramp, the Recreation Center and patrol cars.
- Transitioned the City's web site from a static system that was updated solely by IT to the current content managed system updated by all City departments.
- Migration of the City's Recreation Management System to a host cloud solution with a Cloud based antispam system
- Implemented dual and redundant connectivity to the Internet.
- Migrated 50% of City's backups to Amazon's Cloud.
- Implemented a cloud based Agenda management system.
- Migrated the City's email system from local Microsoft Exchange servers to Office 365 Government
- Implementation of the City's Community Notification Emergency Alert system
- Implementation of County damage assessment program for Police Department and Building Department damage assessment team
- Migration of integrated Police Department dispatching and reporting system to the shared Lee County Sheriff's system
- The migration and upgrade of the City's financial, building and planning software from HTE to Munis.
- Online access to City's flood elevation certificates

INFORMATION TECHNOLOGY DEPARTMENT – GENERAL FUND DEPARTMENT OBJECTIVES

To Support Council Goals:

- Use technology to enhance transparency and public access to City information.

To Support Departmental Objectives:

- Respond to critical City requests for service within 10 minutes
- Maintain a secure and reliable network infrastructure including essential system and security patches
- Identify and develop plan to match current IT skill sets to future technology projects.
- Develop plan to move City's core data and applications to Cloud based technology
- Maintain City's backups
- Keep City FCC licenses current

PERFORMANCE INDICATORS

Description	Actual FY 2013	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
Systems - Internal	Not Tracked	66%	57%	51%	38%
Systems - External/Cloud	Not Tracked	34%	43%	49%	62%
After Hours Support Calls	Not tracked	100	51	77	102
All Emails Through City	689,042	720,449	791,933	416,782	412,370
Staff Email Requests for Service To IT Support	2,788	2,187	2,498	2,908	2,110

* In September 2015, the City migrated to a new anti-spam system that likely was responsible for the significant change in email counts.

INFORMATION TECHNOLOGY DEPARTMENT – GENERAL FUND RESPONSIBILITIES

- Secure, redundant, and reliable network with remote access.
- Routine maintenance, upgrades and backups for servers and user computers.
- Administration and advanced technical support for City's web site.
- Mackenzie Hall audio, video and digital recording systems.
- City email subscriber system used for press releases.
- Disaster planning and business continuity technology planning and implementation.
- Technology research, purchasing and processing of a significant number of monthly invoices, voice and data processing.
- Telephone system.
- Security and video systems.
- Public traffic cameras.
- Police department Dispatching and Reporting systems.
- City wide core application suite (Munis and "HTE").
- In house application development and custom reporting

FINANCE DEPARTMENT – GENERAL FUND

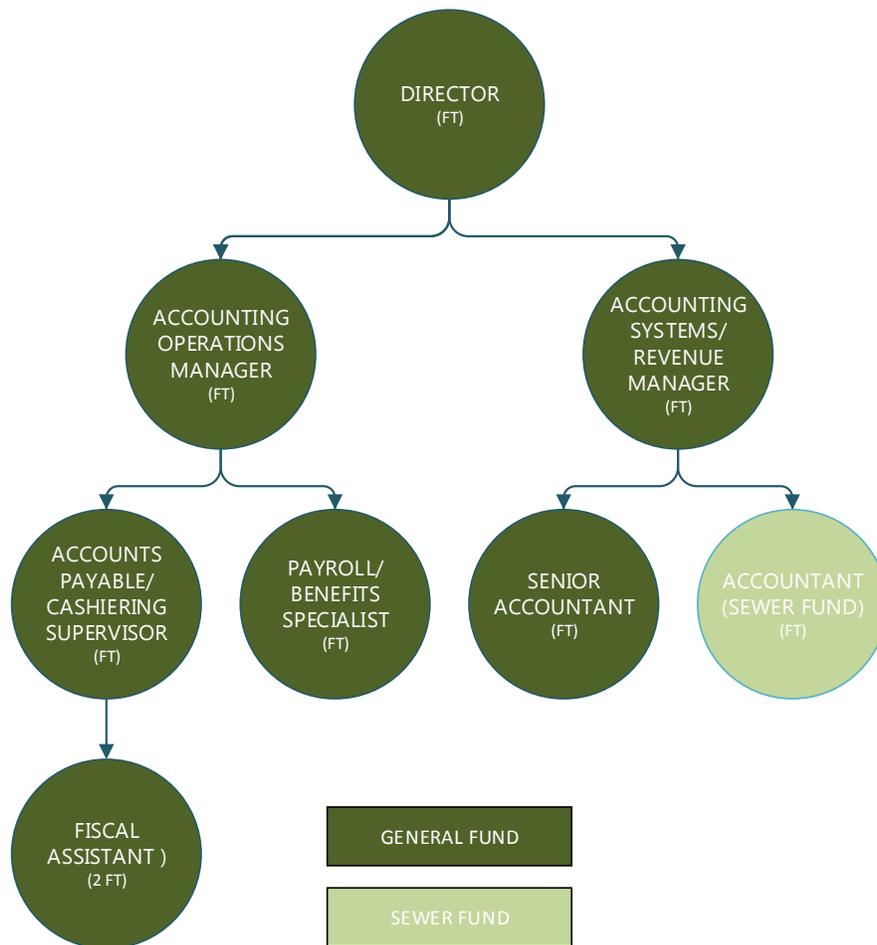

GENERAL GOVERNMENT FUNCTION

DIRECTOR

Steven C. Chaipel has been employed with the City of Sanibel for four years and was promoted to Finance Director in 2016. He has 10 years of experience in governmental accounting and finance and more than 25 years of management experience in the governmental and private sectors. He earned a Master of Science in Accounting and Taxation from Florida Gulf Coast University, where he also completed his undergrad in Accounting. He is fully licensed as a Certified Public Accountant by the State of Florida and has earned the designation as a Certified Public Finance Officer from the Government Finance Officer’s Association.

Steve leads an 8-member team to manage the City’s financial and budgeting operations, purchasing, utility billing, collections and customer service. His department oversees preparation of the budget, financial analyses and reports, staff payroll and accounting of all municipal duties. He is a member in good standing of the Government Finance Officers’ Association of the United States and Canada (GFOA), the Florida Government Finance Officers’ Association (FGFOA), the Florida Institute of Certified Public Accountants (FICPA), and the Florida Association of Business Tax Officials (FABTO).

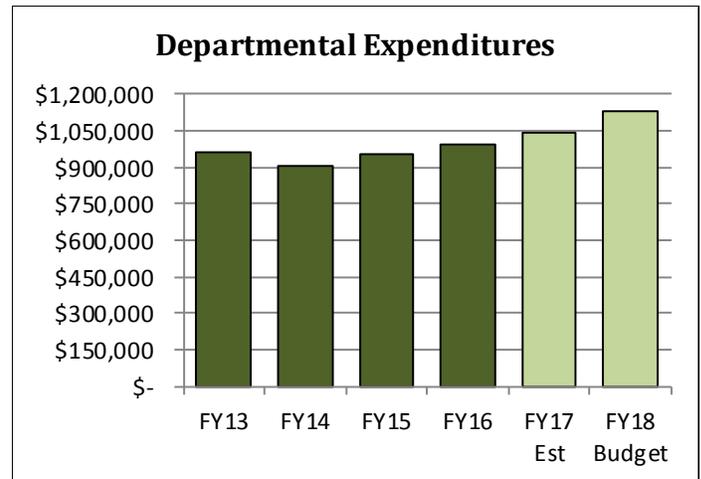

DEPARTMENT STRUCTURE

FINANCE DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

To safeguard and accurately account for City assets, bill and collect funds due to the City, process payment of payroll and other expenses owed by the City, collect business receipt taxes, prepare the annual [City budget](#) and [Comprehensive Annual Financial Report](#), complete special financial projects, such as bond issuance, ensure compliance with municipal finance and taxation regulations defined by Florida statute and provide timely budgetary and financial data to management, Council and Sanibel citizens.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- The Department has experienced over 50% turnover in the last 4 years, primarily due to retirement. Additionally, the Department expects several additional retirements within the next 5 years. The challenge is to ensure that the institutional knowledge is transferred as appropriate; however, with new employees come opportunities to reexamine policies and procedures for possible streamlining and improved productivity and efficiency.
- Project management and oversight responsibilities in the continued implementation of new software for permitting, business tax collection, code enforcement, internal and external work orders, fleet and facilities maintenance, capital asset tracking, citizen's request tracking, and citizen financial transparency initiatives.
- Developing specific financial policies to provide long-range guidance and direction for sound fiscal management and to provide efficient and effective financial support services to all City departments.

ACCOMPLISHMENTS

- Received the Government Finance Officers Association Distinguished Budget Presentation Award for fiscal year 2017 and received the Excellence in Financial Reporting award for fiscal year 2016.
- Developed monthly reporting of key metrics, budget and financial information for dissemination to Executive Staff and Management.
- Successfully completed fiscal year 2016 audit with no comments for financial improvement from the City's independent auditors.

FINANCE DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To continue to enhance financial communication tools (i.e. budget document, quarterly reports) for the general public and City Council members
- Analyze revenue collection policies and procedures to determine where improved efficiencies and cost-savings can be realized
- To implement web-hosted government transparency software which allows citizens to browse interactive graphs and charts, to view spending trends year-over-year and to drill down to transactional details

To Support Departmental Objectives:

- Implement an employee timekeeping collection solution to reduce processing time of bi-weekly payroll
- Automate employee expense record keeping and reimbursement procedures
- Develop and follow sound financial strategies and provide needed financial information to make informed decisions for the City and its citizens

LEGAL DEPARTMENT – GENERAL FUND GENERAL GOVERNMENT FUNCTION

CITY ATTORNEY

Kenneth B. Cuyler, Sanibel City Attorney, graduated from the University of Florida with a Bachelor of Science in Business Administration, earned Major in Accounting, and received his Juris Doctorate degree from Stetson Law School. After serving for approximately 2 ½ years with the State Attorney's Office in Naples, Mr. Cuyler was offered a position with the County Attorney's Office. At the age of 33, Mr. Cuyler became the Collier County Attorney and served in that position for approximately 10 years, ultimately supervising a staff of 10 attorneys, 4 paralegals, a total staff of 25, and serving as chief legal advisor to Collier County general government and the Collier County Utilities District, both entities with \$100,000,000 plus budgets.

In 1995, Mr. Cuyler left the County Attorney's Office to pursue a legal career in the private sector and from 1995 until 2002 served with two prominent law firms in the City of Naples. In 1997, Mr. Cuyler was retained by the City of Naples to serve as legal counsel and was retained by the new city of Marco Island in the fall of 1997, serving as its first City Attorney after incorporation and during the City's formation of its governmental structure. Mr. Cuyler has also represented various districts, boards, private clients, etc. Mr. Cuyler joined the City of Sanibel as its City Attorney in 2002.

DEPARTMENT STRUCTURE

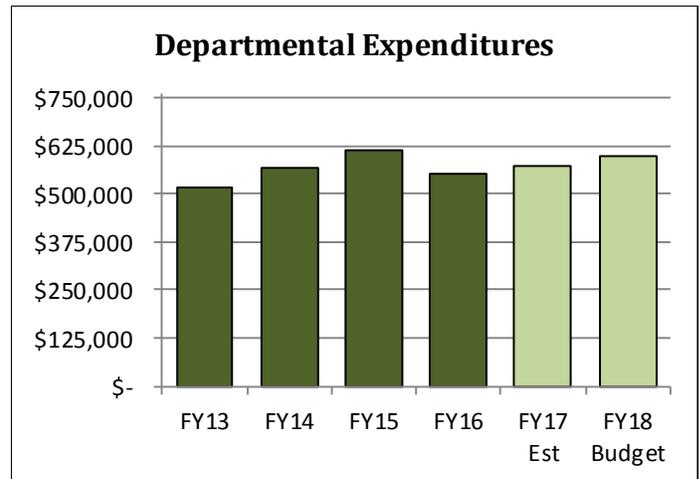

LEGAL DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

The City Attorney's Office provides high quality legal services on a cost-effective basis to the City Council, Planning Commission, City Manager, City Staff and the Advisory Boards. This includes preparation or review of City Ordinances and Resolutions for Council consideration, preparation of accurate and timely legal opinions, preparation or review of Contracts and Interlocal Agreements, review of documentation provided by City Departments for legal form and sufficiency, legal research, the filing of lawsuits and administrative proceedings when necessary, and the defense of lawsuits and administrative proceedings when necessary. Additional legal services also include,

but are not limited to, recordation of documents, Council and Advisory Boards and Committee orientations on Sunshine Law, and advice to Council and City Staff with regard to current and updated laws and legislation.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Emerging Issues during Fiscal Year 2017-2018 will include mechanisms by which the City can provide and address core municipal services, review options for redevelopment regulations, address water quality issues affecting the City, and address those enhanced services desired by City residents and approved by City Council, within the constraints of the budget determined appropriate by City Council.
- As the City continues to serve the public, the challenge of the City Attorney's office is to stay abreast of ever-changing and complex federal, state and regional laws, rules, regulations and procedures in order to effectively advise and assist City Council, the City Manager, Department Directors and Staff, and Advisory Committees and Commissions so that the best interests of the public can be served and protected. Cost-effective legal services provided at the highest possible level is a continuing goal and challenge, particularly as the Council addresses increasingly complex issues regarding the environment, land use, budget and public projects and services.

ACCOMPLISHMENTS

- Thorough, timely, high quality and cost-effective legal services provided to the City Council, Planning Commission, City Advisory and quasi-judicial Boards and Committees and City Staff in order to provide legal guidance and protection of the City's interests from the legal perspective while the City provided core municipal services and pursued the timely completion of City goals established by City Council.

LEGAL DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- The City Attorney's Office continues to provide thorough, timely, high quality and cost effective legal services to support and further the Council's goals including, but not limited to, sustaining and strengthening the City financial stability, continuing the City's redevelopment work plan and improvement of water quality.

To Support Departmental Objectives:

- With the City operating on reduced budget and staffing for the past several years, the City Attorney's office will concentrate on core services to the City Council, Planning Commission, City Advisory and quasi-judicial Boards and Committees, and Staff, in order to assist all facets of City government to provide core municipal services to the public. The City Attorney will concentrate on providing such legal services in the most efficient and cost effective manner possible, while maintaining the high quality and effective legal services required by the City and the public. The City Attorney's office best serves the community by effective, pro-active legal services and advice to the City Council, City Manager, Department Directors and Staff, and Advisory Committees and Commissions. This allows the City to operate effectively and efficiently within the bounds of all applicable laws and serve the interests of the public in the best ways possible.

RESPONSIBILITIES

Operational Responsibilities:

- Legal advice to the Council, City Boards, City Manager and Staff relating to the City's Charter, Code, Comprehensive Plan and other City regulations, policies and procedures
- Legal Opinions, both written and oral, as necessary
- Document Review for legal form and sufficiency
- Legal Research and analysis
- Advice on enacted Legislation and recently proposed Legislation for Council and Staff
- Attendance at meetings of Council, Planning Commission, quasi-judicial boards and hearings, committees and staff, as necessary
- Preparation and/or review of City Ordinances
- Preparation and/or review of City Resolutions
- Preparation and/or review of Contracts and Agreements
- Preparation and/or review of Interlocal Agreements
- Council and Advisory Boards and Committees Sunshine Law Orientations
- Legal Budget Preparation and Implementation
- Recordation of Documents

LEGAL DEPARTMENT – GENERAL FUND RESPONSIBILITIES (CONTINUED)

- Police Tape Transcriptions to assist Police Department
- Advice on filing of Lawsuits and Administrative proceedings when necessary. Defense of Lawsuits and Administrative proceedings when necessary

TREND ANALYSIS

- The City Council continues to develop and implement its redevelopment work plan, which will incorporate the review of current and any proposed zoning and land use regulations.
- The City of Sanibel and its citizens continue to be increasingly aware of the extreme threat to our environment, including the bays and estuaries nearby, from the nutrient laden freshwater releases from Lake Okeechobee during and after major storm events, as well as contributing causes (nitrogen from fertilizer, septic systems, sewage treatment plants, stormwater runoff, etc.) from the Caloosahatchee Basin. There will be an increased emphasis on coordination and cooperation among Southwest Florida cities and counties on the issue of water quality in recognition of the fact that it is an issue of great regional significance.

PLANNING DEPARTMENT – GENERAL FUND

GENERAL GOVERNMENT FUNCTION

DIRECTOR

James C. Jordan joined the City of Sanibel in 1985 as a planning technician with the Department of Planning and Code Enforcement and was later appointed to the position of planner. He received his Bachelor of Science degree from the University of Florida with emphasis in political science, public administration and urban planning. Mr. Jordan became the City’s planning director in 2009. During his tenure with the City, Director Jordan accomplishments include assisting with the preparation of a draft ordinance establishing a temporary moratorium on cannabis dispensing businesses in order to determine and developed legislation for how such businesses should be permitted and regulated by the City; prepared the Ordinance amending the Land Development Codes Architectural Design Standards for structures devoted to Resort Housing, Commercial, and Institutional uses to allow for optional compliance of building façade articulation when they cannot be seen by the public or are adjacent to undeveloped conservation lands; drafted mandated State model Floodplain Ordinance to amend Chapter 94 of the Sanibel Code of Ordinances for consistency with the Florida Building Code and Federal Emergency Management Agency (FEMA) regulations; facilitated discussion by the Planning Commission to amend permitting and review requirements for Formula Retail Stores; and facilitated and participated in the current discussions and analysis by City Council to assess options available for the prograding and expansion needs of the existing Center 4Life facility.

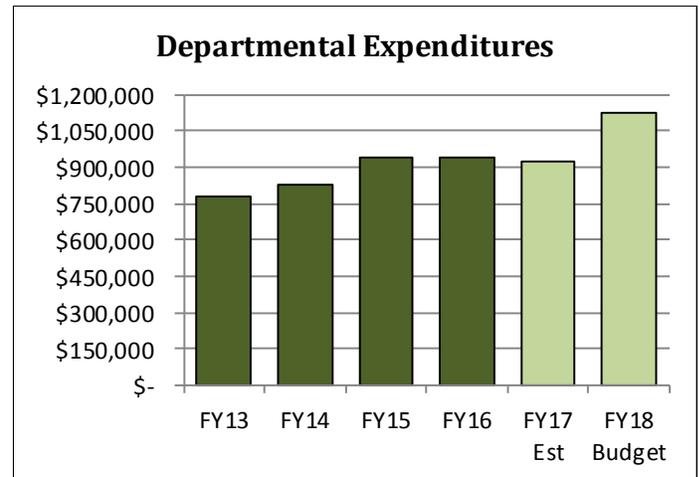

DEPARTMENT STRUCTURE

PLANNING DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

Provide effective and efficient Planning and Code Enforcement services to implement the best land use management practices required to address the City's future growth and redevelopment needs in a manner that is consistent with the [Sanibel Plan](#) and the community's unique character; continue to offer appropriate educational and sound compliance measures necessary to administer the Land Development Code and Sanibel Plan; conserve and protect all environmental and historical resources; and deliver the highest possible level of responsive public service and transparency.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- To ensure that Sanibel continues to remain a vibrant and unique community for both residents and visitors alike, continued department resources must be committed in support of City Council's goals and plans for the:
 - ❖ Redevelopment and rehabilitation work plan for the Commercial District;
 - ❖ Explore available options addressing the facility and programing needs of the Center 4Life;
 - ❖ Development of reasonable sound solutions to help manage and reduce the high seasonal traffic volumes;
 - ❖ Implementation of new permitting and zoning software and digitization of all historical public records and permits stored off-island.
- Continue to preserve the Island's rural character and sense of community by providing for a centralized place where island residents and visitors can gather within a unique setting designed for civic, cultural, educational and social events.
- Addressing the unintended zoning consequences of the growing number of web-based "sharing economy" and "peer-to-peer sites that offer services including, but not limited to, ride sharing, tours, short-term vacation rentals of homes within established residential neighborhoods.
- Conversion, from paper to a digital format, 40 years of historical public records and permit files that are currently stored off-island. Once these records and files are converted, this will eliminate all associated storage cost and improved the retrieval time of these records and files, which are routinely requested by the public and the department and other City staff.
- Implementation of the public education and outreach program pertaining to the City's Outdoor Lighting standards and requirements.
- Provide effective and responsive zoning and code enforcement action that will continue to encourage property owners to improve, maintain, and reinvest in their properties so as to protect the values of properties throughout the City.

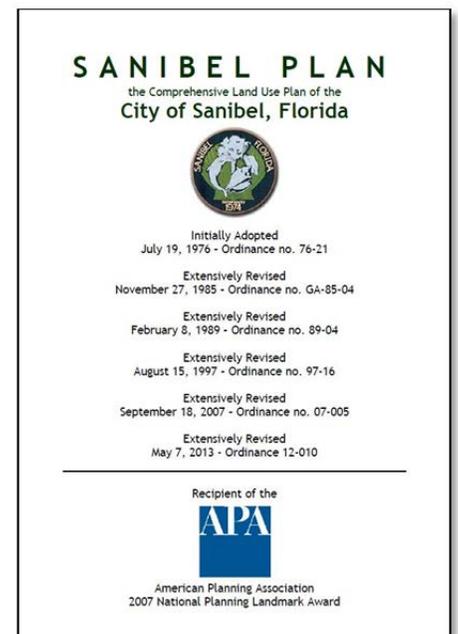

PLANNING DEPARTMENT – GENERAL FUND

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Implementation of new planning and code enforcement software designed to enhance the Department's operation and improve timely responsiveness to citizen requests for assistance and information; Whereby citizens and contractors will be able to apply for permits online, follow a permit's progress, request inspections and access historical records, zoning and land use information.
- Increase training demands for the current and future implementation of new software purchased by the City for purposes of improving the management and retrieval of public records, including, but not limited to, meeting agendas, permits, ordinances, resolution, correspondence, and staff reports, while delivering the same level of responsive customer service without reducing staffing levels.

ACCOMPLISHMENTS

- Drafted Land Development Code amendments and conducted public hearings associated with the adoption of new legislation designed to:
 - ❖ Amend the City's current flood regulations to be consistent with the Florida Building Code and FEMA regulations.
 - ❖ Developed and draft responsible legislation on how to permit and regulate cannabis dispensing businesses within the City; and
 - ❖ Establish new permitting and review requirements for formula retail stores.
- Intake and processing of 669 permits for Fiscal Year 2015-2016 and 583 permits for Fiscal Year 2016-2017 (through July 31, 2017).
- Worked Building Department to ensure that the City receives as many point as possible to maintain its current community rating point within the flood program...

PLANNING DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Continue the city-wide redevelopment work program and develop strategies for:
 - ❖ The Commercial District Redevelopment Plan
 - ❖ The Civic and Cultural Core Master Plan
- Continue to provide educational support and develop enforcement measures to improve and enhance water quality
- Continue to implement internal cost saving strategies to ensure the City's continued economic stability including the ongoing evaluation of the permitting fee structure

To Support Departmental Objectives:

- Complete, for consideration and adoption by City Council, appropriate zoning regulations that will assist with the implementation of the Redevelopment Plan for the Commercial District.
- Evaluate and assist with the appropriate updates for implementation of the City's Civic Core Master Plan in a manner consistent with the Sanibel Plan.
- Complete the digital conversion of the hand-drawn development intensity and ecological zone maps into a geographic information system (GIS) base format for implementation.
- Complete the implementation of a newly integrated zoning, permitting and code enforcement software program that will enhance and maximize the operational efficiency of the Department and allow contractors and citizen to apply for and track the status of any active permit or Code violations.

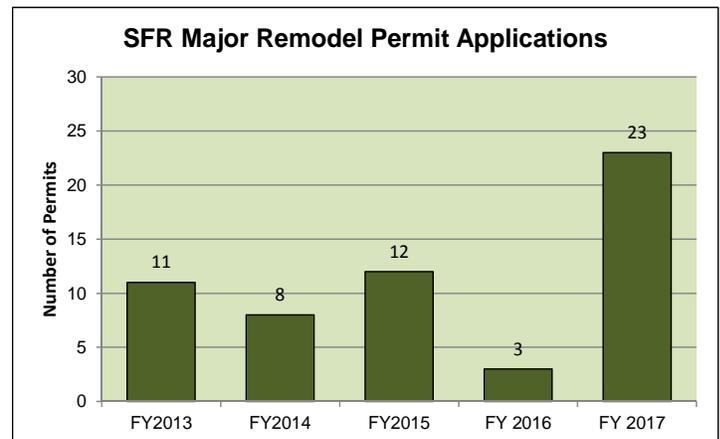

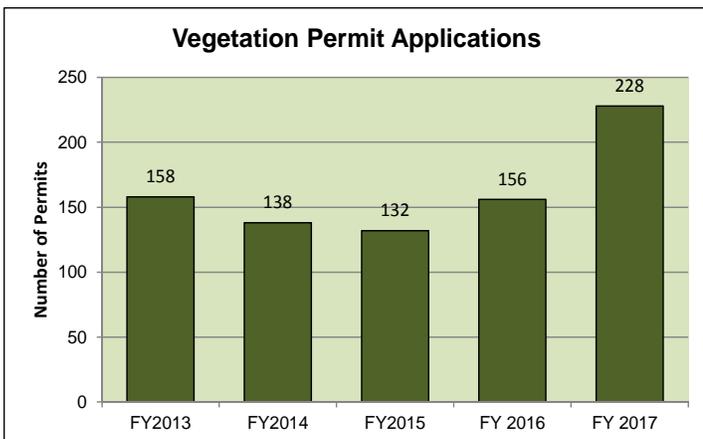

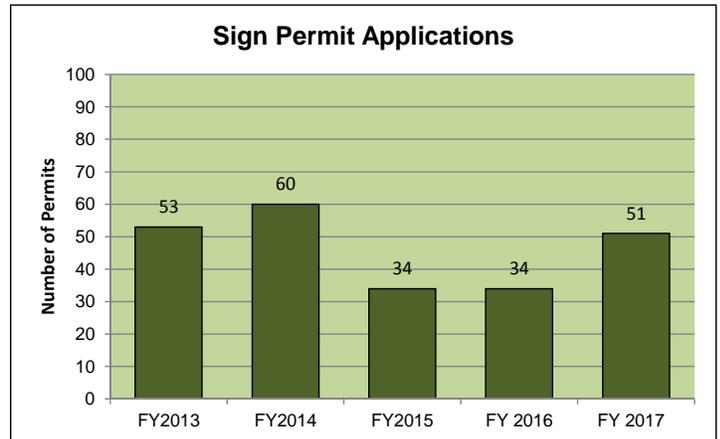

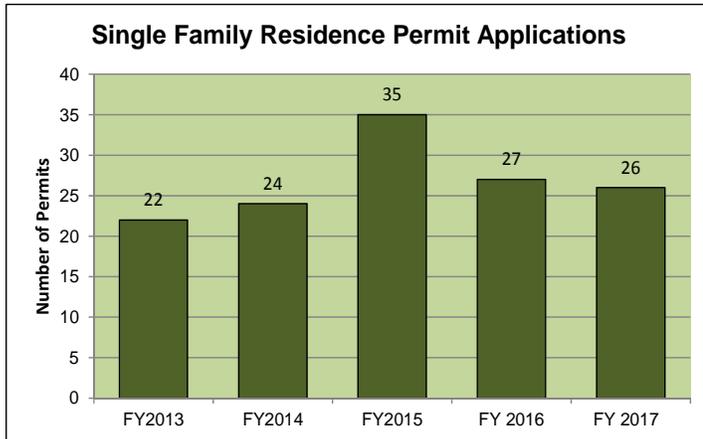

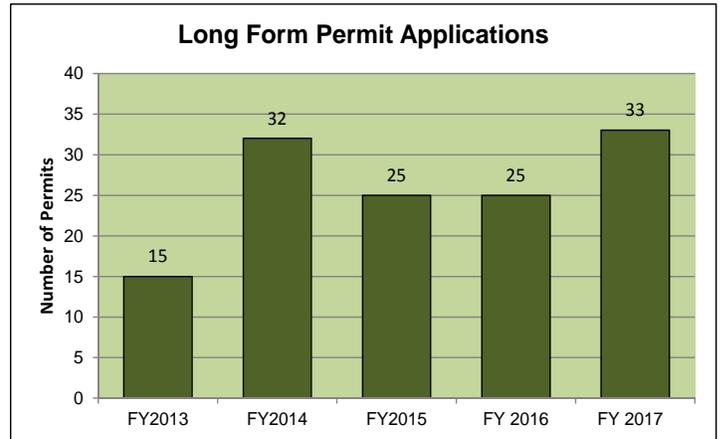

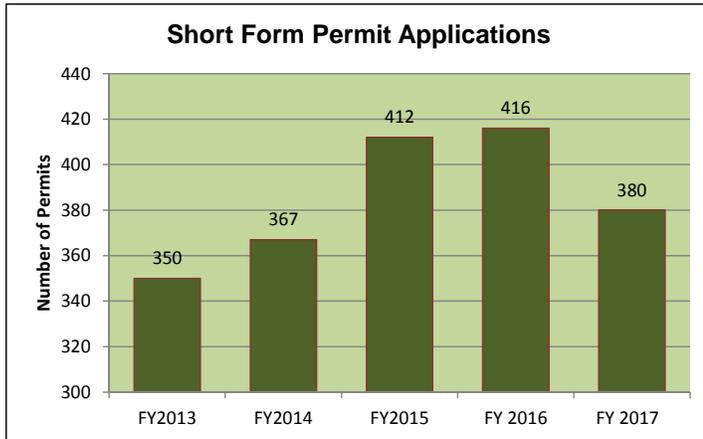

PERFORMANCE INDICATORS

Description	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
City Council Redevelopment Work Project Goals	September 2013	September 2014	September 2015	September 2016
Permits Processed	566	650	669	737
Planning Commission Hearings	20	25	17	19
Code Enforcement Cases and Hearings	490	543	480	586
Retrieval Requests for Off-island Records	721	851	1,162	1,832

PLANNING DEPARTMENT – GENERAL FUND RESPONSIBILITIES

- Provide professional and proactive planning services to City Council, the Planning Commission, appointed committees, the City Manager, City Departments and the community.
- Review and act on development and land use permit applications in an efficient, timely, uniform and thorough manner.
- Administer the Land Development Code through consistent and effective education and enforcement.
- Facilitate timely and accurate public notices, open communication, transparent planning and regulatory processes and procedures, effective citizen participation and innovation in service delivery.
- Maintain, update and implement the Sanibel Plan.
- Manage the City's redevelopment planning program consistent with goals established by City Council.
- Manage public records, consistent with the Florida State Statutes, the Sanibel Code and the City's policies and procedures.
- Provide planning and related services to support and retain local Island-serving businesses and to sustain an environmentally sensitive based economy.
- Provide natural hazard mitigation planning services and, in the event of an emergency, provide administrative, permitting, inspection and support services.
- Increase and improve the public and citizen of Sanibel ability to access and obtain online planning, zoning and other related land management information

GENERAL GOVERNMENT DEPARTMENT – GENERAL FUND GENERAL GOVERNMENT FUNCTION

The General Government department is jointly managed between the Legislative, Administrative Services, and Finance Departments. The expenditures in this department generally relate to City-wide projects, services, goods, etc. and are difficult to assign to one department. The major expenditures in this department are payments to employees under the Retirement Health Savings Plan, professional consulting services, City insurance, and employee education reimbursements.

In fiscal year 2013, excess lump contributions to the City’s pension plans were charged to this department.

General/Liability Insurance Coverage Information

The City of Sanibel is a member of the Florida League of Cities, Florida Municipal Insurance Trust (FMIT), which provides insurance services to over 600 public entities in Florida. Deductibles by type are listed below:

Coverage Type	FY 2016	FY 2017	FY 2018
General/Professional Liability	\$50,000	\$50,000	\$50,000
Automobile Liability	\$50,000	\$50,000	\$50,000
Automobile Comp/Damage	\$1,000 / \$2,000	\$1,000 / \$2,000	\$1,000 / \$2,000
Property	\$100,000	\$100,000	\$100,000

Detailed insurance information is presented below. Premiums shown below include amounts allocated to the various funds where insurance is required. Previously the amounts shown below included the amounts allocated to the general fund.

Type	FY 2016 Budget	FY 2017 Budget	FY 2018 Budget
Property/Liability/Auto/Windstorm	\$ 392,930	\$ 491,952	\$ 548,000
Flood	96,376	92,662	154,445

POLICE DEPARTMENT – GENERAL FUND PUBLIC SAFETY FUNCTION

CHIEF OF POLICE

Chief William Dalton was hired in May of 2004 and promoted to Chief of Police in 2017. He has a total of 23 years of service with the department. He has served in the following positions: chief of police, interim chief of police, major, lieutenant, sergeant and officer. The Chief has earned a Bachelor’s Degree in Criminal Justice from the University of South Florida and a Master of Business Administration degree from Florida Gulf Coast University.

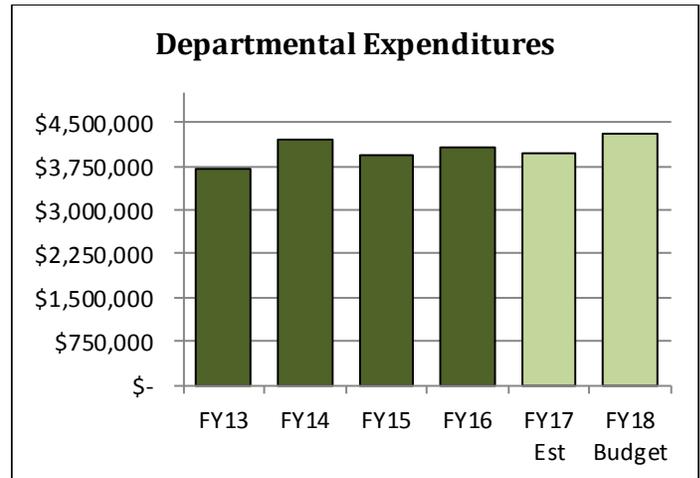

DEPARTMENT STRUCTURE

POLICE DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

The City of Sanibel Police Department proactively patrols all roadways, waterways and beaches with its available resources and enforces all Local, State and Federal laws and ordinances. The Sanibel Police Department proactively communicates crimes that target Sanibel residents and trends derived from analysis of crime statistics alerts the public through press releases and other crime prevention strategies. The Sanibel Police Department maintains and protects the ecosystem for all inhabitants of Sanibel, including residents, workers, visitors and wildlife in the natural environment. In accordance with the Department's community policing philosophy, officers respond 100% of the time for any and all requests for service and investigation of every criminal act.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- During this fiscal year the Police Department went through a change in management for the first time in 15 years, with the retirement of the Police Chief and Major. This resulted in a new Chief of Police, new Major and a restructuring of the department to include 4 Lieutenants
- The focus of the Sanibel Police Department will be to maintain response times and continue to respond to all calls for service and reports of criminal activity.
- The most notable trends on Sanibel in the past year are the increased incidents of burglary and drug related calls.
- Traffic increases, impact of congestion and beach parking capacity limitations causing increased need for traffic control personnel.
- Managing bus visits at public parking lots continues to require attention and ongoing education.
- Upgrading and updating the functionality of communications. This would include redesign of the Communications Room to be more ergonomically correct.
- Documenting interaction between the human population and coyotes
- Maintain service levels and determine methods to reduce motorized vehicles from accessing remote trails.
- Use of new technologies and video systems in crime prevention
- Maintaining staff training and proficiency by deploying new technologies regarding officer safety and call documentation.

POLICE DEPARTMENT – GENERAL FUND ACCOMPLISHMENTS

- Maintain Staff Training Certifications through in house training (CPR, AED, Mandatory continuing L.E. education)
- Received a West Coast Inland Navigation District (WCIND) grant that funds one marine patrol officer
- Completed Active Shooter Awareness training at identified public and private businesses and institutions
- Upgraded the video monitoring technologies

DEPARTMENT OBJECTIVES

To Support Council Goals:

Support Council goal of the development of a long-term sustainable retirement plan through fiscal constraints to stay within the authorized budget and obtain grants to defer costs.

PERFORMANCE INDICATORS

Description	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
Document Code Enforcement violations. Take corrective action against violators through citation or education. Measurement is ordinance violations documented.	423	379	354	300
Maintain safe community through Community Policing and maintain a low crime rate. Measurement to be utilized is total Federally reportable Crimes (UCR) committed on Sanibel	125	112	105	82
Maintain response time at the previous year’s rates. Measurement is the average police response time to a call.	4.32	4.40	4.40	4.40

RESPONSIBILITIES

PATROL DIVISION - OPERATIONAL RESPONSIBILITIES

- Proactively Patrol All Roadways
- Patrol the Beach and Waterway
- Respond to All Emergency Calls
- Respond to All Criminal Complaints
- Respond to All Calls For Service
- Perform Arrests
- Issue Traffic Citations.
- Respond to Traffic Crashes
- Animal Control
- Special Patrol Details
- Environmental Patrol Details
- Alligator Complaints
- Traffic Enforcement
- Report Writing
- Case Preparation
- Traffic Court
- Bureau of Driver Improvement Hearings
- Criminal Court
- Code Enforcement
- Correction Reports
- Criminal Investigation
- Property/Evidence

- Traffic Control
- Collect Mail Dropped for Utility Payment
Deliver City deposits
- Deliver City Council packets
- City Mail Collection
- Department Scheduling
- Business Checks
- Residential Dark House Program

SPECIAL SERVICES - OPERATIONAL RESPONSIBILITIES

- Follow-up Investigations
- Property Validations
- Crime Scene Investigation
- Analysis and disposition of evidence
- City Council Security
- Participate in the Lee County Marine Advisory
- Liaison for City of Sanibel Marine Advisory
- Participate in the Gulf Coast Intelligence Com.
- Participate in the Lee County Public Safety Coordinating Council
- Participate in the Domestic Security Task Force
- West Coast Inland Navigation District Program
- Implement D.A.R.E. Program
- School Resource Officer Program
- Neighborhood Watch
- Complete New Hire Background Investigations
- Human Smuggling Task Force
- Gang Task Force
- Crime Prevention Program
- Police Auxiliary Program

EMERGENCY MANAGEMENT DIVISION - OPERATIONAL RESPONSIBILITIES

- Emergency Management Planning
- Maintain Contact with Weather Consultant
- Coordinate Emergency Planning with Outside Agencies
- Implement Hurricane Pass Program
- Hurricane and Disaster Preparedness Education.
- Maintain and Implement Emergency Evacuation Plans
- Maintain and Implement Re-entry
- Maintain and Implement Recovery Plans

- Implement Disaster Security Plan
- Implement Emergency Communication Plan
- Alert Radio Program
- Implement Special Needs Program
- Maintain Emergency Contracts
- Participate in Lee County Disaster Council
- Participate in Lee County Medical Society
- Mobile Emergency Response Vehicle (MERV)

DISPATCH - OPERATIONAL RESPONSIBILITIES

- Primary Emergency 9-1-1 Answering Point (PSAP)
- Answer All Police Department Phone Calls
- Dispatch All Department Calls
- Officer Safety
- Monitor National and Florida Crimes Information networks
- Disseminate and Update Information Through National and Florida Information Networks
- Monitor Daily Weather Conditions
- Alert Radio Messages

PARKING ENFORCEMENT- OPERATIONAL RESPONSIBILITIES

- Parking Enforcement.
- Collect & Deposit Parking Revenues
- Track Parking Vacancies
- Parking Program Management

RECORDS DIVISION- OPERATIONAL RESPONSIBILITIES

- Maintain Official Records
- Dissemination of Public Records
- Public Records Disposal
- Processing Criminal and Civil Actions
- Maintain Department Subpoena Data-base
- Prepare Court Affidavit
- Florida Department of Law Enforcement Reporting
- Track State Issued Citations
- City Employee Identification Data-base
- Maintain 9-1-1 and Incoming Phone Recordings
- Maintain All In-Car Patrol Vehicle
- Maintain State and City Approved Reports
- False Burglary Alarm Program
- Neighborhood Crime Reports
- Department Computers & Software Programs

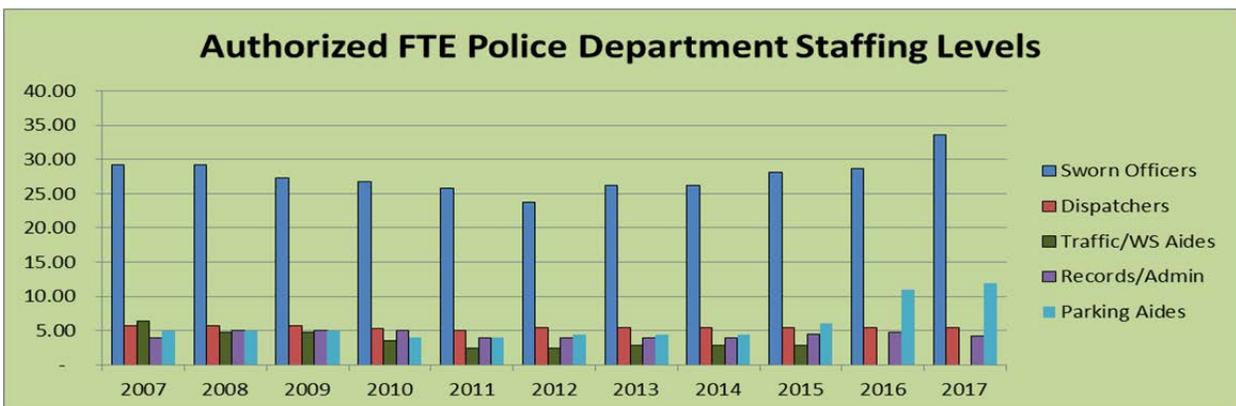

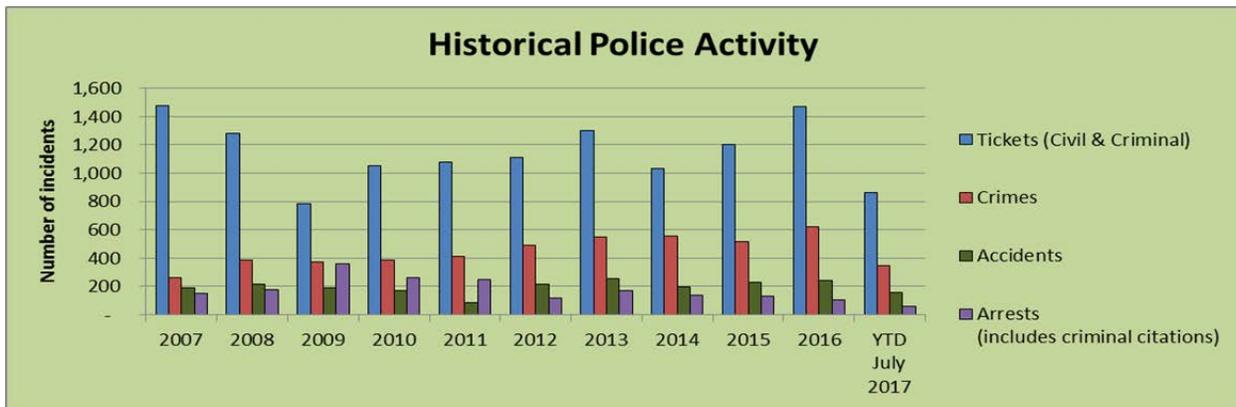

- Maintain Personnel Training Files
- Automated Training Management System
- Recommend and Schedule Personnel to Training
- Coordinate Hiring Department Personnel
- Regional Training Council
- Electronic Booking
- Electronic Finger Printing

- Track Department Human Resources
- Employee Performance Evaluations
- Internal Affairs Investigations
- Track Crime Statistics and Trends
- Fleet Management
- Attend Weekly Executive Staff meetings
- Attend Annual Homeowner’s Association Mtgs.
- The Sanibel Municipal Police Officer’s Pension Trust Fund
- Participate in Southwest Florida Police Chief’s Association
- Special Event Planning
- Union Relations and Negotiation
- Mutual Aid Agreements
- Liaison with Outside Law Enforcement Agencies
- City Safety Committee
- Community Service

ADMINISTRATION DIVISION- OPERATIONAL RESPONSIBILITIES

- Develop and Implement Department Policy
- Prepare and track Department Budget
- Public Information Officer
- Purchase Department Supplies and Equipment.
- Department Inventory Control
- Liquidate Department Property
- Prepare and Submit Payroll

BUILDING DEPARTMENT – SPECIAL REVENUE FUND PUBLIC SAFETY FUNCTION

BUILDING OFFICIAL

R. Harold Law, Jr. has 38 years of experience as a building official/inspector in three states, within various municipalities. He obtained certification in 1985 as a Building Official and in 1992 as a Certified General Contractor. He earned an Associate’s in Science Degree in Architecture from Walter State College in 1979 and a Bachelor’s of Science Degree in Business Administration from Tusculum College in 1987.

Mr. Law is also a past president of the Building Officials Association of Florida (BFOA) and serves on numerous committees for the BFOA.

DEPARTMENT STRUCTURE

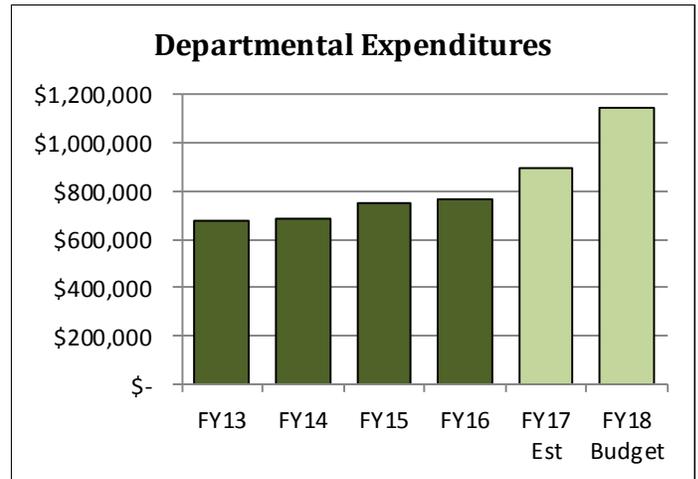

BUILDING DEPARTMENT – SPECIAL REVENUE FUND

DEPARTMENT FUNCTION

To build a safe, sustainable and resilient community, consistent with the Sanibel Plan through the enforcement of all Building Codes to ensure that all city requirements have been met and plans reviewed to ensure they comply with State and Federal Standards.

The Department works in conjunction with the Contractor Review Board which issues contractor licenses, reviews cases and hears complaints against contractors. The Board makes recommendations to the Department of Business and Professional Regulations for penalties on State-Certified Contractors. The Board also imposes fines/penalties or suspends permitting privileges for locally licensed individuals. The Contractor Review Board has issued a total of 613 contractor licenses since 2005 when the Board was created.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- A concerted effort is needed to inform the citizens of dangers by not using licensed contractors through awareness and education on how to hire properly licensed contractors. With the proper use of licensed contractors the citizen can be protected from:
 - dangerous non-code compliant work
 - Injury, insurance liability and monetary loss
 - prevention of violating Florida state laws
- Education on Codes, Administration and Legal aspects are always needed to maintain the high standard that the City has become accustomed to from the Building Department.
- Finding quality licensed personnel to fill positions in the department is becoming more difficult.
- Regaining a Building Code Effectiveness Grading Schedule rating of 3 from Insurance Services Office Inc. with limited staffing.
- To implement the new permitting computer program.

Developing training for 30 Structural Safety Inspectors and coordinating mock drills to prepare for a disaster using the latest technical advances available to the City.

ACCOMPLISHMENTS

- Completed review with the Federal Emergency Management Agency’s (FEMA) National Flood Insurance Program Community Rating System (NFIP-CRS).
- Coordinated all paper work and applications for the Contractor Review Board
- The department has worked to build a strong, cohesive unit of highly trained professionals who are poised to address future events and concerns caused by the economy of the City.
- Work to gain Code Compliance through meeting with concerned parties to understand their discrepancies in the department before taking complaints to the Contractor Review Board.
- Developed an efficient and effective way to access historical documents for the public and staff.

BUILDING DEPARTMENT – SPECIAL REVENUE FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- Strengthen the Economic Health and Vitality of the City
- Promote water quality

To Support Departmental Objectives:

- To maintain active job site erosion control monitoring
- To reduce paper in the work place transitioning to the cloud which takes a greater skill level

PERFORMANCE INDICATORS

Description	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
To maintain permit fees received and the associated costs of enforcing the Florida Building Code.	Completed	Completed	Completed	Completed

RESPONSIBILITIES

Pre-construction – Prior to commencement of construction, the Building Department must confirm that all city requirements have been met. The plans for construction must be reviewed to comply with the standards of the family of Florida Codes, (Building, Electric, Mechanical, Plumbing and Fuel Gas) along with compliance of Florida Department of Environmental Protection and Federal Emergency Management Agencies as well as the National Flood Insurance Program.

Construction – During the active construction phase the Building Department is responsible for receiving requests for inspections, distributing printed requests to proper departments for all departmental inspections within the city involved in construction; as well as the building inspectors in the Building Department. The inspectors are then charged with completing necessary inspections, notifying the permit holder of any inadequacies found on the job site during everyday inspection requests. At the close of the project, the Building Department is responsible for checking that all other city department requirements have been satisfied, before a Certificate of Occupancy or Completion is issued.

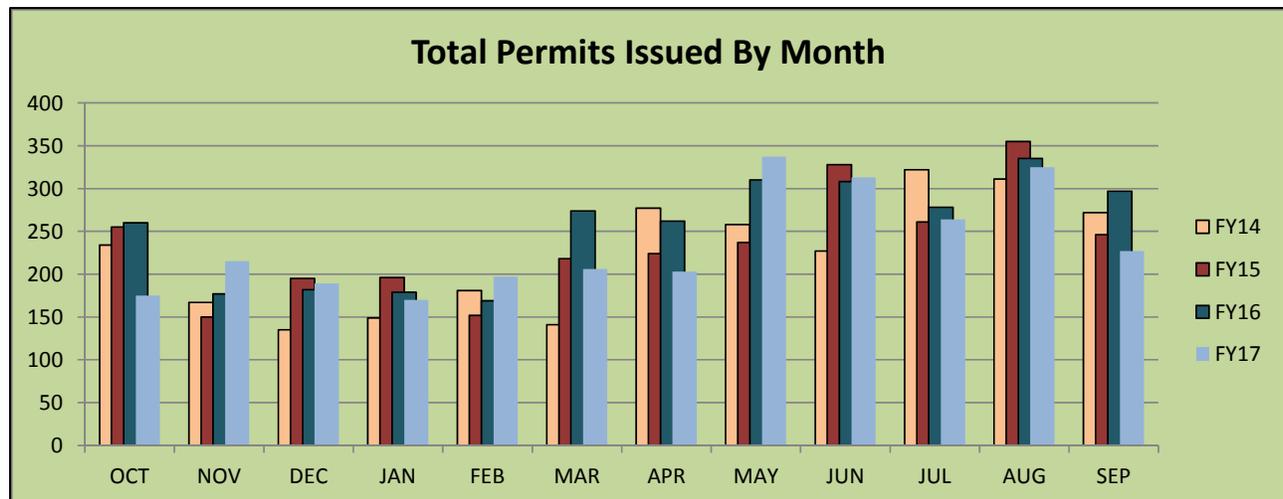

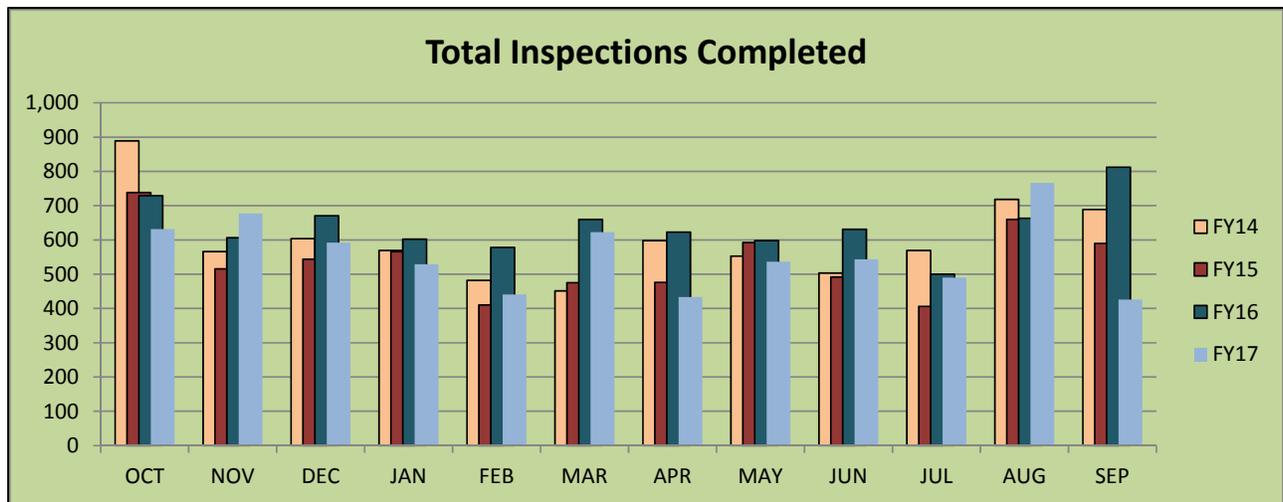

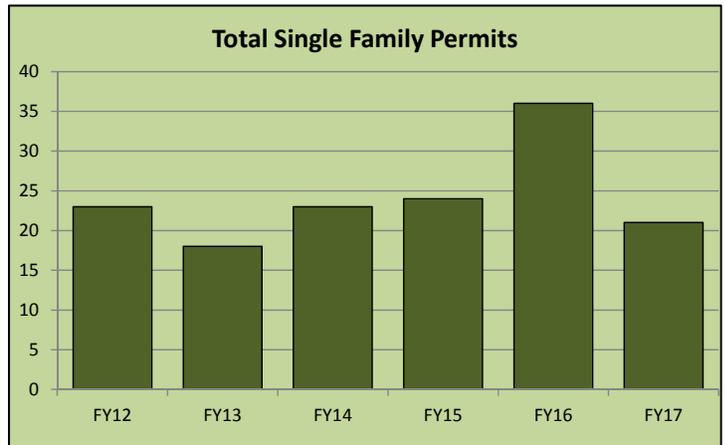

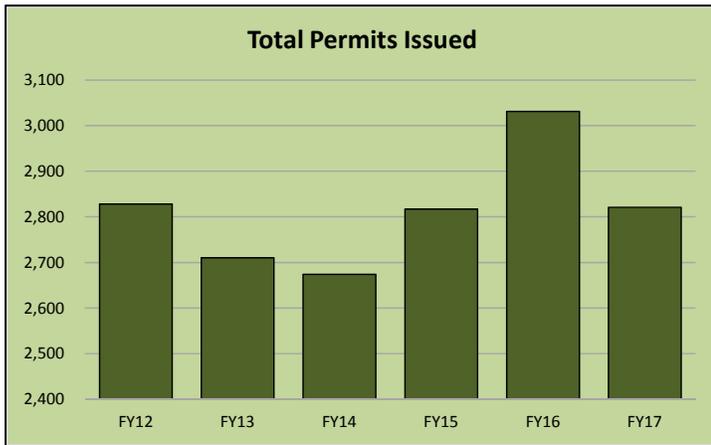

Contractor Licensing –The Contractor Review Board was established in 2005. The Board reviews cases, along with hearing complaints. The Board may then make recommendations to the Department of Business and Professional Regulations for penalties on State Certified Contractors or impose fines or penalties for locally licensed individuals, as well as suspension of permitting privileges.

BUILDING DEPARTMENT – SPECIAL REVENUE FUND

TREND ANALYSIS

Key Observations:

- Construction industry is at a normal pace and is now beginning to improve with work requested
- The inspections requested are requiring existing staff to work more efficiently

NATURAL RESOURCES DEPARTMENT – GENERAL FUND PHYSICAL ENVIRONMENT FUNCTION

DIRECTOR

James T. Evans has been employed with the City of Sanibel for more than 17 years and has over 20 years of experience in south Florida ecosystems and expertise in water quality, marine biology, estuarine ecology, coastal systems, environmental restoration, land management and grant acquisition and management. He has held several positions with the City including, Conservation Officer, Environmental Planner, and Environmental Health and Water Quality Specialist, before becoming Director of Natural Resources in 2012. He earned a Bachelor of Arts in Environmental Studies and a Master of Science in Environmental Science from Florida Gulf Coast University.

DEPARTMENT STRUCTURE

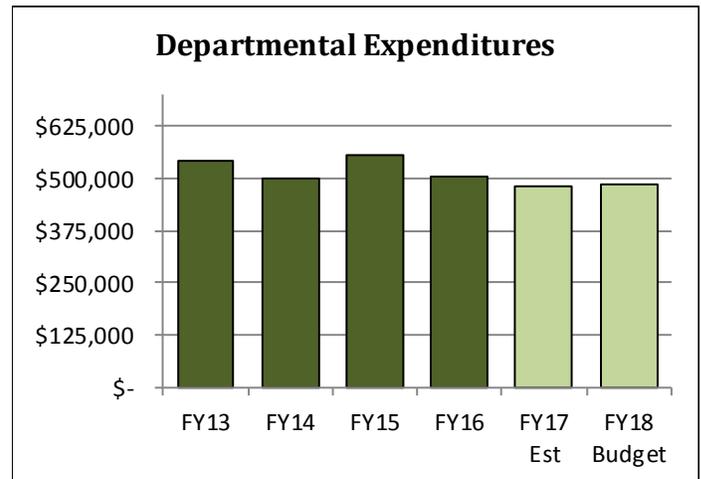

Lighthouse Beach Park Living Shoreline Project

NATURAL RESOURCES DEPARTMENT – GENERAL FUND

DEPARTMENT FUNCTION

To coordinate, manage and implement special conservation and environmental projects and tasks as directed by City Council; to ensure that the City's native vegetation and wildlife habitat protection standards are adhered to; and to oversee exotic plant control, habitat restoration and land management programs for the City. To monitor the island's water quality and actively participate in improving water quality of the surrounding waters by addressing nutrient run-off, algae blooms, Caloosahatchee flows and Lake Okeechobee releases.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Continued impacts from the Caloosahatchee watershed and Lake Okeechobee regulatory discharges on coastal water quality resulting in increased frequency and duration of algal blooms that threaten Sanibel's natural systems, economy, and resident's quality of life.
- Building regional partnerships to obtain additional water storage within the Caloosahatchee basin to address high and low-flow impacts affecting Sanibel's water quality.
- Meeting new federal and state-mandated water quality regulations within the Sanibel Slough and our coastal waters, including Total Maximum Daily Loads and Numeric Nutrient Criteria.
- The repeated attempts of the Florida legislature to limit the City's ability to implement measures to protect local water quality, including fertilizer ordinances, require substantial staff time and threaten to limit the tools available to address State water quality mandates.
- Completing timely review/evaluation of new development and redevelopment projects and assessments of vacant parcels in light of complex environmental conditions (e.g., wetlands, gopher tortoises/coastal scrub, etc.) that are present on these remaining parcels.
- Continued management and compliance with the island-wide Brazilian Pepper Eradication Program.
- Management and treatment of existing and newly introduced invasive exotic species (e.g., vines, insects, reptiles).
- Management of native and non-native wildlife, including expanding range of coyotes on Sanibel and their impact on protected species.
- Beachfront lighting violations still occur each year causing sea turtle hatchling disorientations and deaths. A continuing focus on this issue, including both interior and exterior lighting, is essential as we work with our partners to protect both sea turtles and nesting shorebirds on Sanibel's thirteen miles of beaches.
- Educating the public about the revised Dark Skies Ordinance and the more stringent requirements of the Beachfront Lighting standards for marine turtle protection.

NATURAL RESOURCES DEPARTMENT – GENERAL FUND

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT (CON'T)

- The erosional impact of the rock groin on Captiva at Blind Pass continues unabated and results in the need for cooperative action between the City, Lee County and the Captiva Erosion Prevention District to protect Sanibel's beaches.
- Habitat management to prevent the gradual succession from open grassy habitats to hardwood forests that is steadily reducing gopher tortoise habitat throughout the island. Mowing, hardwood control, and prescribed fire must be used to maintain coastal scrub habitat critical for tortoises and other rare species. Prescribed fire becoming more difficult during "season" with increasing number of visitors and relatively narrow burn window.
- Management of grassland savannah habitat in the interior freshwater wetlands through prescribed fire to protect critical habitat for the endangered Sanibel rice rat, wading birds and other wildlife.
- Increasing pressure to bring human recreation into natural areas and wildlife habitats, resulting in increased interactions between humans and wildlife. Intense promotion of Sanibel as a top destination continues to draw visitors to Sanibel, further increasing this pressure and the need for accommodating infrastructure and habitat mitigation.
- Public education of emerging issues through various media sources, including social, print, and web-based media. Challenges include seasonal fluctuations in population, diverse population, resident turnover, large number of visitors, changing media outlets.

ACCOMPLISHMENTS

- Worked closely with the Mayor and City Council to raise awareness of regional water quality issues through local, state and federal leaders and pursued effective short and long-term solutions; completed a substantial revision to the Caloosahatchee Watershed Regional Water Management Issues white paper and received endorsements from all of the cities in Lee County and a number of other organizations;
- Worked with the Mayor and the Florida League of Mayors (FLM) and Florida League of Cities (FLC) to develop the Lake Okeechobee Regional Compact. Natural Resources staff presented at each of the FLC/FLM water forums on the Caloosahatchee water issues. Staff participated in a small working group to draft the Regional Compact language;
- Worked with the Mayor and City Council to obtain legislative funding for regional and local water quality/quantity projects outlined in the Caloosahatchee Watershed Regional Water Management Issues white paper;
- Since 1992, received 159 grants totaling over \$14.8 million to fund needed environmental restoration hurricane recovery, and water quality projects, securing \$252,000 in grants in FY2016;
- Completed the final phase of the Comprehensive Nutrient Management Plan, including water quality modeling to identify nutrient load reduction goals for the Sanibel Slough and priority projects;
- Launched the Sanibel Communities for Clean Water Program, including an interactive website with educational resources for property owners, developed of educational materials and incentives;
- Completed the Floating Treatment Wetland (FTW) Pilot Project in the City's municipal reuse water ponds to evaluate the benefits of FTWs and to educate the public on their benefits, including the installation of educational signage and construction of mini FTWs to be tested in community lakes;

NATURAL RESOURCES DEPARTMENT – GENERAL FUND

ACCOMPLISHMENTS (CONTINUED)

- Completed the Community Lakes Water Quality Baseline Sampling and incorporated results into educational materials for Sanibel Communities for Clean Water Program;
- Completed the Bailey Beach Living Shoreline Project, coordinated private cost-share and city/state permitting;
- Completed the Lighthouse Beach Park Living Shoreline Project, funded using Tourism Development Council (TDC) funds;
- Completed design, engineering and State permitting for the Woodring Point Living Shoreline Project;
- Completed 30% design of the Jordan Marsh Water Quality Treatment Park (design and permitting to be completed in FY17) and obtained a grant for \$150k from the South Florida Water Management District for project construction;
- Completed bidding and contractor selection for updating the Island-wide Beach Management Plan;
- Worked with the Florida Department of Environmental Protection (FDEP) to model water quality in the Sanibel Slough and finalize the Draft Total Maximum Daily Load (TMDL);
- Completed TDC-funded annual beach park planting projects and maintenance;
- Completed Golf Course Fertilizer and Lake Management Annual Report Cards, with two of three golf courses in "Full Compliance" with the City's Best Management Practices (BMP) recommendations;
- Continued re-inspections and code enforcement in all zones of the Brazilian Pepper Eradication Program and completed treatment in rights of way and on City-owned lands;
- Assisted with the City's environmental education efforts related to dark skies, coyotes, iguanas, alligator safety, and other topics, including preparation of new materials included with utility bill mailings and collaboration with the Vegetation Committee on the "Vegetation Matters" article series;
- Coordinated coyote monitoring efforts and presented the results and recommendations of the Sanibel Coyote Working Group and the University of Georgia's coyote study titled "Understanding Coyote Colonization of Sanibel Island, FL" to Sanibel City Council;
- Participated in weekly calls and put together a weekly Caloosahatchee Conditions Report with our regional partnership including Sanibel-Captiva Conservation Foundation (SCCF), Lee County and United States Fish and Wildlife Service (USFWS) to help guide US Army Corps and South Florida Water Management District (SFWMD) water management decisions;
- Continued promotion of the "After 9, it's Turtle Time" Sea Turtle Lighting Campaign and education materials created with grant funding from the Sea Turtle License Plate Program;
- Participated in the Sanibel Prescribed Fire Task Force with other agency partners to coordinate implementation of prescribed fires on Sanibel;
- Continued the Exotic Lizard Management Program to manage increasing numbers of green iguanas and monitor for the presence of other exotic lizards on Sanibel (Nile monitors lizards; spiny-tailed iguanas);
- Worked with Lee County and the Florida Fish and Wildlife Conservation Commission to take over management responsibilities of the Bowman's Beach Park gopher tortoise recipient site from Lee County;
- Participated on the Blind Pass Inlet Management Study with Lee County, the Captiva Erosion Prevention District (CEPD) and FDEP to evaluate various alternatives for managing the Blind Pass inlet;
- Completed construction of the Dunes weir one-way flow gate to prevent water quality impacts to Tarpon Bay and the J.N. "Ding" Darling NWR.

NATURAL RESOURCES DEPARTMENT – GENERAL FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To work closely with the South Florida Water Management District and the U.S. Army Corps of Engineers, as well as other local, state, and federal leaders, to implement water storage and treatment projects within the Caloosahatchee basin to improve water quality and reduce ecological impacts associated with high and low-flow issues.
- To initiate priority projects and management measures identified in the Comprehensive Nutrient Management Plan for Sanibel, which includes a list of priority projects and management measures to effectively reduce stormwater runoff and nutrient pollution to the Sanibel River and coastal waters.
- To continue to work with island golf courses to implement the City's Fertilizer and Lake Management Guidelines, evaluate progress annually, and work to improve scores on annual report cards.
- To continue fertilizer education campaign on fertilizer Best Management Practices (BMP), and promote the Citizen's Fertilizer Education and Outreach Program, and Community Lakes BMP Program for island homeowners to address water quality in community lakes.
- To work closely with City Council and our legislative delegation to prevent preemption of local government's ability to implement measures to protect water quality.
- To assess environmental issues associated with commercial redevelopment and the Civic Core Master Plan and provide recommendations and alternatives to protect the island's natural resources and meet the goals of the Sanibel Plan.

To Support Departmental Goals:

- To build regional consensus on a short- and long-term restoration strategy to reduce the harmful impacts of the freshwater releases from Lake Okeechobee and the Caloosahatchee watershed.
- To improve stormwater treatment from developed lands and roadways prior to discharge into Sanibel River through completion of the Comprehensive Nutrient Management Plan, implementation of priority projects and increased retention time in stormwater swales prior to discharge.
- To continue to implement the island-wide Brazilian Pepper Eradication Program.
- To maintain all city-managed lands, including parks and conservation lands, free of invasive exotic plants and to manage these lands in a manner that maximizes the value of wildlife habitat.
- To minimize sea turtle hatchling disorientations by dedicating sufficient resources to achieve beach lighting compliance through enforcement of Sanibel's outdoor lighting standards.
- To educate the public on natural resources issues through various media sources, including social, print, and web-based media, recognizing the seasonality, diversity, and high turn-over of Sanibel's population.

NATURAL RESOURCES DEPARTMENT – GENERAL FUND PERFORMANCE INDICATORS

Description	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
To achieve "compliance" on Golf Course Fertilizer and Lake Management Guidelines at all island golf courses annually	66%	66%	66%	66%
To apply for grants annually to fund necessary environmental restoration projects	Yes	Yes	Yes	Yes
Conduct annual Brazilian pepper surveys for continued compliance with Brazilian Pepper Eradication Program	NA	Yes	Yes	Yes
To treat all City managed properties for invasive exotic plants annually	100%	100%	100%	100%
To prevent all sea turtle hatchling disorientations via lighting compliance efforts annually	99%	97%	100%	100%
To design, engineer, permit, fund, and construct the Jordan Marsh Water Quality Treatment Park project	NA	NA	30%	60%
To mow or burn all high quality coastal scrub habitat on City managed lands every 3 years	90%	90%	85%	80%
To develop a Comprehensive Nutrient Reduction Plan for Sanibel (Phase 1&2 completed FY13-14; Phase III FY14-16; Phase IV FY16-17)	85%	90%	95%	Completed 2017
To design, engineer, permit, fund, and construct the Dunes weir one-way flow gate	NA	25%	100%	Completed 2016/17
Implement the Community Lake Management BMP Program	NA	25%	75%	100%
To respond to requests for property inspections within 5 work days	90%	90%	95%	95%

NATURAL RESOURCES DEPARTMENT – GENERAL FUND RESPONSIBILITIES

Environmental Restoration

- Wetland restoration
- Initial exotic removal
- Hydrologic restoration
- Coastal scrub enhancement
- Dune establishment
- Tree and shrub planting

Habitat Management

- Exotic plant control
- Exotic animal control
- Prescribed fire
- Coastal scrub maintenance
- Dune and shoreline protection
- Erosion monitoring

Water Quality

- Agency coordination
- Project advocacy
- Management advocacy
- Stormwater management
- BMP implementation
- Water quality monitoring

Protected Species Management

- Sea turtles
- Nesting shorebirds
- Bald eagles
- Wading bird rookeries
- Gopher tortoises
- Rare species plantings
- New threat assessments (coyotes, iguanas, other)

Regulatory Review

- Permit applications
- Pre-application meetings
- Site inspections
- Dune protection
- Wetland and mangrove protection
- Native plant protection
- Listed species protection

Environmental Code Enforcement

- Brazilian pepper
- Other invasive exotics
- Mangrove trimming/removal
- Wetland filling
- Native tree trimming/removal
- Water pollution
- Dune trimming Coastal Construction Control Line

Public Education

- Fertilizer and lake management
- Water quality
- Vegetation codes
- Vegetation trimming and maintenance
- Contractor competency classes
- Exotic species management
- Sea turtle and shorebird protection
- Habitat restoration and maintenance
- Firewise Program/prescribed fire
- Dark Skies Ordinance/Outdoor Lighting Standards
- Alligator Safety
- Emerging Issues

NATURAL RESOURCES DEPARTMENT – GENERAL FUND

TREND ANALYSIS

Description	Actual FY 2013	Actual FY 2014	Actual FY 2015	Actual FY 2016	Actual FY 2017
Acres Managed	660	660	660	660	660
Acres of Exotics Treated (all lands)	1,063	1,363 ^d	1,370 ^d	1,350 ^d	1,270 ^d

SEWER SYSTEM DIVISION – ENTERPRISE FUND

PHYSICAL ENVIRONMENT FUNCTION

To improve surface water quality; to provide reliable, high quality wastewater collection, treatment, and reuse services in a cost effective manner to residential and commercial customers at a reasonable cost; to provide maintenance on the City's network of gravity sewer lines, sewer force main lines, 129 City-owned lift stations as well as the City network of reclaimed water distribution lines; to operate and maintain the Donax Wastewater Reclamation Facility in compliance with state and federal regulations.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- The utility division's functions require technical proficiency. Even in the current economic market, there is difficulty hiring skilled employees such as wastewater plant operators.
- Efforts to ensure protection of the island and surface water quality go beyond the monitoring of only City infrastructure. The proliferation of poorly maintained privately owned lift stations and the challenge to be aware of those in addition to City infrastructure adds demand.
- Under design is the upgrade of the Modified Ludzack Ettinger (MLE) process to a 5-stage Bardenpho process coupled with adding the membrane biological reactor (MBR) process to improve effluent quality to reduce nutrient loadings. These treatment improvements will:
 - Improve effluent quality to reduce nutrient loadings.
 - Increase the current permitted design capacity.
 - Extend the useful life of the facility.

ACCOMPLISHMENTS

- Rehabilitated the Wulfert wastewater treatment plant reclaimed water storage tank.
- Improved lift station pump efficiency through the installation of variable frequency drives.
- Continued program to identify and eliminate infiltration/inflow including projects in The Sanctuary, East Periwinkle Way corridor, and Sanibel Bayous areas.
- Continued with the plant tank inspection/repair program.
- Completed Phase 4A sewer for West Gulf Drive and into construction phase of Phase 4A sewer for Woodring Road

SEWER SYSTEM DIVISION – ENTERPRISE FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To minimize effluent violations and system overflows.
- To reduce nitrogen and phosphorus levels in the plant effluent.

To Support Departmental Objectives:

- To reduce flow to the plant due to inflow and infiltration by 10%.
- To achieve 100% effluent compliance.
- To achieve effluent nitrogen and phosphorus levels below 3.0 and 0.5 ppm respectively.

PERFORMANCE INDICATORS

Description	Actual FY 2015	Actual FY 2016	Actual FY 2017
Annual Average Daily Flow (MGD)	1.39	1.45	1.50
Funds expended on I/I corrections (\$)	100,817	115,000	119,874
Funds expended to identify I/I sources (\$)	11,000	15,000	7,805
Number of effluent violations	2	1	1
Number of system overflows	1	1	0
Grease trap inspections performed	256	260	219
Grease trap violations	39	42	21

RESPONSIBILITIES

Utility Operations

- Operate plants
- Monitor plant operations
- Prepare reports
- Maintain facilities
- Assure safe operations
- Maintain records
- Emergency management

Utility Maintenance

- Repair facilities
- Inspect facilities
- Operate facilities
- Maintain facilities
- Construct facilities
- Emergency management

TREND ANALYSIS

PUBLIC WORKS DEPARTMENT

PUBLIC WORKS, TRANSPORTATION, UTILITY FUNCTIONS

- PUBLIC WORKS ADMINISTRATION AND FLEET
- TRANSPORTATION DIVISION
- PUBLIC FACILITIES
- SEWER SYSTEM DIVISION

DIRECTOR

Keith L. Williams joined the City of Sanibel in 2012. Mr. Williams is a licensed professional engineer and prior to coming to Sanibel was the City Engineer for the City of Smyrna, Georgia. A member of the American Society of Civil Engineers as well as the American Public Works Association, Mr. Williams has over 10 years of experience in Public Works operations and municipal engineering in addition to over five years of private sector land development, utility and transportation engineering. Mr. Williams earned a bachelor’s degree in Civil and Environmental Engineering and a minor in Environmental Engineering with University Honors recognition from the University of Tennessee.

PUBLIC WORKS DEPARTMENT

DEPARTMENT FUNCTION

To economically provide safe, well-maintained and clean transportation facilities including roads, shared-use paths and public canals; to provide and maintain top quality parks, public buildings and public spaces; to operate and maintain a fleet of equipment and vehicles necessary for day-to-day City functions as well as emergency response; to operate and monitor a stormwater management system that is in compliance with regulatory requirements; and to administer, design, and maintain island-wide City infrastructure for the safety and enjoyment of island residents and visitors.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- As regulatory requirements continue to evolve and present greater demands, the department is faced with the challenge to continue to provide an excellent track record of compliance with NPDES rules and report preparation.
- Public Works' functions are labor intensive, involving technical, skilled, semi-skilled and unskilled labor. Many of the administration, engineering, streets, garage and public facilities personnel are long time City employees. As they reach retirement age, succession planning for division supervisor levels presents a challenge.
- The increased demands upon Public Works through the expansion of facilities including the addition of the Pond Apple Park Trail and Boardwalk, the Shipley Trail and Boardwalk, the Community Park Trail; the increased year round usage of facilities including shared use paths and public parks; as well as the increased labor needs resulting from the Department's role in community special events.
- Record shattering rainfall in January of 2016 resulted in a number of drainage challenges for the City's stormwater infrastructure. A series of surveys of specific areas has been conducted and will likely lead to multiple drainage improvement projects to be carried out by the Department, either by in-house efforts or through contractual work.

ACCOMPLISHMENTS

- Resurfaced 1.43 miles of streets.
- Continued maintenance responsibility of expanding infrastructure including additional trails at Pond Apple Park and Community Park as well as additional boardwalks within Pond Apple Park.
- Continued implementation of a department staff reorganization that provides additional staffed coverage for weekends and special events.
- Completed shared use path repair project totaling 6.10 miles of repairs.
- Dredged the entrance channels to Shell Harbor canal system and the Sanibel Isles/Watershadows canal system.

PUBLIC WORKS DEPARTMENT ACCOMPLISHMENTS (CONTINUED)

- Carried out the first phase of improvements recommended by the Shared Use Path Intersection Improvement Report, including new signage, markings and vegetation management.
- Replaced the Colony Beach Access Dune Walkover.
- Carried out signage upgrade project for non-tourism development council (TDC) Beach Access locations.
- Responded to xx work orders or requests submitted by the public.

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To economically maintain City’s infrastructure
- To continue compliance with the City’s National Pollutant Discharge Elimination System (NPDES) Permit

To Support Departmental Objectives:

- To expand the shared use path system
- To correct a selection of infrastructure drainage problems annually
- To perform timely maintenance on the City’s infrastructure to prevent future major repairs

PERFORMANCE INDICATORS

Description	Actual FY 2015	Actual FY 2016	Actual FY 2017
Streets resurfaced/reconstructed (miles)	3.20	1.80	1.43
Shared use paths constructed (linear feet)	525	0	0
Road and shared use path miles swept	9 (hours)	278	61
Off right-of-way walking/biking trails maintained (linear feet)	12,382	12,382	12,382

PUBLIC WORKS DEPARTMENT RESPONSIBILITIES

Administration

- Stormwater Permit Management
- Solid Waste Program Contract
- Budget
- Goals
- Personnel
- Emergency Management
- Payroll
- Inventory
- Maintenance records
- Interdepartmental coordination
- Public Interaction
- Reports and Studies
- Grant requests

Streets

- Streets maintenance
- Shared use path maintenance
- Drainage construction
- Drainage Maintenance
- Litter control
- Vegetation maintenance
- Traffic control
- Emergency recovery

Engineering

- Surveys
- Designs
- Construction contracts
- Project coordination
- Capital Improvement Program
- Inspections
- Permits
- Maintain maps
- Drainage infrastructure permitting and design

Public Facilities

- Maintain grounds
- Maintain buildings
- Make repairs
- Monitor contractors

Fleet Maintenance

- Vehicle maintenance
- Equipment maintenance
- Maintenance scheduling
- Parts inventory
- Safety inspections

BEACH PARKING FUND – ENTERPRISE FUND DEPARTMENT FUNCTION

Public Works

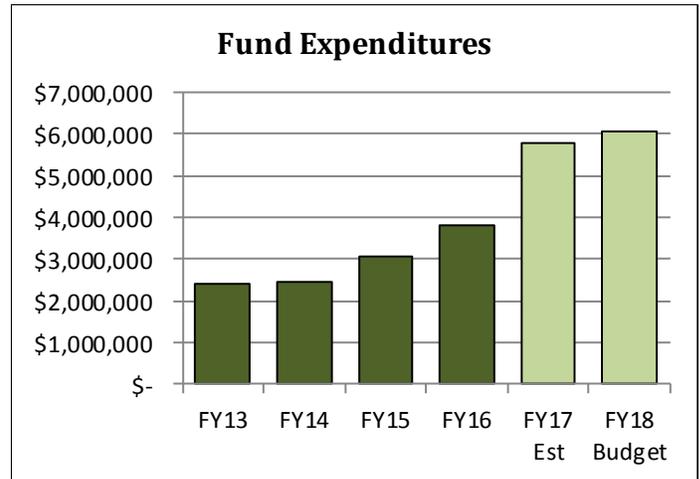

The Public Works Beach Parks staff strives to economically provide a safe and enjoyable beach experience for park visitors while protecting the natural habitat. Staff strives to ensure that all beach park facilities are well-maintained and clean including restrooms, fishing pier, boat ramp, playground, shade pavilions, paths, trails and signage. Staff also assists beachgoers with information and history to enhance their visit.

Natural Resources

Staff works to protect and improve our coastal water quality in order to preserve the quality of our world-class beaches and wildlife habitat to provide a beach visitation experience that is sensitive to the environment, encourages non-motorized methods of travel and is in keeping with The Sanibel Plan.

Public Safety

The City of Sanibel Police Department proactively patrols all roadways, waterways and beaches with its available resources and enforces all Local, State and Federal laws and ordinances. The Sanibel Police Department proactively analyzes criminal activity and identifies trends derived from crime statistics and alerts the public through press releases and other crime prevention strategies. The Sanibel Police Department maintains and protects the ecosystem for all inhabitants of Sanibel, including residents, workers, visitors and wildlife in the natural environment. In accordance with the Department’s community policing philosophy, officers respond 100% of the time for any and all requests for service and investigation of every criminal act.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Continued impacts from the Caloosahatchee watershed and Lake Okeechobee regulatory discharges on coastal water quality resulting in increased frequency and duration of algal blooms that threaten Sanibel’s beaches, natural systems, economy, and resident’s quality of life.

- Continue building regional partnerships to store, treat and convey more water south of Lake Okeechobee and obtain additional water storage within the Caloosahatchee basin to address high and low-flow impacts affecting Sanibel’s water quality.

- Improving water quality on Sanibel to

meet state-mandated Total Maximum Daily Load (TMDL) for the Sanibel River and to further protect coastal waters and beaches.

BEACH PARKING FUND – ENTERPRISE FUND

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

(CONTINUED)

- Working with our Federal representatives in Washington D.C. to appropriate federal funds needed to construct Everglades and Northern Estuaries Restoration Projects.
- Increasing demand from the public for information about current beach conditions and water quality.
- Increased pressures on the beach ecosystem and facilities as word of Sanibel's high ranking as a beach destination spreads.
- Increasing pressure to bring human recreation into natural areas and wildlife habitats. Increasing interaction between humans and wildlife in natural areas resulting in disruptions to wildlife.
- Increased demands on facilities and maintenance based heavy visitation of beach park facilities while maintaining recreational opportunities for beachgoers and protecting critical wildlife habitat.
- Providing American Disabilities Act (ADA) accessibility and improvements to all beach parks so that everyone can have an enjoyable beach experience.
- Traffic increases, impact of congestion and beach parking capacity limitations, causing increased need for traffic control personnel and increased hours of staffing to monitor parking lots.
- Managing bus and tour visits at public parking lots continues to require attention and ongoing education.
- Erosion Issues at Turner Beach Park, Blind Pass Beach Park and Lighthouse Beach Park.

ACCOMPLISHMENTS

- Raised awareness of regional and local water quality/quantity issues impacting Sanibel. Completed a substantial revision the Caloosahatchee Regional Water Management Issues white paper, which outlines short- and long-term strategies for addressing the water resource issues impacting the Caloosahatchee and Coastal waters. Executed several resolutions and letters to various State and Federal agencies and elected officials to raise awareness of Sanibel's water resource issues. Worked closely with Mayor and the Florida League of Cities and Florida League of Mayors to draft and adopt the Lake Okechobee Regional Compact, which represents 164 cities working together to advocate for Comprehensive Everglades Restoration Plan projects and local initiatives to improve regional water quality.
- Continue to protect beach and beach dune habitat by installing beach dune plantings at all City beach parks and public accesses to beautify the parks and protect shoreline from erosion. Completed annual beach park maintenance and habitat management. Installed more than 4,329 linear feet of dune vegetation at Sanibel Beach Parks and public beach accesses in 2016/17.
- Improved overall presentation of beach park picnic areas as well as increased focus on maintenance of "pocket parks" within the beach park system to provide habitat friendly gathering places for greater dispersion of visitor volumes.
- Maintained existing gopher tortoise habitat at Lighthouse Beach, Gulfside and Bowman's Beach parks through mowing of 20+ acres of coastal scrub to prevent encroachment of woody plant species. Completed critical wildlife habitat mapping in Geographic Information System (GIS) at Gulfside City Park, Lighthouse Beach Park, Bailey Beach Park, Bowman's Beach, and Silver Key.
- Surveyed and treated invasive exotic vegetation on approximately 234 acres of land at the City's beach parks.

BEACH PARKING FUND – ENTERPRISE FUND ACCOMPLISHMENTS (CONTINUED)

- Continue to protect beach and beach dune habitat by installing educational signage and installing and/or replacing more than 5,400 linear feet of the rope and bollard system at beach parks and beach accesses to protect the critical wildlife habitat.
- Continued promotion of the “After 9, it’s Turtle Time” Sea Turtle Lighting Campaign and education materials created with grant funding from the Sea Turtle License Plate Program for the 2016 season.
- Completed monthly nighttime sea turtle lighting code enforcement surveys. Education and enforcement efforts have resulted in the lowest mid-season lighting violations in the program’s history (June/July 2017).
- Participated in a Technical Advisory Committee with Lee County, the Captiva Erosion Prevention District (CEPD) and the Florida Department of Environmental Protection (FDEP) to oversee and evaluate model alternatives for the Blind Pass Inlet Management Study.
- Through a competitive bid processes, staff completed contractor selection and executed a contract to complete an update to the Island-wide Beach Management Plan. Work to be completed in December 2017.
- Completed the Bailey Beach and Lighthouse Beach Park Living Shoreline Projects to protect critically eroded areas within the bay beach zone.
- Designed and reconstructed the existing shower areas at Tarpon Bay Road Beach Park, Turner Beach Park, Bowman’s Beach Park, Lighthouse Beach Park and Gulfside City Park to improve ADA accessibility and drainage.
- Designed, permitted and constructed a shade structure at Lighthouse Beach Park to provide shade and shelter from the sun and elements as well as improve the park facility for ADA accessibility.
- Designed the Bowman’s Beach Shared Use Path to provide safe access to this popular beach park for pedestrian and bicycle traffic. Applied for grant funding to expand the path beyond the original scope of the project and provide safer access for path users to the beach park.
- Improved all restroom facilities with new lighting, hand dryers and floors.
- Replaced boardwalk at Lighthouse Beach Park from fishing pier to main roadway the Emergency Access Trail to the gulfside parking lot.
- Upgraded the security monitoring system at Lighthouse Park, the Trost parking lot, and the Bowman’s Beach parking lot.
- Installed security monitoring system at Gulfside City Park (Algiers)
- Installed chickee hut shade structure over the ADA Gulf Lookout at Bowman’s Beach Park.
- Renovated the Fishing Pier to improve ADA accessibility and structural stability.
- Improved the main access walkways to the beach at Lighthouse Beach Park, Bowman’s Beach Park and Tarpon Bay Road Beach Park improving drainage issues and ADA issues.
- Installed ADA accessibility mats at Lighthouse Beach Park, Gulfside City Beach Park, Turner Beach Park and Tarpon Bay Road Beach Park
- Installed New Pay and display signage in result reduced the amount of signs at our public beach parks.
- Installed new information kiosks at all our beach parks.
- Renovated the boat ramp to allow better access to San Carlos Bay.
- Constructed a Living Shoreline at Lighthouse Beach Park to eliminate erosion issues.

BEACH PARKING FUND – ENTERPRISE FUND

DEPARTMENT OBJECTIVES

To Support Council Goals:

- To protect the beach environment;
- To protect coastal water quality;
- To maintain beach revenues through an enhanced beach experience for residents and visitors.

To Support Departmental Objectives:

- To protect wildlife and wildlife habitat;
- To make all beach parks safe for users;
- To maintain the beach park facilities to a level worthy of a world class destination;
- To protect and manage the beach and shoreline in a natural state

PERFORMANCE INDICATORS

RECREATION DEPARTMENT CULTURE/RECREATION FUNCTION

- RECREATION COMPLEX
- CENTER4LIFE
- PERFORMING ARTS FACILITY
- HISTORICAL VILLAGE AND MUSEUM PROGRAM
- BALL FIELD MAINTENANCE

DIRECTOR

Andrea Miller joined the City of Sanibel in 2007. She earned a Masters of Public Administration from Hodges University and a Bachelor of Science in Health & Physical Education (K-12) from Indiana University of Pennsylvania. She is a member of the Florida Recreation & Parks Association and National Recreation & Parks Association and is a Certified Parks & Recreation Professional (CPRP). She holds certifications in the National Incident Management System (NIMS); is a certified American Red Cross First Aid and CPR PR instructor, as well as an instructor and trainer for Lifeguarding, Water Safety, Babysitting and Pet First Aid.

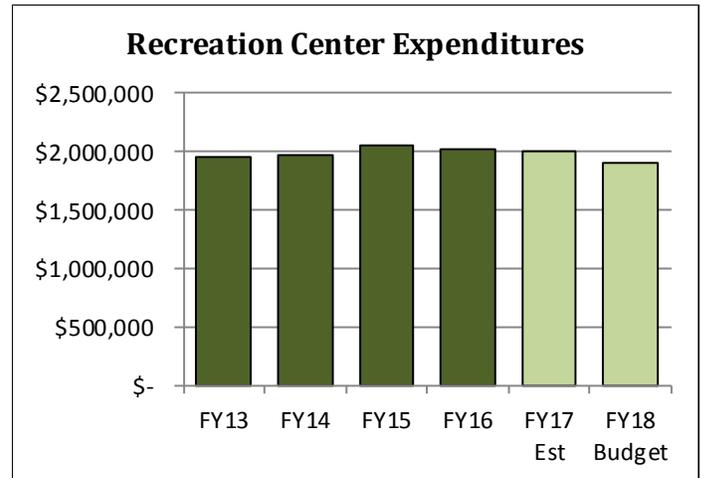

She is also a certified instructor for water aerobics by the United States Water Fitness Association and aerobics by the Aerobics and Fitness Association of the America for group fitness.

RECREATION DEPARTMENT – SPECIAL REVENUE FUND

DEPARTMENT FUNCTION

To develop and administer safe, well-rounded community programs and facilities that meets the needs of Sanibel residents and visitors of all ages at the Sanibel Recreation Center, Center 4 Life and Ball Field Complex. Facilities and program offerings strive to meet the physical, social and emotional health needs of users who are living longer, healthier, more active lifestyles.

EMERGING ISSUES AND CHALLENGES FACING THE DEPARTMENT

- Increased demand for highly active programming by City's senior population
- Recreation Center available space is surpassed by demands during peak season
- The Shared Use Agreement between the Sanibel School and the Sanibel Recreation Center, regarding the gymnasium and tennis courts, at times limits the Recreation Center available class/programming space, creating crowding or cancellation of programs/classes.
- Increased demand for youth programming such as summer day camp
- Aging facilities requiring increased maintenance which results in interruptions in service to users
- Identifying proper balance in fees between visitors and taxpayers who support the facility and operations

ACCOMPLISHMENTS

- Completion of Ball Field Electrical Room renovation through partnership with the Lee County School District and Lee County Board of Commissioners
- New energy efficient lighting was installed at the Ball Fields through partnership with the Lee County School District and Lee County Board of Commissioners
- Continued to provide assistance to local families in need through the Financial Assistance Program
- Maximized use of recreation facilities through creative scheduling of class offerings and careful monitoring of attendance
- Continued growth of Adult Pickleball and Adult 3 on 3 Basketball Summer League programs
- SWAT (youth swim team) continued to see record high participation numbers
- Recreation Program Software Upgrade and Migration in process for enhanced customer service and efficiency
- High standard of facility maintenance with numerous projects completed in house resulting in cost savings

RECREATION DEPARTMENT – SPECIAL REVENUE FUND ACCOMPLISHMENTS (CONTINUED)

- Continued scanning of all applications/programs and membership documentation in an effort to move towards a paperless front desk and more efficient operations
- A team of Sanibel Recreation Department Volunteers continue to compile a visual history of the Sanibel Recreation Department, which encompasses over 40 years of programming and events
- Served as a Pet Friendly Recovery Center following Hurricane Irma (cooling/charging stations, showering and sleeping facility)
- Provided free child care for 161 children in grades K-8 while schools were closed following Hurricane Irma

DEPARTMENT OBJECTIVES

To Support Council Goals:

- The Sanibel Recreation Department welcomes residents and visitors alike who are drawn by, and are respectful of, the City's goal to provide healthy and environmentally sensitive programming while promoting positive relationships and a sense of community
- To continue to maintain and develop a "Best Practices Green Technologies" in keeping with the City's goals

To Support Departmental Objectives:

- Retain current members and attract new members through positive programming and fitness classes
- Carefully monitor revenue and expenses finding ways to offset expenditures with increased revenues
- Evaluate and update current fitness/facility programs. Maximize use of recreation facilities through creative scheduling of class offerings
- Continue to develop new and creative programming at the Sanibel Recreation Center, Center 4 Life and throughout the park system
- Continue to expand partnerships with island organizations to enhance educational opportunities

RECREATION DEPARTMENT – SPECIAL REVENUE FUND PERFORMANCE INDICATORS

Health Screening Events	19	16	33	27	26
Community Events	28	26	29	22	22

RECREATION DEPARTMENT – SPECIAL REVENUE FUND RESPONSIBILITIES

Administrative

- Capital projects
- Research trends
- Analyze statistics
- Prepare and manage annual budget
- Serve as liaison to Financial Assistance Committee and Island Seniors Inc.
- Prepare reports
- Emergency preparedness
- Manage staff
- Program and facility development

Customer Service

- Memberships and activity sales
- Beach Parking Permits
- Dog Licenses
- Segway Permits
- Facility rentals
- Items for resale
- Volunteer and Jr. Volunteer Programs
- Financial Assistance Program
- Contract Management

Facility Maintenance

- Warranties
- Preventative maintenance
- Repairs

Fitness Programs

- Class scheduling
- Instructor and contract management

Community Outreach

- Health screenings
- Marketing and social media
- Community special events
- Member Discounts

Youth Programs

- Summer Day Camp
- After School Program
- Holiday Camps
- Fun Days
- Teen Scene

Athletics

- Youth and Adult Basketball Program
- Adult Softball League
- Adult Pickleball Program
- Ball Field Coordination and Field Marshal
- Adult 3 on 3 and Pick Up Basketball
- Adult Pick Up Soccer & Softball

Aquatics

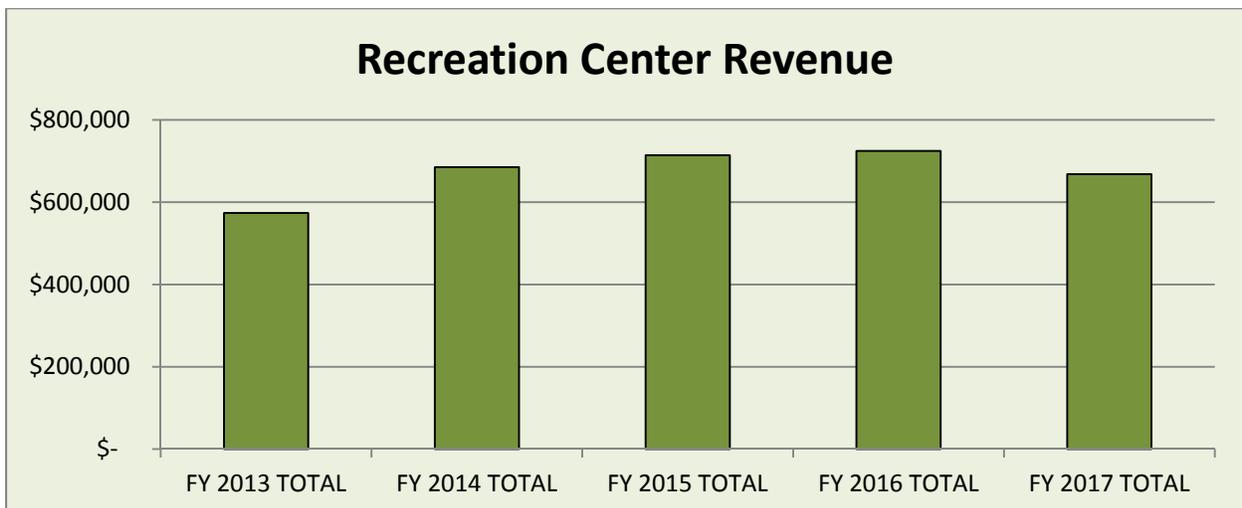

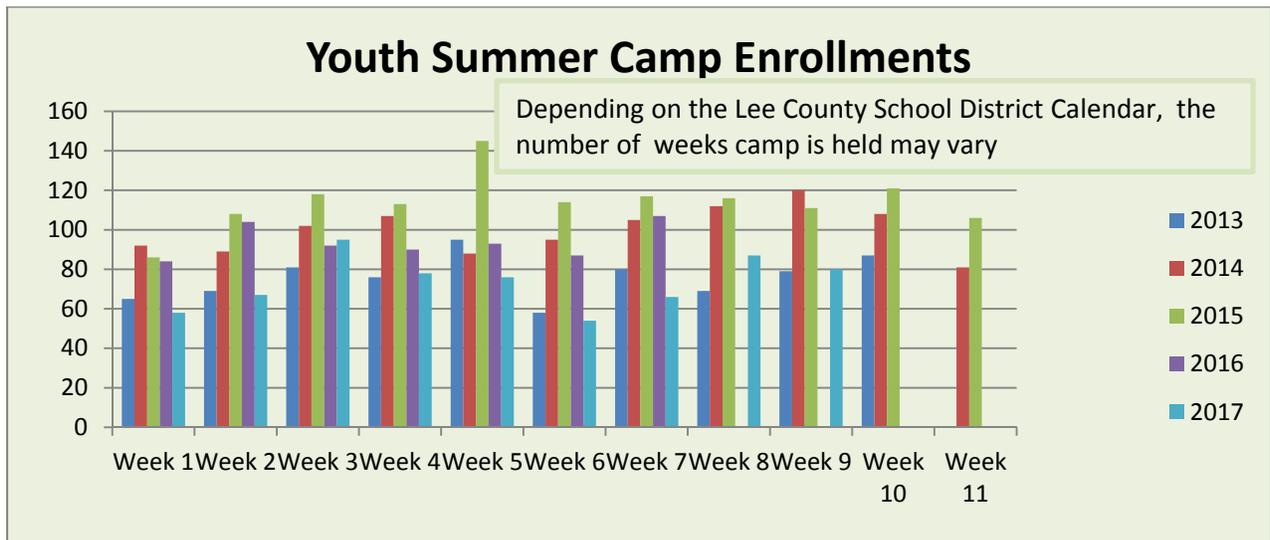

- Fitness classes
- Swim instruction
- Certification courses
- Patron safety
- Aquatic facility maintenance
- Youth Swim Team (SWAT)

Center 4 Life (Seniors) Programs

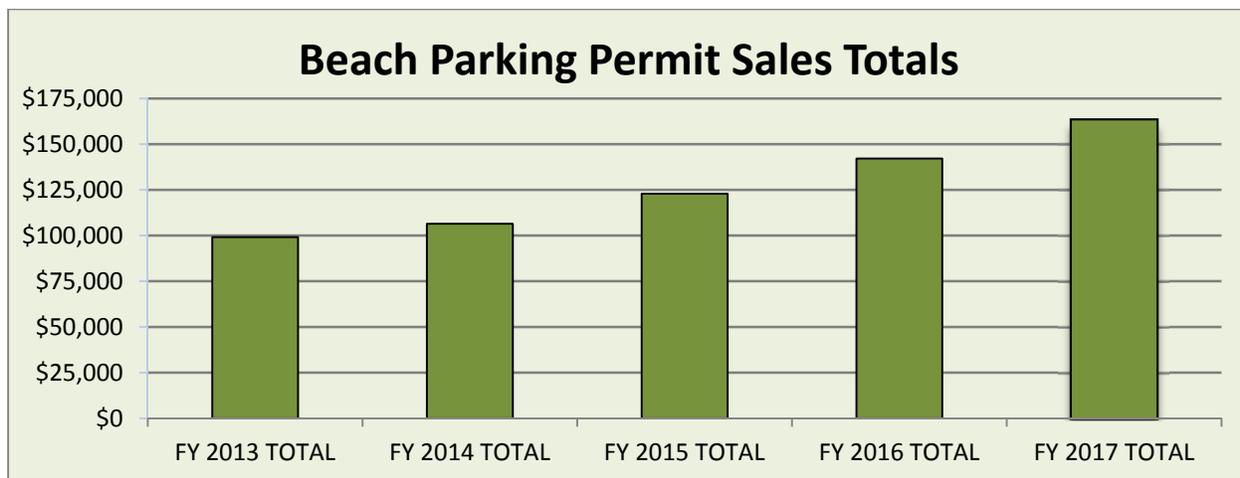

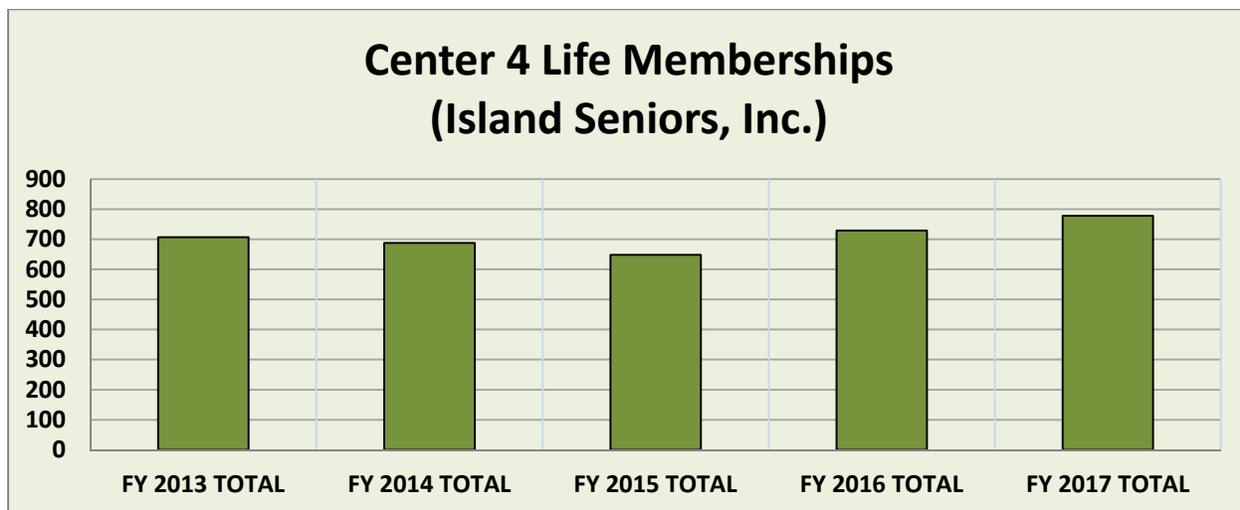

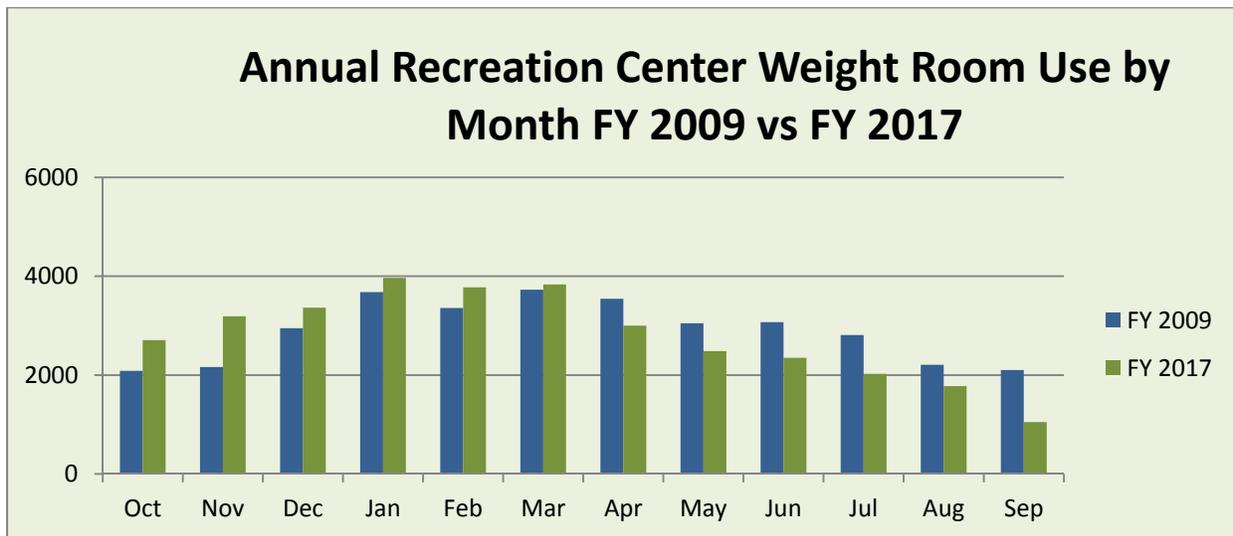

- Fitness classes
- Social activities
- Educational programs
- Group trips

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
INFORMATION TECHNOLOGY	300	1290	EnerGov Permitting & Planning Software	\$ 40,000	EnerGov software from Tyler Technologies.	Annual maintenance fee of \$37,758.
	300	1290	Virtual server backup/recovery software	\$ 6,000	The majority of the City's servers are virtual and there is now improved software for backup and restore capabilities.	Net reduction to City's communication expenses.
	300	1290	Replace Web Content Filter (Barracuda)	\$ 24,000	This device is end of life and it is a critical security device that protects city user's web access. Also, the City has redundant internet connectivity so two are needed.	None recurring.
	300	1290	Upgrade City PC's for Windows 10	\$ 55,000	Upgrade existing inventory of City user PC's from Windows 7 to Windows 10.	None
	TOTAL INFORMATION TECHNOLOGY				\$ 125,000	
POLICE	300	2100	Patrol Cars	\$ 60,000	Annual cost for replacement of vehicles. These vehicles are on a 3 year replacement cycle.	None recurring.
	300	2100	Admin SUV	\$ 25,000	Annual cost for replacement of vehicles. These vehicles are on a 4 year replacement cycle.	None recurring.
	300	2100	Administrative vehicle upgrades	\$ 40,000	Several administrative vehicles are not equipped with any technology or radios. These funds will update the vehicles with in-car computers and radios.	None recurring.
	300	2100	PD laptops for in-car & field reporting	\$ 20,000	Annual cost for replacement technology equipment in vehicles.	None recurring.
	TOTAL POLICE DEPARTMENT				\$ 145,000	
S.E.M.P.	300	2500	Windows tablet to assist with EOC operations during emergencies	\$ 11,510	The City uses the County's damage assessment program (ARM360) during emergencies. ARM360 has added the capability to track the door to door notification process the City uses during the evacuation preparation phase. iPads are not compatible with ARM360, so Windows tables are needed.	None recurring.
	300	2500	VHF radio system upgrades for emergencies	\$ 20,000	In the event that a significant hurricane destroy cell and public safety radios, the City's backup VHR system will also lose it's City antenna. This is to obtain backup, quick deploy antenna systems for the VHF system.	None recurring.
	TOTAL S.E.M.P.				\$ 31,510	
BUILDING	169	2400	Department space efficiency improvements	\$ 25,000	These funds are being requested to improve the physical space in the department to enable staff to work more efficiently.	None recurring.
	TOTAL BUILDING DEPARTMENT				\$ 25,000	

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
PUBLIC WORKS	300	7250	Replace A/C units	\$ 100,000	HVAC systems at City Hall have been replaced over the past 10 years. With a life expectancy of 10 years on Sanibel, the HVAC compressors (and air handlers) will need to be replaced on a rotating schedule.	None recurring.
	300	7250	City Hall shutters	\$ 65,000	Install upgraded hurricane shutters at City Hall to better withstand winds. After Hurricane Charley, City applied to FEMA for a hazardous mitigation grant to reinforce the Administration wing of City Hall, including new shutters and roof reinforcement. The request in 2018 is for new shutters in the Legal, Police, and Mackenzie wings of City Hall. This project will complete the necessary replacement/upgrades of shutters within the City Hall complex.	None recurring.
	300	7250	Center 4-Life Improvements	\$ 200,000	Planning/design work for the Center 4-Life improvement project.	None recurring.
	300	4100	City Hall facility repairs	\$ 120,315	The City Hall repair project proposes rehabilitation of main wood walkways, ceiling fan replacements in all wings, addition of a new entrance into the IT/Natural Resources Departments and modification to the entrance area of Building and Planning Departments wing. FY2017 work completed includes concrete column spall repairs, miscellaneous concrete walkway repairs, cupola wood repairs and Administrative wing restroom renovation.	None recurring.
	TOTAL PUBLIC WORKS				\$ 485,315	
RECREATION CENTER SINKING FUND	370	7200	Gym Floor Resurfacing	\$ 23,500	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Gym Partition Cover (8')	\$ 21,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	HVAC Chiller Coils	\$ 50,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Camera/Video Security System	\$ 50,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	WT Treadmills (7) Replace 1 every year	\$ 6,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	WT Steppers (2)	\$ 12,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	WT Elliptical with Arms (2)	\$ 12,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	WT Elliptical w/o arms (2)	\$ 12,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Pool Heaters/Chillers (4)	\$ 179,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	WT Spin Bikes	\$ 45,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Pool Motors/Pumps	\$ 12,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Pool Starting Blocks	\$ 12,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Pool Lounge Chairs (30) - Replace 4-5 per year	\$ 2,500	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Fire Sprinkler System	\$ 6,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Reseal Block Walls	\$ 10,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	HVAC Mini-Splits	\$ 5,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Osprey Room Equipment	\$ 5,000	Sinking Fund Asset Replacement Schedule	None recurring.
	370	7200	Recycle Centers	\$ 8,000	Sinking Fund Asset Replacement Schedule	None recurring.
TOTAL RECREATION SINKING FUND				\$ 471,000		

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
TRANSPORTATION	301	4100	Utility vehicle	\$ 17,000	Public Works has two utility vehicles (small John Deere gators), one is a 2016 model and the other is a 2008 model. These vehicles have proven invaluable in performing minor maintenance in the non-beach parks and for vegetation maintenance along the major roadways. These vehicles are on a 8-year replacement schedule and the 2008 model will be two years overdue for replacement in 2018. The timely replacement of vehicles is necessary to prevent excessive downtime and thus improve operational efficiency.	Approximately \$300 per year
	301	4100	Public Works security project	\$ 40,000	A security gate and camera is proposed at the entrance to the Public Works Facility to prevent illegal dumping and comply with City security policy.	Approximately \$300 per year
	301	4100	Palm Ridge Road improvements	\$ 250,000	This project involves roadway, shared use path, access and landscaping improvements in accordance with recommendations of the Periwinkle Corridor Study. The purpose of the project are to improve roadway aesthetics and shared use path safety. Survey and design phase in FY-17 with construction phase in FY-18.	None recurring.
	301	4100	Middle Gulf path and roadway relocation	\$ 75,000	The purpose of this project is to improve shared use path safety and drainage, by shifting Middle Gulf Drive between Fulgur Street and Beach Road south to increase separation between the roadway and the shared use path and allow for widening of this section of heavily used path to 8'. Phase 1 to include survey, design and relocation of SUP section at Nerita St. Phase 2 would complete the construction.	None recurring.
	301	4100	Periwinkle Way box culvert repairs	\$ 145,343	Replacement due to current condition and estimated life. A larger opening is proposed to allow more flushing for the Shell Harbor and Sanibel Harbor canals, resulting in improved water quality in the canals. The replacement box culvert will be deeper to accommodate the homeowners along the canals with boats. The Periwinkle Bridge is scheduled for replacement in 2021, based upon current condition and estimated life. The project proposed for 2020 is design and permitting for both the bridge and box culvert replacement. The proposed construction for both structures is tentatively planned for 2021.	None recurring.
TOTAL TRANSPORTATION				\$ 527,343		

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
SEWER SYSTEM	450	3500	Pipeline Relocations	\$ 5,000	If a sewage force main is in conflict with a proposed roadway or drainage project, this project provides funding for the relocation.	None recurring.
	450	3500	New Service Laterals	\$ 5,000	This project is to install sewer laterals for locations where sewer laterals were not installed during mainline construction or couldn't be found.	None recurring.
	450	3500	Lift Station Improvements	\$ 25,000	This project involves enhancements to lift stations such as larger pumps, monitoring equipment, new control panels, odor control, etc.	None recurring.
	450	3500	Generator storage building	\$ 50,000	The City has 9 Portable Generators that are Utilized to enable lift stations to be operated during power outages to prevent wastewater from backing up into houses or on the ground. This project will provide covered storage for these generators at the Donax Plant to prolong generator lifespan.	None recurring.
	450	3500	Donax plant improvements (grit removal)	\$ 85,000	Retrofit new grit removal system at Donax Plant.	None recurring.
	450	3500	Insertion Valves for Force mains	\$ 30,000	When a force main breaks, it is critical to be able to shut off the wastewater flow to protect public health and the environment. This project involves the installation of valves into the force mains under pressure. The valves can then be used to isolate sections of force mains.	None recurring.
	450	3500	Force main upgrades	\$ 80,000	The project involves replacement/upgrades to existing force mains and other pressure pipes as needed due to aging infrastructure. Potential construction projects are 6" force main from L/S # 6 located at the Sand Castle / Sand Castle Intersection along Sand Castle Road and Bailey Road to L/S # 17, located on Bailey Road north of Periwinkle Way. Pipe RAS to master or EQ for odor control. LS-5 Beach Rd connections.	None recurring.
	450	3500	Donax Process Improvement - Engineering and design	\$ 643,000	Engineering for all Donax Plant Improvements Task 1. Pre-Design Study (Complete 2017) Task 2. Design and Permitting 2017-2018 Task 3. Bidding and Design Services 2017-2019 State Appropriations	None recurring.
	450	3500	Donax Process Improvement - Construction	\$ 3,618,600	The City is pursuing treatment improvements to improve effluent quality to reduce nutrient loadings, increase the current permitted design capacity, and extend the useful life of the facility.	None recurring.

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
SEWER SYSTEM	450	3500	Donax Process Improvement - Generator no. 1 replacement	\$ 915,000	Replace one of the plant generators with a new generator to accommodate the new plant systems.	None recurring.
	450	3500	Phase Four Sewer Expansion	\$ 150,000	This project involves the construction of sewer in remaining unsewered areas. Central sewer and advanced on-site sewer systems will be considered. Water quality improvement through the elimination of old septic systems is the goal of this project.	None recurring.
	450	3500	Ethernet Routing Switch/Server	\$ 30,000	Equipment for network access at Donax	None recurring.
	450	3500	Master Station Replacement Pump	\$ 30,000	The master pump station at the Donax plant receives all flow from the entire island and pumps it to the headworks to begin the treatment process. If this station's pumps failed, wastewater will quickly spill onto the ground, potentially contaminating ground water and the Sanibel River.	None recurring.
	450	3500	Wulfert emergency generator replacement	\$ 95,000	Current stationary generator has failed due to age. This project replaces stationary generator in accordance with FDEP permit requirements.	None recurring.
	450	3500	Replacement portable generators	\$ 45,000	The city has 9 portable emergency generators that are on a 10 year replacement schedule. These Generators are utilized to enable lift stations to be operated during power outages to prevent wastewater from backing up into houses or onto the ground.	None recurring.
	450	3500	Replacement Cl ₂ Pumps	\$ 7,500	The Donax Water Reclamation Facility utilizes liquid chlorine to disinfect the wastewater effluent. The chlorine feed pumps have a relatively short life due to the corrosive nature of the chlorine. Frequent pump replacement is necessary to keep the plant effluent in compliance with DEP regulations.	None recurring.
	450	3500	Emergency chart recorder replacement	\$ 2,000	Chart recorders are utilized at the Donax facility to monitor several critical parameters including flow, ph, chlorine residual, and NTU's. These parameters need to be monitored for the proper plant operation and permit compliance. Keeping these parameters within DEP permit limits is necessary to keep the plant in compliance. The purchase of these recorders in advance guarantees the immediate replacement of failed recorders.	None recurring.
TOTAL SEWER SYSTEM				\$ 5,816,100		

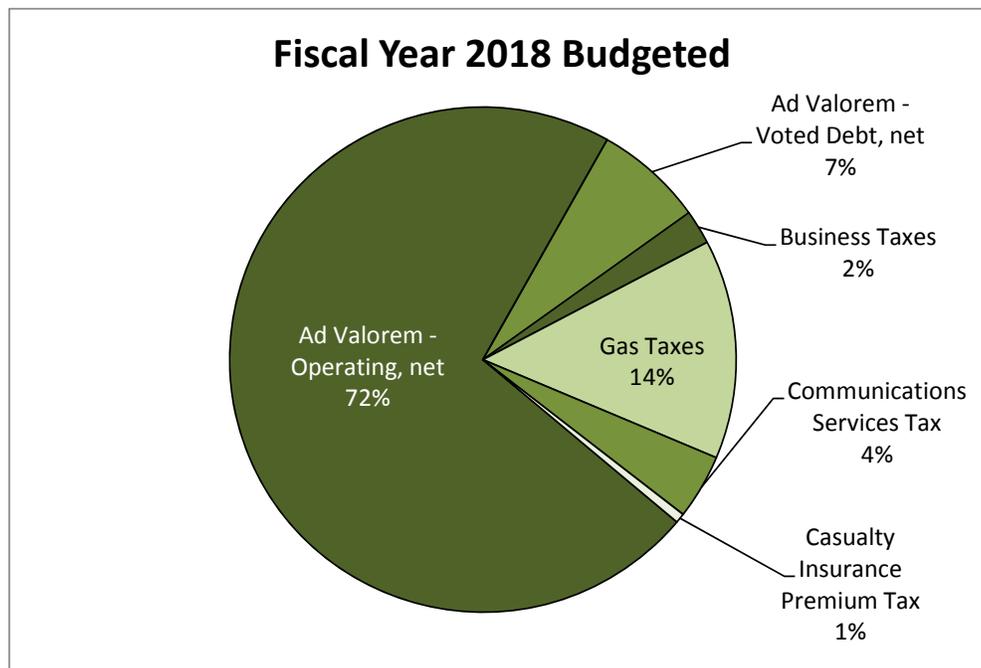

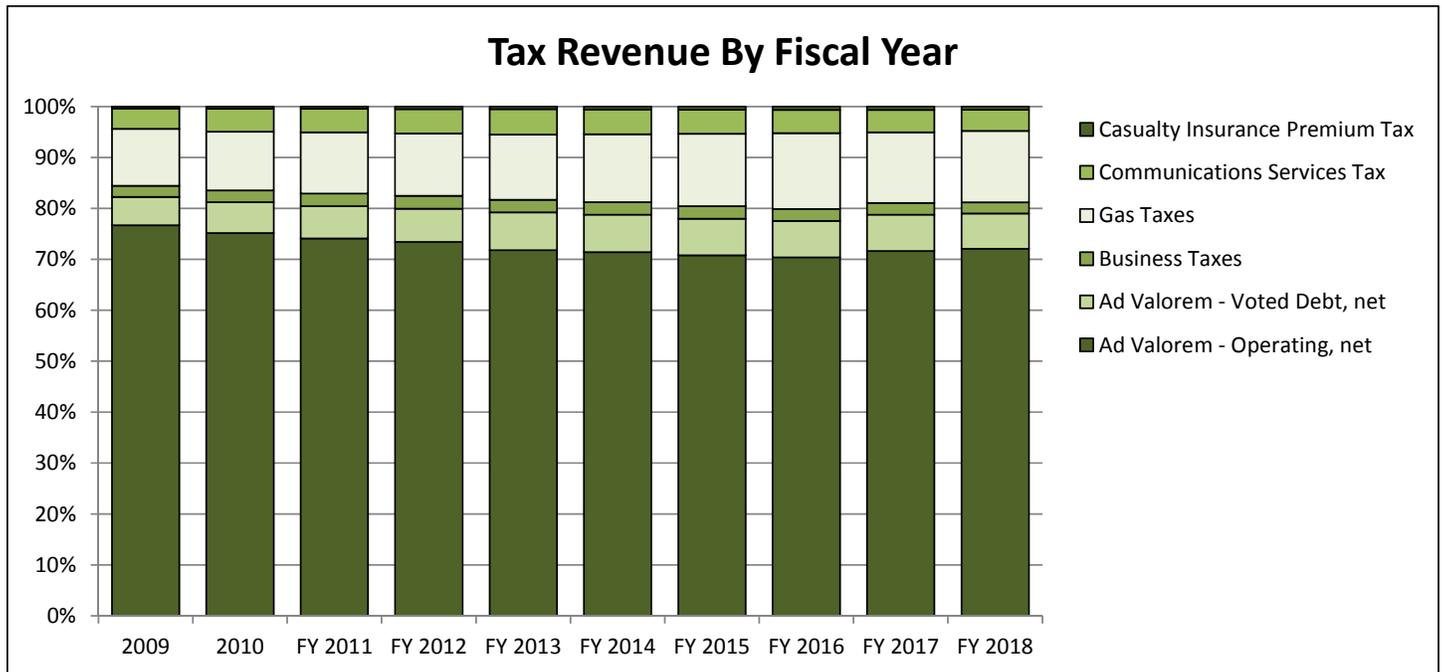

CAPITAL IMPROVEMENT PLAN

FISCAL YEAR 2018 JUSTIFICATIONS

	Fund	Dept.	Project	FY 2018	Description of Project	Impact on Operating Costs
BEACH PARKING	470	2100	Police Aide Vehicles	\$ 20,000	The parking enforcement vans are used to patrol the beach parking lots and transport the parking money. The 3 vans are on a 3-year replacement schedule since they are high usage vehicles. These vans are an essential part of the beach parking program.	None recurring.
	470	2100	Pickup truck	\$ 25,000	Vehicles for beach patrol purposes are on a regular replacement cycle due to wear and tear. The 2 pickup trucks are on 3 year replacement cycle.	None recurring.
	470	2100	Security Video Access System for Beach Parking Lots	\$ 50,000	The purpose of installing video cameras in the various beach parking lots is to deter theft of personal property from vehicles. These cameras have been effective at the current parking lots at Trost and at Lighthouse Park and are recommended for additional locations. Crime reduction on Sanibel benefits residents and visitors alike.	None recurring.
	470	2100	Lightning Detection System	\$ 26,000	This system will be installed at staffed intersections to detect when lightning is threatened.	Minimal (electricity)
	470	3731	Jordan Marsh Water Quality Treatment Park	\$ 334,969	City match for construction of treatment park. Design and engineering funded in FY17 budget. Total project cost is estimated at \$400,000, but will have a more firm estimate when design is complete. The City received a grant of \$150,00 from the South Water Management District for project construction.	Electricity, operation and maintenance costs. Actual costs will be determined as part of design.
	470	4100	Pickup truck(s)	\$ 89,189	There are currently eight pickup trucks (on a 7-year replacement cycle) assigned to beach maintenance. These pickups are necessary to transport personnel to the beach parks to perform necessary maintenance. The timely replacement of trucks is necessary to prevent excessive downtime and thus improve efficiency.	None recurring.
	470	4100	Dump Body for Pickup Truck	\$ 4,000	Parks maintenance personnel trim vegetation at the various parks. The vegetation is loaded into the back of pickup trucks for disposal. Dump bodies fit into the bed of the pickup truck to allow the load to be mechanically dumped rather than removed manually. This equipment makes the workers more productive.	None recurring.
	470	4100	Trash/Recycling Bins	\$ 8,705	Annual replacement for wear and tear of trash receptacles	None recurring.
	470	4100	Water Fountain for Beaches	\$ 3,145	Installation of facilities for beaches	None recurring.
	470	4100	ADA accessible equipment	\$ 10,000	Improve ADA accessibility at all beach parks and repair existing ADA equipment.	None recurring.
	470	4100	Shared use path repairs	\$ 75,000	Repairs are needed to help keep our paths in good shape which provide pedestrians access to our beach parks.	None recurring.
	470	4100	Bowman's Beach shared use path	\$ 169,000	Many of the City's shared use paths are utilized by beach park users. Wider paths are safer and more enjoyable to use.	None recurring.
	470	4100	Lighthouse Cottage interior rehabilitation	\$ 402,250	Update and rehabilitation of Lighthouse caretaker's cottages. Rollover of project from previous year.	None recurring.
	470	4100	Bowman's Beach bridge replacement	\$ 600,000	The existing structure has outlived its life and needs to be repaired for safety. Replace the existing structure for ADA accessibility and install Tandek composite material for longevity. TDC approved funding in the amount of \$435,000 while the remaining \$165,000 is beach parking funding.	None recurring.

 Sanibel School.....Grades K-8
 Sanibel School Enrollment..... 342 students

 Causeway..... 3 miles
 Causeway Round Trip..... \$6.00

Updated as of September 2017

GLOSSARY

Ad valorem taxes – A tax levied on the assessed value of real estate or personal property. This tax is also called property tax. Ad valorem taxes are the major source of revenue for state and municipal governments.

Appropriation - A legislative act authorizing the expenditure of a designated amount of public funds for a specific purpose for a limited period of time.

Assessed value – The dollar value assigned to real or personal property for purposes of assessing taxes. Sanibel's assessed values are determined by the Lee County Property Appraiser.

Beginning Fund Balance – The Ending Fund Balance of the previous period. (See Ending Fund Balance.)

Budget - An itemized summary of estimated revenues and projected expenses for a given time period. The City of Sanibel adopts a budget each year for the twelve months between October 1 and September 30. Florida Statutes require the City Council to approve its budget at the second of two public hearings.

Capital Expenditures – Expenditures used to purchase fixed assets such as furniture and equipment with a life expectancy of more than one year and a unit cost of \$1,000 or more.

Capital Improvement Program (CIP) - A CIP is a systematic plan for providing infrastructure improvements within a prioritized framework over a fixed period of time. Sanibel's CIP is based on a five year period of time.

Debt Service – The amount of interest and principal that the City must pay each year on long-term and short-term debt.

Department – A major administrative unit of the City with overall management responsibility for a service or an operation or for a group of related operations.

Encumbrance – The commitment of budgeted funds for the purchase of an item or service. All encumbrances lapse at fiscal year-end.

Ending Fund Balance – Funds carried over at the end of a fiscal year. Within a fund, the revenue on hand at the beginning of a fiscal year, plus revenues and other sources of funds received during the year, less expenses and other uses of funds equals ending fund balance. These funds may be committed or assigned for a particular purpose.

Enterprise Fund – A fund in which the services provided are financed and operated like those of a private business. These funds pay for all or most of their cost of operation from user fees.

Fiscal Year - A time period designated for recording financial transactions. The City of Sanibel's fiscal year runs from October 1 through September 30.

Full-Time Equivalent (FTE) – One position funded for a full year. A full-time employee working 40 hours per week equals one FTE; a part-time employee working 20 hours a week equals .5 FTE.

Functions – Expenditure classifications according to the principal purposes for which expenditures are made. Sanibel's functional expense categories are mandated by state law.

GLOSSARY

Fund - A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Generally Accepted Accounting Principles (GAAP) – Generally Accepted Accounting Principles (GAPP) consist of the rules, procedures, and conventions that define accepted practices at a given time and which organizations use to compile their financial statements. They include broad guidelines as well as detailed procedures. Much of GAAP is issued in codified form by the Government Accounting Standards Board (GASB).

General Fund – The principal fund of the City used to account for resources traditionally associated with government, which are not legally or by sound financial management to be accounted for in another fund. General Fund activities are funded principally by property taxes, intergovernmental revenue, licenses and permits, charges for services and miscellaneous revenues. Operating services for this fund include police protection, general government administration, and public works.

General Obligation Bonds – Voter approved bonds used to finance a project through a millage increase in ad valorem taxes for a specified period of time.

Grants and Aids – An agreement made by a government or private organizations to provide financial contributions for specified purposes.

Impact Fees – Charges imposed by governments against new development as a total or partial reimbursement for the cost of supporting specific new demands on a given service.

Infrastructure – Structures and facilities other than buildings such as roads, bridges, curbs, gutters, docks, wharves, fences, landscaping, lighting systems, parking areas, storm drains, athletic fields, etc.

Intergovernmental revenue – Funds received from federal, state and local governments in the form of grants, shared revenues and payments in lieu of taxes.

Millage (Mill) – A tax rate of one dollar (\$1) per one thousand dollars (\$1,000) of taxable property value.

Millage Rate – The millage rate is the number of mills of tax assessed against assessed property value. Example: For a property having a taxable assessed value of \$500,000, a millage rate of 2.5000 generates \$1,250.00 in tax to be paid.

Non-Ad Valorem Assessment – A fee levied on certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit those properties, sometimes called a special assessment.

Objective – A specific, measurable action that will be taken to achieve a goal.

Operating Budget – A balanced financial plan for providing governmental programs and services for a one-year period.

Personnel Services – All costs related to compensating employees including salaries and benefits.

GLOSSARY

Proprietary Fund – A fund in which the services provided are financed and operated similar to those of a private business. Funds pay for operating costs primarily through user fees, receiving little or no tax support. (See Enterprise Funds).

Reserve – An amount set aside for a specific purpose or for emergencies or unforeseen expenditures not otherwise budgeted. Authorization to expend reserves is made by the City Council.

Revenues – Funds that the government receives as income.

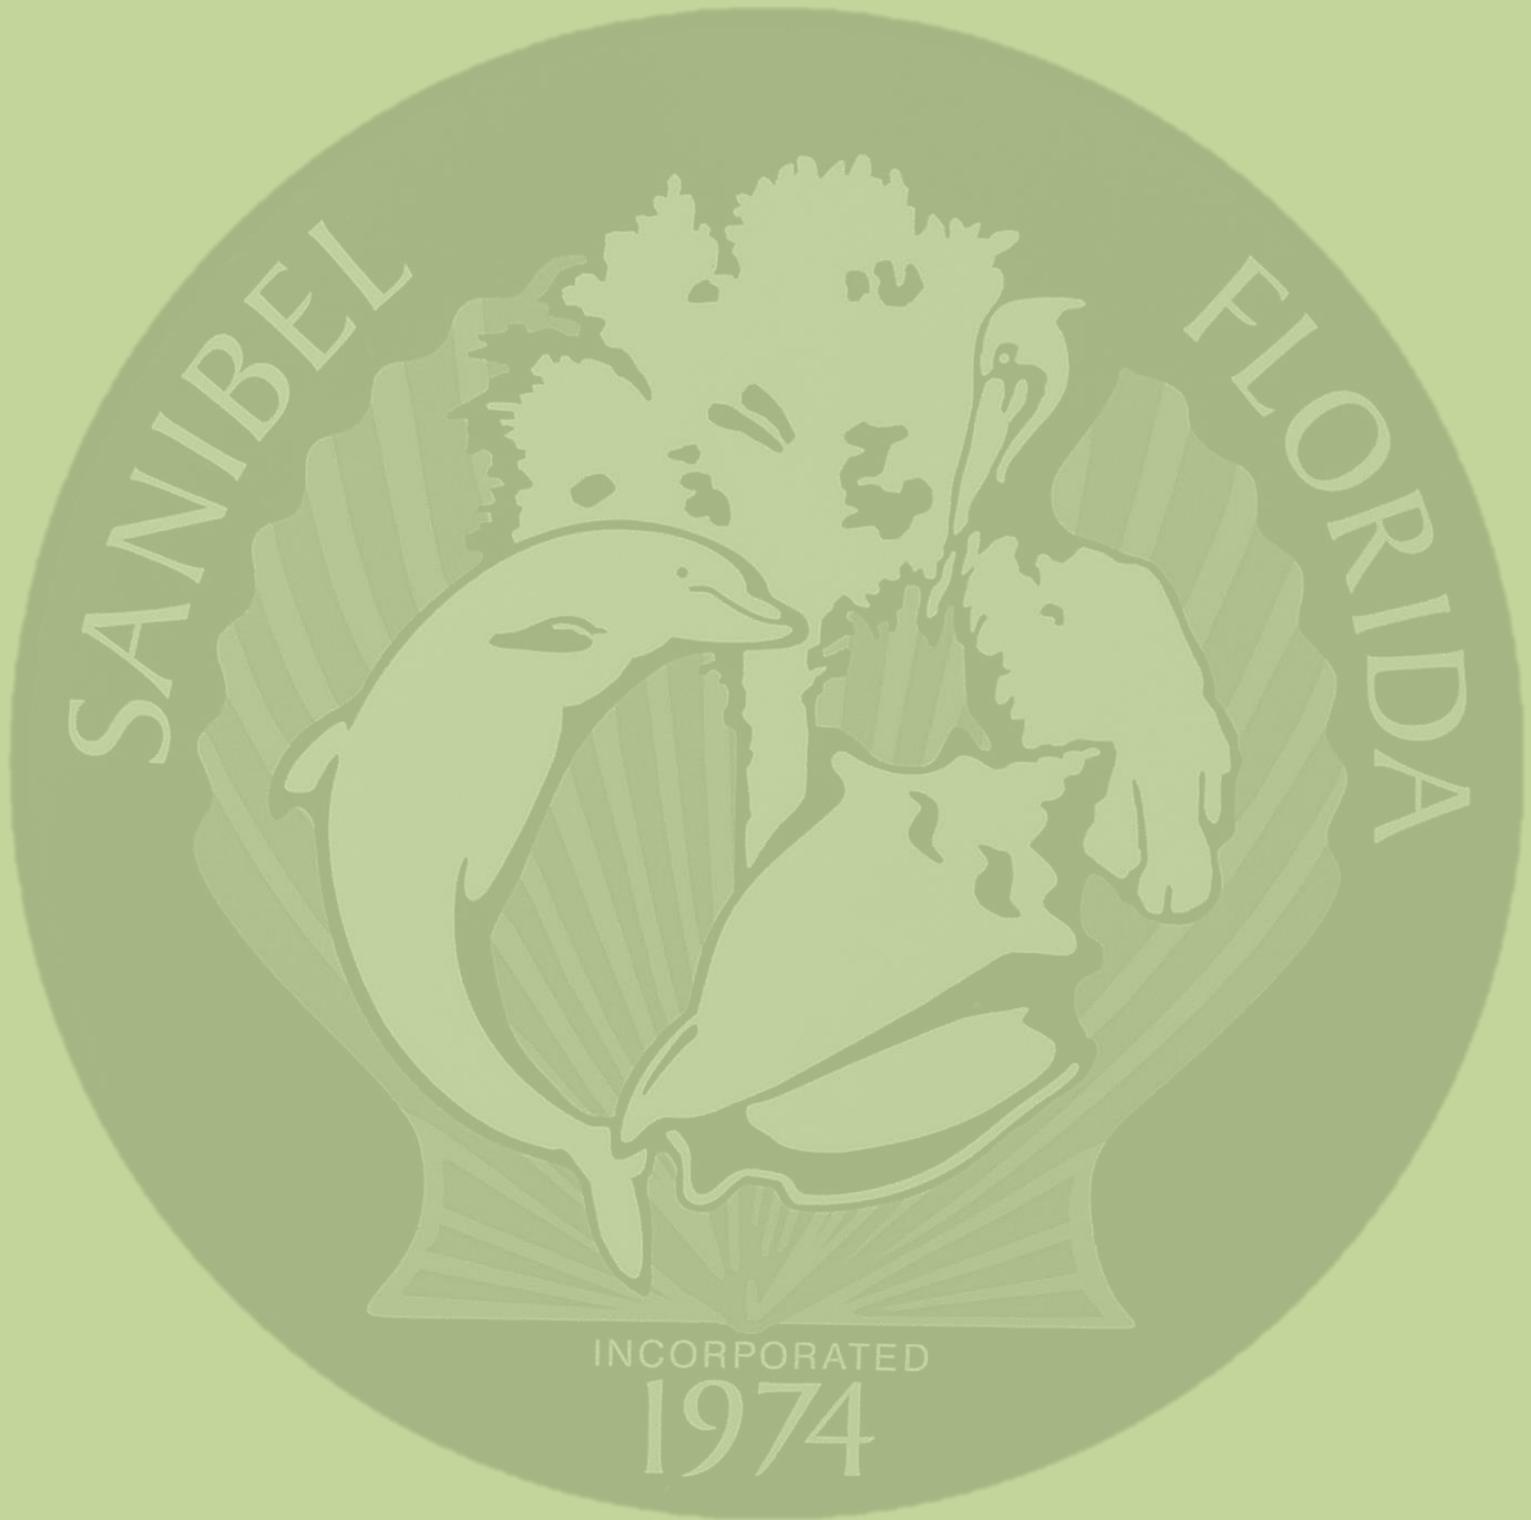

Rolled-back millage rate – The millage rate necessary to produce the same amount of property tax dollars as received during the previous budget year. New construction is excluded from the roll-back calculation.

Special Assessment – A compulsory levy made against certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties. This is another name for a non ad valorem assessment.

Taxable Value – The assessed value of property minus any authorized exemptions. This value is used to determine the amount of ad valorem tax to be levied. The taxable value is calculated by the County Property Appraiser in compliance with state law. The most common exemption is the homestead exemption.

TRIM Notice - TRIM (Truth in Millage) establishes the statutory requirements that all taxing authorities levying a millage must follow, including all notices and budget hearing requirements. The Notice of Proposed Property Taxes (TRIM notice) enables the taxpayer to compare the prior year assessed value and taxes with the present year assessed value and proposed taxes. It also lets taxpayers compare the amount of taxes if there is no budget change for the upcoming year. The notice lists the date, time, and location of the first budget hearing at which the taxing authorities will hear from the public. At the public hearings, the taxing authorities establish the millage to be levied against the parcel of land shown on the TRIM notice. The notice also shows the deadline for filing a petition to protest the assessment and any denial of exemption.

User Fees – Charges for specific services rendered only to those using such services, e.g. sewer service charge, building permits, dog licenses.
